SECTION 6.1. *Maintenance and Modifications of Project by Lessee.* The Lessee agrees that during the Lease Term it will (i) operate the pulp and paper mill adjacent to the Project site and at its own expense (ii) keep the Project in as reasonably safe condition as its operations shall permit and (iii) keep the Facility and the Leased Equipment and all other improvements forming a part of the Project in good repair and in good operating condition, making from time to time all necessary repairs thereto and renewals and replacements thereof. The Lessee may, also at its own expense, make from time to time any additions, modifications or improvements to the Project it may deem desirable for its business purposes that do not adversely affect the operating unity of the Project; provided, that all such additions, modifications and improvements located wholly within the boundary lines of the Leased Land shall become a part of the Project; provided, that any real or personal property, machinery, equipment, furniture or fixtures installed by the Lessee as part of the Project without expense to the County and not constituting a part of the Leased Equipment may be removed by the Lessee at any time and from time to time while it is not in default under this agreement; and provided further, that any damage to the Project occasioned by such removal shall be repaired by the Lessee at its own expense. The Lessee will not permit any mechanics' or other liens to be established or remain against the Project for labor or materials furnished in connection with any additions, modifications, improvements, repairs, renewals or replacements so made by it; provided, that, if the Lessee shall first notify the Trustee of its intention so to do, the Lessee may in good faith contest any mechanics' or other liens filed or established against the Project, and in such event may permit the items so contested to remain undischarged and unsatisfied during the period of such contest and any appeal therefrom unless the County or the Trustee shall notify the Lessee that by non-payment of any such items the lien of the Indenture as to any part of the Project will be materially endangered or the Project or any part thereof will be subject to loss or forfeiture, in which event the Lessee shall promptly pay and cause to be satisfied and discharged all such unpaid items or secure such payment by posting a bond, in form satisfactory to the County and the Trustee, with the Trustee. The County will cooperate fully with the Lessee in any such contest.

SECTION 6.2. Removal of Leased Equipment. The County shall not be under any obligation to renew, repair or replace any inadequate, obsolete, worn out, unsuitable, undesirable or unnecessary Leased Equipment. In any instance where the Lessee in its sound discretion determines that any items of Leased Equipment have become inadequate, obsolete, worn out, unsuitable, undesirable or unnecessary, the Lessee may remove such items of Leased Equipment from the Project and (on behalf of the County) sell, trade-in, exchange or otherwise dispose of them (as a whole or in part) without any responsibility or accountability to the County or the Trustee therefor, provided that the Lessee shall either:

(a) Substitute (either by direct payment of the costs thereof or by advancing to the County the funds necessary therefor) and install anywhere in the Facility or on the Leased Land other machinery, equipment or related property having equal or greater utility (but not necessarily having the same function) in the operation of the Project (provided such removal and substitution shall not impair unduly operating unity), all of which substituted machinery, equipment or related property shall be free of all liens and encumbrances (other than Permitted Encumbrances) and shall become a part of the Leased Equipment; or

(b) Not make any such substitution and installation provided (i) that in the case of the sale of any such machinery, equipment or related property to anyone other than itself or in the case of the scrapping thereof, the Lessee shall pay into the Bond Fund the proceeds from such sale or the scrap value thereof, as the case may be, (ii) that in the case of the trade-in of such machinery, equipment or related property for other machinery, equipment or related property not to be installed in the Facility or on the Leased Land, the Lessee shall pay into the Bond Fund the amount of the credit received by it in such trade-in and (iii) that in the case of the sale of any such machinery, equipment or related property to the Lessee or in the case of any other disposition thereof the Lessee shall pay into the Bond Fund an amount equal to the original cost thereof to the County less depreciation to date of disposition using such rates and methods as the Lessee normally employs in recording depreciation on its books for similar machinery, equipment or related property.

In the event that Lessee prior to such removal of items of Leased Equipment from the Project has acquired and installed machinery or equipment with its own funds which has become part of the Leased Equipment, Lessee may take credit to the extent of the amount so spent by it less any accumulated depreciation against the requirement that it either substitute and install other machinery and equipment having equal or greater value or that it make payment into the Bond Fund, providing that the provisions of this sentence shall not relieve the Lessee of its obligations under the first sentence of Section 6.1 hereof.

The removal from the Project of any portion of the Leased Equipment pursuant to the provisions of this Section shall not entitle the Lessee to any abatement or diminution of the rents payable under Section 5.3 hereof.

The Lessee will promptly report to the Trustee each such removal, substitution, sale and other disposition and will pay to the Trustee such amounts as are required by the provisions of the preceding subsection (b) of this Section to be paid into the Bond Fund promptly after any sale, trade-in or other disposition requiring such payment; provided, that no such report and payment need be made until the amount to be paid into the Bond Fund on account of all such sales, trade-ins or other dispositions not previously reported aggregates at least \$100,000. The Lessee will pay any cost (including counsel fees) incurred in subjecting to the lien of the Indenture any items of machinery, equipment or related property that under the provisions of this Section are to become a part of the Leased Equipment. The Lessee will not remove, or permit the removal of, any of the Leased Equipment from the Leased Land except in accordance with the provisions of this Section.

The County will cooperate fully with the Lessee in any such contest. In the event that the Lessee shall fail to pay any of the foregoing items required by this Section to be paid by the Lessee or shall fail to post such bond, the County or the Trustee may (but shall be under no obligation to) pay the same or post such bond and any amounts so advanced therefor by the County or the Trustee shall become an additional obligation of the Lessee to the one making the advancement, which amounts, together with interest thereon at the rate of 8% per annum from the date thereof, the Lessee agrees to pay.

The County agrees that any investment tax credit with respect to the Project shall be made available to the Lessee and the County will fully cooperate with Lessee in any effort by the Lessee to avail itself of any such investment tax credit.

(b) Insurance to the extent of \$300,000 per person and \$1,000,000 per accident against liability for bodily injury including death resulting therefrom, and to the extent of \$500,000 per accident against liability for damage to property including loss of use thereof, occurring on or in any way related to the Project or any part thereof. The County shall be named as an additional assured in any such policy.

SECTION 6.6. Additional Provisions Respecting Insurance. All insurance required in Section 6.4 hereof shall be taken out and maintained in generally recognized responsible insurance companies selected by the Lessee and acceptable to the Trustee, and may be written with deductible amounts comparable to those on similar policies carried by other companies engaged in businesses similar in size, character, location and other respects to those in which the Lessee is engaged. In the event the Lessee shall fail to maintain the full insurance coverage required by this agreement or shall fail to keep the Project in as reasonably safe condition as its operating conditions will permit, or shall fail to keep the Facility and the Leased Equipment in good repair and good operating condition, the County or the Trustee may (but shall be under no obligation to) take out the required policies of insurance and pay the premiums on the same or make the required repairs, renewals and replacements; and all amounts so advanced therefor by the County or the Trustee shall become an additional obligation of the Lessee to the one making the advancement, which amounts, together with interest thereon at the rate of 8% per annum from the date thereof, the Lessee agrees to pay.

DAMAGE, DESTRUCTION AND CONDEMNATION

SECTION 7.1. Damage and Destruction. Unless the Lessee shall have elected to exercise its option to purchase pursuant to the provisions of Section 11.2(a) hereof, if prior to full payment of the Bonds (or provision for payment thereof having been made in accordance with the provisions of the Indenture) the Project is destroyed or damaged (in whole or in part) by fire or other casualty to such extent that the claim for loss under the insurance policies required to be carried under the provisions of Section 6.4(a) hereof resulting from such destruction or damage is not greater than \$100,000, the Lessee, or the County at the Lessee's direction, (i) will promptly replace, repair, rebuild or restore the property damaged or destroyed to substantially the same condition thereof as existed prior to the event causing such damage or destruction, with such changes, alterations and modifications (including the substitution and addition of other property) as may be desired by the Lessee and as will not impair unduly operating unity or productive capacity or the character of the Project as a manufacturing plant, and (ii) will apply for such purpose so much as may be necessary of any Net Proceeds of insurance resulting from claims for such losses, as well as any additional moneys of the Lessee necessary therefor. All Net Proceeds of insurance resulting from claims for such losses not in excess of \$100,000 shall be paid to the Lessee.

Unless the Lessee shall have elected to exercise its option to purchase pursuant to the provisions of Section 11.2(a) hereof, if prior to full payment of the Bonds (or provision for payment thereof having been made in accordance with the provisions of the Indenture) the Project is destroyed or is damaged (in whole or in part) by fire or other casualty to such extent that the claim for loss under the insurance policies, other than liability policies, required to be carried under Section 6.4 hereof resulting from such destruction or damage is in excess of \$100,000, the Lessee shall promptly give written notice thereof to the Trustee. All Net Proceeds of insurance resulting from claims for such losses in excess of \$100,000 shall be paid to and held by the Trustee as a separate trust account and applied in one or more of the following ways as shall be directed in writing by the Lessee:

(b) To the acquisition, by construction or otherwise, by the County of other improvements suitable for the Lessee's operations at the site of the Project (which improvements shall be deemed a part of the Project and available for use and occupancy by the Lessee without the payment of any rent other than herein provided to the same extent as if such other improvements were specifically described herein and demised hereby); provided, that such improvements shall be acquired by the County subject to no liens or encumbrances prior to the lien of the Indenture, other than Permitted Encumbrances, in which case the Trustee will apply so much as may be necessary of the Net Proceeds of such insurance to the payment of the costs of such acquisition.

(c) To the redemption of the Bonds together with accrued interest thereon to the date of redemption; provided, that no part of such Net Proceeds may be applied for such redemption unless (i) all of the Bonds are to be redeemed in accordance with the Indenture upon exercise of the option to purchase provided for by Section 11.2(a) hereof or (ii) in the event that less than all of the Bonds are to be redeemed, the Lessee shall furnish to the County and the Trustee a certificate of an Independent Engineer acceptable to the County and the Trustee stating (1) that the property forming a part of the Project that was so damaged or destroyed is not essential to the Lessee's use or occupancy of the Project, or (2) that the Project has been replaced, repaired, rebuilt or restored as stated in the foregoing subsection (a) of this Section, or (3) that improvements have been acquired which are suitable for the Lessee's operations at the Project as contemplated by the foregoing subsection (b) of this Section.

In the event said Net Proceeds are not sufficient to pay in full the costs of such replacement, repair, rebuilding, restoration or acquisition, the Lessee will nonetheless complete the work thereof and will pay that portion of the costs thereof in excess of the amount of said Net Proceeds or will pay to the County and the Trustee the moneys necessary to complete said work, in which case the County will proceed so to complete said work.

The Lessee shall not, by reason of the payment of such excess costs (whether by direct payment thereof or payment to the County or Trustee therefor), be entitled to any reimbursement from the County, the Trustee or the holders of the Bonds, or any abatement or diminution of the rents payable under Section 5.3 hereof.

Unless the Lessee shall have elected to exercise its option to purchase pursuant to the provisions of Section 11.2(a) hereof, within ninety days from the date of such damage or destruction, the Lessee shall direct the County and the Trustee in writing as to which of the ways specified in this Section the Lessee elects to have said Net Proceeds applied.

Any balance of such Net Proceeds remaining after payment of all the costs of such replacement, repair, rebuilding, restoration or acquisition shall be paid into the Bond Fund. If the Lessee shall so direct the County in writing within 90 days following the payment of any such Net Proceeds into the Bond Fund, the County shall cause such funds, or such part thereof as the Lessee shall direct, to be applied by the Trustee to the redemption at the earliest practicable date of Bonds at the principal amount thereof plus accrued interest to the redemption date.

If the Bonds have been fully paid or provision for the payment thereof has been made in accordance with the provisions of the Indenture, all such Net Proceeds shall be paid to the Lessee.

SECTION 7.2. Condemnation. Unless the Lessee shall exercise its option to purchase pursuant to the provisions of Section 11.2(b) hereof, in the event that title to, or the temporary use of, the Project or any part thereof shall be taken under the exercise of the power of eminent domain by any governmental body or by any person, firm or corporation acting under governmental authority, the Lessee

shall be obligated to continue to make the rental payments specified in Section 5.3 hereof. The County, the Lessee and the Trustee will cause the Net Proceeds received by them or any of them from any award made in such eminent domain proceedings, to be paid to and held by the Trustee as a separate trust account and applied in one or more of the following ways as shall be directed in writing by the Lessee:

(a) To the restoration of the improvements located on the Leased Land to substantially the same condition thereof as existed prior to the exercise of the said power of eminent domain.

(b) To the acquisition, by construction or otherwise, by the County of other improvements suitable for the Lessee's operations at the site of the Project (which improvements shall be deemed a part of the Project and available for use and occupancy by the Lessee without the payment of any rent other than herein provided to the same extent as if such other improvements were specifically described herein and demised hereby); provided, that such improvements shall be acquired by the County subject to no liens or encumbrances prior to the lien of the Indenture, other than Permitted Encumbrances.

(c) To the redemption of Bonds together with accrued interest thereon to the date of redemption; provided, that no part of any such condemnation award may be applied for such redemption unless (i) all of the Bonds are to be redeemed in accordance with the Indenture upon exercise of the option to purchase provided for by Section 11.2(b) hereof or (ii) in the event that less than all of the Bonds are to be redeemed, the Lessee shall furnish to the County and the Trustee a certificate of an Independent Engineer acceptable to the County and the Trustee stating (1) that the property forming a part of the Project that was taken by such condemnation proceedings is not essential to the Lessee's use or occupancy of the Project, or (2) that the Project has been restored to a condition substantially equivalent to its condition prior to the taking by such condemnation proceedings or (3) that improvements have been acquired which are suitable for the Lessee's operations at the Project as contemplated by the foregoing subsection (b) of this Section.

Unless the Lessee shall have elected to exercise its option to purchase pursuant to the provisions of Section 11.2(b) hereof, within ninety days from the date of entry of a final order in any eminent domain proceedings granting condemnation, the Lessee shall direct the County and the Trustee in writing as to which of the ways specified in this Section the Lessee elects to have the condemnation award applied.

Any balance of the Net Proceeds of the award in such eminent domain proceedings shall be paid into the Bond Fund. If the Bonds have been fully paid (or provision for payment thereof has been made in accordance with the provisions of the Indenture) all Net Proceeds shall be paid to the Lessee.

The County shall cooperate fully with the Lessee in the handling and conduct of any prospective or pending condemnation proceeding with respect to the Project or any part thereof and will, to the extent it may lawfully do so, permit the Lessee to litigate in any such proceeding in the name and behalf of the County. In no event will the County voluntarily settle, or consent to the settlement of, any prospective or pending condemnation proceeding with respect to the Project or any part thereof without the written consent of the Lessee.

SECTION 7.3. Condemnation of Lessee-Owned Property. The Lessee shall be solely entitled to the Net Proceeds of any condemnation award or portion thereof made for damages to or takings of its own property.

If the instrument of grant shall so provide, any such easement or right and the rights of such other parties thereunder shall be superior to the rights of the County and the Trustee under this agreement and the Indenture and shall not be affected by any termination of this agreement or default on the part of the Lessee hereunder. SECTION 9.3. *Restrictions on Sale of Project by County.* Subject to the provisions of Article XI hereof, the County agrees that, except for the assignment of this agreement and the rentals hereunder to the Trustee pursuant to the Indenture, it will not sell, assign, convey, mortgage, encumber or otherwise dispose of any part of the Project during the Lease Term.

SECTION 9.4. *Redemption of Bonds.* If the Lessee is not in default in the payment of rent under Section 5.3 hereof, the County, at the request of the Lessee, at any time the aggregate moneys in the Bond Fund are sufficient to effect such redemption and if the same are then redeemable under the provisions of the Indenture, shall forthwith take all steps that may be necessary under the applicable redemption provisions of the Indenture to effect redemption of all or part of the then outstanding Bonds as may be specified by the Lessee, on such redemption date as may be specified by the Lessee.

SECTION 9.5. *Prepayment of Rents.* There is expressly reserved to the Lessee the right, and the Lessee is authorized and permitted, at any time it may choose, to prepay all or any part of the rents payable under Section 5.3 hereof, and the County agrees that the Trustee may accept such prepayment of rents when the same are tendered by the Lessee. All rents so prepaid shall be deposited in the Bond Fund and credited on the rental payments specified in Section 5.3 hereof in the order of their due dates, and at the election of the Lessee shall be used for the redemption or purchase of outstanding Bonds in the manner and to the extent provided in the Indenture.

SECTION 9.6. *Lessee Entitled to Certain Rent Abatements if Bonds Paid Prior to Maturity.* If at any time the aggregate moneys in the Bond Fund shall be sufficient to retire in accordance with the provisions of the Indenture all of the Bonds at the time outstanding and to pay all fees and charges of the Trustee, the paying agents and the expenses of the County due or to become due through the date on which the last of the Bonds is to be retired, under circumstances not resulting in termination of the Lease Term, and if the Lessee is not at the time otherwise in default hereunder, the Lessee shall be entitled to use and occupy the Project from the date on which such aggregate moneys are in the hands of the Trustee to and including June 1, 1996, without the payment of rent during that interval (but otherwise on the terms and conditions hereof).

SECTION 9.7. *Installation of Lessee's Own Machinery and Equipment; Landlord's Lien Thereon.* In addition to the machinery and equipment installed by the Lessee under the provisions of Section 6.1 hereof which does not become part of the Leased Equipment thereunder, the Lessee may from time to time, in its sole discretion and at its own expense, install additional machinery and equipment in the Facility or on the Leased Land. All machinery and equipment so installed by the Lessee shall remain the sole property of the Lessee in which neither the County nor the Trustee shall have any interest and may be modified or removed at any time while the Lessee is not in default hereunder and shall not be

subject to the lien of the Indenture. Nothing contained in the preceding provisions of this Section shall prevent the Lessee from purchasing, after delivery of the Indenture, such additional machinery and equipment on conditional sale contract or lease sale contract, or subject to vendor's lien or purchase money mortgage, as security for the unpaid portion of the purchase price thereof, and each such conditional sale contract, lease sale contract, vendor's lien or purchase money mortgage made by the Lessee with respect to machinery and equipment purchased by it under the provisions of this Section after the delivery of the Indenture shall, if filed for record in the proper office as required by law, simultaneously with or prior to the installation at the Project of the machinery and equipment covered thereby, be prior and superior to any landlord's lien. The Lessee agrees to pay, unless in good faith contested by it, as due the purchase price of and all costs and expenses with respect to the acquisition and installation of any machinery and equipment installed by it pursuant to this Section.

SECTION 9.8. *References to Bonds Ineffective After Bonds Paid.* Upon payment in full of the Bonds (or provision for payment thereof having been made in accordance with the provisions of the Indenture) and all fees and charges of the Trustee, the paying agent and the County, all references in this agreement to the Bonds and the Trustee shall be ineffective and neither the Trustee nor the holder of any of the Bonds shall thereafter have any rights hereunder, saving and excepting those that shall have theretofore vested.

(b) Failure by the Lessee to observe and perform any covenant, condition or agreement in this agreement on its part to be observed or performed, other than as referred to in subsection (a) of this Section, for a period of thirty days after written notice, specifying such failure and requesting that it be remedied, given to the Lessee by the County or the Trustee, unless the County and the Trustee (with any required Consent of Bondholders under the provisions of the Indenture) shall agree in writing to an extension of such time prior to its expiration.

(c) The dissolution or liquidation of the Lessee or the Guarantor or the filing by the Lessee or the Guarantor of a voluntary petition in bankruptcy, or failure by the Lessee or the Guarantor promptly to lift any execution, garnishment or attachment of such consequence as will impair its ability to carry on its operations at the Project, or the commission by the Lessee or the Guarantor of any act of bankruptcy, or adjudication of the Lessee or the Guarantor as a bankrupt, or assignment by the Lessee or the Guarantor for the benefit of its creditors, or the entry by the Lessee or the Guarantor into an agreement of composition with its creditors, or the approval by a court of competent jurisdiction of a petition applicable to the Lessee or the Guarantor in any proceeding for its reorganization instituted under the provisions of the general bankruptcy act, as amended, or under any similar act which may hereafter be enacted. The term "dissolution or liquidation of the Lessee or the Guarantor", as used in this subsection, shall not be construed to include the cessation of the corporate existence of the Lessee or the Guarantor resulting either from a merger or consolidation of the Lessee or the Guarantor into or with another corporation or a dissolution or liquidation of the Lessee or the Guarantor following a transfer of all or substantially all of its assets as an entirety, under the conditions permitting such action with respect to the Lessee contained in Section 8.3 hereof and with respect to the Guarantor contained in Section 12 of the Guaranty Agreement.

The foregoing provisions of this Section are subject to the following limitations: If by reason of force majeure the Lessee is unable in whole or in part to carry out its agreements on its part herein contained, other than the obligations on the part of the Lessee contained in Article V and Sections 6.3 and 6.4

SECTION 10.2. *Remedies on Default.* In the event any of the Bonds shall at the time be outstanding and unpaid and provision for the payment thereof shall not have been made in accordance with the provisions of the Indenture, whenever any event of default referred to in Section 10.1 hereof shall have happened and be subsisting, the County or the Trustee, where so provided, may take any one or more of the following remedial steps:

(a) The County or the Trustee as provided in the Indenture may, at its option, declare all installments of rent payable under Section 5.3 hereof for the remainder of the Lease Term to be immediately due and payable, whereupon the same shall become immediately due and payable.

(b) The County, with the prior written consent of the Trustee, may re-enter and take possession of the Project without terminating this agreement, and sublease the Project for the account of the Lessee, holding the Lessee liable for the difference between the rent and other amounts payable by such sublessee in such subleasing and the rents and other amounts payable by the Lessee hereunder.

(c) The County, with the prior written consent of the Trustee, may terminate the Lease Term, exclude the Lessee from possession of the Project and use its best efforts to lease the Project to another party for the account of the Lessee, holding the Lessee liable for all rent and other amounts due under this agreement and not paid by such other party.

(d) The County may have access to and inspect, examine and make copies of the books and records and any and all accounts and data of the Lessee insofar as the same relate to the Project.

Any amounts collected pursuant to action taken under this Section shall be paid into the Bond Fund and applied in accordance with the provisions of the Indenture or, if the Bonds have been fully paid (or provision for payment thereof has been made in accordance with the provisions of the Indenture) to the Lessee.

SECTION 10.3. *No Remedy Exclusive.* No remedy herein conferred upon or reserved to the County or to the Trustee is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this agreement or now or hereafter existing at law or in equity or by statute. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the County or the Trustee to exercise any remedy reserved to it in this Article, it shall not be necessary to give any notice, other than such notice as may be herein expressly required. Such rights and remedies as are given the County hereunder shall also extend to the Trustee and the Trustee and the holders of the Bonds issued under the Indenture shall be deemed third party beneficiaries of all covenants and agreements herein contained.

SECTION 10.4. Agreement to Pay Attorneys' Fees and Expenses. In the event the Lessee should default under any of the provisions of this agreement and the County or the Trustee should employ attorneys or incur other expenses for the collection of rent or the enforcement of performance or observance of any obligation or agreement on the part of the Lessee herein contained, the Lessee agrees that it will on demand therefor pay to the County or the Trustee the fee of such attorneys and such other expenses so incurred by the County or the Trustee.

SECTION 10.5. No Additional Waiver Implied by One Waiver. In the event any agreement contained in this Lease Agreement should be breached by either party and thereafter waived by the other party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other breach hereunder.

(b) The Lessee, the County and the Trustee shall execute and deliver all instruments and shall furnish all information and evidence deemed necessary or advisable by such counsel in order to enable him to render the opinion referred to in subsection (a) (4) of this Section 12.3. SECTION 12.7. Amendments, Changes and Modifications. Except as otherwise provided in this agreement or in the Indenture, subsequent to the issuance of Bonds and prior to the payment in full of the Bonds (or provision for the payment thereof having been made in accordance with the provisions of the Indenture), this agreement may not be effectively amended, changed, modified, altered or terminated without the concurring written consent of the Trustee and Guarantor or their respective successors and assigns, given in accordance with the provisions of the Indenture, except that no such written consent of the Guarantor shall be necessary with respect to any termination of this agreement pursuant to Section 10.2 hereof or further description of the Project pursuant to Section 12.3 hereof. This Lease Agreement as originally executed or an appropriate and sufficient memorandum thereof shall be so recorded prior to the recordation of the Indenture.

SECTION 12.10. Execution of Counterparts. This agreement may be simultaneously executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

SECTION 12.11. Guaranty and Conveyance to Trustee. The obligations of the Lessee under this Agreement are guaranteed by Hoerner Waldorf Corporation pursuant to a Guaranty dated as of June 1, 1971. Performance by Hoerner Waldorf Corporation of any of the obligations of the Lessee under this Agreement shall be considered performance by the Lessee. This Agreement is to be conveyed to the Trustee, pursuant to the Indenture.

IN WITNESS WHEREOF, the County and the Lessee have caused this agreement to be executed in their respective corporate names and their respective corporate seals to be hereunto affixed and attested by their duly authorized officers, all as of the date first above written.

All moneys remaining in the Construction Fund after the Completion Date and after payment or provision for payment of all other items provided for in the preceding subsections (a) to (j), inclusive, of this Section shall, at the direction of the Lessee, be paid into the Bond Fund, except for amounts retained by the Trustee with the approval of the Authorized Lessee Representative for payment

of items included in the Cost of the Project but not then due and payable, any balance remaining of such retained funds after full payment of the Cost of the Project to be paid into the Bond Fund.

The Trustee may advance moneys from the Construction Fund (including amounts retained under the immediately preceding paragraph of this Section) to the Lessee or the Lessor or a contractor acting as agent of the Lessee or the Lessor for use by the Lessee or the Lessor or such agent in making the payments referred to in the preceding subsections (d), (e) and (j) of this Section, if there is furnished to the Trustee an agreement satisfactory to the Trustee, executed by the Lessee indemnifying the Trustee against any loss occasioned by the failure of the Authorized Lessee Representative to certify on or before the Completion Date that the amounts so advanced have been used to make payments referred to in said subsections (d), (e) and (j) or are being retained in accordance with said preceding paragraph to make such payments.

Before any of the payments referred to in the preceding subsections (d), (e), (g), (h), (i) and (j) of this Section may be made, the Authorized Lessee Representative shall certify with respect to each such payment (i) that none of the items for which the payment is proposed to be made has previously been paid from the Construction Fund or has formed the basis for any payment theretofore made from the Construction Fund and (ii) that each item for which the payment is proposed to be made is or was necessary or appropriate in connection with the Project.

SECTION 4.4 Obligation of the Parties to Cooperate in Furnishing Documents to Trustee. The Lessee agrees to cooperate with the Lessor in furnishing to the Trustee the documents referred to in Section 4.3 hereof that are required to effect payments out of the Construction Fund, and the Lessor agrees to cause such orders to be directed by the Authorized Lessor Representative to the Trustee as may be necessary to effect payments out of the Construction Fund in accordance with Section 4.3 hereof. Such obligation of the Lessor is subject to any provisions of the Indenture requiring additional documentation with respect to payments and shall not extend beyond the moneys in the Construction Fund available for payment under the terms of the Indenture.

SECTION 4.5 Establishment of Completion Date. The Completion Date shall be evidenced to the Trustee by a certificate signed by the Authorized Lessee Representative stating the Cost of the Project and that, except for amounts retained by the Trustee for the Cost of the Project not then due and payable as provided in Section 4.3, (i) construction of the Facility has been completed substantially in accordance with the Plans and Specifications therefor and all labor, services, materials and supplies used in such construction have been paid for and (ii) all other facilities

necessary in connection with the Project have been constructed, acquired and installed in accordance with the Plans and Specifications therefor and all costs and expenses incurred in connection therewith have been paid. Notwithstanding the foregoing, such certificate shall state that it is given without prejudice to any rights against third parties which exist at the date of such certificate or which may subsequently come into being.

SECTION 4.6 Lessee Required to Pay Cost of the Project in Event Construction Fund Insufficient. In the event that moneys in the Construction Fund available for payment of the Cost of the Project (including moneys from the proceeds of any Additional Bonds issued for the purpose of financing the cost of completing the Project pursuant to Section 207 of the Indenture) should not be sufficient to pay the Cost of the Project in full, the Lessee agrees to complete the Project and to pay all that portion of the Cost of the Project as may be in excess of the moneys available therefor in the Construction Fund or to pay into the Construction Fund an amount equal to such excess and sufficient to complete the Project. The Lessor does not make any warranty, either express or implied, that the moneys which will be paid into the Construction Fund and which under the provisions of this Agreement, will be available for payment of the Cost of the Project will be sufficient to pay all the costs which will be incurred in that connection. The Lessee agrees that if, after exhaustion of the moneys in the Construction Fund, the Lessee should pay any portion of the said Cost of the Project pursuant to the provisions of this Section, it shall not be entitled to any reimbursement therefor from the Lessor or from the Trustee or from the holders of any of the Bonds, nor shall it be entitled to any abatement or diminution of the rents payable under Section 5.3 hereof.

SECTION 4.7 Lessee to Pursue Remedies Against Contractors and Subcontractors and Their Sureties. In the event of default of any contractor or subcontractor under any contract made by it in connection with the Project, the Lessee will promptly proceed (subject to the Lessee's determination to the contrary), either separately or in conjunction with others including the Lessor, to exhaust the remedies of the Lessee against the contractor or subcontractor so in default and against each such surety for the performance of such contract. The Lessee agrees to advise the Lessor of the steps it intends to take in connection with any such default. If the Lessee shall so notify the Lessor, the Lessee may, in its own name or in the name of the Lessor, or in both names, prosecute or defend any action or proceeding or take any other action involving any such contractor, subcontractor or surety which the Lessee deems reasonably necessary, and in such event the Lessor hereby agrees to cooperate fully with the Lessee and to take all action necessary to effect the substitution of the Lessee for the Lessor in any such action or proceedings. Any amounts recovered by way of damages, refunds,

adjustments or otherwise in connection with the foregoing prior to the Completion Date shall be paid into the Construction Fund and after the Completion Date shall be paid into the Bond Fund.

SECTION 4.8 Investment of Moneys in the Construction Fund and Bond Fund. Any moneys held as a part of the Construction Fund or the Bond Fund shall, to the extent permitted by law, be invested or reinvested by the Trustee upon the written request and direction of the Lessee in (i) Government Obligations, (ii) certificates of deposit issued by, or bankers' acceptances drawn on and accepted by, commercial banks having capital and combined surplus of not less than \$150,000,000, (iii) obligations issued or guaranteed by the State of Montana, (iv) repurchase agreements with solvent banking or other financial institutions with respect to any of the investments or securities referred to in subsections (i) or (ii) above, or (v) any other obligations or securities to the extent that moneys in the Construction Fund or Bond Fund are permitted to be invested therein under applicable law.

SECTION 4.9 Use of Bond Proceeds. The Lessee will not submit any requisition to the Trustee or receive any advances which requisitions, if paid or advances if made, would result (upon the expenditure to pay Exempt Costs of the balance of the proceeds of the Bonds on deposit in the Construction Fund after the payment of such requisition) in less than 90% of the net proceeds of the Bonds being used to pay Exempt Costs; provided, that anything to the contrary in this Agreement notwithstanding, the exclusive remedy for any violation of the provisions of this Section 4.9 shall be to require the Lessee to repay to the Trustee, for deposit in the Construction Fund, any moneys paid pursuant to such a requisition. In such event, the items for which payment was made shall thereafter not be considered to constitute a portion of the Facilities hereunder. The Lessee will maintain such records in connection with the, acquisition of the Facilities as to permit ready identification of the items for which such proceeds were expended. Investment proceeds earned on amounts held in the Construction Fund may, at the election of the Lessee, either: (i) be used to pay any item of Cost of the Project; or (ii) transferred to the Bond Fund to pay debt service on the Bonds.

ARTICLE V

EFFECTIVE DATE OF THIS LEASE AGREEMENT;
DURATION OF LEASE TERM; RENTAL PROVISIONS

SECTION 5.1 Effective Date of This Agreement; Duration of Lease Term. This Agreement shall become effective upon its delivery, and the leasehold estate created in this Agreement shall then begin, and, subject to the provisions of this Agreement (including particularly Articles X and XI hereof), shall expire May 31, 2008, or, if all of the Bonds have not been fully paid and retired (or provision for such payment made as provided in the Indenture), on such date as such payment or provision shall have been made.

SECTION 5.2 Delivery and Acceptance of Possession. The Lessor agrees to deliver to the Lessee sole and exclusive possession of the Project (subject to the right of the Lessor and the Trustee to enter thereon for inspection purposes and to the other provisions of Section 8.2 hereof) on the Completion Date and the Lessee agrees to accept possession of the Project upon such delivery; provided, however, that the Lessee shall be permitted such possession of the Project prior to the Completion Date as shall not interfere with the construction, acquisition or installation of the Facility. The Lessor covenants and represents that as long as the Lessee has paid the rent and all other sums payable by it hereunder, and has duly observed all the covenants and agreements herein contained on its part to be performed, the Lessee shall have, hold and enjoy, during the Lease Term, peaceful, quiet and undisturbed possession of the Project subject to the terms and provisions hereof, and the Lessor shall from time to time take all necessary action to that end.

SECTION 5.3 Rents and Other Amounts Payable. (a) On or before each semi-annual interest payment date on the Bonds (commencing with December 1, 1978 for the 1978 Bonds) and continuing thereafter until the principal of, premium, if any, and interest on the Bonds shall have been fully paid or provision for the payment thereof shall have been made in accordance with the Indenture, the Lessee shall pay as rent for the Project a sum equal to the amount payable on such date in immediately available funds as principal (whether at maturity or by redemption as provided in Section 301 or Section 307 of the Indenture) and premium, if any, and interest on the Bonds, as provided in the Indenture; provided, that any amount at any time held by the Trustee in the Bond Fund for the payment of the Bonds shall, at the election of the Lessee, be credited against the aforesaid rent obligations next required to be met by the Lessee, to the extent such amount is in excess of the amount required for payment of (i) any Bonds theretofore matured or called for redemption and (ii) past due interest, in all cases where such Bonds or coupons have not been presented for payment; and provided further, that if at

any time the amount held by the Trustee in the Bond Fund shall be sufficient to pay at the times required the principal of and interest and redemption premium, if any, on all of the Bonds then remaining unpaid together with any unpaid amounts accrued under subsection (b) of this Section, the Lessee shall not be obligated to make any further payments under the provisions of subsections (a) and (b) of this Section.

If at any interest payment date the balance in the Bond Fund is insufficient to make required payments of principal (whether at maturity or by redemption as provided in Sections 301 and 307 of the Indenture or by acceleration as provided in Section 902 of the Indenture) and premium, if any, and interest on the Bonds on such date, the Lessee will forthwith pay any such deficiency to the Trustee for deposit in the Bond Fund.

(b) The Lessee agrees to pay to the Trustee commencing with the Completion Date, and continuing until the principal of and interest and any redemption premium on all of the Bonds shall have been fully paid or provision for the payment thereof shall have been made in accordance with the provisions of the Indenture, (i) the annual fee of the Trustee for the ordinary services of the Trustee rendered and its ordinary expenses, as and when the same become due, incurred under the Indenture, (ii) the reasonable fees and charges of the Trustee, Bond Registrar and Paying Agent, and any other paying agents on the Bonds for acting as paying agents as provided in the Indenture as and when the same become due, (iii) the reasonable fees and charges of the Trustee for necessary extraordinary services rendered by it and extraordinary expenses incurred by it under the Indenture, as and when the same become due; provided, that the Lessee may, without creating a default hereunder, contest in good faith the necessity for any such extraordinary services and extraordinary expenses and the reasonableness of any such fees, charges or expenses, and (iv) reasonable and necessary costs and expenses of the Lessor incurred in connection with the Project.

(c) Subject to the provisions of Section 9.8 hereof, in the event the Lessee should fail to make any of the payments required in this Section, the item or installment so in default shall continue as an obligation of the Lessee until the amount in default shall have been fully paid, and the Lessee agrees to pay the same with interest thereon, to the extent permitted by law, at the highest rate borne by the Bonds per annum (on a 360-day basis) until paid.

SECTION 5.4 Place of Rental Payments. The rent provided for in Section 5.3(a) hereof shall be paid directly to the Trustee for the account of the Lessor and shall be deposited in the Bond Fund. The additional payments to be made to the Trustee under Section 5.3(b) hereof shall be paid directly to the Trustee for its

VOL 121 PAGE 295

own use or for disbursement to the paying agents, as the case may be.

SECTION 5.5 Obligations of Lessee Hereunder Unconditional.
Subject to the provisions of Section 9.8 hereof, the obligations of the Lessee to make payments required in Section 5.3 hereof and to perform and observe the other agreements on its part contained herein shall be absolute and unconditional and until such time as the principal of and interest and any redemption premium on the Bonds shall have been fully paid or provision for the payment thereof shall have been made in accordance with the Indenture, the Lessee (i) will not suspend or discontinue any payments provided for in Section 5.3 hereof, (ii) will perform and observe all of its other agreements contained in this Agreement, and (iii) except as provided in Article XI will not terminate the Lease Term for any cause including, without limiting the generality of the foregoing, failure of the Lessor to complete the Project, any acts or circumstances that may constitute failure of consideration, destruction of or damage to the Project, commercial frustration of purpose, any change in the tax or other laws of the United States of America or of Montana or any political subdivision of either thereof or any failure of the Lessor to perform and observe any agreement, whether express or implied, or any duty, liability or obligation arising out of or connected with this Agreement. Nothing contained in this Section shall be construed to release the Lessor from the performance of any of the agreements on its part herein contained; and in the event the Lessor should fail to perform any such agreement on its part, the Lessee may institute such action against the Lessor as the Lessee may deem necessary to compel performance or recover its damages for nonperformance so long as such action shall not do violence to the agreements on the part of the Lessee contained in the first sentence of this Section. The Lessee may, however, at its own cost and expense and in its own name or in the name of the Lessor, prosecute or defend any action or proceeding or take any other action involving third persons which the Lessee deems reasonably necessary in order to secure or protect its right of possession, occupancy and use hereunder, and in such event the Lessor hereby agrees to cooperate fully with the Lessee and to take all action necessary to effect the substitution of the Lessee for the Lessor in any such action or proceeding if the Lessee shall so request.

ARTICLE VI

OPERATION, MAINTENANCE, TAXES AND INSURANCE

SECTION 6.1 Operation, Maintenance and Modifications of Project by Lessee. The Lessee agrees that it will (i) at its own expense keep the Project in as reasonably safe condition as its operation shall permit and (ii), during such time as the Project is in operation, keep the Facility and all other improvements forming a part of the Project in good repair and in good operating condition, making from time to time all necessary repairs thereto and renewals and replacements thereof, the Lessee may, also at its own expense, make from time to time any additions, modifications or improvements to the Project it may deem desirable for its business purposes that do not adversely affect or change the qualification of the Project as a facility described in Section 103(b)(4) of the Code to the extent necessary for the exemption under Section 103(a)(1) thereunder to apply; provided, that all such additions, modifications and improvements located wholly within the boundary lines of the Leased Land shall become a part of the Project; provided, that any real or personal property, machinery, equipment, furniture or fixtures installed by the Lessee as part of but not in substitution for any part of the Project without expense to the Lessor may be removed by the Lessee at any time and from time to time while it is not in default under this Agreement; and provided further that any damage to the Project occasioned by such removal shall be repaired by the Lessee at its own expense. The Lessee will not permit any mechanics' or other liens to be established and remain against the Project for labor or materials furnished in connection with any additions, modifications, improvements, repairs, renewals or replacements so made by it if the Lessor or the Trustee shall notify the Lessee that by nonpayment of any such items the Project or any part thereof will be subject to loss or forfeiture, in which event the Lessee shall promptly pay and cause to be satisfied and discharged all such unpaid items or secure such payment by posting a bond, in form satisfactory to the Lessor and the Trustee, with the Trustee. The Lessor will cooperate fully with the Lessee in any such contest.

SECTION 6.2 Removal of Parts of the Facility. The Lessor shall not be under any obligation to renew, repair or replace any inadequate, obsolete, worn out, unsuitable, undesirable or unnecessary parts of the Facility. In any instance where the Lessee in its sole discretion determines that any parts of the Facility have become inadequate, obsolete, worn out, unsuitable, undesirable or unnecessary, the Lessee may remove such parts of the Facility from the Project and (on behalf of the Lessor) sell, trade in, exchange or otherwise dispose of them (as a whole or in part) without any responsibility or accountability to the Lessor or the Trustee therefor, provided, that the Lessee shall either:

(a) Substitute (either by direct payment of the costs thereof or by advancing to the Lessor the funds necessary therefor) and install anywhere on or adjacent to the Leased Land other machinery, equipment or related property having equal or greater utility (but not necessarily having the same function) in the operation of the Facility (provided such removal and substitution shall not adversely affect or change the Facility as a facility described in Section 103(b)(4) of the Code to the extent necessary for the exemption under Section 103(a)(1) thereunder to apply), all of which substituted machinery, equipment or related property shall be free of all liens and encumbrances (other than Permitted Encumbrances) and shall become a part of the Facility; or

(b) Not make any such substitution and installation provided (i) that in the case of the sale of any item constituting part of the Facility to anyone other than itself or in the case of the scrapping thereof, the Lessee shall pay into the Bond Fund the proceeds from such sale or the scrap value thereof, as the case may be (ii) that in the case of the trade-in of any item constituting part of the Facility, the Lessee shall pay into the Bond Fund the amount of the credit received by it in such trade-in and (iii) that in the case of the sale to itself of any item constituting part of the Facility or in the case of any other disposition thereof the Lessee shall pay into the Bond Fund an amount equal to the original cost thereof to the County less depreciation to date of disposition using such rates and methods as the Lessee normally employs in recording depreciation on its books for similar machinery, equipment or related property.

In the event that the Lessee prior to such removal of items constituting part of the Facility from the Project has acquired and installed machinery or equipment with its own funds which has become part of the Facility, Lessee may take credit to the extent of the amount so spent by it less any accumulated depreciation against the requirement that it either substitute and install other machinery and equipment having equal or greater utility or that it make payment into the Bond Fund, provided, that any machinery or equipment for which credit is so taken shall thereafter be subject to removal only upon compliance with this Section 6.2 and provided, further, that the provisions of this sentence shall not relieve the Lessee of its obligations under the first sentence of Section 6.1 hereof.

The removal from the Project of any item constituting part of the Facility pursuant to the provisions of this Section shall not entitle the Lessee to any abatement or diminution of the rents payable under Section 5.3 hereof.

The Lessee will promptly report to the Trustee each such removal, substitution, sale and other disposition and will pay to the Trustee such amounts as are required by the provisions of the

preceding subsection (b) of this Section to be paid into the Bond Fund promptly after any sale, trade-in or other disposition requiring such payment, provided that no such report and payment need be made until the amount to be paid into the Bond Fund on account of all such sales, trade-ins or other dispositions not previously reported aggregates at least \$250,000. The Lessee will not remove, or permit the removal of, any item constituting part of the Facility from the Leased Land except in accordance with the provisions of this Section 6.2 or as permitted under Section 6.1 hereof.

SECTION 6.3 Taxes, Other Governmental Charges and Utility Charges. The Lessee will pay, as the same respectively becomes due, all taxes and governmental charges of any kind whatsoever that may at any time be lawfully assessed or levied against or with respect to the Project or any machinery, equipment or other property installed or brought by the Lessee therein or thereon or with respect to the original issuance of the Bonds (including, without limiting the generality of the foregoing, any taxes levied upon or with respect to the income or profits of the Lessor from the Project which, if not paid, would become a lien on the Project or a charge on the revenues and receipts therefrom prior to or on a parity with the charge under the Indenture thereon and the pledge or assignment thereof to be created and made in the Indenture), all utility and other charges incurred in the operation, maintenance, use, occupancy and upkeep of the Project and all assessments and charges lawfully made by a governmental body for public improvements that may be secured by lien on the Project; provided, that with respect to special assessments or other governmental charges that may lawfully be paid in installments over a period of years, the Lessee shall be obligated to pay only such installments as are required to be paid during the Lease Term.

If the Lessee shall first notify the Trustee of its intention so to do, the Lessee may, at its expense and in its own name and behalf or in the name and behalf of the Lessor, in good faith contest any such taxes, assessments and other charges and, in the event of any such contest, may permit the taxes, assessments or other charges so contested to remain unpaid during the period of such contest and any appeal therefrom unless the Lessor or the Trustee shall notify the Lessee that by nonpayment of any such items the Project or any part thereof will be subject to loss or forfeiture, in which event such taxes, assessments or charges shall be paid promptly or secured by posting a bond, in form satisfactory to the Lessor and the Trustee, with the Trustee. In the event that the Lessee shall fail to pay any of the foregoing items required by this Section to be paid by the Lessee or shall fail to post such bond, the Lessor or the Trustee may (but shall be under no obligation to) pay the same or post such bond and any amounts so advanced therefor by the Lessor or the Trustee shall become an additional obligation of the Lessee to the one making the advancement until such shall have been fully paid, and the Lessee agrees to pay the same with interest thereon, to the

extent permitted by law, at the highest rate borne by the Bonds per annum (on a 360-day basis) until paid.

SECTION 6.4 Insurance Required. The Lessee agrees to maintain in effect insurance, with deductibles and limits which shall be similar to those carried by the Lessee for similar facilities against such risks, and in such amounts as are customarily insured against by the Lessee covering the following exposures:

- (a) Physical loss or damage to the Project, and
- (b) Bodily injury and property damage liability, including Worker's Compensation and Employers' Liability in respect of the Project;

provided, however, that the Lessee may at its option self-insure against any of the foregoing risks to the extent and in the manner that it desires to self-insure against such risks as is customarily required.

SECTION 6.5 Application of Net Proceeds of Insurance. The Net Proceeds of the insurance carried pursuant to the provisions of Section 6.4 hereof shall be applied as follows: (i) the Net Proceeds of the insurance required in Section 6.4(a) hereof shall be applied as provided in Section 7.1 hereof and (ii) the Net Proceeds of the liability insurance required in Section 6.4(b) hereof shall be applied toward extinguishment or satisfaction of the liability covered by such insurance.

SECTION 6.6 Additional Provisions Respecting Insurance. Except for self insurance, all insurance required by Section 6.4 hereof shall be taken out and maintained through generally recognized responsible insurance companies, authorized to do an insurance business in the State of Montana, selected by the Lessee and acceptable to the Trustee. All policies evidencing such insurance shall provide for payment of the losses to the Lessor, the Lessee and the Trustee as their respective interests may appear, and the policies required by Section 6.4(a) shall require that all Net Proceeds of insurance resulting from any property damage claim in excess of \$1,000,000 for loss or damage covered thereby be paid to the Trustee; provided, however, that all claims regardless of amount may be adjusted by the Lessee with the insurers.

All such policies, or a certificate or certificates of the insurers that such insurance is in force and effect, shall be deposited with the Trustee; and prior to expiration of any such policy, the Lessee shall furnish the Trustee with evidence satisfactory to the latter that the policy has been renewed or replaced or is no longer required by this Agreement.

In lieu of separate policies, the Lessee may maintain blanket policies having the same coverage required herein, in which event it shall deposit with the Trustee a certificate or certificates of the respective insurers as to the amount of coverage in force upon the Project.

SECTION 6.7 Advances by Lessor or Trustee. In the event the Lessee shall fail to keep the Project in as reasonably safe condition as its operating conditions will permit, or shall fail to keep the Facility in good repair and good operating condition and provided the Lessee shall not have elected not to renew, repair, or replace such elements of the Project pursuant to Section 6.2 hereof, then the Lessor or the Trustee may (but shall be under no obligation to) make the required repairs, renewals and replacements; and all amounts so advanced therefor by the Lessor or the Trustee shall become an additional obligation of the Lessee to the one making the advancement, which amounts, together with interest thereon at the highest rate borne by the Bonds per annum (on a 360-day basis) from the date thereof, the Lessee agrees to pay.

ARTICLE VII

DAMAGE, DESTRUCTION AND CONDEMNATION

SECTION 7.1 Damage and Destruction. Unless the Lessee shall have elected to exercise its option to purchase pursuant to the provisions of Section 11.2(a) hereof, if prior to full payment of the Bonds (or provision for payment thereof having been made in accordance with the provisions of the Indenture) the Project is damaged or destroyed (in whole or in part) by fire or other casualty to such extent that the claim for loss under the insurance policies required to be carried under the provisions of Section 6.4(a) hereof resulting from such damage or destruction is not greater than \$1,000,000, the Lessee (i) will promptly replace, repair, rebuild or restore the property damaged or destroyed to substantially the same condition thereof as existed prior to the event causing such damage or destruction, with such changes, alterations and modifications (including the substitution and addition of other property) as may be desired by the Lessee and as will not impair unduly operating unity or productive capacity or the character of the Project as a facility described in Section 103(b)(4) of the Code (to the extent necessary for the exemption under Section 103(a)(1) thereunder to apply), and (ii) will apply for such purpose so much as may be necessary of any Net Proceeds of insurance resulting from claims for such losses, as well as any additional moneys of the Lessee necessary therefor subject to Permitted Encumbrances. All Net Proceeds of insurance

resulting from claims for such losses not in excess of \$1,000,000 shall be paid to the Lessee, subject to Permitted Encumbrances.

Unless the Lessee shall have elected to exercise its option to purchase pursuant to the provisions of Section 11.2(a) hereof, if prior to full payment of the Bonds (or provision for payment thereof having been made in accordance with the provision of the Indenture) the Project is damaged or destroyed (in whole or in part) by fire or other casualty to such extent that the claim for loss under the insurance policies required to be carried under the provisions of Section 6.4(a) hereof resulting from such damage or destruction is in excess of \$1,000,000, the Lessee shall promptly give written notice thereof to the Trustee. All Net Proceeds of insurance resulting from claims for such losses in excess of \$1,000,000 shall, subject to Permitted Encumbrances, be paid to and held by the Trustee as a separate trust account and applied in one or more of the following ways as shall be directed in writing by the Lessee:

(a) To the replacement, repair, rebuilding or restoration by the Lessee, or the Lessor at the Lessee's direction, of the property damaged or destroyed to substantially the same condition thereof as existed prior to the event causing such damage or destruction, with such changes, alterations and modifications (including the substitution and addition of other property) as may be desired by the Lessee and as will not impair unduly operating unity or productive capacity or the character of the Project as a facility described in Section 103(b)(4) of the Code (to the extent necessary for the exemption under Section 103(a)(1) thereunder to apply), in which case the Trustee will apply so much as may be necessary of the Net Proceeds of such insurance to the payment of the costs of such replacement, repair, rebuilding or restoration.

(b) To the acquisition, by construction or otherwise by the Lessor of other improvements suitable for the Lessee's operations on the Lessor Land (which improvements shall be deemed a part of the Project and available for use and occupancy by the Lessee without the payment of any rent other than herein provided to the same extent as if such other improvements were specifically described herein and devised hereby); provided that such improvements will not impair the character of the Project as a facility described in Section 103(b)(4) of the Code (to the extent necessary for the exemption under Section 103(a)(1) thereunder to apply), and shall be acquired by the Lessor subject to no liens or encumbrances other than Permitted Encumbrances.

(c) To the redemption of the Bonds to the date of redemption; provided that no part of such Net Proceeds may be applied for such redemption unless (i) all of the Bonds are to be redeemed in accordance with the Indenture upon exercise of the option to purchase provided for by Section 11.2(a) hereof or (ii) in the event that less

than all of the Bonds are to be redeemed, the Lessee shall furnish to the Trustee a certificate stating (1) that the property forming part of the Project that was so damaged or destroyed is not essential to the Lessee's use or occupancy of the Project, or (2) that the Project has been replaced, repaired, rebuilt or restored as contemplated by the foregoing subsection (a) of this Section, or (3) that improvements have been acquired which are suitable for the Lessee's operations at the site of the Project as contemplated by the foregoing subsection (b) of this Section.

In the event said Net Proceeds are not sufficient to pay in full the costs of such replacement, repair, rebuilding, restoration or acquisition, the Lessee will nonetheless complete the work thereof, and will pay that portion of the costs thereof in excess of the amount of said Net Proceeds or will pay to the Lessor and the Trustee the moneys necessary to complete said work, in which case the Lessor will proceed so to complete said work.

The Lessee shall not, by reason of the payment of such excess costs (whether by direct payment thereof or payments to the Lessor or Trustee therefor), be entitled to any reimbursement from the Lessor, the Trustee or the holders of the Bonds, or any abatement or diminution of the rents payable under Section 5.3 hereof.

Unless the Lessee shall have elected to exercise its option to purchase pursuant to the provisions of Section 11.2(a) hereof, within 90 days from the date of such damage or destruction the Lessee shall direct the Lessor and the Trustee in writing as to which of the ways specified in this Section the Lessee elects to have said Net Proceeds applied.

Any balance of such Net Proceeds remaining after payment of all the costs of such replacement, repair, rebuilding, restoration or acquisition shall be paid into the Bond Fund. If the Lessee shall so direct the Trustee in writing within 90 days following the payment of any such Net Proceeds into the Bond Fund, the Trustee shall cause such funds, or such part thereof as the Lessee shall direct, to be applied by the Trustee to the redemption at the earliest practicable date of Bonds at the principal amount thereof.

If the Bonds have been fully paid or provision for the payment thereof has been made in accordance with the provisions of the Indenture, all such Net Proceeds shall be paid to the Lessee.

SECTION 7.2 Condemnation. Unless the Lessee shall have elected to exercise its option to purchase pursuant to the provisions of Section 11.2(b) hereof, in the event that title to, or the temporary use of, the Project or any part thereof shall be taken under the exercise of the power of eminent domain by any governmental body or by any person, firm or corporation acting under governmental

authority, the Lessee shall be obligated to continue to make the rental payments specified in Section 5.3 hereof. Subject to Permitted Encumbrances, the Lessor, the Lessee and the Trustee will cause the Net Proceeds received by them or any of them from any award made in such eminent domain proceedings to be paid to and held by the Trustee as a separate trust account and applied in one or more of the following ways as shall be directed in writing by the Lessee:

(a) To the restoration of the Project to substantially the same condition thereof as existed prior to the exercise of the said power of eminent domain.

(b) To the acquisition, by construction or otherwise, of other improvements suitable for the Lessee's operations at the site of the Project (which improvements shall be deemed a part of the Project and available for use and occupancy by the Lessee without the payment of any rent other than herein provided to the same extent as if such other improvements were specifically described herein and demised hereby); provided that such improvements will not impair the character of the Project as a facility described in Section 103(b) (4) of the Code (to the extent necessary for the exemption under Section 103(a) (1) thereunder to apply), and shall be acquired by the Lessor subject to no liens or encumbrances other than Permitted Encumbrances.

(c) To the redemption of Bonds to the date of redemption; provided that no part of any such condemnation award may be applied for such redemption unless (i) all of the Bonds are to be redeemed in accordance with the Indenture upon exercise of the option to purchase provided for by Section 11.2(b) hereof or (ii) in the event that less than all of the Bonds are to be redeemed, the Lessee shall furnish to the Lessor and the Trustee stating (1) that the property forming a part of the Project that was taken by such condemnation proceedings is not essential to the Lessee's use or occupancy of the Project, or (2) that the Project has been restored to a condition substantially equivalent to its condition prior to the taking by such condemnation proceedings as contemplated by the foregoing subsection (a) of this Section, or (3) that improvements have been acquired which are suitable for the Lessee's operations at the site of the Project as contemplated by the foregoing subsection (b) of this Section.

Unless the Lessee shall have elected to exercise its option to purchase pursuant to the provisions of Section 11.2(b) hereof, within 90 days from the date of entry of a final order in any eminent domain proceedings granting condemnation the Lessee shall direct the Lessor and the Trustee in writing as to which of the ways specified in this Section the Lessee elects to have the condemnation award applied.

Any balance of such Net Proceeds of the award in such eminent domain proceedings remaining after payment of all the costs of such restoration or acquisition shall be paid into the Bond Fund. If the Lessee shall so direct the Lessor in writing within 90 days following the payment of any such Net Proceeds into the Bond Fund, the Lessor shall cause such funds, or such part thereof as the Lessee shall direct, to be applied by the Trustee to the redemption at the earliest practicable date of Bonds at the principal amount thereof.

If the Bonds have been fully paid or provision for the payment thereof has been made in accordance with the provisions of the Indenture, all such Net Proceeds shall be paid to the Lessee.

The Lessor shall cooperate fully with the Lessee in the handling and conduct of any prospective or pending condemnation proceeding with respect to the Project or any part thereof and will, to the extent it may lawfully do so, permit the Lessee to litigate in any such proceeding in the name and behalf of the Lessor. In no event will the Lessor voluntarily settle, or consent to the settlement of, any prospective or pending condemnation proceeding with respect to the Project or any part thereof without the written consent of the Lessee. The foregoing provision does not apply where the Lessor or another entity on behalf of the Lessor is exercising its power of eminent domain with respect to the Project.

SECTION 7.3 Condemnation of Lessee-Owned Property. The Lessee shall be solely entitled to the Net Proceeds of any condemnation award or portion thereof made for damage to or takings of its own property including but not limited to such buildings, improvements, machinery, equipment and fixtures which do not constitute part of the Project.

SECTION 7.4 Investment. Any moneys held by the Trustee under the provisions of Section 7.1 and Section 7.2 hereof shall at the written request of the Lessee be invested and reinvested by the Trustee in one or more of the investments enumerated in Section 4.8 hereof. Any earnings or profits therefrom shall be considered as part of the net proceeds and losses shall be charged against such net proceeds.

ARTICLE VIII

SPECIAL COVENANTS

SECTION 8.1 No Warranty of Condition or Suitability by the Lessor. The Lessor makes no warranty, either express or implied, as to the condition of the Project or that it will be suitable for the Lessee's purposes or needs.

SECTION 8.2 Inspection of the Project. The Lessee agrees that the Lessor, the Trustee and their, or either of their, duly authorized agents shall have the right at all reasonable times to enter upon the Leased Land and to examine and inspect the Project. The Lessee further agrees that the Lessor and its duly authorized agents shall have such rights of access to the Project as may be reasonably necessary to cause to be completed the construction and installation thereof, as provided for in Section 4.1 hereof, and thereafter for the proper maintenance of the Project in the event of failure by the Lessee to perform its obligations under Section 6.1 hereof.

SECTION 8.3 Lessee To Maintain its Corporate Existence; Conditions under Which Exceptions Permitted. The Lessee agrees that during the Lease Term it will maintain its corporate existence, will not dissolve or otherwise dispose of all or substantially all of its assets and will not consolidate with or merge into another corporation; provided, that the Lessee may, without violating the agreement contained in this Section, consolidate with or merge into another corporation, or sell or otherwise transfer to another corporation all or substantially all of its assets as an entirety and thereafter dissolve, provided the surviving, resulting or transferee corporation, as the case may be, shall be a domestic corporation (i.e., a corporation incorporated and existing under the laws of the United States or of the District of Columbia one of the states of the United States) or, if not a domestic corporation, that it appoint and maintain an agent for service of process in the State of Montana, and that the transferee corporation or the corporation resulting from or surviving such merger or consolidation shall expressly assume and agree in writing to pay and perform all of the obligations of the Lessee hereunder in an instrument satisfactory in form and content to the Trustee.

SECTION 8.4 Qualification in Montana. The Lessee warrants that it is and throughout the Lease Term it will continue to be duly qualified to do business in Montana.

SECTION 8.5 Use of the Project. The Lessee agrees that so long as it operates the Project under this Agreement, it will continue the operation of the Project as facilities for (i) the control, abatement or prevention of air pollution or (ii) the collection, storage, treatment, utilization, processing, or final disposal of solid waste. The Lessee agrees that, in the event it files an income tax return for any year of the construction period, all expenditures made as an item of the Cost of the Project (except expenses subject to capitalization pursuant to Section 266 of the Code) will be charged to capital or similar accounts of the Lessee for Federal income tax purposes and for normal accounting purposes, as opposed to being written off as a present deduction.

SECTION 8.6 Release of Certain Land. Notwithstanding any other provision of this Agreement, the parties hereto reserve the right at any time and from time to time to amend this Agreement for the purpose of effecting the release of and removal from this Agreement and the leasehold estate created hereby of any part of the Leased Land on which the Facility is not situated; provided, that if at the time any such amendment is made any of the Bonds are outstanding and unpaid, there shall be deposited with the Trustee the following:

(a) A copy of the said amendment as executed.

(b) A resolution of the Lessor (i) stating that the Lessor is not in default under any of the provisions of the Indenture and the Lessee is not to the knowledge of the Lessor in default under any of the provisions of this Agreement, (ii) giving an adequate legal description of that portion of the Leased Land to be released, (iii) stating that such release will not in any material respect weaken, diminish or impair the security intended to be given by or under the Indenture and (iv) requesting such release.

(c) A certificate of the Authorized Lessee Representative approving such amendment and stating that the Lessee is not in default under any of the provisions of this Agreement, and that the release so proposed to be made will not impair the usefulness of the Facility as an air pollution control and solid waste disposal facility and will not destroy the means of ingress thereto and egress therefrom.

Any consideration received by the Lessee in connection with the foregoing shall be retained by the Lessee. No conveyance or release effected under the provisions of this Section 8.6 shall entitle the Lessee to any abatement or diminution of the rents payable under Section 5.3 hereof.

SECTION 8.7 Granting of Easements. If no event of default under this Agreement shall have happened and be continuing, the Lessee may at any time or times (i) grant easements, licenses, rights of way (including the dedication of public highways) and other rights or privileges in the nature of easements with respect to any property included in the Project, or (ii) release existing easements, licenses, rights of way and other rights or privileges, all with or without consideration and upon such terms and conditions as the Lessee shall determine, and the Lessor agrees that it will execute and deliver and will cause and direct the Trustee to execute and deliver any instrument necessary or appropriate to confirm and grant or release any such easement, license, right of way or other right or privilege, upon receipt by the Lessor and the Trustee of: (i) a copy of the instrument of grant or release, (ii) a written application signed by the Authorized Lessee Representative requesting such instrument and (iii) a certificate executed by the Authorized Lessee Representative stating that such grant or release will not impair the effective use or interfere with the operation of the Project and will not in any material respect weaken, diminish or impair the security intended to be given by or under the Indenture. If the instrument of grant shall so provide, any such easement or right and the rights of such other parties thereunder shall be superior to the rights of the Lessor and the Trustee under this Agreement and the Indenture and shall not be affected by any termination of this Agreement or default on the part of the Lessee hereunder. If no event of default shall have happened and be continuing, any payment or other consideration received by the Lessee for any such grant shall be and remain the property of the Lessee but, in the event of the termination of this Agreement or default of the Lessee, all rights then existing of the Lessee with respect to or under such grant, shall inure to the benefit of and be exercisable by the Lessor and the Trustee.

SECTION 8.8 Release and Indemnification Covenants. The Lessee releases the Lessor from, agrees that the Lessor shall not be liable for and agrees to hold the Lessor harmless against, any loss or damage to property or any injury to or death of any person that may be occasioned by any defect in the Leased Land, or the Facility or other improvements on or adjacent to the Leased Land or by any cause whatsoever pertaining to the Project or the use thereof; provided, that the indemnity provided in this sentence shall be effective only to the extent of any loss that might be sustained by the Lessor in excess of the net proceeds received from any insurance carried with respect to the loss sustained.

Notwithstanding any other provisions of this Agreement to the contrary, the Lessee agrees that the Lessor shall not be liable for and agrees to indemnify and hold the Lessor harmless against any loss, damage, liability, penalties and costs that the Lessor may incur in connection with the Project, including but not limited to the construction, acquisition and installation of the Facility, or

the failure of the Project to comply with any Federal, state or municipal air and water pollution control laws and regulations; provided, however, that such indemnification does not apply to any loss, damage, liability, penalty and cost which the Lessor may incur as a result of its willful acts of misconduct or gross negligence.

Whenever under the provisions of this Agreement the approval of the Lessee is required or the Lessor is required to take some action at the request of the Lessee, such approval shall be given or such request shall be made by the Authorized Lessee Representative unless otherwise specified in the Agreement and the Lessor shall be authorized to act on any such approval or request and the Lessee shall have no complaint against the Lessor as a result of any such action taken.

SECTION 8.9 Annual Statement. As soon as available and in any event within 120 days after the close of each fiscal year of the Lessee, the Lessee will furnish to the Trustee a copy of the annual consolidated audit report (including balance sheet, profit and loss and surplus statement) of the Lessee and its subsidiaries for such fiscal year, all as prepared and certified by independent certified public accountants; provided, however, that if the annual report of the Lessee to its stockholders shall contain financial statements of substantially similar detail and similarly prepared and certified, copies of such annual report may be delivered in lieu of the copies of the audit report referred to herein.

ARTICLE IX

ASSIGNMENT, SUBLEASING AND SELLING; REDEMPTION; RENT PREPAYMENT AND ABATEMENT

SECTION 9.1 Assignment and Subleasing. This Agreement may be assigned and the Project may be subleased as a whole or in part by the Lessee without the necessity of obtaining the consent of either the Lessor or the Trustee, subject, however, to each of the following conditions:

(a) No assignment (other than pursuant to Section 8.3 hereof) or subleasing shall relieve the Lessee from primary liability for any of its obligations hereunder, and in the event of any such assignment or subleasing the Lessee shall continue to remain primarily liable for payment of the rent specified in Section 5.3 and clause (a) of Section 10.2 hereof and for performance and observance of the other agreements on its part herein provided to be performed and observed by it.

(b) The Lessee shall, within thirty days after the delivery thereof, furnish or cause to be furnished to the Lessor and to the Trustee a true and complete copy of each such assignment or sublease, as the case may be.

SECTION 9.2 Assignment by Lessor. The Lessor will assign its interest in this Agreement and assign its interest in and pledge any moneys receivable under this Agreement to the Trustee pursuant to the Indenture as security for payment of the principal of and the interest and any redemption premium on the Bonds, but any such assignment or pledge shall be subject and subordinate to this Agreement.

SECTION 9.3 Restrictions on Transfer of Project by Lessor. Subject to Permitted Encumbrances and subject to the provisions of this Agreement, the Lessor agrees that, except for the assignment of this Agreement and the rentals hereunder to the Trustee pursuant to the Indenture, it will not sell, assign, convey, mortgage, encumber or otherwise dispose of any part of the Project during the Lease Term.

SECTION 9.4 Redemption of Bonds. If the Lessee is not in default in the payment of rent under Section 5.3 hereof, the Lessor, at the request of the Lessee, at any time the aggregate moneys in the Bond Fund are sufficient to effect redemption and if the Bonds are then redeemable under the provisions of the Indenture, shall forthwith take all steps that may be necessary under the applicable redemption provisions of the Indenture to effect redemption of all or part of the then Outstanding Bonds as may be specified by the Lessee, on such redemption date as may be specified by the Lessee.

SECTION 9.5 Extraordinary Optional Redemption. The Lessor shall effectuate redemption of the Bonds at any time in whole at a redemption price equal to the principal amount thereof plus accrued interest to the date of redemption, upon the exercise by the Lessee of its option to purchase the Project if any of the events provided for in Section 11.2 hereof shall have occurred.

SECTION 9.6 Mandatory Acceleration of Repayment Without Premium Upon Happening of Certain Events. The Lessee shall be obligated, and agrees, to accelerate payment of the entire amount payable under Article V of the Agreement in respect to the 1978 Bonds in the event that it is finally determined by the Internal Revenue Service or by a court of competent jurisdiction that, as a result of the failure by the Lessee to observe any covenant, agreement or representation in this Agreement, the interest payable on the 1978 Bonds is includible for Federal income tax purposes in the gross income of any holder of a 1978 Bond, other than a "substantial user" of the Project or a "related person" as provided in Section 103(b) (6) and (7) of the Code. A partial redemption of the 1978 Bonds shall be

made under the foregoing circumstances, if, as a result of such partial redemption, interest payable on the remaining outstanding 1978 Bonds would not be so includible. Any such determination will not be considered final for this purpose unless the Lessee has been given written notice and, if it so desires, has been afforded the opportunity to contest the same, either directly or in the name of any holder of a 1978 Bond, and until the conclusion of any appellate review, if sought.

In any such case, the Lessee shall be obligated to pay a sum sufficient, together with any other funds held by the Trustee and available for such purposes, (i) to redeem, on the date specified pursuant to the Indenture, all outstanding 1978 Bonds at a redemption price equal to the principal amount of such Bonds, (ii) to pay the interest which will accrue on such 1978 Bonds to the date so fixed for their redemption, and (iii) to pay all Administration Expenses accrued and to accrue to the date fixed for such redemption. The Lessee agrees to make the payments required by this Section on or prior to the redemption date set for the 1978 Bonds pursuant to Section 301 of the Indenture.

In the event that the Lessee receives notice from the Trustee pursuant to Section 303 of the Indenture that a proceeding which could lead to a final determination as contemplated by said Section has been instituted against a Bondholder, the Lessee shall promptly notify the Trustee whether or not it intends to contest such proceeding. In the event that the Lessee chooses to so contest, it will use its best efforts to obtain a prompt final determination or decision in such proceeding or litigation and will keep the Trustee informed of any such proceeding or litigation.

SECTION 9.7 Prepayment of Rents. There is expressly reserved to the Lessee the right, and the Lessee is authorized and permitted, any time the Lessee may choose, to prepay all or any part of the rents payable under Section 5.3 hereof, and the Lessor agrees that the Trustee may accept such prepayment of rents when the same are tendered by the Lessee. All rents so prepaid shall be deposited in the Bond Fund and credited on the rental payments specified in Section 5.3 hereof in the order of their due dates unless applied, at the election of the Lessee, to the redemption or purchase of Outstanding Bonds in the manner and to the extent provided in the Indenture.

SECTION 9.8 Lessee Entitled to Certain Rent Abatements if Bonds Paid Prior to Maturity. If at any time the aggregate moneys in the Bond Fund shall be sufficient to retire in accordance with the provisions of the Indenture all of the Bonds at the time outstanding and to pay all fees and charges of the Trustee, the paying agents and the expenses of the Lessor due or to become due through the date on which the last of the Bonds is to be retired, under circumstances not

resulting in termination of the Lease Term, and if the Lessee is not at the time otherwise in default hereunder, the Lessee shall be entitled to use and occupy the Project from the date on which such aggregate moneys are in the hands of the Trustee to and including the balance of the Lease Term, without the payment of rent during that interval (but otherwise on the terms and conditions hereof).

SECTION 9.9 Installation of Lessee's Own Machinery and Equipment. In addition to the machinery and equipment installed by the Lessee under the provisions of Section 6.1 hereof which does not become part of the Project thereunder, the Lessee may from time to time, in its sole discretion and at its own expense, install additional machinery and equipment in the Facility or on the Leased Land which shall not become part of the Project. All machinery and equipment so installed by the Lessee shall, notwithstanding any other provisions contained herein, remain the sole property of the Lessee in which neither the Lessor nor the Trustee shall have any interest and may be modified or removed at any time while the Lessee is not in default hereunder. Nothing contained in the preceding provisions of this Section shall prevent the Lessee from purchasing, after delivery of the Indenture, such additional machinery and equipment on conditional sale contract or lease sale contract, or subject to vendor's lien or purchase money mortgage, as security for the unpaid portion of the purchase price thereof, and each such conditional sale contract, lease sale contract, vendor's lien or purchase money mortgage made by the Lessee with respect to machinery and equipment purchased by it under the provisions of this Section after the delivery of the Indenture shall, if filed for record in the proper office as required by law, simultaneously with or prior to the installation at the Project of the machinery and equipment covered thereby, be prior and superior to any landlord's lien. The Lessee agrees to pay, unless in good faith contested by it as due, the purchase price of and all costs and expenses with respect to the acquisition and installation of any machinery and equipment installed by it pursuant to this Section.

SECTION 9.10 References to Bonds Ineffective after Bonds Paid. Upon payment in full of the Bonds (or provision for payment thereof having been made in accordance with the provisions of the Indenture) and all fees and charges of the Trustee, the paying agent and the Lessor, all references in this Agreement to the Bonds and the Trustee shall be ineffective and neither the Trustee nor the holder of any of the Bonds shall thereafter have any rights hereunder, saving and excepting those that shall have theretofore vested.

ARTICLE X

EVENTS OF DEFAULT AND REMEDIES

SECTION 10.1 Events of Default Defined. The following shall be "events of default" under this Agreement and the terms "event of default" or "default" shall mean, whenever they are used in this Agreement, any one or more of the following events:

(a) (i) Failure by the Lessee to pay or cause to be paid when due any payment of the principal included in the rent payments required to be paid under Section 5.3 of this Agreement, or (ii) failure by the Lessee to pay or cause to be paid when due any payment of the interest included in the rent payments required to be paid under Section 5.3 of this Agreement, which failure shall continue for a period of thirty (30) days.

(b) Failure by the Lessee to observe and perform any covenant, condition or agreement in this Agreement on its part to be observed or performed, other than as referred to in subsection (a) of this Section, for a period of thirty days after written notice given to the Lessee by the Lessor or the Trustee, specifying such failure and requesting that it be remedied, unless the Lessor and the Trustee (with any required consent of Bondholders under the provisions of the Indenture) shall agree in writing to an extension of such time prior to its expiration.

(c) The dissolution or liquidation of the Lessee or the filing by the Lessee of a voluntary petition in bankruptcy, or failure by the Lessee within sixty days to lift any execution, garnishment or attachment of such consequence as will impair its ability to carry on its operations at the Project, or the commission by the Lessee of any act of bankruptcy, or adjudication of the Lessee as a bankrupt, or assignment by the Lessee for the benefit of its creditors, or the entry by the Lessee into an agreement of composition with its creditors, or the approval by a court of competent jurisdiction of a petition applicable to the Lessee in any proceeding for its reorganization instituted under the provisions of the general bankruptcy act, as amended, or under any similar act which may hereafter be enacted. The term "dissolution or liquidation of the Lessee", as used in this subsection, shall not be construed to include the cessation of the corporate existence of the Lessee resulting either from a merger or consolidation of the Lessee into or with another corporation or a dissolution or liquidation of the Lessee following a transfer of all or substantially all of its assets as an entirety, under the conditions permitting such action with respect to the Lessee contained in Section 8.3 hereof.

The foregoing provisions of this Section are subject to the following limitations: If by reason of force majeure the Lessee is unable in whole or in part to carry out its agreements on its part herein contained, other than the obligations on the part of the Lessee contained in Article V and Sections 6.3 and 6.4 hereof, the Lessee shall not be deemed in default during the continuance of such inability. The term "force majeure" as used herein shall include the following: acts of God; strikes; lockouts or other industrial disturbances; acts of public enemies; orders of any kind of the government of the United States or of Montana or any of their departments, agencies, or officials, or any civil or military authority; insurrections; riots; epidemics; landslides; lightning; earthquake; fire; hurricanes; storms; floods; washouts; droughts; arrests; restraint of government and people; civil disturbances; explosions; breakage or accident to machinery, transmission pipes or canals; partial or entire failure of utilities; or any other cause or event not reasonably within the control of the Lessee. The Lessee agrees, however, to remedy with all reasonable dispatch the cause or causes preventing the Lessee from carrying out its agreements; provided, that the settlement of strikes, lockouts and other industrial disturbances shall be entirely within the discretion of the Lessee, and the Lessee shall not be required to make settlement of strikes, lockouts and other industrial disturbances by acceding to the demands of the opposing party or parties when such course is in the judgment of the Lessee unfavorable to the Lessee.

SECTION 10.2 Remedies on Default. In the event any of the Bonds shall at the time be outstanding and unpaid and provision for the payment thereof shall not have been made in accordance with the provisions of the Indenture, whenever any event of default referred to in Section 10.1 hereof shall have happened and be subsisting, the Lessor or the Trustee, where so provided, may take any one or more of the following remedial steps:

(a) The Trustee as provided in the Indenture may, at its option, declare all installments of rent payable under Section 5.3 hereof for the remainder of the Lease Term to be immediately due and payable, whereupon the same shall become immediately due and payable.

(b) The Trustee, may re-enter and take possession of the Project without terminating this Agreement, and sublease the Project for the account of the Lessee, holding the Lessee liable for the difference between the rent and other amounts payable by such sublease in such subleasing and the rents and other amounts payable by the Lessee hereunder.

(c) The Trustee may terminate the Lease Term, exclude the Lessee from possession of the Project and use its best efforts to lease the Project to another party for the account of the Lessee,

holding the Lessee liable for all rent and other amounts due under this Agreement and not paid by such other party.

(d) The Lessor may have access to and inspect, examine and make copies of the books and records and any and all accounts and data of the Lessee insofar as the same relate to the Project.

(e) The Lessor or the Trustee may take whatever action at law or in equity may appear necessary or desirable to collect the rent then due and thereafter to become due, or to enforce performance and observance of any obligation, agreement or covenant of the Lessee under this Agreement.

Any amounts collected pursuant to action taken under this Section shall be paid into the Bond Fund and applied in accordance with the provisions of the Indenture or, if the Bonds have been fully paid (or provision for payment thereof has been made in accordance with the provisions of the Indenture) to the Lessee.

SECTION 10.3 No Remedy Exclusive. No remedy herein conferred upon or reserved to the Lessor or to the Trustee is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity or by statute. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the Lessor or the Trustee to exercise any remedy reserved to it in this Article, it shall not be necessary to give any notice, other than such notice as may be herein expressly required. Such rights and remedies as are given the Lessor hereunder shall also extend to the Trustee and the Trustee and the holders of the Bonds issued under the Indenture shall be deemed third party beneficiaries of all covenants and agreements contained.

SECTION 10.4 Agreement to Pay Attorneys' Fees and Expenses. In the event the Lessee should default under any of the provisions of this Agreement and the Lessor or the Trustee should employ attorneys or incur other expenses for the collection of rent or the enforcement or performance or observance of any obligation or agreement on the part of the Lessee herein contained, the Lessee agrees that it will on demand therefor pay to the Lessor or the Trustee the reasonable fee of such attorneys and such other reasonable expenses so incurred by the Lessor or the Trustee.

SECTION 10.5 No Additional Waiver Implied by One Waiver.

In the event any agreement contained in this Agreement should be breached by either party and thereafter waived by the other party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other breach hereunder.

Notwithstanding any termination of this Agreement in accordance with the provisions of Section 10.2 hereof, unless the Lessor shall have entered into a firm bilateral agreement providing for the reletting of the Project for a period of at least one year, if, after the maturity of the Outstanding Bonds shall have been accelerated by the Trustee upon occurrence of an event of default under the Indenture, all arrears of interest on the Outstanding Bonds and interest on overdue installments of principal, premium, if any, and (to the extent permitted by law) interest, at a rate per annum which is one percentage point greater than the highest rate per annum borne by any of the Bonds, and the principal and premium (if any) on all Bonds then outstanding which have become due and payable otherwise than by acceleration, and all other sums payable under the Indenture, except the principal of and the interest on such Bonds which by such acceleration shall have become due and payable, shall have been paid, all other things shall have been performed in respect of which there was a default, there shall have been paid the reasonable fees and expenses of the Trustee and of the holders of such Bonds, including reasonable attorneys' fees paid or incurred and such event of default shall be waived by the Trustee with the consequence under Section 1001 of the Indenture that such acceleration is rescinded, then the Lessee's default hereunder shall be waived without further action by the Trustee or the Lessor. Upon such payment and waiver, this Agreement shall be fully reinstated, as if it had never been terminated, and the Lessee shall be restored to the use, occupancy and possession of the Project.

SECTION 10.6 Lessee May Cure Defaults under Indenture.

The Lessor hereby grants the Lessee full authority for account of the Lessor to perform any covenant or obligation, the nonperformance of which is alleged in the notice required by Section 913 of the Indenture to constitute a default specified in Section 901(c) of the Indenture, in the name and stead of the Lessor with full power to do any and all things and acts to the same extent that the Lessor could do and perform any such things and acts and with power of substitution.

ARTICLE XI

OPTIONS AND OBLIGATION TO PURCHASE THE PROJECT
IN FAVOR OF LESSEE

SECTION 11.1 Options to Terminate. The Lessee shall have and is hereby granted the following options to terminate the Lease Term:

(a) At any time prior to full payment of the Bonds (or provision for payment thereof having been made in accordance with the provisions of the Indenture), the Lessee may terminate the Lease Term by paying to the Trustee, for the account of the Lessor, for deposit in the Bond Fund an amount which, when added to the amount on deposit in the Bond Fund, will be sufficient to pay, retire and redeem all of the Outstanding Bonds in accordance with the provisions of the Indenture (including, without limiting the generality of the foregoing, principal, interest to maturity or redemption date specified by the Lessee, as the case may be, premium, if any, expenses of redemption and the Trustee's and paying agents' fees and expenses), and in case of redemption by making arrangements satisfactory to the Trustee for the giving of the required notice of redemption.

(b) At any time after full payment of the Bonds (or provision for payment thereof having been made in accordance with the provisions of the Indenture), the Lessee may terminate the Lease Term by giving the Lessor notice in writing of such termination and such termination shall forthwith become effective.

SECTION 11.2 Option to Purchase Project Prior to Payment of the Bonds. The Lessee shall have, and is hereby granted, the option to purchase the Project prior to the full payment of the Bonds (or provision for payment thereof having been made in accordance with the provisions of the Indenture), if any of the following shall have occurred:

(a) The Plant or Project shall have been damaged or destroyed to such extent that, in the opinion of the Lessee expressed in a resolution of its Board of Directors filed with the Lessor and the Trustee, (i) either it cannot be reasonably restored within a period of four months to substantially the condition thereof immediately preceding such damage or destruction, or (ii) the Lessee is thereby prevented or likely to be prevented from carrying on its normal operations at the Plant or the Project for a period of four months or more, or (iii) with respect to the Plant or Project, the cost of restoration thereof would exceed \$5,000,000.

(b) Title to, or the temporary or permanent use of, all or substantially all the Plant or the Project shall have been taken

under the exercise of the power of eminent domain by any governmental authority, or person, firm or corporation acting under governmental authority to such an extent that in the opinion of the board of directors of the Lessee expressed in a resolution filed with the Lessor and the Trustee, the taking or takings are likely to result in the Lessee being thereby prevented from carrying on its normal operations at the Plant or the Project for a period of four months or more.

(c) As a result of any changes in the Constitution of Montana or the Constitution of the United States of America or as a result of legislative or administrative action (whether state or Federal) or by final decree, judgment or order of any court or administrative body (whether state or Federal) entered after the contest thereof by the Lessee in good faith, this Agreement shall have become void or unenforceable or impossible of performance in accordance with the intent and purposes of the parties, or been declared to be unlawful, or unreasonable burdens or excessive liabilities shall have been imposed on the Lessor or the Lessee including without limitation Federal, state or other ad valorem, property, income or other taxes not being imposed on the date of this Agreement.

(d) The Plant or the Project or a material portion thereof is adjudged by a court of competent jurisdiction to be a public nuisance and operation of the Plant or the Project or a material portion thereof is permanently enjoined, and such decision has become final, or, if appealed, affirmed upon such appeal and the decision upon such appeal has become final.

(e) The Lessee, by certificate filed with the Lessor and Trustee, shall determine: (a) the reconstruction or restoration of the Plant or Project after damage or destruction thereto or condemnation thereof is not economically feasible; or (b) to cease all, or substantially all, of its operations at the Plant or Project as a result of changes in the economic availability of raw materials, operating supplies or facilities necessary to operate the Plant or Project or technological or other conditions making the continued operation of the Plant and Project uneconomical.

To exercise such option, the Lessee shall, within six months following the event authorizing the exercise of such option, give written notice to the Lessor and to the Trustee, if any of the Bonds shall then be unpaid and provision for the payment thereof has not been made in accordance with the provisions of the Indenture, and shall specify therein the date of closing such purchase, which date shall be not less than forty-five nor more than ninety days from the date such notice is mailed, and in case of a redemption of the Bonds in accordance with the provisions of the Indenture shall make arrangements satisfactory to the Trustee for the giving of the required notice of redemption. The purchase price payable by the

Lessee in the event of its exercise of the option granted in this Section shall be the sum of the following:

(1) an amount of money to be paid into the Bond Fund which, when added to the amount then on deposit in the Bond Fund for payment of the Bonds, will be sufficient to retire and redeem at the principal amount thereof all the then outstanding Bonds on the date on which such Bonds may be redeemed or paid at maturity, including without limitation, principal, all interest to accrue to said date and redemption expenses, plus

(2) an amount of money equal to the Trustee's and paying agents' fees and expenses under the Indenture, and the expenses of the Lessor approved by the Lessee, accrued and to accrue until such final payment and redemption of the Bonds, plus

(3) the sum of One Thousand Dollars (\$1,000).

In the event of the exercise of the option granted in this Section any net proceeds of insurance or condemnation shall be paid to the Lessee and the Lease Term shall thereupon be terminated.

SECTION 11.3 Obligation to Purchase Project or Any Part Thereof Subsequent to Payment of the Bonds. The Lessee shall have the obligation to purchase, and the Lessor hereby agrees to sell, the Project or any part thereof for One Thousand Dollars (\$1,000) at the expiration or earlier termination of the Lease Term following full payment of the Bonds or provision for payment thereof having been made in accordance with the provisions of the Indenture, and payment of an amount of money equal to the Trustee's and paying agents' fees and expenses under the Indenture and the expenses of the Lessor approved by the Lessee, accrued to such full payment of the Bonds. At the closing of the foregoing purchase, the Lessor will deliver to the Lessee the documents referred to in Section 11.4 hereof.

SECTION 11.4 Conveyance Following Obligation to Purchase. At the closing of any purchase pursuant to the obligation to purchase herein, the Lessor will upon receipt of the purchase price deliver to the Lessee good title to the property being purchased, as such property then exists, subject to the following: (i) those liens and encumbrances (if any) to which said property was subject when conveyed to the Lessor; (ii) those liens and encumbrances created by the Lessee or to the creation or suffering of which the Lessee consented; (iii) those liens and encumbrances resulting from the failure of the Lessee to perform or observe any of the agreements on its part contained in this Agreement; (iv) Permitted Encumbrances other than in this Agreement; and (v) if the option is exercised pursuant to the provisions of Section 11.2(b) hereof, the rights and title of the condemning authority.

SECTION 11.5 Relative Position of Options and the Indenture. The options respectively granted to the Lessee in this Article shall be and remain prior and superior to the Indenture and may be exercised whether or not the Lessee is in default hereunder, provided that such default will not result in nonfulfillment of any condition to the exercise of any such option.

SECTION 11.6 Equitable Right of Lessee. The Lessor hereby expressly acknowledges that subsequent to (i) the payment in full of the Bonds, including without limitation, principal, accrued interest and any redemption expenses, and (ii) the payment of any fees and expenses of the Trustee and any paying agent then due and payable under the Indenture, as herein contemplated by this Article XI, the Lessee shall have an equitable right to cause the Lessor to convey good and marketable title to the Lessor's interest in the Project as provided in Section 11.4 hereof upon payment of the nominal consideration herein set forth.

ARTICLE XII

MISCELLANEOUS

This Agreement is prepared and entered into with the intention that the law of the State of Montana shall govern its construction.

SECTION 12.4 Severability. In the event any provision of this Agreement shall be held invalid or unenforceable by any court of competent jurisdiction, such holding shall not invalidate or render unenforceable any other provision hereof.

SECTION 12.5 Amounts Remaining in the Bond Fund. It is agreed by the parties hereto that any amounts remaining in the Bond Fund or the Construction Fund upon expiration or earlier termination of the Lease Term, as provided in this Agreement, after payment in full of the Bonds (or provision for payment thereof having been made in accordance with the provisions of the Indenture) and the fees, charges and expenses of the Trustee and paying agents and the Lessor in accordance with the Indenture shall belong to and be paid to the Lessee by the Trustee as overpayment of rents.

This Agreement as originally executed or an appropriate and sufficient memorandum thereof shall be so recorded prior to or simultaneously with the recordation of the Indenture.

[Air Pollution Control
and Solid Waste
Disposal Facilities]

The Facility consists of the pollution control facilities and solid waste disposal facilities described below which are located at the Plant of the Lessee located in Missoula County, Montana:

1. Non-Condensable Gas Collection System - consists of equipment for separating odorous non-condensable gases, including hydrogen sulfide and mercaptans, and conveying such gases to a lime kiln for incineration. The system includes separation equipment, a fan, piping, valves, electrical wiring and controls. The portion of the Net Cost of this facility constituting Exempt Cost is 92.22 percent.
2. Waste Fuel Boiler Scrubber - consists of a scrubber system to control emissions of particulates and sulfur dioxide from the waste boiler. The system will include venturi-cyclone scrubbers enclosed in a separate structure next to the boiler building, dewatering facilities, pumps, piping, valves, electrical wiring and controls. The portion of the Net Cost of this facility constituting Exempt Cost is 100.00 percent.
3. No. 4 Lime Kiln Scrubber - consists of a venturi-cyclone scrubber to reduce particulate emissions from the No. 4 lime kiln. The system also includes a support structure, a scrubbing medium pump, piping, electrical wiring and controls. The portion of the Net Cost of this facility constituting Exempt Costs is 39.40 percent.
4. Tall Oil Vent Scrubber - consists of a packed scrubber that will reduce emissions of odorous gases from the tall oil vent. The system also includes a feed pump, an effluent return pump, structural supports, electrical wiring and controls. The portion of the Net Cost of this facility constituting Exempt Cost is 82.36 percent.
5. No. 3 Slaker Vent Scrubber - consists of a variable throat venturi-cyclone scrubber which reduces emissions of lime dust particulates from the No. 3 slaker vent. The system includes a fan, pump, piping, controls, electrical wiring and a support structure. The portion of the Net Cost of this facility constituting Exempt Costs is 88.52 percent.

6. Forty Percent Liquor Storage Tank Vent - consists of a system to pipe odorous gases from the relief vent on the liquor storage tank to the Non-Condensable Gas Collection System for disposal. The system will include piping with supports and valves. The portion of the Net Cost of this facility constituting Exempt Cost is 91.22 percent.

7. Entrainment Separation System for Pulp Washers - consists of hoods, ducting and an impingement scrubber to remove liquid and solid particulates from the vapors emitted from the pulp washers. The portion of the Net Cost of this facility constituting Exempt Cost is 100.00 percent.

8. Pulp Washer Vent Incineration System - consists of a system for incinerating odorous pulp washer emission gases after particulates have been removed from the gases by the Entrainment Separation System. The system will include ducting and a fan to transport the gases to the boiler's forced draft fan where the odorous gases will be mixed with combustion air and incinerated. The system also includes structural supports, electrical wiring and controls. The portion of the Net Cost of this facility constituting Exempt Cost is 100.00 percent.

9. Condensate Stripping System - consists of a system which treats condensates that are contaminated with volatile malodorous substances. The contaminants, principally from pulp digestion and black liquor evaporation processes, will be separated from less contaminated condensates and pumped to a combined surge and storage tank. From the tank, they will be pumped to the top of a stripping tower where the concentration of volatile contaminants in the condensates will be reduced by amount 90 percent. The air exhausted from the top of the tower will be ducted to either of two lime kilns for incineration. The system will include tanks, filters, pumps, mixers, piping, instrumentation, electrical wiring, ducting, valves, controls, flame arresters, a moisture separator and structures. The portion of the Net Cost of this facility constituting Exempt Cost is 82.49 percent.

10. No. 3 Recovery Precipitator Modification - consists of a fourth electrical field to be added to increase the collection efficiency of the existing No. 3 electrostatic precipitator from 99.1 percent to 99.6 percent. The installation will consist of an additional field, conveyors for removing collected flyash from the bottom of the precipitator, structural supports, controls,

as Representatives of the Underwriters

Gentlemen:

Subject to the terms and conditions herein, the undersigned, the County of Missoula, Montana (the "County"), hereby confirms its agreement with you and the other Underwriters named in Schedule I hereto (the "Underwriters") for whom you are acting as Representatives, with respect to the purchase from the County and the sale to each of the Underwriters, severally and not jointly, of \$15,000,000 aggregate principal amount of the County's Industrial Development Revenue Bonds, 1971 Series (Hoerner Waldorf Project), dated June 1, 1971 (the "Bonds"), which (as the County understands from you) the Underwriters have agreed to purchase pursuant to the Agreement Among Underwriters dated June 3, 1971 and which are to be issued pursuant to a resolution adopted by the Board of County Commissioners on June 11, 1971 (hereunder referred to as the "Resolution").

Section 1. Representations, Warranties and Agreements of the County.

The County hereby represents to and warrants and agrees with each of the Underwriters that:

1.01. The County is a county duly organized and existing under the Constitution and laws of the State of Montana. The County is authorized to issue industrial development revenue bonds in accordance with Title II, Chapter 41, Revised Code of Montana, 1947, as amended, to use the proceeds thereof to acquire land and to construct and install water and air pollution equipment and other improvements thereon and facilities in connection therewith and to lease the same.

1.02. The County has complied with the provisions of said Title II, Chapter 41, Revised Code of Montana, 1947, and has full power and authority to issue the Bonds, acquire, construct, equip and lease the Project (hereinafter defined), and carry out and consummate all transactions contemplated by this Agreement, the Bonds, the Resolution, the Mortgage, the Lease and the Guaranty (hereinafter respectively defined).

1.03. A specimen Bond, an executed copy of this Agreement, a copy of the Resolution certified by an appropriate official of the County, a definitive copy of the Official Statement of the County with respect to the Bonds (the "final Official Statement"), an executed copy of the Mortgage and Indenture of Trust, dated as of June 1, 1971 (the "Mortgage"), made by the County to First National Bank & Trust Co., in the City of Helena, Montana, as Trustee (the "Trustee"), and executed copies of the Lease Agreement, dated as of June 1, 1971 (the "Lease"), between the County and Hoerner Waldorf Properties Company ("Properties"), the Guaranty Agreement, dated as of June 1, 1971 (the "Guaranty"), by Hoerner Waldorf Corporation ("Hoerner Waldorf"), dated as of June 1, 1971, referred to in the final

Official Statement shall be delivered to you at or prior to the Closing Time (hereinafter defined) and shall be in the form heretofore submitted to and approved by you, with only such changes or modifications thereof as you, and the County shall mutually agree upon.

1.04. The information contained in the preliminary Official Statement dated May 24, 1971 (the "preliminary Official Statement") and the final Official Statement under the headings "The Project", "Authority For The Bonds", "The Series A Bonds", "Additional Bonds", "Security For Bonds", "The Lease Agreement", "The Guaranty", "Mortgage and Indenture of Trust" and "Tax Exemption" is and will be as of the Closing Time (hereinafter defined) true and correct and does not, and will not as of the Closing Time, contain any untrue or misleading statements; and the County does not know of any omissions of any statements of material fact necessary to make the statements and information contained in the preliminary Official Statement and the final Official Statement under the headings described above not misleading.

1.05. The County has duly authorized all necessary action for: (a) the issuance and sale of the Bonds upon the terms set forth herein and in the final Official Statement; the Resolution, the Mortgage, the Lease and the Guaranty; (b) the acquisition of the site for the Project and the construction and equipping of the Project as provided by the Lease; (c) the execution, delivery, receipt and due performance of this Agreement, the Bonds, the Resolution, the Mortgage, the Lease and the Guaranty; and (d) the taking of any and all such action as may be reasonably required on the part of the County to carry out, give effect to and consummate the transactions contemplated hereby.

1.06. The County will apply the proceeds from the sale of the Bonds for the acquisition of land and the construction and installation of water and air pollution equipment and other improvements thereon and facilities in connection therewith (the "Project"), and to the payment of such other costs and expenses in connection with the Project and the acquisition and financing thereof as provided in the Lease, the Guaranty, the Mortgage and the Resolution.

The County will not issue or sell any bonds or obligations, other than the Bonds sold hereby and the additional bonds as provided in the Lease, the Guaranty, the Mortgage and the Resolution, the interest or principal of which shall be payable from the revenues, funds or other income derived from the Project which have been pledged under the Mortgage to secure any payments on the Bonds (exclusive of payments made under the Lease for taxes, utilities, assessments and related charges), or which shall be secured by any mortgage or other lien on the Project. The foregoing shall not, however, prohibit the County from issuing any obligations secured by or payable from taxes, utility charges or special assessments (which may be payable pursuant to the Lease) to be derived by the County from the Project as well as other properties.

1.07. The principal and interest on the Bonds are exempt from all present state, county and municipal taxes within the State of Montana other than property, inheritance and estate taxes, provided, however, that the Project shall be subject to taxation to the same extent, in the same manner, and under the same procedures as privately owned property in similar circumstances.

1.08. To the extent necessary, the County agrees to cooperate with the Underwriters and Messrs. Hawkins, Delafield & Wood in taking all necessary action to qualify the Bonds for offer and sale under the securities or "blue sky" laws of such states and territories of the United States as the Underwriters may request (the "Blue Sky Proceedings"); provided that the County will not be required to execute a general or special consent to service of process or qualify as a foreign corporation in connection with any such qualification in any state or territory of the United States. The County shall not be required to pay any costs or expenses in connection with the foregoing except from (and subject to receipt of) the proceeds of the sale of the Bonds.

1.09. There is no action, suit, proceeding or investigation at law or in equity or before or by any court, public board or body pending or to the knowledge of the County threatened against or affecting the County, or to the best of the knowledge of the County any basis therefor, wherein an unfavorable decision, ruling or finding would adversely affect the transactions contemplated by this Agreement or by the Official Statement, or which, in any way, would adversely affect the validity of the Bonds, the

Resolution, the Mortgage, the Lease, the Guaranty, this Agreement, or any agreement or instrument to which the County is a party, used or contemplated for use in consummation of the transactions contemplated hereby or by the final Official Statement, or the exemption from taxation in Montana as set forth in Section 1.07 above.

1.10. Neither the County nor anyone acting on its behalf (other than the Underwriters) has, directly or indirectly, offered the Bonds or any other security of the County relating to the financing of the Project, for sale to, or solicited any offer to buy the same from, anyone other than the Representatives of the Underwriters.

1.11. The execution, delivery and receipt of this Agreement, the Bonds, the Resolution, the Mortgage, the Guaranty, the Lease and the other agreements contemplated hereby and by the final Official Statement to which the County is a party, under the circumstances contemplated hereby and in the final Official Statement and in compliance with the provisions thereof, will not conflict with, or constitute on the part of the County a breach of, or a default under, any existing (i) law, court or administrative regulation, decree or order applicable to the County, or (ii) provisions of any legislative act, constitutional or other proceeding establishing or relating to the establishment of the County or its affairs or its resolutions, or (iii) agreement, indenture, mortgage, lease or other instrument to which the County is subject or is a party or by which it is bound.

1.12. Any certificate provided for hereunder and signed by the Chairman of the Board of County Commissioners or the County Clerk or their duly authorized deputies or delivered to the Underwriters shall be deemed a representation and warranty by the County to each of the Underwriters as to the statements therein made, unless otherwise therein provided, and the Underwriters shall be under no obligation to accept any certificates signed by any representatives of the County other than the foregoing named officials or, in the case of certificates signed by deputies, the Underwriters may request such evidence of the validity of such certification as they deem appropriate.

Section 2. Purchase, Sale and Delivery of the Bonds.

2.01. On the basis of the representations, warranties and agreements herein contained, and subject to the terms and conditions herein set forth, at the Closing Time (hereinafter defined) the County agrees to sell to the several Underwriters, and the Underwriters, severally and not jointly, respectively agree to purchase from the County, severally and not jointly, the respective principal amount of the Bonds set forth opposite the name of each Underwriter on the list delivered by you simultaneously herewith, at 97.50% of their principal amount (being an aggregate purchase price of \$14,625,000), plus accrued interest from June 1, 1971 to the date of payment and delivery.

2.02. The Bonds shall be issued under, and secured by, the Resolution, the Mortgage, the Lease, and the Guaranty. The Bonds shall have the maturities and interest rates and be subject to redemption as set forth in the Mortgage.

2.03. Payment for the Bonds shall be made by certified or official bank check or checks, in New York Clearing House funds, payable to the order of Trustee for the account of the County, at 10:00 A.M., the prevailing local time, June 29, 1971, at the offices of Goldman, Sachs & Co., 55 Broad Street, New York, New York 10004, or at such other time and place as may be provided pursuant to the provisions of Section 9 hereof or mutually agreed upon in writing by the County, the Representatives and Hoerner Waldorf. The hour and date of such delivery and payment are herein called the "Closing Time." The initial delivery of the Bonds shall be made in definitive form, and issued as coupon bonds in the denomination of \$5,000, registrable as to principal only or as to principal and interest and shall be available for examination by the Underwriters at least 24 hours prior to the Closing Time.

2.04. Any authority, discretion or other powers conferred upon the Representatives of the Underwriters under any of the provisions of this Agreement or the Agreement Among Underwriters, may be exercised by Goldman, Sachs & Co. and the payment for, acceptance of, and delivery and execution

or any receipt for the Bonds and any other instruments upon or in connection with the Closing hereunder solely by Goldman, Sachs & Co., as Representatives or on behalf of the Underwriters, shall be valid and sufficient for all purposes and binding upon the Representatives and of each of the Underwriters, provided that any such action by Goldman, Sachs & Co. shall not impose any obligation or liability upon it or any other Underwriter, other than as may arise as expressly set forth in this Agreement and in the last sentence of Section 8.02 of the Agreement Among Underwriters.

Section 3. Conditions of the Underwriters' Obligations.

The Underwriters' obligations hereunder shall be subject to the following conditions:

(f) A letter, satisfactory in form and substance to you, of Messrs. Price Waterhouse & Co. to the effect that:

(1) With respect to Hoerner Waldorf and its consolidated subsidiary companies, they are independent public accountants.

(2) Under date of December 11, 1970, they furnished Hoerner Waldorf with their opinion on the consolidated balance sheet as of October 31, 1970, the related consolidated statements of retained earnings and capital in excess of par value for the three years ended October 31, 1970, and the consolidated statements of income for the five years ended October 31, 1970, contained in the final Official Statement.

(3) They have not made an examination in accordance with generally accepted auditing standards of the financial statements of Hoerner Waldorf or any of its subsidiary companies that relate to any period subsequent to October 31, 1970 nor have they attempted to audit any of the transactions or records for any such period and, therefore, they do not express an opinion thereon. Further, they have not made an examination in accordance with generally accepted auditing standards of the financial statements of Hoerner Waldorf or any of its subsidiary companies that relate to the three-month period ended January 31, 1971 and, therefore, they do not express an opinion thereon.

(4) They have made a limited review of the unaudited consolidated financial statements for the three-month periods ended January 31, 1970 and January 31, 1971. Accordingly they have:

(a) Read the unaudited consolidated financial statements for the three-month periods ended January 31, 1970 and January 31, 1971;

(b) Read the minutes of the meetings of the shareholders and Board of Directors of Hoerner Waldorf held during the period from October 31, 1970 to a date not more than five days prior to the Closing Time, and obtained representations from officials of Hoerner Waldorf that the minutes of all such meetings held during the above period had been provided to them; and

(c) Had discussions with officials of Hoerner Waldorf responsible for financial and accounting matters as to transactions and events subsequent to October 31, 1970 and as to whether necessary adjustments had been made to effect a reasonable closing at January 31, 1971.

The limited review does not constitute an examination made in accordance with generally accepted auditing standards and would not necessarily reveal adverse changes in the financial

position or results of operations of Hoerner Waldorf or inconsistencies in the application of generally accepted accounting principles.

(5) Subject to the explanation in paragraph (4) above and based on their limited review described in paragraph (4) above, nothing has come to their attention which in their judgment would indicate that:

(a) The unaudited consolidated balance sheet at January 31, 1971 and the unaudited consolidated statements of income and retained earnings for the three months then ended, as well as the unaudited consolidated statement of income for the three months ended January 31, 1971 included in the final Official Statement:

(i) Have not been prepared in conformity with accounting principles and practices consistent in all material respects with those followed in the preparation of the comparable audited financial statements included in the final Official Statement, or

(ii) Would require any adjustment necessary for a fair and reasonable presentation of the information purported to be shown; and

(b) During the period from January 31, 1971 to a date not more than five days prior to the Closing Time, there has been any change in the capital stock or long term debt or other notes or mortgages of Hoerner Waldorf and its consolidated subsidiary companies or any material adverse change in the consolidated financial position or results of operations of Hoerner Waldorf and its consolidated subsidiary companies, except as set forth or contemplated in the final Official Statement.

(6) Further, they have read the following information set forth by Hoerner Waldorf in the final Official Statement:

(A) the percentage of Hoerner Waldorf's 1968, 1969 and 1970 sales in dollars and percentages of total sales contributed by the principal products as set forth in the second paragraph under the caption "Products and Sales", (B) the net book value of the property of Hoerner Waldorf at October 31, 1965 and October 31, 1970 appearing under the caption "Plants and Facilities", (C) the dollar amount of additions, sales and retirements during the five fiscal years ended October 31, 1970 appearing under the caption "Plants and Facilities" and (D) the statements appearing under the caption "Capitalization".

With respect to the above information, their examination of Hoerner Waldorf's consolidated financial statements for the five years ended October 31, 1970 was comprised of audit tests and procedures deemed necessary for the purpose of expressing an opinion on the consolidated financial statements taken as a whole. They did not perform audit tests for the purpose of expressing an opinion on individual balances of accounts or summaries of selected transactions such as those included in the information referred to above and accordingly they express no opinion thereon.

Based upon (1) their examination of the consolidated financial statements as set forth in their opinion dated December 11, 1970 and (2) their limited review described above, nothing came to their attention which in their judgment would indicate that the dollar amounts, percentages or other accounting information listed above on the indicated pages in the final Official Statement would require any material adjustment necessary for a fair presentation of the information purported to be shown thereby.

(g) Copies of any application or submission made by Messrs. Garlington, Lohn & Robinson or Messrs. Mudge Rose Guthrie & Alexander or Hoerner Waldorf, on behalf of the County to the United States Treasury Department or other governmental authorities having jurisdiction in the premises for a ruling (the "Tax Ruling") that interest on the Bonds is exempt from Federal income taxation under the provisions of Section 103(a)(1) of the Internal Revenue Code of 1954 and

copies of the Tax Ruling and any amendments or supplements thereto or confirmations thereof confirming such matters relating to exemption from all present Federal income taxation, certified as of the Closing Time by (i) Messrs. Garlington, Lohn & Robinson, Messrs. Mudge Rose Guthrie & Alexander and Hoerner Waldorf, as true, correct and complete copies of all such documentation which has been submitted in respect of the subject matter thereof, as not having been modified, qualified or rescinded in any respect subsequent to their respective dates of issuance or delivery and as being in full force and effect as of the Closing Time and (ii) by Hoerner Waldorf, as true, correct and complete copies of all such documentation in existence relating to the subject matter thereof, as being based on facts which are true and which do not deviate in any material respects from the transaction as consummated, as not having been modified, qualified or rescinded in any respect subsequent to their respective dates of issuance or delivery and as being in full force and effect as of the Closing Time.

(h) Certificates of one or more duly authorized officers of the Trustee and an opinion of counsel to the Trustee, all dated the Closing Time, in form and substance satisfactory to you, as Representatives of the Underwriters, as to the authority of Trustee to act as trustee under the Mortgage, as to the due authorization, execution and delivery of the Mortgage by and to the Trustee and the due authentication and delivery of the Bonds by the Trustee thereunder.

(i) Such additional certificates, instruments or other documents as you, as Representatives of the Underwriters, may reasonably require to evidence the truth and accuracy, as of the Closing Time, of the representations and warranties of the County herein contained and the due performance and satisfaction by the County and by Hoerner Waldorf, and Properties at or prior to such time of all agreements then to be performed and all conditions then to be satisfied by any one or all of them.

3.03. Hoerner Waldorf shall not have sustained since December 31, 1970, any material loss or interference with its business from fire, explosion, flood or other calamity, whether or not covered by insurance, or from any labor dispute or any court or governmental action, order or decree, which makes it impracticable or inadvisable in the judgment of the Representatives, to consummate the sale and delivery by the Underwriters at the prices set forth in the final Official Statement; and since the respective dates as of which information is given in the final Official Statement, there shall not have been any material change in the capital stock or funded debt of Hoerner Waldorf and its consolidated subsidiaries or any material adverse change in the general affairs, management, financial position, net worth or results of operations of Hoerner Waldorf and its consolidated subsidiaries, otherwise than as set forth or contemplated in the Official Statement.

3.04. The Bonds, when issued and sold to the Underwriters shall not be subject to any Montana issuance, transfer or other documentary stamp taxes (other than Montana property, inheritance and estate taxes, if any).

3.05. All matters relating to this Agreement, the Official Statement, the Bonds and the sale thereof, the Resolution, the Mortgage, the Lease Agreement, the Guaranty and the Indemnity Letter, and the consummation of the transactions contemplated by this Agreement and the final Official Statement shall be satisfactory to and approved by you and your counsel.

Section 4. Termination.

4.01. The Underwriters, acting through you as Representatives, shall have the right to cancel their obligations hereunder to purchase the Bonds by notifying the County, in writing or by telegram, of their election to do so between the date hereof and Closing Time if:

(a) legislation shall be enacted or be actively considered for enactment by the Congress, or a decision by a court of the United States, or the Tax Court of the United States, shall be rendered, or a ruling, regulation or official statement by or on behalf of the Treasury Department of the United States, the Internal Revenue Service or other governmental agency shall be made or proposed to be made, with respect to Federal taxation upon revenues or other income of the general character to be derived by the County or by any similar body, or upon interest received on

obligations of the general character of the Bonds, which, in the opinion of the Underwriters, acting through you as Representatives, materially affects the market price of the Bonds, or the market price generally, of obligations of the general character of the Bonds;

(b) any legislation, ordinance, rule or regulation shall be enacted or be proposed or actively considered for enactment by any governmental body, department or agency of the State of Montana or the County or a decision by any court of competent jurisdiction within the State of Montana shall be rendered which in the opinion of the Underwriters, acting through you as Representatives, materially affects the market price of the Bonds;

(c) a stop order, ruling, regulation, proposed regulation or statement by or on behalf of, the Securities and Exchange Commission shall be issued or made to the effect that the issuance, offering or sale of obligations of the general character of the Bonds, or of the Bonds as contemplated hereby or by the Official Statement, is in violation of any provision of the Securities Act of 1933 as then in effect or of the Securities Exchange Act of 1934 as then in effect or of the Trust Indenture Act of 1939 as then in effect;

(d) legislation shall be enacted, or be proposed or actively considered for enactment, or a decision by a court of the United States shall be rendered, or if a rule, regulation or statement by or on behalf of the Securities and Exchange Commission or other governmental agency having jurisdiction of the subject matter shall be made, adopted or promulgated, to the effect that the Bonds or any securities of the County or of any similar body of the type contemplated herein are not exempt from the registration, qualification or other requirements of the Securities Act of 1933 as then in effect, or of the Trust Indenture Act of 1939 as then in effect;

(e) any event shall have occurred, or shall exist which, in the opinion of the Underwriters, acting through you as Representatives, makes untrue or incorrect, in any material respect as of the time the same purports to speak, any statement or information contained in the final Official Statement, or the financial statements contained in or referred to therein, or is not reflected in such final Official Statement or financial statements, but should be reflected therein as of such time for the purpose for which such final Official Statement or financial statements are to be used, or in order to make the statements and information contained therein not misleading in any material respect as of such time;

(f) legislation shall be enacted, or be proposed or actively considered for enactment, which would adversely affect the exemption from Montana taxation as set forth in Section 1.07 above; or

(g) in the judgment of the Representatives, the market price of the Bonds, or the market price, generally, of obligations of the general character of the Bonds is adversely affected because (i) additional material restrictions not in force as of the date hereof shall have been imposed upon trading in securities generally by any governmental authority or by any national securities exchange; (ii) the New York Stock Exchange or other national securities exchange, or any governmental authority, shall impose, as to the Bonds or similar obligations, any material restrictions not now in force, or increase materially those now in force, with respect to the extension of credit by, or the charge to the net capital requirements of, the Underwriters; (iii) a general banking moratorium shall have been established by federal, New York or Montana authorities; or (iv) a war involving the United States, or other national calamity, shall have occurred, or any conflict involving the armed forces of the United States or any other country shall have escalated to such a magnitude as to materially and adversely affect the ability of the Underwriters to market the Bonds.

Section 5. Conditions of the County's Obligations.

The County's obligations hereunder shall be subject to the following conditions:

5.01. The performance by the Underwriters of their obligations and agreements to be performed hereunder at or prior to the Closing Time.

5.02. At the Closing Time :

(a) The Indemnity Letter shall have been duly executed and delivered to the County and shall not have been amended, modified or rescinded and shall be in full force and effect.

(b) The Lease shall have been executed and delivered by Properties in substantially the form approved by the County.

(c) The Guaranty shall have been executed and delivered by Hoerner Waldorf in substantially the form approved by the County.

(d) The County shall have received at the Closing Time duly executed copies of the certificates referred to in Section 3.02(d), (e) and (f) and copies of the opinions required by Section 3.02(a) and in the case of the opinions required by Section 3.02(a)(i), (iii) and (iv), with such changes and with such annexed opinions of other counsel referred to therein, as Messrs. Mudge Rose Guthrie & Alexander, Bond Counsel, shall approve.

Section 6. Representations, Warranties and Agreements to Survive Delivery.

All representations, warranties and agreements of the County and the Underwriters shall remain operative and in full force and effect, regardless of any investigation made by or on behalf of the County or the Underwriters or any person who controls any Underwriter, and shall survive delivery of the Bonds to the Underwriters.

Section 7. Payment of Expenses.

The Underwriters, whether or not the transactions contemplated hereby shall be consummated (unless the consummation be prevented by the default of the Underwriters), shall be under no obligation to pay the expenses incident to the performance of the obligations of the County hereunder, and it is understood and agreed that all costs and expenses incident to the preparation, printing, issuance, delivery and sale of the Bonds (including any and all documentary stamp taxes, if any, and all expenses, filing fees and the reasonable fees and disbursements of counsel for the Underwriters in connection with the Blue Sky Proceedings pursuant to Section 1.08 of this Agreement) to the several Underwriters, the preparation, printing, execution and delivery of the Resoluton, the Mortgage, the Lease, the Guaranty, the Official Statement, the Indemnity Letter, this Agreement and all other agreements and documents involved and contemplated hereby (other than the Agreement Among Underwriters) and the fees and disbursements of Messrs. Mudge Rose Guthrie & Alexander are to be paid out of the proceeds of the sale of the Bonds to the Underwriters, or in the event the Bonds are not sold by the County to the Underwriters (unless the consummation of the transactions contemplated hereby be prevented by the default of the Underwriters), are to be paid by Hoerner Waldorf; but in no event shall any of said costs and expenses be paid by the County except from the proceeds of sale of the Bonds, if any.

Section 8. Use of Official Statement.

The County hereby confirms the authority, and authorizes the Underwriters, to use, and make available for use by prospective and ultimate purchasers of the Bonds, the preliminary Official Statement, and authorizes the use of, and will make available, the final Official Statement for use by the Underwriters in connection with the sale of the Bonds; provided, however, that the County neither accepts nor assumes any responsibility or liability whatsoever with respect to the preliminary Official Statement and the final Official Statement other than as set forth in Section 1.04 hereof.

Section 9. Default of Underwriters; Substitution of Purchasers.

9.01. If one or more of the Underwriters ("Defaulting Underwriters") shall fail or refuse (otherwise than for a reason sufficient to justify the termination of this Agreement) to purchase at the Closing Time the principal amount of Bonds agreed to be purchased by such Defaulting Underwriter or Defaulting Underwriters, then the Representatives shall immediately notify the County and the remaining

Underwriters ("Non-Defaulting Underwriters") of such default. If the aggregate principal amount of Bonds which the Defaulting Underwriters shall have theretofore agreed to purchase does not exceed 9.09% of the total principal amount of the Bonds to be sold by the County to all of the Underwriters pursuant to the first paragraph of this Agreement, then the Non-Defaulting Underwriters shall have the right and shall become obligated severally to purchase, take up and pay for (in addition to the principal amount of Bonds indicated with respect to each of the Non-Defaulting Underwriters, severally, in the list ("Participation List") delivered simultaneously herewith pursuant to Section 2.01 of this Agreement) the aggregate principal amount of Bonds which the Defaulting Underwriters shall have theretofore agreed to purchase in the respective proportions (with appropriate adjustments in the sole discretion of the Representatives or, upon their failure so to act, in the discretion of Hoerner Waldorf, with respect to maturities and denominations, to the extent necessary to permit each of the Non-Defaulting Underwriters to purchase, take up and pay for whole Bonds of the denominations specified in Section 2.03 of this Agreement) which the principal amount of Bonds indicated with respect to each of the Non-Defaulting Underwriters in the Participation List bears to the aggregate of the respective principal amounts so indicated in the Participation List with respect to all of the Non-Defaulting Underwriters under this Agreement.

9.02. In the event the aggregate principal amount of Bonds which all of the Defaulting Underwriters shall have theretofore agreed to purchase exceeds 9.09% of the total principal amount of the Bonds to be sold by the County to all of the Underwriters pursuant to the first paragraph of this Agreement, then the Non-Defaulting Underwriters, within twenty-four hours of receipt of such notice of nonperformance may, but shall not be obligated to, agree to purchase, or to procure one or more other parties to agree to purchase, in such proportions as they may agree upon and on the terms herein set forth, the Bonds which all the Defaulting Underwriters had theretofore agreed to purchase, and this Agreement shall thereupon be carried out accordingly.

9.03. If the Non-Defaulting Underwriters shall not agree to purchase, or shall not procure one or more other parties to agree to purchase, the Defaulting Underwriters' Bonds pursuant to Section 9.02 of this Agreement, then the County shall be entitled to an additional period of twenty-four hours in which to procure another party or parties satisfactory to the Representatives to purchase or agree to purchase such Bonds on the terms herein set forth, but the County shall not be obligated to do so, and this Agreement shall thereupon be carried out accordingly.

9.04. In the event any action is taken under Sections 9.01, 9.02 or 9.03 of this Agreement, then either the Representatives or the County shall have the right to postpone the Closing Time for a period of not more than seven days in order that necessary changes and arrangements may be effected by the Representatives and the County.

9.05. If neither the Non-Defaulting Underwriters nor the County shall make arrangements within the respective periods provided in this Section 9 for the purchase of the Bonds which the Defaulting Underwriters agreed to purchase, thereupon and without the necessity for any further notice to any party this Agreement shall terminate without liability on the part of any Non-Defaulting Underwriter to the County and without liability on the part of the County, and the sale of the Bonds hereunder shall not be required to be consummated. The provisions of this Section 9 shall not in any way affect the liability of any Defaulting Underwriter to the County arising out of such default.

Section 10. Indemnification.

Pursuant to the Indemnity Letter, Hoerner Waldorf has agreed to indemnify, hold harmless and defend you and the County from any and all liabilities, claims and demands arising from any untrue statement of a material fact included in the preliminary Official Statement or the final Official Statement, or from any omissions to state therein any material fact necessary in order to make the statements therein, in light of the circumstances under which they were made, not misleading.

Section 11. Parties in Interest.

This Agreement has been and is made solely for the benefit of the Underwriters and the County and their respective successors and assigns, and, to the extent expressed herein, for the benefit of persons controlling any of the Underwriters and officials of the County, and their respective successors and assigns, and no other person, partnership, association or corporation shall acquire or have any right under or by virtue of this Agreement. The term "successors and assigns" shall not include any purchaser of Bonds from any Underwriter merely because of such purchase.

Section 12. Notice.

Any notice or other communication to be given to the County under this Agreement may be given by mailing or delivering the same in writing to Missoula County, c/o County Clerk and Recorder, Missoula, Montana, 59801, and any notice or other communication to be given to the Underwriters under this Agreement may be given by delivering the same to Goldman, Sachs & Co., as Representatives of the Underwriters, at 55 Broad Street, New York, New York 10004.

Section 13. Applicable Law.

This Agreement shall be construed in accordance with the laws of the State of Montana and may not be assigned by the County.

A RESOLUTION AUTHORIZING THE ACQUISITION AND CONSTRUCTION OF POLLUTION CONTROL FACILITIES BY THE COUNTY OF MISSOULA, STATE OF MONTANA; AUTHORIZING THE LEASE OF SAID FACILITIES TO HOERNER WALDORF CORPORATION: AUTHORIZING THE ISSUANCE OF NOT EXCEEDING \$10,000,000 POLLUTION ABATEMENT REVENUE BONDS SERIES 1973 TO FINANCE THE COST OF THE ACQUISITION AND CONSTRUCTION OF SUCH FACILITIES, AND PROVIDING FOR THE SECURITY, RIGHTS AND REMEDIES OF THE HOLDERS, FROM TIME TO TIME OF SAID BONDS.

WHEREAS, the County of Missoula, State of Montana, (the "County"), is authorized by Industrial Development Projects Act, appearing as Title 11, Chapter 41, Revised Code of Montana, 1947, as amended, (the "ACT"), to issue revenue bonds for the purpose set forth in the Act, including the abatement or control of pollution of the environment of the State, and to expend the proceeds thereof to defray, among other things, the cost of acquiring, constructing, extending or improving land, structures, facilities, machinery or equipment for the abatement or control of pollution and to sell or lease the same to Hoerner Waldorf Corporation or its nominee; and

WHEREAS, the County deems that it is in the interests of the County and the State to assist in the financing of the pollution control facilities to protect the State's environment and the health and welfare of its inhabitants by undertaking among other things, the authorization of the issuance of revenue bonds under the Act in an aggregate principal amount of not exceeding

\$10,000,000 the proceeds thereof to be used to defray costs incurred in connection with the air and water pollution control and abatement facilities consisting of facilities described in Exhibit A hereto to be constructed and installed at the manufacturing facility presently owned and operated by the Hoerner Waldorf Corporation in Missoula County, Montana (said pollution control and abatement facilities being herein called the "Project"); and

WHEREAS, the County will acquire by purchase from Hoerner Waldorf Corporation or such party which may then have title to such facilities, the facilities and complete the construction thereof with the proceeds of the proposed bonds and will thereupon sell or lease said facilities to Hoerner Waldorf Corporation or to the party to which said facilities shall have been leased or sold as the case may be for a consideration sufficient to defray all costs and expenses incident to said reconveyance; and

WHEREAS, the County is desirous of proceeding with the acquisition, construction and financing of the Project in order to promote the protection of the environment of the State, the protection of the health and welfare of the citizens of the State, the protection of the natural resources of the State and the County and the encouragement of the economic development of the State and the County;

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE BOARD OF COUNTY COMMISSIONERS OF MISSOULA COUNTY, MONTANA:

Section 1. That pursuant to the Act, the acquisition, construction and financing of the completion of the Project is hereby authorized and approved.

Section 2. That to accomplish the purposes of the Act and to provide for the payment of the cost of the Project, the issuance of not exceeding \$10,000,000 Pollution Abatement Revenue Bonds Series 1973 (the "Bonds") of the County is hereby authorized subject to submission and approval of documentation relating to the sale of the Bonds and of the installment sales contract or Lease Agreement for the facilities, and upon approval of such agreements the County will proceed to issue such Bonds. The Bonds shall be dated, shall be in the aggregate principal amount heretofore specified, shall be in coupon or registered form, shall be payable at such times and at the principal office of the Trustee or, at the option of the holder thereof, at the principal office of any paying agent, shall bear interest from the date of issuance at such rate or rates per annum and shall mature in such years and such principal amounts as shall be established by a supplemental resolution and the indenture of trust to be approved and executed by the County prior to the issuance of the Bonds.

The form of the Bonds, the provisions for signatures, authentication, payment, registration and redemption shall be as established by a supplemental resolution and the indenture of trust to be approved and executed by the County prior to the issuance of the Bonds.

Section 3. That the revenues derived from the sale or lease of the Project by County to Hoerner Waldorf Corporation or to such party which shall have conveyed the facilities to the County and receipts derived from or in connection with the County's interest in the installment sales contract or Lease Agreement will be pledged for the

payment of the principal or redemption price, if any, and interest on the Bonds in accordance with their terms and the provisions as shall be provided by a supplemental resolution and the indenture of trust to be approved and executed by the County prior to the issuance of the Bonds.

The Bond, together with the interest thereon and other costs incidental thereto, shall never constitute an indebtedness of the County within the meaning of any state constitutional provision or statutory limitations and shall never constitute nor give rise to a pecuniary liability of the County or a charge against its general credit or taxing powers, and such fact shall be plainly stated on the face of each bond, but such Bonds shall be limited obligations of the County payable solely from the revenues and receipts derived from the sale or lease of the Project.

Section 4. That all covenants, stipulations, obligations and agreements of the County contained in this resolution, any supplemental resolution or any indenture of trust shall be deemed to be the covenants, stipulations, obligations and agreements of the County and the officers thereof in their official capacity to the full extent authorized or permitted by law, and all such covenants, stipulations, obligations and agreements shall be binding upon the County and the officers thereof and their successors from time to time and upon any board, body or agency to which any powers or duties affecting such covenants, stipulations, obligations and agreements shall be transferred by or in accordance with law. Except as otherwise provided

in this resolution, all rights, powers and privileges conferred and duties and liabilities imposed upon the County or the officers thereof by the provisions of this resolution, any supplemental resolution or any indenture of trust, the Bonds and the installment sales contract or lease agreement shall be exercised or performed by the County or by such officers, board, body or agency as may be required by law to exercise such powers and to perform such duties.

No covenant, stipulation, obligation or agreement herein contained or to be contained in the Bonds or the installment sales contract or lease agreement shall be deemed to be a covenant, stipulation, obligation or agreement of any officer, member, agent or employee of the County in his individual capacity and neither the members nor officers of the County nor any officer executing the Bonds shall be liable or accountable by reason of the execution, issuance, sale and delivery thereof.

Section 5. That in case any one or more of the provisions of this resolution, any supplemental resolution, the installment sales contract or Lease Agreement, any indenture of trust, or any of the Bonds issued hereunder shall for any reason be held to be illegal or invalid, such illegality or invalidity shall not affect any other provisions of this resolution, any supplemental resolution, the installment sales contract or Lease Agreement, the indenture of trust or of the Bonds, but this resolution and the Bonds shall be construed and enforced as if such illegal or invalid provision had not been contained therein. The terms and conditions set forth herein or in any indenture of trust, the pledge of the revenues

and other revenues and other amounts derived from the sale of the Project, the provisions relating to the handling of the proceeds derived from the sale of the Bonds shall be prescribed by any supplemental resolution or the indenture of trust to be executed and approved by the County prior to the issuance of the Bonds.

Section 6. That the County has caused all acts, conditions and things required by the Constitution and laws of the State of Montana relating to the passage of this resolution to have happened, to exist, and to have been performed, and the County will cause all acts, conditions and things required by the Constitution and laws of the State of Montana relating to the execution and delivery of the installment sales contract or Lease Agreement to happen, exist and be performed precedent to the execution, issuance, sale and delivery of the Bonds and precedent to the execution and delivery of the installment sales contract or Lease Agreement.

Section 7. That the appropriate officers of the County and its attorneys, or other agents or employees of the County are hereby authorized to do all acts and things required of them by this resolution and to perform all other acts as may be claimed necessary or appropriate in order to implement and carry out all matters related to the matters herein authorized.

Section 8. The County by this Resolution also hereby recognizes that the bonds as above authorized may in the alternative be issued pursuant to Section 207 of the Mortgage & Indenture of Trust dated June 1, 1971, as approved by Resolution of the Board of County Commissioners adopted

June 11, 1971, which Section authorizes the issuance of Additional Bonds for stated purposes, including additions, improvements and extensions in, to, or on the Project as defined in said Mortgage & Indenture of Trust.

Section 9. That the law firm of Mudge, Rose, Guthrie & Alexander is hereby appointed bond counsel for the purpose of this financing, including the exercise of a duly executed power of attorney from the County authorizing the firm to file a ruling request with the Internal Revenue Service on the Project.

Section 10. That this resolution shall take effect immediately, provided that in the event the Project is denied by the State of Montana Department of Health and Environmental Sciences, or any other authority, this resolution shall not be construed as an attempt to circumvent that authority or to authorize the County's involvement in an unlawful Project.

OPINION

[*260] [**288] The plaintiff C. P. Fickes brought this action to enjoin the defendants, the Board of County Commissioners of Missoula County, from taking certain actions under the provisions of the "Industrial Development Projects Act" of 1965 and to declare the same unconstitutional. The defendants filed a motion to dismiss the complaint upon the grounds it did not state a claim upon which relief could be granted, and a motion under Rule 12(c), M.R.Civ.P. for judgment on the pleadings.

The district court granted the defendants' motion for judgment on the pleadings and directed that final judgment [***2] be entered in favor of the defendants. From this judgment plaintiff appeals. Amicus curiae representing the Montana Chamber of Commerce appeared on the appeal by brief and argument.

155 Mont. 258, *260; 470 P.2d 287, **288;
1970 Mont. LEXIS 364, ***2

Under the terms and provisions of sections 11-4101 through 11-4110, R.C.M.1947, as amended, entitled "Industrial Development Projects" the Board of County Commissioners of Missoula County adopted a resolution whereby Missoula County would issue revenue bonds in the sum of \$ 14,000,000 to assist Hoerner Waldorf Corporation of Montana, a Delaware corporation, to acquire and erect certain facilities to be used in connection with [*261] its pulp and paper mill located west of the city of Missoula. The facilities to be so acquired and erected to be used by Hoerner Waldorf Corporation in connection with air and water pollution control projects.

The projects for which the bonds are to be issued were, at the time of the adoption of the resolution by the county commissioners, already in the process of planning, in whole or in part, by the corporation.

The facilities to be acquired and erected are to be owned by Missoula County; mortgaged to secure the repayment of the bonds by the county; and leased to [***3] Hoerner Waldorf Corporation.

The rentals to be paid under the lease are to be pledged and assigned to a trustee for the repayment of the principal and interest due on the bonds, and performance of the lease is guaranteed by Hoerner Waldorf Corporation, a Delaware Corporation, the parent company of Hoerner Waldorf Corporation of Montana.

Plaintiff contends the Industrial Development Projects Act of 1965, as amended, is unconstitutional in that:

(1) The bonds to be issued by the county and the mortgage to secure payment of the bonds constitute a lending of the credit of the county in violation of Article XIII, Sec. 1 of the Constitution of Montana.

(2) That said bonds and mortgages constitute a debt of the county which will be incurred without approval of a majority of the electors of the county, voting at an election, as required by Article XIII, Sec. 5 of the Constitution of Montana.

(3) That the debt that will be created if said bonds are issued will exceed the debt limit established for counties under the provisions of Article XIII, Sec. 5 of the Constitution of Montana.

(4) Since section 11-4108, R.C.M.1947 provides for taxation [*262] of property notwithstanding it is [***4] owned by a county, this section [**289] is unconstitutional under the provisions of Article XIII, Sec. 2 of the Constitution of Montana.

(5) The proposed lease agreement provides that Hoerner Waldorf Corporation of Montana shall have the option to purchase the property, after all bonds are paid, for the sum of \$ 1,000. This constitutes a grant or donation by Missoula County to the corporation and is unconstitutional under the provisions of Article XIII, Sec. 1 of the Constitution of Montana.

(6) The issuance of bonds to acquire an existing project or to construct an addition to an existing project is contrary to the provisions of Article XIII, Sec. 3 of the Constitution of Montana.

Plaintiff further contends that the actions of the Board of County Commissioners of Missoula County are contrary to the force and effect of the statutes of the state of Montana in that:

(7) The sale contemplated under the lease agreement does not provide for sale at public auction and is therefore contrary to the provisions of section 16-1009, R.C.M.1947.

(8) The project encompassed in the agreement between Missoula County and

155 Mont. 258, *262; 470 P.2d 287, **289;
1970 Mont. LEXIS 364, ***4

Hoerner Waldorf requiring purchase of property of the county in a sum [***5] in excess of \$ 2,500 without public bid is contrary to the provisions of section 16-1803, R.C.M.1947.

(9) The issuance of revenue bonds pursuant to the provisions of the Industrial Development Projects Act and the leasing of facilities to private industry is not a public purpose and therefore exceeds the powers of the counties of the state of Montana and the powers of the Board of County Commissioners.

(10) Under the Constitution and Statutes of the state of Montana, a county may only exercise its powers within its own boundaries. Therefore section 11-4102, R.C.M.1947, which provides that a project may be partially within and partially without the boundary of a county, is an attempt to create additional [*263] powers not contemplated in the Constitution and statutes of the state of Montana.

(11) The lease agreement creates a term of lease which may exceed ten years and is therefore contrary to the terms and provisions of section 16-1030, R.C.M.1947.

Plaintiff further contends:

(12) In the event the Industrial Development Projects Act is declared to be constitutional, the acts of the Board of County Commissioners of Missoula County are illegal in that the project to be financed [***6] consists of air and water pollution control devices and such projects are not within the purview and intent of the legislature as set forth in the definition of "project" by section 11-4101, R.C.M.1947.

The foregoing issues numbered 1 through 5, and 9, presented in appellant's brief, concern constitutionality of the Industrial Development Projects Act. The other

issues raise questions as to the applicability of various statutes limiting the way in which county property and contracts may be dealt with.

First, as to constitutionality, Article XIII, Sec. 5 of the Constitution of Montana provides:

"No county shall be allowed to become indebted in any manner, or for any purpose, to an amount, including existing indebtedness, in the aggregate exceeding five (5) per centum of the value of the taxable property therein, to be ascertained by the last assessment for state and county taxes previous to the incurring of such indebtedness, and all bonds or obligations in excess of such amount given by or on behalf of such county shall be void. No county shall incur any indebtedness or liability for any single purpose to an amount exceeding ten thousand dollars (\$ 10,000) without the approval [***7] of a majority of the electors thereof, voting at an election

to be provided by law."

Issues 2 and 3, as to whether a "debt" or "liability" prohibited by Article XIII, Sec. 5 of the Constitution of Montana will [**290] be created by this plan, will be considered first.

[*264] Appellant states correctly that there is no plan for submitting this bond issue to the voters, and that the county debt limit would be exceeded by the addition of a fourteen million dollar bonded debt to its present total. Therefore, if the bonds now to be issued are an

155 Mont. 258, *264; 470 P.2d 287, **290;
1970 Mont. LEXIS 364, ***7

"indebtedness or liability" as those terms are used in Article XIII, Sec. 5, the entire program is prohibited by the Constitution. However, this basic premise for appellant's contention is not correct, as can readily be shown by our own precedents.

There is a long history in Montana of the financing of various projects by revenue bonds as distinguished from general obligation bonds payable out of ad valorem property tax receipts. These have uniformly been held *not* to create a debt or liability within the meaning of Article XIII, Sec. 5 of our Constitution.

This is true as to dormitory revenue bonds (*Barbour v. State Board of Education*, 92 Mont. 321, 13 P.2d 225); student union building bonds (*State ex rel. Veeder v. State Board of Education*, 97 Mont. 121, 33 P.2d 516); water conservation board bonds (*State ex rel. Normile v. Cooney*, 100 Mont. 391, 47 P.2d 637); housing authority bonds (*Kraus v. Riley*, 107 Mont. 116, 80 P.2d 864); and veterans bonus bonds (*Cottingham v. State Bd. of Exam.*, 134 Mont. 1, 328 P.2d 907), just to give a few illustrations. The common quality of all these projects is that in each there is explicit provision that the public body issuing the bonds does not obligate its taxing power to pay for them. The same exact provision is written into the law and the bonds involved in this case, so that the same decision must necessarily be made in this case.

The dormitory bonds case is analogous in its essential respects. The statute there involved (Chap. 94, Laws of 1929) read in part:

"Section 4. No obligation created hereunder shall ever be or become a charge against the State of Montana but all such obligations, including principal and interest, shall be payable [*265] solely: (a) From the net rents and income pledged. (b) From

the net rents and income which has not been [***9] pledged for other purposes arising from any other residence halls or like improvement under the control and management of said Board; or (c) From the income derived from gifts and bequests made to the institutions under the control of said Board for residence hall purposes.

* * *

"Section 6. No State funds shall be loaned or used for this purpose. *
* *"

Referring to Article XIII of the Montana State Constitution the Court held in *Barbour v. State Board of Education*, 92 Mont. 321, 13 P.2d 225:

"By the very terms of chapter 94, the faith and credit of the state of Montana is not involved in the issuance of the certificates of indebtedness referred to. Neither will the taxpayers of the state ever become burdened or called upon to undertake to repay the obligations which may be created in furtherance of the plan which the resolution of the board of education contemplates. We therefore conclude without difficulty that the transaction does not, nor does the law, offend against these provisions of the Constitution."

Compare the dormitory bond law with the revenue bond law here being considered. Its section 11-4103, R.C.M.1947, reads in part:

"Limited obligation bonds -- form and [***10] contents -- sale -- negotiability. (1) bonds issued by a municipality or county under the authority of this act shall be limited obligations of the municipality or county. Bonds and interest coupons, issued under the authority of this act, shall not constitute nor give rise to a pecuniary liability of the municipality or county or a charge against its general credit or taxing

155 Mont. 258, *265; 470 P.2d 287, **290;
1970 Mont. LEXIS 364, ***10

powers. Such limitation shall [**291] be plainly stated upon the face of each of such bonds. * * *

[*266] The words of the *Barbour* decision fit perfectly the industrial development revenue bond law as well as the dormitory bond law.

Article XIII touches only ad valorem tax obligations which of course could never be imposed to pay these industrial bonds because of the express prohibition in section 11-4103 just above quoted. Even the pledge and expenditures of tax revenues, coming from other sources such as cigarette taxes, does not violate Article XIII.

This interpretation of Article XIII was expressly made in the *Korean* bonus case, where a cigarette tax was the source of repayment. Thus, even though there was a liability to keep up the cigarette tax, the constitutional provisions were held [***11] not applicable by this Court in *Cottingham v. St. Bd. of Exam.*, 134 Mont. 1, 328 P.2d 907:

"In effect, section 2, Article IX, amended the words 'debt or liability' as they appear in section 2, Article XIII, and has effectively confined them to debts or liabilities which must be retired out of ad valorem taxes. In this manner we avoid a conflict and unreasonableness.

"Looking now to the instant case, we find that the bonds, assuming they create a 'debt or liability,' do not create the type of 'debt or liability' which section 2, Article XIII, prescribes, since in this case retirement of the bonds looks to the levy of an excise tax without the taxpayer being enrolled on the assessment rolls."

Therefore, the industrial development revenue bond law, and the bond issue now before the Court, following the precedents of the past,

are held not to create a "debt or liability" of the nature forbidden by Article XIII. Not only does the law expressly so provide, and the cases so hold, but at page 7 of the Indenture of Trust, the form of the bond itself contains this final commitment:

"The Bonds and the interest coupons appertaining thereto [*267] do not now and shall never constitute [***12] a charge against the general credit or taxing powers of the County."

Next, appellant's issues No. 1, 5 and 9 are concerned with Article XIII, Sec. 1 of the Constitution of Montana which reads:

"Neither the state, nor any county, city, town, municipality, nor other subdivision of the state shall ever give or loan its credit in aid of, or make any donation or grant, by subsidy or otherwise, to any individual, association or corporation, or become a subscriber to, or a shareholder in, any company or corporation, or a joint owner with any person, company or corporation, except as to such ownership as may accrue to the state by operation or provision of law."

Is "credit in aid" being given by the county; or is the county loaning its credit in aid of, or making any donation or grant as that language is used and has been interpreted?

In *Willett v. State Board of Examiners*, 112 Mont. 317, 322, 115 P.2d 287, this Court rendered a decision very closely in point in approving the Veterans Memorial Building bond issue, payable out of future income from the capitol land grant. The building was to house private organizations in part. This Court said:

"The test to be adopted in determining [***13] whether a donation or grant is prohibited under this section is whether the donation or grant is for a public purpose. * *

155 Mont. 258, *267; 470 P.2d 287, **291;
1970 Mont. LEXIS 364, ***13

* What is a 'public purpose' is a question primarily for legislative determination, with which we will not interfere unless there has been a clear abuse of power. People ex rel. Douglas v. Barrett, 370 Ill. 464, 19 N.E.2d 340. That the project here is for a public purpose there can be no reasonable doubt; at least we cannot say that the legislature abused its power in so determining. The fact that the named organizations incidentally derive special benefit from the project does not bring the Act in conflict with section 1, Article XIII.

Thus, here, since no debt or liability is created, we [*268] look to see if an indirect [**292] benefit to the industry by having a favorable type of financing, will condemn the Act in question. The legislative purpose of encouraging the development of the state's natural resources without cost to the taxpayer is being accomplished. Here, every dollar expended on the bond issue is to be repaid from and by the project the issue makes possible. The county commissioners expressly find the project will be of value [***14] as a source of employment and county revenue and will protect the health, safety and welfare of the citizens. The plant will be enabled to comply with the new legal requirements for environmental improvement. Thus, a valid purpose appears.

Similar cases arose in connection with water conservation board bonds, and Great Falls housing authority bonds. In both instances, revenue bonds were being issued to finance projects which would relieve agricultural distress or slum housing distress to the obvious benefit of both the economy and society of Montana and to individuals who would get the irrigation water or the improved housing occupancy.

In the case concerning water conservation board bonds, Kraus v.

Riley, 107 Mont. 116, 124, 80 P.2d 864, 867, this Court said:

"The mere fact that the money raised will go to individuals will not condemn the act in question, since the test is not as to who receives the money, but, is the purpose for which it is to be expended a public purpose?"

In the Great Falls housing case, Rutherford v. City of Great Falls, 107 Mont. 512, 517, 86 P.2d 656, 658, this Court said:

"Legislation having for its purpose the eradication of slums and the substitution [***15] in place thereof of safe and sanitary dwellings is well within the definition of 'public purpose' as defined in Green v. Frazier, 44 N.D. 395, 176 N.W.11, affirmed by the United States Supreme Court in 253 U.S. 233, 40 S.Ct. 499, 64 L.Ed. 878, as follows [page 17]: 'A public [*269] purpose * * * has for its objective the promotion of the general welfare of all the inhabitants or residents within a given political division, as, for example, a state, the sovereignty and sovereign powers, of which are exercised to promote the public health, safety, morals, general welfare, security, prosperity, contentment and equity before the law of all the citizens of the State.'"

And, see our discussion in Jones v. Burns, 138 Mont. 268, 290, 357 P.2d 22, 34, where we said:

"This quotation points out three propositions which are of primary significance in determining whether legislation is violative of Mont. Const., art,XIII, § 1. They are: (1) The tests for determining the validity of a donation or grant is whether it is for a public purpose; (2) The question what is a public purpose is primarily for the legislature; and, (3) The fact that individuals, associations, or corporations derive [***16] special benefit from the

155 Mont. 258, *269; 470 P.2d 287, **292;
1970 Mont. LEXIS 364, ***16

legislation does not necessarily affect its validity."

In all of our Montana precedents reviewed, the mere incidental benefits to a private corporation do not change a public purpose to a private one being the loaning of credit or aid as prohibited. The same rationale applies to the option to purchase for \$ 1,000 after the bonds are paid.

The appellant cites the Idaho case of Village of Moyie Springs, Idaho v. Aurora Mfg. Co., 82 Idaho 337, 353 P.2d 767. Also, prior to constitutional amendments, a Nebraska case, State ex rel. Beck v. City of York, 164 Neb. 223, 82 N.W.2d 269.

The Idaho case is authority to the contrary of our holding here, but it stands alone and we simply do not agree with it. For an example of cases in jurisdictions which have upheld similar laws and have rejected the Idaho holding, see Carruthers v. Port of Astoria, 249 Or. 329, 438 P.2d 725; Uhls v. State ex rel. City of Cheyenne (Wyo.1967) 429 P.2d 74; [*270] Green v. City of Mt. Pleasant, 256 Iowa 1184, 131 N.W.2d 5; City of Gaylord v. Beckett, 378 Mich. 273, 144 N.W.2d 460.

We hold that the Industrial Development Projects Act is not violative of Article [*293] XIII, Sec. [***17] 1, of the Montana Constitution.

Next we consider appellant's issues No. 6 and 12. Appellant argues that the issuance of bonds to acquire an existing project is contrary to Art. XIII, Sec. 3 of the Constitution of Montana; and, further, in this connection that air and water pollution control devices are not a "project" within the definition of "project" contained in section 11-4101(2), R.C.M.1947.

We have some difficulty in coming to grips with these contentions.

However, appellant suggests that the name of the Act clearly indicates the legislature contemplated only "new industry" and not improvement of existing industry. While it is true that pollution controls or any other equipment useful in an industrial project are not specifically named in the Act, yet the legislature made it clear in section 11-4107 that it intended to cover many items when it specified in its provisions for the use of proceeds of bond sales that they could be used for "acquiring or improving" and the terms "all or any part of a project."

Finally, as a constitutional matter, the appellant under issue No. 4 argues that Article XII, Sec. 2 of the Constitution of Montana is violated Article XII, Sec. 2 provides:

[***18] "The property of the United States, the state, counties, cities, towns, school districts, municipal corporations and public libraries shall be exempt from taxation * * *."

Here, in section 11-4108, R.C.M.1947, it is provided:

"Notwithstanding that title to a project may be in a municipality or county, such projects shall be subject to taxation to the same extent, in the same manner, and under the same procedures as privately owned property in similar circumstances, if such projects are leased to or held by private interests on both the assessment date and the date the levy [*271] is made in any year; but such projects shall not be subject to taxation in any year if they are not leased to or held by private interests on both the assessment date and the date the levy is made in any year; provided, that where personal property owned by a municipality or county is taxed under this section and such personal property taxes are delinquent, levy by distress warrant for collection of such delinquent

155 Mont. 258, *271; 470 P.2d 287, **293;
1970 Mont. LEXIS 364, ***18

taxes may only be made on personal property against which such taxes are levied."

The problem then is whether the broad constitutional exemption of county property from taxation must necessarily [***19] extend to project property in which the county has a trust interest as distinguished from the beneficial ownership.

In *State ex rel. City of Great Falls v. Jeffries*, 83 Mont. 111, 270 P. 638, this Court held that the collection of special improvement assessments upon a lot belonging to a county was proper, where "the lot in question is not used for county purposes."

Also, in *State v. King Colony Ranch*, 137 Mont. 145, 350 P.2d 841, this Court did not extend the companion exemption of religious property from taxation to the lands of a religious group where the lands were being used for commercial farming, and not for religion.

Thus, this Court has looked to the use to which the property is held, and not the title. Article XII, Sec. 7 of the Montana Constitution provides that all corporations shall be taxed, and since the Hoerner Waldorf Corporation will "use" the property they necessarily will be taxed, and to achieve harmony and consistency, Sec. 2 of Article XII, is not applicable here. (See 84 C.J.S. Taxation §§ 203 and 204.)

On issues No. 7, 8 and 11 the appellant raises questions as to whether the manner of structuring and eventually liquidating the industrial development [***20] bond issues violates the general statute regulating the administration of county property and business. Thus, appellant argues that the county cannot make [*272] a lease longer than 10 years, section 16-1030, R.C.M.1947; cannot sell the land

except at auction after the bonds are paid, section 16-1009, R.C.M. [**294] 1947; and cannot contract for construction except on public bidding, section 16-1803, R.C.M.1947.

In approaching these statutory questions, appellant maintains that the rule of construction is that in interpreting several statutes relating to the same subject matter, the specific statute should prevail over the general. This is the rule. (See *Monarch Lumber Co. v. Haggard*, 139 Mont. 105, 360 P.2d 794.) However, we do not agree that the restrictive statutes mentioned above are the special statutes in this instance. Even though the legislature has put in the Industrial Development Projects Law flexible procedures, they are designed for the purpose of doing a specific job, and these are special in that sense and would prevail over the general statutes having to do with broad powers of administrative handling of county property and affairs.

In *Montana-Dakota [***21] U. Co. v. City of Havre*, 109 Mont. 164, 94 P.2d 660, this Court said:

"Chapter 141 is a special statute, giving to the city, acting through its governing body, the authority to do everything necessary to acquire a gas distribution system and an adequate supply of gas, and this it may do without complying with the provisions of section 5070. If this were not so, then the broad provisions of Chapter 141 purporting to give the municipal authorities power to construct a municipal gas project, could be frustrated by the qualified electors declining to authorize the purchase of gas. This was not the legislative intent. The acquisition of a supply of gas is so interwoven with the project as a whole that authority on the part of the governing body of the city to construct the system without a vote of the people carries with it the right to contract for a supply of gas

155 Mont. 258, *272; 470 P.2d 287, **294;
1970 Mont. LEXIS 364, ***21

without such vote.

"The next contention of plaintiff is that the city by the proposed contract is assuming obligations without submitting the [*273] proposal to a vote of the resident taxpayers. Here again reliance is placed on section 5070, but the complete answer to the contention is that Chapter 141, and not section [***22] 5070, controls here. * * *

"The wisdom or necessity of eliminating, with reference to the projects contemplated by Chapter 141, all the safeguards provided in the public interest by general statutory requirements for competitive bids and for approval by the voters, is solely for the legislature to determine, and with its determination this court cannot interfere."

In numerous other cases we have held to the same effect. See State v. Langan, 151 Mont. 558, 445 P.2d 565; McAlear v. U.C.C., 145 Mont. 458, 405 P.2d 219; Wymont Tractor & Equipment Co. v. U.C.C., 128 Mont. 501, 278 P.2d 208.

Thus here, the Industrial Development Projects Act is the special act and governs.

Finally, the appellant urges in

issue No. 10 that since the Industrial Development Projects law allows a county to engage in a project "partially within or partially without" the county (section 11-4102) the jurisdiction of a county is extended and section 16-101, R.C.M.1947, is violated. Section 16-101, R.C.M.1947, is violated. Section 16-101 states simply that "A county is the largest political subdivision of the state having corporate power."

We need not concern ourselves with this issue since the record here [***23] shows that the project is located entirely in Missoula county and hence no question exists other than a hypothetical one.

We have examined all of the contentions raised by the appellant and find no basis to set aside the decision of the district court. The Industrial Development Projects Act of 1965 is a valid expression of the public will, and the resolution of the Board of County Commissioners of Missoula County is a proper exercise of that authority. Accordingly the judgment is affirmed.

Guaranty Agreement BOOK 31 PAGE 126

THIS GUARANTY AGREEMENT dated as of June 1, 1971, by HOERNER WALDORF CORPORATION, a corporation organized and existing under the laws of the State of Delaware (hereinafter referred to as the "Guarantor")

WITNESSETH THAT:

WHEREAS, Hoerner Waldorf Properties Company, a corporation organized and existing under the laws of the State of Minnesota (hereinafter referred to as the "Lessee"), is a wholly owned subsidiary of the Guarantor and has authority to execute the herein defined Lease and has validly done so, and the Guarantor proposes that contemporaneously with the delivery of this Guaranty Agreement there will be executed and delivered a Lease Agreement between the Lessee and the County of Missoula, Montana (hereinafter referred to as the "County") dated as of June 1, 1971 (hereinafter, as from time to time amended, referred to as the "Lease"), under which the Lessee will lease from the County a project described in the Lease; and

WHEREAS, the County, in order to acquire and construct the project to be leased under the Lease, will issue its Industrial Development Revenue Bonds, 1971 Series, in an aggregate principal amount of not exceeding \$15,000,000 and has authorized the issuance of Additional Bonds (herein collectively referred to as the "Bonds") and will secure the payment of the Bonds by mortgaging the project and by assigning and pledging the Lease and this Guaranty Agreement to First National Bank and Trust Company of Helena, Helena, Montana, as Trustee (the "Trustee") under a Mortgage and Indenture of Trust from the County, dated as of June 1, 1971 (hereinafter referred to as the "Indenture"), for the benefit of the holders at any time of the Bonds and the interest coupons appertaining thereto; and

WHEREAS, the County requires, as an inducement and a prerequisite to its entering into the Lease, that the Guarantor deliver this Guaranty Agreement; and

WHEREAS, the Guarantor desires that the County enter into the Lease with the Lessee and issue, sell and deliver the Bonds and is willing to deliver this Guaranty Agreement as an inducement to the County to enter into the Lease and to issue, sell and deliver the Bonds;

Now, THEREFORE, in consideration of the County's entering into the Lease and its assumption of the obligations represented thereby and as an inducement to the County to enter into the Lease with the Lessee and to issue, sell and deliver the Bonds and as an inducement to the future purchasers and holders of any of the Bonds to buy the Bonds, the Guarantor does hereby covenant as follows:

1. The Guarantor unconditionally guarantees to the County and the Trustee, or assigns, the full and prompt payment when due and at all times thereafter of an amount equal to each and all of the rents and other sums provided to be paid by the Lessee to the County or the Trustee under the terms of the Lease and the full and prompt performance and observance by the Lessee of each and all of the covenants and agreements required to be performed and observed by the Lessee under the terms of the Lease. The Guarantor further unconditionally agrees to pay all expenses and charges, legal or otherwise (including court costs and attorneys' fees) paid or incurred by the County, its successors or assigns, in realizing upon any of the payments or enforcing covenants hereby guaranteed or in enforcing this Guaranty Agreement.

2. Each and every default by the Lessee under the terms of the Lease shall give rise to a separate cause of action hereunder, and separate suits may be brought hereunder as each such cause of action arises.

3. This Guaranty Agreement shall be a continuing, absolute and unconditional guaranty and shall remain in full force and effect until the Lessee shall have fully and satisfactorily discharged all of its obligations to the County under the Lease, including payment of the rent under the Lease until the Bonds have been fully paid (or provision for their payment made in accordance with the Indenture), and irrespective of the genuineness, validity, regularity or enforceability of the Lease or any assignment or termination thereof, or the bankruptcy,

insolvency, reorganization or dissolution of the County or Lessee, or the assignment for benefit of creditors by the County or Lessee.

4. This Guaranty Agreement and the liability hereunder shall in no wise be affected or impaired by any compromise, settlement, release, renewal, extension, indulgence, change in or modification of any of the obligations and liabilities of the Lessee under the Lease, or by any redelivery, repossession, surrender or destruction of the leased property in whole or in part, or by any failure, neglect or omission on the part of the County, its successors or assigns, to realize upon any obligations or liabilities of the Lessee, or to give notice to the Guarantor of the occurrence of any default under the Lease; provided, however, that the County or the Trustee shall give Guarantor prompt written notice of the occurrence of any default under the Lease.

5. The obligations, covenants, agreements and duties of the Guarantor under this Guaranty Agreement shall not be affected or impaired by reason of the happening from time to time of any of the following with respect to the Lease or said assignment thereof or to this Guaranty Agreement or the assignment hereof to the Trustee, although without notice to or consent of the Guarantor: (a) any assignment or mortgaging or the purported assignment or mortgaging of all or any part of the interest of Lessee in the Lease or in said property; (b) the waiver by the County or the Trustee of the performance or observance by Lessee or by the Guarantor of any of the agreements, covenants, terms or conditions contained in any of such instruments; (c) the extension of the time for payment by Lessee or the Guarantor of any rents or other sums or any part thereof owing or payable under any of such instruments or of the time for performance by Lessee or the Guarantor of any other obligations under or arising out of any of such instruments or the extension or the renewal of any thereof; (d) the modification or amendment (whether material or otherwise) of any duty, agreement or obligation of Lessee set forth in any such instrument; (e) the taking or the omission of any of the actions referred to in any of such instruments; (f) any failure, omission, delay or lack on the part of the County or the Trustee to enforce, assert or exercise any right, power or remedy conferred on the County or the Trustee in any of such instruments, or any action on the part of the County or the Trustee granting indulgence or extension in any form; (g) the voluntary or involuntary liquidation, dissolution, sale or other disposition of all or substantially all the assets, marshalling of assets and liabilities, receivership, insolvency, bankruptcy, assignment for the benefit of creditors, reorganization, arrangement, composition or readjustment of, or other similar proceeding affecting, Lessee or any of its assets, or the disaffirmance of the Lease in any such proceeding; (h) the release or discharge of Lessee from the performance or observance of any agreement, covenant, term or condition contained in any of such instruments by operation of law; (i) the release, substitution or replacement in accordance with the terms of the Lease of any property subject thereto; (j) the receipt and acceptance by the County or the Trustee of notes, checks or other instruments for the payment of money made by the Lessee and extensions and renewals thereof; or (k) any other cause, whether similar or dissimilar to the foregoing.

6. Without limiting the foregoing, it is specifically understood that any modification, limitation, or discharge of the Lessee's liability under the Lease arising out of or by virtue of any bankruptcy arrangement, reorganization or similar proceeding for relief of debtors under federal or state law hereinafter initiated by or against the Lessee shall not affect, modify, limit, or discharge the liability of the Guarantor in any manner whatsoever and this Guaranty Agreement shall remain and continue in full force and effect and shall be enforceable against the Guarantor to the same extent and with the same force and effect as if any such proceedings had not been instituted; and it is the intent and purpose of this Guaranty Agreement that the Guarantor shall and does hereby waive all rights and benefits which might accrue to it by reason of any such proceeding and that it shall be liable for the full amount of rent and other sums, including all damages imposed, or payable under the terms of the Lease, irrespective and without regard to any modification, limitation, or discharge of the liability of the Lessee that may result from any such proceeding.

7. No act of commission or omission of any kind or at any time upon the part of the County, its successors or assigns, in respect of any matter whatsoever shall in any way affect or impair the rights of the County or any successor or assignee of the County to enforce any right, power or benefit of the County under this Guaranty Agreement, and no set-off, claim, reduction, or diminution of an obligation, or any defense of any kind or nature which the Guarantor has or may have against the County or any assignee or successor thereof shall be available against any assignee or successor of the County.

8. The County may without any notice whatsoever to anyone sell, assign or transfer all of its right, title and interest as lessor under the Lease or all of its right, title and interest in and to the rents and other sums at any time due and to become due thereunder to the Trustee, and in such event the Trustee shall have all of the rights, powers and benefits of the County under this Guaranty Agreement, including, without limitation, the right to enforce this Guaranty Agreement by suit or otherwise for its benefit as fully as if it were herein by name specifically given all of such rights, powers and benefits.

9. The County, or its successors and assigns, in its or their sole discretion, shall have the right to proceed first and directly against the Guarantor, its successors and assigns, under this Guaranty Agreement without proceeding against or exhausting its remedies against the Lessee, its successors or assigns, and without resorting to any other security held by the County or its successors or assigns.

10. The Guarantor will keep and will cause each of its subsidiaries to keep proper books of record and account in accordance with generally accepted principles of accounting and will furnish to the County such information respecting the business affairs, operations and financial condition of the Guarantor and its subsidiaries as may be reasonably requested, and without any request will furnish to the Trustee in triplicate:

(a) As soon as available and in any event at the time the same are made available to stockholders of the Guarantor, copies of all quarterly and other interim financial statements as the Guarantor shall furnish to its stockholders;

(b) As soon as available and in any event within 120 days after the close of each fiscal year of the Guarantor a copy of the annual audit report (including balance sheets, profit and loss and surplus statements) of the Guarantor and its subsidiaries for such fiscal year, all as prepared and certified by independent public accountants of recognized standing; provided, however, that if the annual report of the Guarantor to its stockholders shall contain financial statements of substantially similar detail and similarly prepared and certified, copies of such annual report may be delivered in lieu of the copies of the audit report referred to herein.

11. This Guaranty Agreement and every part thereof shall be binding upon the Guarantor and its successors and assigns and shall inure to the benefit of the County and its successors and assigns including the Trustee. The Guarantor is advised that the rights of the County under this Guaranty Agreement are to be assigned to the Trustee pursuant to the Indenture and upon such assignment and so long as any Bonds shall be unpaid in whole or in part or the loan unpaid, all rights against the Guarantor arising under this Guaranty Agreement shall be for the sole benefit of the Trustee and the holders of the Bonds, and the County and the Trustee shall be entitled to bring any suit, action or proceeding against the Guarantor for the enforcement of any provision of this Guaranty Agreement in its name as Trustee, and it shall not be necessary in any such suit, action or proceeding to make the County a party thereto; and this Guaranty Agreement may not be modified or amended without the prior written consent of the Trustee, and any attempted modification or amendment without such consent shall be void. The terms of this Guaranty Agreement may be enforced as to any one or more breaches either separately or cumulatively. Notice of acceptance of this Guaranty Agreement and notice of the execution and delivery of the Lease by Lessee and of the assignment thereof and of this Guaranty Agreement to the Trustee and of the execution and delivery of the County's Bonds are hereby waived by the Guarantor. The provisions of this Guaranty may be amended, modified or discharged only by the agreement in writing of the Guarantor, the County and, upon its assignment to the Trustee, who shall be authorized to agree thereupon subject to those conditions as set forth in Article XIII of the Indenture for amendment of the Lease and Agreement.

12. The Guarantor agrees that during the Lease Term of the Lease it will maintain its corporate existence, will not dissolve or otherwise dispose of all or substantially all of its assets and will not consolidate with or merge into another corporation; provided that the Guarantor may, without violating the Agreement contained in this section, consolidate or merge with, or sell or otherwise transfer to another domestic corporation (i.e., a corporation organized and existing under the laws of one of the states of the United States of America) all or substantially all of its assets as an entirety and thereafter dissolve, provided the surviving, resulting or transferee

corporation, as the case may be, assumes in writing all of the obligations of the Guarantor herein and qualifies to do business in the State of Montana or appoints an agent for service within the State of Montana; provided, however, that no such assignment or subletting shall be permitted if such action will cause the Guarantor (or any assignee or successor of the Guarantor, as the case may be) to cease existence as a separate legal entity from the Lessee or cause the Lease not to be a separate legal obligation of the Lessee.

13. The Guarantor irrevocably: (a) agrees that any suit, action or other legal proceeding arising out of this Guaranty Agreement may be brought in the courts of the State of Montana or the courts of the United States located within the State of Montana; (b) consents to the jurisdiction of each such court in any such suit, action or proceeding; and (c) waives any objection which it may have to the laying of the venue of any such suit, action or proceeding in any of such courts. For such time as any of the Bonds shall be unpaid in whole or in part, the Guarantor irrevocably designates the Secretary of State of the State of Montana, whose address is Helena, Montana and designates the Corporate Trust Corporation System, whose business address in the State of Montana is 11 Edwards Street, Helena, Montana, as its agents to accept and acknowledge in its behalf service of any and all process in any such suit, action or proceeding brought in any such court and agrees and consents that any such service of process upon either agent shall be taken and held to be valid personal service upon the Guarantor whether or not the Guarantor shall then be doing, or at any time shall have done, business within the State of Montana, and that any such service of process shall be of the same force and validity as if service were made upon it according to the laws governing the validity and requirements of such service in such state, and waives all claim of error by reason of any such service. Such agents shall not have any power or authority to enter any appearance or to file any pleadings in connection with any suit, action or other legal proceeding against the Guarantor or to conduct the defense of any such suit, action or any other legal proceeding.

14. This Guaranty Agreement constitutes the entire agreement, and supersedes all prior agreements and understandings, both written and oral, among the parties with respect to the subject matter hereof and may be executed simultaneously in several counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

IN WITNESS WHEREOF, Hoerner Waldorf Corporation has caused this instrument to be executed by its President and its corporate seal to be hereunto affixed and attested by its Secretary as of the first day of June, 1971.

The obligations of the Lessee under the Lease Agreement have been unconditionally guaranteed by Hoerner Waldorf Corporation, a Delaware corporation, under the terms of a Guaranty Agreement, dated June 1, 1971. Said 1971 Series Bonds are all issued under and are equally and ratably secured and entitled to the protection given by a Mortgage and Indenture of Trust (hereinafter, as from time to time amended, called the "Indenture"), dated as of June 1, 1971, duly executed and delivered by the County to First National Bank and Trust Company of Helena, Helena, Montana, as Trustee (the term "Trustee" where used herein referring to said Trustee or its successors in said trust), which Indenture is recorded in the office of the Registrar, Missoula County, Montana. This 1971 Series Bond is transferable, as provided in the Indenture, only upon books of the County kept at the principal office of the Paying Agent, by the registered owner hereof in person or by his duly authorized attorney, and similarly noted hereon, or it may be surrendered in exchange for new 1971 Series Bonds of the same aggregate principal amount and interest rate, in coupon or registered form, as provided in the Indenture.

The 1971 Series Bonds of which this Bond is one, aggregating \$15,000,000 principal amount, are not subject to redemption prior to June 1, 19 , except (1) in the event of damage or destruction of the Project or any part thereof or condemnation of the Project or any part thereof, to the extent provided in Article VII of the Lease Agreement, or (2) in the event of the exercise by the Lessee of its option to purchase the Project as provided in Section 11.2 of the Lease Agreement. If called for redemption in such events, such 1971 Series Bonds shall be subject to redemption by the County at any time (in the case of redemption pursuant to Section 11.2 of the Lease Agreement) in whole or (in the case of redemption pursuant to Article VII of the Lease Agreement) in part in inverse order of maturities and by lot within maturities in the manner provided in Article III of the Indenture, at the principal amount thereof plus accrued interest to the redemption date.

Registered Bonds without coupons issued on or subsequent to the first interest payment date thereon shall be dated as of the date six months preceding the interest payment date next following the date of authentication and delivery thereof, unless such date of authentication and delivery shall be an interest payment date, in which case they shall be dated as of such date of authentication and delivery; provided, however, that if, as shown by the records of the Trustee, interest on the Bonds shall be in default, registered Bonds without coupons issued in exchange for Bonds surrendered for transfer or exchange shall be dated as of the date to which interest has been paid in full on the Bonds surrendered. Coupon Bonds and the interest thereon, except as otherwise provided in the case of registration as provided in Section 209 hereof, shall be payable to bearer upon presentation and surrender of such Bonds or interest coupons as they respectively become due at the principal office of the Paying Agent. The principal of coupon Bonds registered as to principal, other than to bearer, and the principal of and interest on registered Bonds without coupons shall be payable by check or draft drawn upon the Paying Agent. Payment as aforesaid shall be made in lawful money of the United States of America.

The coupons attached to the coupon Bonds shall be executed by the facsimile of the official signatures of said Chairman and Clerk and such facsimiles shall have the same force and effect as if said Chairman and Clerk had manually signed each of said coupons. The Bonds, together with interest thereon, shall be limited obligations of the County payable from the Bond Fund and shall be a valid claim of the respective holders thereof only against such fund and the revenues and receipts from the leasing or sale of the Project pledged to such fund (but in addition shall be secured by a first mortgage lien on the Mortgaged Property), which revenues and receipts are hereby pledged and mortgaged for the equal and ratable payment of the Bonds and coupons and shall be used for no other purpose than to pay the principal of, premium, if any, and interest on the Bonds, except as may be otherwise expressly authorized in this Indenture, in the Lease Agreement or in the Guaranty Agreement. The Bonds and interest coupons do not now and shall never constitute an indebtedness of, or a charge against the general credit or taxing powers of the County of Missoula, Montana. In case any officer whose signature or facsimile of whose signature shall appear on the

Bonds or coupons shall cease to be such officer before the delivery of such Bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes, the same as if he had remained in office until delivery.

SECTION 204. *Authentication.* Only such Bonds as shall have endorsed thereon a certificate of authentication substantially in the form hereinabove set forth duly executed by the Trustee shall be entitled to any right or benefit under this Indenture. No Bond and no coupon appertaining to any coupon Bond shall be valid or obligatory for any purpose or be entitled to any security or benefit under this Indenture unless and until such certificate of authentication shall have been duly executed by the Trustee, and such executed certificate of the Trustee upon any such Bond shall be conclusive evidence that such Bond has been authenticated and delivered under this Indenture. The Trustee's certificate of authentication on any Bond shall be deemed to have been executed by it if signed by an authorized officer of the Trustee, but it shall not be necessary that the same officer sign the certificate of authentication on all of the Bonds issued hereunder. Before authenticating or delivering any Bonds, the Trustee shall detach and cancel all matured coupons, if any (except coupons in default) appertaining thereto, and such cancelled coupons shall be cremated by the Trustee.

SECTION 205. *Form of Bonds.* The coupon Bonds issued under this Indenture and the coupons attached thereto and the registered Bonds without coupons shall be substantially in the form hereinbefore set forth with such appropriate variations, omissions and insertions as are permitted or required by this Indenture.

SECTION 206. *Delivery of 1971 Series Bonds.* Upon the execution and delivery of this Indenture, the County shall execute and deliver to the Trustee and the Trustee shall authenticate the 1971 Series Bonds in the aggregate principal amount of \$15,000,000 and deliver them to the purchasers as may be directed by the County as hereinafter in this Section 206 provided.

Prior to the delivery by the Trustee of any of the 1971 Series Bonds there shall be filed with the Trustee:

BOOK 31 PAGE 72

1. A copy, duly certified by the Clerk of the County, of the resolution adopted and approved by its Board of County Commissioners authorizing the execution and delivery of the Lease Agreement.

2. Original executed counterparts of the Lease Agreement and amendments thereto.

3. Original executed counterparts of the Guaranty Agreement and amendments thereto.

4. A copy, duly certified by the Clerk of the County, of the resolution or resolutions adopted and approved by its Board of County Commissioners authorizing the execution and delivery of this Indenture and the issuance and delivery of the 1971 Series Bonds.

5. Original executed counterparts of this Indenture.

6. A request and authorization to the Trustee on behalf of the County and signed by the Chairman of the Board of County Commissioners and the Clerk of the County to authenticate and deliver the 1971 Series Bonds to the purchaser or purchasers therein identified upon payment to the Trustee, but for account of the County, of a sum specified in such request and authorization plus accrued interest on such 1971 Series Bonds to the date of delivery. Such proceeds shall be paid over to the Trustee and deposited in the Bond Fund and in the Construction Fund as hereinafter provided under Article VI hereof.

7. A title insurance policy or binder meeting the requirements of Section 3.2 of the Lease Agreement.

SECTION 207. *Issuance of Additional Bonds.* Additional Bonds may be issued at the times, for the purposes and subject to the limitations set forth in Section 4.2 of the Lease Agreement when it is determined by the Lessee (a) that the balance at the time remaining in the Construction Fund will be insufficient to pay the balance of the cost of any part of the Project, or (b) that additional water and air pollution control facilities are desired, the Lessee may file with the County and the Trustee an estimate indicating (i) the amount by which the cost of any part of the Project will exceed the net pro-

ceeds available from the sale of the 1971 Series Bonds authorized to be issued hereunder for such part of the Project, or (ii) the total cost of the proposed additional water and air pollution control facilities.

Thereupon, the County and the Lessee may from time to time agree upon and approve the issuance and delivery of Additional Bonds, subject to the following limitations and conditions:

If the Lessee is not in default under the Lease Agreement, the County agrees, on request of the Lessee, from time to time, to use its best efforts to issue the amount of Additional Bonds specified by the Lessee (within the limits and under the conditions specified above), provided that the terms, manner of issuance, purchase price and disposition of proceeds of the sale of such Additional Bonds shall have been approved in writing by the Lessee and provided further, that the Lessee and the County shall have entered into amendments to the Lease Agreement to provide for additional rent in an amount at least sufficient to pay the principal of, premium, if any, and interest on the Additional Bonds as the same shall mature and become due, and to make all other required payments under such amendments, and provided further that the County and the Trustee shall have entered into supplemental Indentures as more fully provided in Section 1201 hereof. All Additional Bonds shall be of the same rank and be entitled to the same security as the 1971 Series Bonds initially authorized to be issued hereunder. Upon the execution and delivery in each instance of an appropriate supplemental Indenture and amendment to the Lease Agreement, as above provided, the County shall execute and deliver to the Trustee, and the Trustee shall authenticate, such Additional Bonds and deliver them as may be directed by the County, as hereinafter in this Section 207 provided. Prior to the delivery by the Trustee of any such Additional Bonds there shall be filed with the Trustee:

1. A written statement by the Lessee approving (a) the issuance and delivery of such Additional Bonds and agreeing that the rentals payable under Sections 5.3(a) and 5.3(b) of the Lease shall be computed so as to include such Additional Bonds to the same extent as is therein provided with respect to the 1971 Series Bonds initially authorized to be issued hereunder and (b) any other matters to be

approved by the Lessee pursuant to Section 4.2 of the Lease Agreement and this Section 207.

2. A copy, duly certified by the Clerk of the County, of the resolution adopted and approved by its Board of County Commissioners authorizing the execution and delivery of such amendments to the Lease Agreement.

3. An original executed counterpart of such amendments to the Lease Agreement.

4. A copy, duly certified by the Clerk of the County, of the resolution theretofore adopted and approved by its Board of County Commissioners authorizing the execution and delivery of such supplemental Indentures and the issuance of such Additional Bonds.

5. An original executed counterpart of such supplemental Indenture.

6. A request and authorization to the Trustee on behalf of the County and signed by the Chairman and Clerk of the County to authenticate and deliver such Additional Bonds to the purchaser or purchasers therein identified upon payment to the Trustee, but for the account of the County, of a sum specified in such request and authorization plus accrued interest on such Additional Bonds to the date of delivery. Such proceeds shall be paid over to the Trustee and deposited in the Bond Fund and in the Construction Fund as hereinafter provided under Article VI hereof.

SECTION 208. *Mutilated, Lost, Stolen or Destroyed Bonds or Coupons.*
In the event any Bond is mutilated, lost, stolen or destroyed, the County may execute and the Trustee may authenticate a new Bond of like series, date, maturity and denomination as the Bond mutilated, lost, stolen or destroyed, which new Bond shall have attached thereto coupons corresponding in all respects to those (if any) on the Bond mutilated, lost, stolen or destroyed; provided that, in the case of any mutilated Bond, such mutilated Bond together with all coupons (if any) appertaining thereto shall first be surrendered to the Trustee, and in the case of any lost, stolen or destroyed Bond, there shall be

first furnished to the County and the Trustee evidence of such loss, theft or destruction satisfactory to the County and the Trustee, together with indemnity satisfactory to them. In the event any such Bond or coupon shall have matured, instead of issuing a substitute Bond or coupon the County may pay the same without surrender thereof. The County and the Trustee may charge the holder or owner of such Bond with their reasonable fees and expenses in this connection.

SECTION 209. *Registration of Bonds; Persons Treated as Owners.* All the Bonds issued under this Indenture shall be negotiable, subject to the provisions for registration and transfer contained in this Indenture and in the Bonds. So long as any of the Bonds shall remain outstanding, the County shall maintain and keep, at the principal office of the Paying Agent, books for the registration and transfer of Bonds; and, upon presentation thereof for such purpose at said office, the County shall register or cause to be registered therein, and permit to be transferred thereon, under such reasonable regulations as it or the Paying Agent may prescribe, any Bond entitled to registration or transfer. So long as any of the Bonds remain outstanding, the County shall make all necessary provisions to permit the exchange of Bonds at the principal office of the Paying Agent.

All coupon Bonds shall pass by delivery, unless registered as to principal other than to bearer in the manner provided in this Section 209. Any coupon Bond may be registered as to principal on the books of the County at the principal office of the Paying Agent, upon presentation thereof at said office and the payment of a charge sufficient to reimburse the County or the Paying Agent for any tax, fee or other governmental charge required to be paid with respect to such registration, and such registration shall be noted on such Bond. After said registration no transfer thereof shall be valid unless made on said books at the written request of the registered owner or his attorney duly authorized in writing, and similarly noted on such Bond; but such Bond may be discharged from registration by being in like manner transferred to bearer, after which it shall again become transferable by delivery.

Thereafter such Bond may again, from time to time, be registered or discharged from registration in the same manner. Registration of any coupon Bond as to principal, however, shall not affect the negotiability by delivery of the coupons appertaining to such Bond, but such coupons shall continue to pass by delivery and shall remain payable to bearer.

As to any coupon Bond registered as to principal other than to bearer the person in whose name the same shall be registered upon the books of the County may be deemed and regarded as the absolute owner thereof, whether such Bond shall be overdue or not, for all purposes, except for the purpose of receiving payment of coupons; and payment of, or on account of, the principal or redemption price, if any, of such Bond shall be made only to, or upon the order of, such registered owner thereof, but such registration may be changed as above provided. All such payments shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid. The County, the Trustee and the Paying Agent may deem and treat the bearer of any coupon as the absolute owner thereof, whether such coupon shall be overdue or not, for the purpose of receiving payment thereof and for all other purposes whatsoever, and may deem and treat the bearer of any coupon Bond which shall not at the time be registered as to principal other than to bearer, or the person in whose name any coupon Bond for the time being shall be registered upon the books of the County, as the absolute owner of such Bond, whether such Bond shall be overdue or not, for the purpose of receiving payment of the principal or redemption price thereof and for all other purposes whatsoever except for the purpose of receiving payment of coupons, and neither the County, nor the Trustee nor the Paying Agent shall be affected by any notice to the contrary. Subject to the provisions of the Act, the County agrees to indemnify and save the Trustee and the Paying Agent harmless from and against any and all loss, cost, charge, expense, judgment or liability incurred by it, acting in good faith and without negligence hereunder, in so treating such bearer or registered owner.

Each registered Bond without coupons shall be transferable only upon the books of the County, which shall be kept for that purpose at the principal office of the Paying Agent, at the written request of the registered owner thereof or his attorney duly authorized in writing, upon surrender thereof, together with a written instrument of transfer satisfactory to the Paying Agent duly executed by the registered owner or his duly authorized attorney. Upon the transfer of any such registered Bond, the County shall issue in the name of the transferee, in authorized denominations, a new registered Bond or Bonds without coupons, or, at the option of the transferee, coupon Bonds, with appropriate coupons attached, of the same aggregate principal amount, series, maturity and interest rate as the surrendered Bonds.

The County and the Trustee and the Paying Agent may deem and treat the person in whose name any outstanding registered Bond without coupons

shall be registered upon the books of the County as the absolute owner of such Bond, whether such Bond shall be overdue or not, for the purpose of receiving payment of, or on account of, the principal and redemption price, if any, of and interest on such Bond and for all other purposes, and all such payments so made to any such registered owner or upon his order shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid, and neither the County nor the Trustee nor the Paying Agent shall be affected by any notice to the contrary. Subject to the provisions of the Act, the County agrees to indemnify and save the Trustee and the Paying Agent harmless from and against any and all loss, cost, charge, expense, judgment or liability incurred by it, acting in good faith and without negligence hereunder, in so treating such registered owner.

SECTION 210. *Exchange; Transfer.* Coupon Bonds, upon surrender thereof at the principal office of the Paying Agent with all unmatured coupons attached, may, at the option of the holder thereof, be exchanged for an equal aggregate principal amount of registered Bonds without coupons of the same series, maturity and interest rate of any of the authorized denominations.

Registered Bonds without coupons, upon surrender thereof at the principal office of the Paying Agent with a written instrument of transfer satisfactory to the Paying Agent, duly executed by the registered owner or his duly authorized attorney, may, at the option of the registered owner thereof, be exchanged for an equal aggregate principal amount of coupon Bonds of the same series, maturity and interest rate with appropriate coupons attached, or of registered Bonds without coupons of the same series, maturity and interest rate of any other authorized denominations.

In all cases in which the privilege of exchanging Bonds or transferring registered Bonds without coupons is exercised, the County shall execute and the Trustee and Paying Agent shall deliver Bonds in accordance with the provisions of the Indenture. For every such exchange or transfer of Bonds, whether temporary or definitive, the County or the Trustee or the Paying Agent may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer, which sum or sums shall be paid by the person requesting such exchange or transfer as a condition precedent to the exercise of

the privilege of making such exchange or transfer. Notwithstanding any other provision of this Indenture, the cost of preparing each new coupon Bond or registered Bond without coupons upon each exchange or transfer, and any other expenses of the County or the Trustee or the Paying Agent incurred in connection therewith (except any applicable tax, fee or other governmental charge) shall be paid from the Bond Fund. The County shall not be obliged to make any such exchange or transfer of Bonds during the ten (10) days next preceding an interest payment date on the Bonds or, in the case of any proposed redemption of Bonds, next preceding the date of the first publication of notice of such redemption. The County shall not be required to make any transfer or exchange of any Bonds called for redemption.

Provided that the Trustee shall hold in the Bond Fund at the time of giving the notice of redemption prescribed in Section 302 hereof, moneys available for and sufficient to effect such redemption, Bonds shall be called by the Trustee for redemption as herein provided upon receipt by the Trustee, at least 45 days prior to the redemption date, of a resolution of the County providing for such redemption. Such resolution shall specify the principal amount of Bonds or portions thereof and their maturities so to be called for redemption, the applicable redemption price or prices and the provision or provisions above specified pursuant to which such Bonds are to be called for redemption. The foregoing provisions of this paragraph shall not apply in the case of any redemption of Bonds pursuant to the sinking fund provided in Section 306 hereof, and Bonds shall be called by the Trustee for redemption pursuant to such sinking fund without the necessity of any action by the County and whether or not the Trustee shall then hold in the Bond Fund moneys available for and sufficient to effect the required redemption. All Bonds so called for redemption pursuant to this Article III shall be redeemed at the principal office of the Paying Agent.

In the case of registered 1971 Series Bonds without coupons of denominations greater than \$5,000, if less than all of such 1971 Series Bonds then outstanding are to be called for redemption, then for all purposes in connection with redemption, each \$5,000 of principal amount shall be treated as though it was a separate bond of the denomination of \$5,000 bearing one of the numbers borne by such registered 1971 Series Bond without coupons.

If it is determined that one or more, but not all of the \$5,000 units of principal amount represented by any such registered 1971 Series Bond without coupons is to be called for redemption, then upon notice of intention to redeem such \$5,000 unit or units, the owner of such registered 1971 Series Bond without coupons shall forthwith surrender such 1971 Series Bond to the Paying Agent (1) for payment of the redemption price (including the redemption premium, if any, and interest to the date fixed for redemption) of the \$5,000 unit or units of principal amount called for redemption and (2) exchange for a new 1971 Series Bond or Bonds of the aggregate principal amount of the unredeemed balance of the principal amount of such registered 1971 Series Bond without coupons and of like maturity and interest rate, and such new 1971 Series Bond or Bonds shall be numbered corresponding to the numbers of the \$5,000 units of principal amount not called for redemption. New 1971 Series Bonds representing the unredeemed balance of the principal amount of such registered 1971 Series Bond without coupons shall be issued to the registered owner thereof, without charge therefor. If the owner of any such registered 1971 Series Bond without coupons of a denomination greater than \$5,000 shall fail to present such 1971 Series Bond to the Paying Agent for payment and exchange as aforesaid, such 1971 Series Bond shall, nevertheless, become due and payable on the date fixed for redemption to the extent of the \$5,000 unit or units of principal amount called for redemption (and to that extent only); interest shall cease to accrue on the portion of the principal amount of such 1971 Series Bond represented by such \$5,000 unit or units of principal amount on and after the date fixed for redemption provided that funds sufficient for the payment of the redemption price shall have been deposited with the Trustee or Paying Agent, and shall be available for the redemption of said \$5,000 unit or units on the date fixed for redemption and, in such event, such 1971 Series Bond shall not be entitled to the benefit or security of this Indenture to the extent of the portion of its principal amount (and accrued interest thereon to the date fixed for redemption and applicable premium, if any) represented by such \$5,000 unit or units of principal amount, nor shall new 1971 Series Bonds be thereafter issued corresponding to said unit or units.

SECTION 302. *Notice of Redemption.* Notice of the call for any such redemption identifying the Bonds or portions thereof to be redeemed

(a) shall be given by publication at least twice in a financial journal or a newspaper of general circulation published in the City of New York, New York, the first of which shall be published not less than thirty days prior to the redemption date, and (b) shall be mailed, postage prepaid, at least thirty days prior to the redemption date to the registered owners of any Bonds or portions of Bonds which are to be redeemed at their last addresses shown on the registration books, but such mailing shall not be a condition precedent to such redemption and failure so to mail any such notice, or any defect therein, shall not affect the validity of the proceedings for the redemption of Bonds. If all of the Bonds or portions thereof to be redeemed are at that time registered as to principal (except to bearer), notice of such redemption given by mail, postage prepaid, to the registered owner or owners thereof at their last addresses shown on the registration books, not less than thirty days prior to the date fixed for redemption, shall be sufficient and notice of the call for redemption need not be given by publication.

Prior to the date fixed for redemption, moneys shall be placed with the Trustee or Paying Agent to pay the Bonds called for redemption and accrued interest thereon to the redemption date and the premium, if any. Upon the happening of the above conditions, the Bonds thus called for redemption shall cease to bear interest from and after the redemption date. shall no longer be protected by this Indenture and shall not be deemed to be outstanding under the provisions of this Indenture.

If, because of the temporary or permanent suspension of the publication or general circulation of any financial journal or newspaper or for any other reason, it is impossible or impractical to publish such notice of call or redemption in the manner herein provided, then such publication in lieu thereof as shall be made with the approval of the Trustee shall constitute a sufficient publication of notice.

SECTION 303. Cancellation. Unless otherwise provided in Section 301 hereof, all Bonds which have been redeemed by the Paying Agent pursuant to Section 301 hereof, or purchased by the Trustee pursuant to Section 306 hereof, shall be cancelled and cremated by the Paying Agent or Trustee together with the unmatured coupons appertaining to any coupon Bonds and shall not be reissued and counterparts of the certificate of cremation evidencing such cremation shall be furnished by the Trustee and Paying Agent to the County and the Lessee.

SECTION 304. *Unpaid Coupons.* All unpaid interest coupons which appertain to coupon Bonds so called for redemption and which shall have become payable on or prior to the date fixed for redemption shall continue to be payable to the bearers thereof severally and respectively upon the presentation and surrender of such coupons.

SECTION 305. *Partial Redemption of Bonds.* If less than all of the Bonds of a particular maturity at the time outstanding are to be called for prior redemption, the particular Bonds or portions thereof of such maturity to be redeemed shall be selected by lot, except as otherwise provided herein, by the Trustee in such manner as the Trustee, in its discretion, may determine. The Trustee shall call for redemption in accordance with the foregoing provisions as many Bonds or portions thereof as will, as nearly as practicable, exhaust the moneys available therefor. Particular Bonds or portions thereof shall be redeemed only in the principal amount of \$5,000 each.

No redemption of less than all the Bonds at the time outstanding other than in accordance with the sinking fund provisions applicable thereto, shall be made pursuant hereto unless the total amount of funds available and to be used for such partial redemption is equal to or more than \$50,000.

SECTION 306. *Sinking Fund.* As and for a sinking fund for the retirement of the 1971 Series Bonds which mature on June 1, 1990 and the 1971 Series Bonds which mature on June 1, 1996, the County shall cause to be deposited in the Bond Fund at least five days prior to June 1, 1985 and at least ten days prior to each June 1 thereafter to and including June 1, 1996 (each such date being herein called a "sinking fund redemption date") out of rental payments under the Lease Agreement an amount sufficient to redeem (after credit as provided below) the following principal amounts of such Bonds on the dates specified at the principal amount thereof plus accrued interest to the redemption date:

<u>June 1 of the year</u>	<u>Principal Amount</u>	<u>June 1 of the year</u>	<u>Principal Amount</u>
1985	\$ 550,000	1991	\$ 850,000
1986	600,000	1992	900,000
1987	650,000	1993	950,000
1988	700,000	1994	1,000,000
1989	750,000	1995	1,100,000
1990	750,000	1996	1,200,000

It shall be the mandatory duty of the Trustee to call 1971 Series Bonds for redemption on each sinking fund redemption date in such amounts as will

exhaust the funds on deposit in the sinking fund as nearly as may be practicable.

At its option, to be exercised prior to the forty-fifth day next preceding any sinking fund redemption date, the Lessee, as provided in Section 9.5 of the Lease Agreement, may cause to be paid to the Trustee for deposit in the Bond Fund, as an advance payment of rentals, such amount of funds as the Lessee may determine, with written instructions to the Trustee, signed in the name of the Lessee by an officer thereof, to apply such funds prior to said forty-fifth day to the purchase of 1971 Series Bonds maturing on June 1, 1990 if such advance rental payment is made prior to June 1, 1990 and to the purchase of 1971 Series Bonds maturing on June 1, 1996 if such advance rental payment is made after June 1, 1990. The Trustee shall thereupon use all reasonable efforts to expend such funds as nearly as may be practicable in the purchase of such 1971 Series Bonds, with all unmatured coupons attached, if any at not exceeding the principal amount thereof plus accrued interest to such sinking fund redemption date. 1971 Series Bonds so purchased shall be cancelled by the Trustee as provided in Section 303 hereof. 1971 Series Bonds so purchased and not theretofore applied as a credit against such sinking fund payments shall thereafter be credited, at their principal amount, until the full amount thereof has been so credited, against the next ensuing and future sinking fund payments in chronological order to the extent otherwise payable out of rentals thereafter becoming due under the Lease Agreement. Any such funds not so expended by the Trustee for the purchase of 1971 Series Bonds prior to said forty-fifth day shall be retained in the Bond Fund, shall not thereafter be used for the purchase of 1971 Series Bonds and shall be applied as herein otherwise provided for moneys in the Bond Fund. The provisions of this paragraph are subject to the provisions of Article X hereof.

Any Bondholder may request that his name and address be placed on said list by filing a written request with the County or with the Trustee, which request shall include a statement of the principal amount of Bonds held by such holder and the numbers of such Bonds. The Trustee shall have no responsibility with regard to the accuracy of said list. At reasonable times and under reasonable regulations established by the Trustee, said list may be inspected and copied by the Lessee or by the holders and/or owners (or a designated representative thereof) of twenty-five per cent or more in principal amount of Bonds then outstanding, such ownership and the authority of any such designated representative to be evidenced to the satisfaction of the Trustee.

SECTION 409. *Rights Under Lease Agreement and Guaranty Agreement.* The Lease Agreement and the Guaranty Agreement, duly executed counterparts of which have been filed with the Trustee, set forth the covenants and obligations of the County, the Lessee and the Guarantor, including provisions that subsequent to the issuance of the Bonds and prior to their payment in full or provision for payment thereof in accordance with the provisions hereof neither the Lease Agreement nor the Guaranty Agreement may not be effectively amended, changed, modified, altered or terminated (other than as provided therein) without the concurring written consent of the Trustee, given as hereinafter in Article XIII provided, and reference is hereby made to the Lease Agreement for a detailed statement of said covenants and obligations of the Lessee under the Lease Agreement and to the Guaranty Agreement for a detailed statement of said covenants and obligations of the Guarantor under the Guaranty Agreement, and the County agrees that the Trustee in its name or in the name of the County may enforce all rights of the County and all obligations of the Lessee under and pursuant to the Lease Agreement and of the Guarantor under and pursuant to the Guaranty Agreement for and on behalf of the Bondholders, whether or not the County is in default hereunder.

SECTION 502. *Payments into the Bond Fund.* There shall be deposited in the Bond Fund the amounts required by Section 601 hereof. Additionally, there shall be deposited in the Bond Fund, as and when received, (a) any amount remaining in the Construction Fund after the Completion Date, as defined in the Lease Agreement, except as otherwise provided in Section 4.3(k) of the Lease Agreement; (b) all rent payments specified in Section 5.3 of the Lease Agreement; (c) all other moneys received by the Trustee under and pursuant to any of the provisions of the Lease Agreement when accompanied by directions from the Lessee that such moneys are to be paid into the Bond Fund or otherwise received on account of the Project. There shall also be deposited in the Bond Fund all interest and other income received on investments as provided in Section 701 hereof. The County hereby covenants and agrees that so long as any of the Bonds issued hereunder are outstanding it will deposit, or cause to be deposited, in the Bond Fund for its account sufficient sums from revenues and receipts derived from the Project (whether or not under and pursuant to the Lease Agreement) promptly to meet and pay the principal of and interest and premium, if any, on the Bonds as the same become due and payable and to this end the County covenants and agrees that, so long as any Bonds issued hereunder are outstanding, it will cause the Project to be continuously and efficiently leased as a revenue and income producing undertaking, and that, should there be a default under the Lease Agreement with the result that the right of possession of the Project under the Lease Agreement is returned to the County, the County shall fully cooperate with the Trustee and with the Bondholders to the end of fully protecting the rights and security of the Bondholders and the bearers of any coupons appertaining thereto and shall diligently proceed in good faith and use its best efforts to secure another tenant for the Project to the end that at all times sufficient revenues and receipts will be derived from the Project promptly to meet and pay the principal of and interest and premium, if any, on the Bonds as the same become due and payable, as well as covering the cost of maintaining and insuring the Project as more particularly provided in the Lease Agreement. Nothing herein shall be construed as requiring the County to operate the Project or to use any funds or revenues from any source other than funds and revenues derived from the Project.

SECTION 503. *Use of Moneys in the Bond Fund.* Except as provided in Sections 210 and 509 hereof, moneys in the Bond Fund shall be used solely for the payment of the interest on the Bonds and for the payment or redemption of the Bonds.

Whenever the amount in the Bond Fund from any source whatsoever is sufficient to redeem all of the outstanding Bonds and to pay interest to accrue thereon to such redemption, the County covenants and agrees, upon request of the Lessee, to take and cause to be taken the necessary steps to redeem all such Bonds on the next succeeding redemption date for which the required redemption notice may be given or on such later redemption date as may be specified by the Lessee.

SECTION 504. *Custody of the Bond Fund.* The Bond Fund shall be in the custody of the Trustee but in the name of the County and the County hereby authorizes and directs the Trustee to withdraw sufficient funds from the Bond Fund to pay the principal of, premium, if any, and interest on the Bonds, as the same become due and payable and to make said funds so withdrawn available to the Trustee and to the paying agents for the purpose of paying said principal and interest and premium, if any, which authorization and direction the Trustee hereby accepts.

SECTION 505. *Non-presentment of Bonds or Coupons.* In the event any Bonds shall not be presented for payment when the principal thereof becomes due, either at maturity or otherwise, or at the date fixed for redemption thereof, or in the event any coupon shall not be presented for payment at the due date thereof, if funds sufficient to pay such Bonds or coupons shall be held by the Trustee for the benefit of the holder or holders thereof, all liability of the County to the holder thereof for the payment of such Bond or coupon, as the case may be, shall forthwith cease, determine and be completely discharged, and thereupon it shall be the duty of the Trustee to hold such fund or funds without liability for interest thereon, for the benefit of the holder of such Bond, or the holder of such coupon, as the case may be, who shall thereafter be restricted exclusively to such fund or funds, for any claim of whatever nature on his part under this Indenture or on, or with respect to, said Bond or coupon.

agreed to pay to the Trustee, at the commencement of the Lease Term (as defined in the Lease Agreement) and continuing until the principal of and interest and premium, if any, on the Bonds shall have been fully paid or provision for the payment thereof shall have been made in accordance with the provisions of this Indenture: (i) an amount equal to the annual fee of the Trustee for the Ordinary Services of the Trustee rendered and its Ordinary Expenses incurred under this Indenture, (ii) the reasonable fees and charges of the Bond Registrar, Trustee, and any paying agents for acting as paying agent as herein provided, and (iii) the reasonable fees and charges of the Trustee for Extraordinary Services and Extraordinary Expenses of the Trustee under this Indenture, as and when the same become due. It is further understood and agreed that the initial or acceptance fees of the Trustee and the fees, charges and expenses of the Trustee referred to in the preceding sentence which become due prior to the Completion Date (as defined in the Lease Agreement), will be paid to the Trustee from the Construction Fund as and when the same shall become due. The Lessee may, without creating a default hereunder, contest in good faith the necessity for any such Extraordinary Services and Extraordinary Expenses and the reasonableness of any of the fees or charges referred to herein.

SECTION 507. *Moneys to be Held in Trust.* All moneys required to be deposited with or paid to the Trustee for account of the Bond Fund or the Construction Fund under any provision of this Indenture shall be held by the Trustee in trust, and except for moneys deposited with or paid to the Trustee for the redemption of Bonds, notice of the redemption of which has been duly given, shall, while held by the Trustee, constitute part of the trust estate and be subject to the lien hereof.

SECTION 508. *Insurance and Condemnation Proceeds.* Reference is hereby made to the Lease Agreement whereunder it is provided that under certain circumstances the net proceeds of insurance and condemnation awards are to be paid to the Trustee and held by the Trustee in a separate trust account or paid into the Bond Fund and to be disbursed and paid out as therein provided. The Trustee hereby accepts and agrees to perform the duties and obligations therein specified.

SECTION 509. *Repayment to the Lessee from the Bond Fund.* Any amounts remaining in the Bond Fund after payment in full of the principal of, interest and premium, if any, on the Bonds (or provision for the payment

thereof as provided in this Indenture) and the fees, charges and expenses of the Trustee and any paying agents and all other amounts required to be paid hereunder, shall be paid to the Lessee upon the expiration or sooner termination of the term of the Lease Agreement as provided in Section 12.6 of the Lease Agreement.

ARTICLE VI

CUSTODY AND APPLICATION OF PROCEEDS OF BONDS

SECTION 601. *Deposits in the Bond Fund.* From the proceeds of issuance and delivery of the Bonds there shall be deposited in the Bond Fund a sum equal to the accrued interest and premium, if any, paid by the purchasers of the Bonds.

SECTION 602. *Construction Fund; Disbursements.* There is hereby created and established with the Trustee a trust fund in the name of the County to be designated "Missoula County Industrial Development Construction Fund" (which is herein referred to as the "Construction Fund"). The balance of the proceeds of issuance and delivery of the Bonds remaining after the deduction provided by Section 601 hereof has been made shall be deposited in the Construction Fund and shall be used in accordance with the provisions of the Lease Agreement, and particularly Section 4.3 thereof.

The County covenants and agrees to cause to be filed with the Trustee a schedule signed by the Project Supervisor (as defined in the Lease Agreement) setting forth an estimate of the amounts that will be needed to make the disbursements from the Construction Fund referred to in this Section 602 and the estimated dates of such disbursements, and to take all necessary and appropriate action promptly in approving and ordering all such disbursements. The Trustee is hereby authorized and directed to issue its checks for each disbursement required by the aforesaid provisions of the Lease Agreement.

The Trustee shall keep and maintain adequate records pertaining to the Construction Fund and all disbursements therefrom, and after the Project has been completed and a certificate of payment of all costs filed as provided in Section 603 hereof, the Trustee shall file a statement of income and disbursements with respect thereto with the County and with the Lessee.

the provisions of Section 4.5 of the Lease Agreement and (ii) a certificate signed by such other person as may be designated for such purpose by resolution of the Board of County Commissioners of the County and by the Lessee (by one of the authorized officers of the Lessee), which certificate shall state that all obligations and costs in connection with the Project and payable out of the Construction Fund have been paid and discharged except for amounts retained by the Trustee with the approval of the Lessee and the County for the payment of costs of the Project not then due and payable as provided in the Lease Agreement. As soon as practicable and in any event within sixty days from the date of the certificate referred to in subsection (ii) of the preceding sentence any balance remaining in the Construction Fund (other than the amounts retained by the Trustee referred to in the preceding sentence) shall without further authorization be deposited in the Bond Fund.

SECTION 604. *Supplemental Indenture After Completion.* The County covenants and agrees that it will deliver to the Trustee within 30 days after the completion or reconstruction of the Project a description of the machinery, equipment and other property, if any, then constituting a part of the Project and not specifically described in the Granting Clauses of this Indenture, as then supplemented. Such description shall be sufficiently detailed so as to enable counsel to render the Opinion of Counsel referred to in the next succeeding sentence. The County covenants that it will thereupon deliver to the Trustee a written Opinion of Counsel addressed to the Trustee to the effect that the descriptions of the Mortgaged Property contained in this Indenture, as supplemented, are adequate for all purposes hereof and include descriptions of the entire Project; that this Indenture and all supplemental indentures including any financing statement required by the Uniform Commercial Code of Montana have been recorded and filed in all places where such recordation or filing is necessary or advisable to protect the interests of the Trustee and the Bondholders in the movable and immovable property comprising the Mortgaged Property, and that this Indenture, as supplemented, constitutes a legally valid and direct first and paramount lien on the Project, subject to Permitted Encumbrances.

If in the Opinion of Counsel such action is necessary in order to enable counsel to render such opinion, the County shall promptly:

1. Prepare or cause to be prepared and execute a supplemental indenture containing a description of the machinery, equipment and other property not specifically described in the Granting Clauses of this

Indenture as then supplemented and subjecting such machinery, equipment and other property to the lien of this Indenture.

2. Deliver the supplemental indenture to the Trustee for execution.

3. Deliver or cause to be delivered the fully executed supplemental indenture to counsel for recording and filing in all places required by the Opinion of Counsel referred to in this Section 604.

At any time after the execution and delivery of this Indenture and so long as no event of default shall have occurred and be continuing, the County and the Trustee, at the request of the Lessee, shall enter into a supplemental indenture to effect such changes in the real property described in Exhibit A hereof as may be necessary or desirable in order to conform to the ultimate design and layout of the Project. The Trustee is authorized to enter into any such supplemental indenture requested by the County, provided that, in the written Opinion of Counsel delivered to the Trustee, any such supplemental indenture shall not operate to release from the lien of this Indenture any part of the entire property described in said Exhibit A.

ARTICLE VII INVESTMENTS

SECTION 701. *Investment of Construction Fund Moneys and Bond Fund Moneys.* Any moneys held in the Construction Fund and the Bond Fund shall, pursuant to written direction of the Lessee, signed by its President or a Vice-President or its Treasurer or an Assistant Treasurer, be separately invested and reinvested by the Trustee in accordance with the provisions of Section 4.9 of the Lease Agreement. Any such investments shall be held by or under the control of the Trustee and shall be deemed at all times a part of the fund in which such moneys are originally held and the interest accruing thereon and any profit realized from such investments shall be credited to such fund, and any loss resulting from such investments shall be charged to such fund. The Trustee shall sell and reduce to cash funds a sufficient amount of such investments whenever the cash balance in such fund is insufficient for the purposes of such fund.

The Trustee may make any and all investments permitted by the provisions of this Section 701 through its own Bond Department at cost.

ARTICLE VIII

POSSESSION, USE AND PARTIAL RELEASE OF MORTGAGED PROPERTY

SECTION 801. *Subordination to Rights of the Lessee.* This Indenture and the rights and privileges hereunder of the Trustee and the holders of the Bonds and coupons are specifically made subject and subordinate to the rights and privileges of the Lessee set forth in the Lease Agreement including, particularly, any grant or release made pursuant to Sections 8.5 and 8.6 thereof. So long as not otherwise provided in this Indenture, the County shall be suffered and permitted to possess, use and enjoy the Mortgaged Property and appurtenances so as to carry out its obligations under the Lease Agreement.

SECTION 802. *Release of Leased Land.* Reference is made to the provisions of the Lease Agreement, including without limitation Sections 8.5 and 11.4 thereof, whereby the County and the Lessee have reserved the right to withdraw certain portions of the Leased Land (as defined in the Lease Agreement) upon compliance with the terms and conditions of the Lease Agreement. The Trustee shall release from the lien of this Indenture any such land upon compliance by the parties with the provisions of the Lease Agreement and shall deposit in the Bond Fund any moneys received by it under Section 11.4 of the Lease Agreement.

SECTION 803. *Release of Leased Equipment.* Reference is made to the provisions of the Lease Agreement, including without limitation Section 6.2 thereof, whereby the Lessee may remove certain items of Leased Equipment (as defined in the Lease Agreement) upon compliance by the parties with the terms and conditions of the Lease Agreement. The Trustee shall at the request of the County or the Lessee confirm that any such equipment is no longer subject to the lien of this Indenture upon compliance by the parties with the provisions of the Lease Agreement and receipt by the Trustee of a certificate of the President or any Vice President of the Lessee that such provisions have been complied with.

SECTION 804. *Granting of Easements.* Reference is made to the provisions of the Lease Agreement, including without limitation Section 8.6 thereof, whereby the Lessee may grant or release easements, licenses, rights of way and other rights or privileges upon compliance by the parties with the terms and conditions of the Lease Agreement. The Trustee shall execute

or confirm the grants or releases of easements, licenses, rights of way and other rights or privileges permitted by Section 8.6 thereof upon compliance by the parties with the provisions of the Lease Agreement.

ARTICLE IX

DISCHARGE OF LIEN

The County, upon request of the Trustee, shall execute all instruments necessary to discharge the lien of this Indenture, as in this section provided.

Bonds and coupons for the payment or redemption of which moneys shall have been deposited with the Trustee (whether upon or prior to the maturity or the redemption date of such Bonds) shall be deemed to be paid and no longer outstanding; provided, however, that if such Bonds are to be redeemed prior to the maturity thereof, notice of such redemption shall have been duly given or arrangements satisfactory to the Trustee shall have been made for the giving thereof.

SECTION 1001. *Defaults; Events of Default.* If any of the following events occur, subject to the provisions of Section 1013 hereof, it is hereby defined as and declared to be and to constitute an "event of default":

(a) Default in the due and punctual payment of any interest on any Bond; or

(b) Default in the due and punctual payment of the principal of or redemption premium, if any, on any Bonds, whether at the stated maturity thereof, or upon proceedings for redemption thereof, or upon the maturity thereof by declaration; or

(d) The occurrence of an "event of default" under Section 10.1(a) of the Lease Agreement.

The term "default" shall mean default by the County in the performance or observance of any of the covenants, agreements or conditions on its part contained in this Indenture or in the Bonds or default on the part of the Lessee under the Lease Agreement in connection with the matters referred to in Sections 404, 405 and 507 hereof, exclusive of any period of grace required to constitute a default an "event of default" as hereinabove provided.

SECTION 1002. *Acceleration.* Subject to the provisions of Section 1013 hereof, upon the occurrence of an event of default the Trustee may, and upon the written request of the holders of not less than twenty-five percent (25%) in aggregate principal amount of Bonds then outstanding shall, by notice in writing delivered to the County and the Lessee, declare the principal of all Bonds then outstanding and the interest accrued thereon immediately due and payable, and such principal and interest shall thereupon become and be immediately due and payable. Upon any declaration of acceleration here-

under, the Trustee shall immediately exercise such rights as it may have to declare all installments of rent payable under Section 5.3 of the Lease Agreement to be immediately due and payable in accordance with Section 10.2(a) of the Lease Agreement.

SECTION 1003. *Surrender of Possession of Mortgaged Property; Rights and Duties of Trustee in Possession.* Upon the occurrence of an event of default the County, upon demand of the Trustee, shall forthwith surrender the possession of, and it shall be lawful for the Trustee, by such officer or agent as it may appoint, to take possession of all or any part of the Mortgaged Property together with the books, papers and accounts of the County pertaining thereto, and including the rights and the position of the County under the Lease Agreement and to hold, operate and manage the same, and from time to time make all needful repairs and improvements as by the Trustee shall be deemed wise; and the Trustee may lease the Project or any part thereof, in the name and for account of the County and collect, receive and sequester the rents, revenues, issues, earnings, income, products and profits therefrom, and out of the same and any moneys received from any receiver of any part thereof pay, and/or set up proper reserves for the payment of, all proper costs and expenses of so taking, holding and managing the same, including reasonable compensation to the Trustee, its agents and counsel, and any charges of the Trustee hereunder, and any taxes and assessments and other charges prior to the lien of this Indenture which the Trustee may deem it wise to pay, and all expenses of such repairs and improvements, and apply the remainder of the moneys so received in accordance with the provisions of Section 1008 hereof. Whenever all that is due upon the Bonds shall have been paid and all defaults made good, the Trustee shall surrender possession to the County, its successors or assigns; the same right of entry, however, to exist upon any subsequent event of default.

While in possession of such property the Trustee shall render annually to the County and the Lessee and also to the Bondholders, at their addresses set forth in the list required by Section 408 hereof and to the holders of all Bonds then registered as to principal (except to bearer) at their addresses shown by the registration books, a summarized statement of income and expenditures in connection therewith.

Upon the occurrence of an event of default the lien on the Project created and vested by this Indenture may be foreclosed either by sale at public auction or by proceedings in equity and the Trustee or the holder or holders of any

of the Bonds then outstanding, whether or not there shall then be a default in the payment of principal or interest thereon, may become the purchaser at any foreclosure sale if the highest bidder.

SECTION 1004. *Other Remedies; Rights of Bondholders.* Upon the occurrence of an event of default the Trustee may, as an alternative, either after entry or without entry, pursue any available remedy by action at law or suit in equity to enforce the payment of the principal of, premium, if any, and interest on the Bonds then outstanding, including, without limitation, foreclosure and mandamus.

If an event of default shall have occurred, and if requested so to do by the holders of twenty-five per cent in aggregate principal amount of Bonds then outstanding and indemnified as provided in subsection (m) of Section 1101 hereof, the Trustee shall be obliged to exercise such one or more of the rights and powers conferred by this Section and by Section 1003 hereof as the Trustee, being advised by counsel, shall deem most expedient in the interest of the Bondholders.

No remedy by the terms of this Indenture conferred upon or reserved to the Trustee (or to the Bondholders) is intended to be exclusive of any other remedy, but each and every such remedy shall be cumulative and shall be in addition to any other remedy given to the Trustee or to the Bondholders hereunder or now or hereafter existing at law or in equity or by statute.

No delay or omission to exercise any right or power accruing upon any default or event of default shall impair any such right or power or shall be construed to be a waiver of any such default or event of default or acquiescence therein; and every such right and power may be exercised from time to time and as often as may be deemed expedient.

No waiver of any default or event of default hereunder, whether by the Trustee pursuant to the provisions of Section 1012 hereof, or by the Bondholders, shall extend to or shall affect any subsequent default or event of default or shall impair any rights or remedies consequent thereon.

SECTION 1005. *Right of Bondholders to Direct Proceedings.* Anything in this Indenture to the contrary notwithstanding, the holders of a majority in aggregate principal amount of Bonds then outstanding shall have the right, at any time, by an instrument or instruments in writing executed and delivered to the Trustee, to direct the time, method and place of conducting all proceedings to be taken in connection with the

enforcement of the terms and conditions of this Indenture, or for the appointment of a receiver or any other proceedings hereunder; provided, that such direction shall not be otherwise than in accordance with the provisions of law and of this Indenture.

SECTION 1006. *Appointment of Receivers.* Upon the occurrence of an event of default, and upon the filing of a suit or other commencement of judicial proceedings to enforce the rights of the Trustee and of the Bondholders under this Indenture, the Trustee shall be entitled, as a matter of right, to the appointment of a receiver or receivers of the Mortgaged Property and of the rents, revenues, issues, earnings, income, products and profits thereof, pending such proceedings, with such powers as the court making such appointment shall confer.

SECTION 1007. *Foreclosure of Indenture.* Upon the occurrence of an event of default, to the extent that such rights may then lawfully be waived, neither the County, nor anyone claiming through or under the County, shall set up, claim, or seek to take advantage of any appraisal, valuation, stay, extension or redemption laws now or hereafter in force, in order to prevent or hinder the enforcement of this Indenture or a foreclosure under this Indenture, but the County, for itself and all who may claim through or under it, hereby waives, to the extent that it lawfully may do so, the benefit of all such laws and all rights of appraisal and redemption to which it may be entitled under the laws of Montana.

SECTION 1008. *Application of Moneys.* All moneys received by the Trustee with respect to the Project pursuant to any right given or action taken under the provisions of this Article shall, after payment of the cost and expenses of the proceedings resulting in the collection of such moneys and of the expenses, liabilities and advances incurred or made by the Trustee, be deposited in the Bond Fund and all moneys so deposited in the Bond Fund and all moneys held or deposited in the Bond Fund during the continuance of an event of default and available for payment of the Bonds under the provisions of Section 503 hereof shall (after payment of the fees and expenses of the Trustee) be applied as follows:

(a) Unless the principal of all the Bonds shall have become or shall have been declared due and payable, all such moneys shall be applied:

First—To the payment to the persons entitled thereto of all installments of interest then due on the Bonds, in the order of the maturity of the installments of such interest including (to the extent permitted by law) interest on overdue installments of interest at the rate borne by the Bonds on which such interest shall then be due, and, if the amount available shall not be sufficient to pay in full any particular installment, then to the payment ratably, according to the amounts due on such installment, to the persons entitled thereto, without any discrimination or privilege; and

Second—To the payment to the persons entitled thereto of the unpaid principal of any of the Bonds which shall have become due (other than Bonds called for redemption for the payment of which moneys are held pursuant to the provisions of this Indenture), in the order of their due dates, with interest on such Bonds from the respective dates upon which they become due and, if the amount available shall not be sufficient to pay in full Bonds due on any particular date, together with such interest, then to the payment ratably, according to the amount of principal due on such date, to the persons entitled thereto without any discrimination or privilege.

(b) If the principal of all the Bonds shall have become due or shall have been declared due and payable, all such moneys shall be applied to the payment of the principal and interest then due and unpaid upon all of the Bonds, without preference or priority of principal over interest or of interest over principal, or of any installment of interest over any other installment of interest, or of any Bond over any other Bond, ratably, according to the amounts due respectively for principal and interest, to the persons entitled thereto without any discrimination or privilege.

(c) If the principal of all the Bonds shall have been declared due and payable, and if such declaration shall thereafter have been rescinded and annulled under the provisions of this Article then, subject to the provisions of paragraph (b) of this Section in the event that the principal of all the Bonds shall later become due or be declared due and payable, the moneys shall be applied in accordance with the provisions of paragraph (a) of this Section.

Whenever moneys are to be applied pursuant to the provisions of this Section, such moneys shall be applied at such times, and from time to time, as the Trustee shall determine, having due regard to the amount of such moneys available for application and the likelihood of additional moneys becoming available for such application in the future. Whenever the Trustee shall apply such funds, it shall fix the date (which shall be an interest payment date unless it shall deem another date more suitable) upon which such application is to be made and upon such date interest on the amounts of principal to be paid on such dates shall cease to accrue. The Trustee shall give such notice as it may deem appropriate of the deposit with it of any such moneys and of the fixing of any such date, and shall not be required to make payment to the holder of any unpaid coupon or any Bond until such coupon or such Bond and all unmatured coupons, if any, appertaining to such Bond shall be presented to the Trustee for appropriate endorsement or for cancellation if fully paid.

Whenever all of the Bonds and interest thereon have been paid under the provisions of this Section 1008 and all fees, charges and expenses of the Trustee and any paying agents and all other amounts required to be paid hereunder have been paid, any balance remaining in the Bond Fund shall be paid to the Lessee as provided in Section 509 hereof.

SECTION 1009. Remedies Vested in Trustee. All rights of action (including the right to file proof of claims) under this Indenture or under any of the Bonds or coupons may be enforced by the Trustee without the possession of any of the Bonds or coupons or the production thereof in any trial or other proceedings relating thereto and any such suit or proceeding instituted by the Trustee shall be brought in its name as Trustee without the necessity of joining as plaintiffs or defendants any holders of the Bonds or any coupons appertaining thereto, and any recovery of judgment shall, subject to the provisions of Section 1008 hereof, be for the equal benefit of the holders of the outstanding Bonds and coupons.

SECTION 1010. Rights and Remedies of Bondholders. No holder of any Bond or coupon shall have any right to institute any suit, action or proceeding in equity or at law for the enforcement of this Indenture or for the execution of any trust thereof or for the appointment of a receiver or any other remedy hereunder, unless a default has occurred of which the Trustee has been notified as provided in subsection (h) of Section 1101,

or of which by said subsection it is deemed to have notice, nor unless also such default shall have become an event of default and the holders of twenty-five per cent in aggregate principal amount of Bonds then outstanding shall have made written request to the Trustee and shall have offered it reasonable opportunity either to proceed to exercise the powers hereinbefore granted or to institute such action, suit or proceeding in its own name, nor unless also they have offered to the Trustee indemnity as provided in Section 1101 nor unless the Trustee shall thereafter fail or refuse to exercise the powers hereinbefore granted, or to institute such action, suit or proceeding in its, his or their own name or names; and such notification, request and offer of indemnity are hereby declared in every case at the option of the Trustee to be conditions precedent to the execution of the powers and trusts of this Indenture, and to any action or cause of action for the enforcement of this Indenture, or for the appointment of a receiver or for any other remedy hereunder; it being understood and intended that no one or more holders of the Bonds or coupons shall have any right in any manner whatsoever to affect, disturb or prejudice the lien of this Indenture by its, his or their action or to enforce any right hereunder except in the manner herein provided and that all proceedings at law or in equity shall be instituted, had and maintained in the manner herein provided and for the equal benefit of the holders of all Bonds then outstanding. Nothing in this Indenture contained shall, however, affect or impair the right of any holder of Bonds or coupons to enforce the payment of the principal of and interest on any Bond at and after the maturity thereof, or the obligation of the County to pay the principal of and interest and premium, if any, on each of the Bonds issued hereunder to the respective holders of the Bonds or coupons at the time, place, from the source and in the manner herein and in said Bonds and the appurtenant coupons expressed.

SECTION 1011. *Termination of Proceedings.* In case the Trustee shall have proceeded to enforce any right under this Indenture by the appointment of a receiver, by entry or otherwise, and such proceedings shall have been discontinued or abandoned for any reason, or shall have been determined adversely, then and in every such case the County, the Lessee and the Trustee shall be restored to their former positions and rights hereunder with respect to the Mortgaged Property, and all rights, remedies and powers of the Trustee shall continue as if no such proceedings had been taken.

SECTION 1012. *Waivers of Events of Default.* The Trustee shall waive any event of default hereunder and its consequences and rescind any declaration of maturity of principal of and interest on the Bonds upon the written request of the holders of (1) one-half in aggregate principal amount of all the Bonds then outstanding in respect of which default in the payment of principal and/or interest exists, or (2) one-half in aggregate principal amount of all Bonds then outstanding in the case of any other default; provided, however, that there shall not be waived without the consent of the holders of all the Bonds outstanding (a) any event of default in the payment of the principal of any outstanding Bonds at the date of maturity specified therein or (b) any default in the payment when due of the interest on any such Bonds unless, prior to such waiver or rescission, all arrears of interest, with interest (to the extent permitted by law) on overdue installments of interest at the rate borne by the Bonds in respect of which such default shall have occurred, or all arrears of payments of principal when due, as the case may be, and all expenses of the Trustee in connection with such default shall have been paid or provided for, and in case of any such waiver or rescission, or in case any proceeding taken by the Trustee on account of any such default shall have been discontinued or abandoned or determined adversely, then and in every such case the County, the Trustee and the Bondholders shall be restored to their former positions and rights hereunder respectively, but no such waiver or rescission shall extend to any subsequent or other default, or impair any right consequent thereon.

SECTION 1013. *Notice of Defaults; Opportunity of Lessee to Cure Defaults.* Anything herein to the contrary notwithstanding, no default, in the case of a default specified in Section 1001(c), on the part of the County or the Lessee shall constitute an event of default until actual notice of such default by registered or certified mail shall be given by the Trustee or by the holders of not less than 25% in aggregate principal amount of all the Bonds then outstanding to the County and to the Lessee, and the County and the Lessee shall have had thirty days after receipt of such notice to correct said default or cause said default to be corrected, and shall not have corrected said default or caused said default to be corrected within such period; provided, however, if any default specified in Section 1001(c) shall be such that it cannot be corrected within such period, it shall not constitute an event of default if corrective action is instituted by the Lessee within the applicable period and diligently pursued until the default is corrected; and

provided further if any default specified in Section 1001(c) should occur by reason of the failure of the Lessee to perform any covenant, condition or agreement on its part contained in the Lease Agreement which failure would not constitute an event of default under Section 10.1 of the Lease Agreement by reason of force majeure as defined therein, then such default shall not constitute an event of default under Section 1001(c) hereof.

With regard to any alleged default concerning which notice is given to the Lessee under the provisions of this Section 1013, the County hereby grants the Lessee full authority for account of the County to perform any covenant or obligation the non-performance of which is alleged in said notice to constitute a default in the name and stead of the County with full power to do any and all things and acts to the same extent that the County could do and perform any such things and acts and with power of substitution.

ARTICLE XI

THE TRUSTEE

SECTION 1101. *Acceptance of the Trusts.* The Trustee hereby accepts the trusts imposed upon it by this Indenture, and agrees to perform said trusts, but only upon and subject to the following express terms and conditions, and no implied covenants or obligations shall be read into this Indenture against the Trustee:

(a) The Trustee, prior to the occurrence of an event of default and after the curing of all events of default which may have occurred, undertakes to perform such duties and only such duties as are specifically set forth in this Indenture. In case an event of default has occurred (which has not been cured) the Trustee shall exercise such of the rights and powers vested in it by this Indenture, and use the same degree of care and skill in their exercise, as a prudent man would exercise or use under the circumstances in the conduct of his own affairs.

(b) The Trustee may execute any of the trusts or powers hereof and perform any of its duties by or through attorneys, agents, receivers or employees but shall be answerable for the conduct of the same in accordance with the standard specified above, and shall be entitled to act upon the opinion or advice of its counsel concerning all matters of trust hereof and the duties hereunder, and may in all cases pay such reasonable compensation to all such attorneys, agents, receivers and

employees as may reasonably be employed in connection with the trust hereof. The Trustee may act upon an Opinion of Counsel and shall not be responsible for any loss or damage resulting from any action or non-action by it taken or omitted to be taken in good faith in reliance upon such Opinion of Counsel.

(c) The Trustee shall not be responsible for any recital herein or in the Bonds (except in respect to the certificate of the Trustee endorsed on the Bonds), or for the recording or re-recording, filing or re-filing of this Indenture or for insuring the Mortgaged Property herein conveyed or collecting any insurance moneys, or for the validity of the execution by the County of this Indenture or of any supplements thereto or instruments of further assurance, or for the sufficiency of the security for the Bonds issued hereunder or intended to be secured hereby, or for the value or title of the Mortgaged Property herein conveyed or otherwise as to the maintenance of the security hereof; except that in the event the Trustee enters into possession of a part or all of the Mortgaged Property pursuant to any provision of this Indenture it shall use due diligence in preserving such property, and the Trustee shall not be bound to ascertain or inquire as to the performance or observance of any covenants, conditions or agreements on the part of the County or on the part of the Lessee in connection with the matters referred to in Sections 404 and 405 hereof, except as hereinafter set forth; but the Trustee may require of the County or the Lessee full information and advice as to the performance of the covenants, conditions and agreements aforesaid as to the condition of the Mortgaged Property. Except as otherwise provided in Section 1003 hereof, the Trustee shall have no obligation to perform any of the duties of the County as lessor under the Lease Agreement; and the Trustee shall not be responsible or liable for any loss suffered in connection with any investment of funds made by it in accordance with Section 701.

(d) The Trustee shall not be accountable for the use of any Bonds authenticated or delivered hereunder. The Trustee may become the owner of Bonds and coupons secured hereby with the same rights which it would have if not Trustee.

(e) The Trustee shall be protected in acting upon any notice, request, consent, certificate, order, affidavit, letter, telegram or other paper or document believed by it to be genuine and correct and to action taken by the Trustee pursuant to this Indenture upon the request or

authority or consent of any person who at the time of making such request or giving such authority or consent is the owner of any Bond, shall be conclusive and binding upon all future owners of the same Bond and upon Bonds issued in exchange therefor or in place thereof.

(f) As to the existence or non-existence of any fact or as to the sufficiency or validity of any instrument, paper or proceeding, the Trustee shall be entitled to rely upon a certificate signed on behalf of the County by the Chairman of the Board of County Commissioners or such other person as may be designated for such purpose by resolution of its Board of County Commissioners and attested by its Clerk or such other person as may be designated for such purpose by resolution of such Board of County Commissioners as sufficient evidence of the facts therein contained and prior to the occurrence of a default of which the Trustee has been notified as provided in subsection (h) of this Section, or of which by said subsection it is deemed to have notice, shall also be at liberty to accept a similar certificate to the effect that any particular dealing, transaction or action is necessary or expedient, but may at its discretion secure such further evidence deemed necessary or advisable, but shall in no case be bound to secure the same. The Trustee may accept a certificate of the Board of County Commissioners under its seal to the effect that a resolution in the form therein set forth has been adopted by said Board of County Commissioners as conclusive evidence that such resolution has been duly adopted, and is in full force and effect.

(g) The permissive right of the Trustee to do things enumerated in this Indenture shall not be construed as a duty and the Trustee shall not be answerable for other than its negligence or wilful default.

(h) The Trustee shall not be required to take notice or be deemed to have notice of any default hereunder except failure by the County to cause to be made any of the payments to the Trustee required to be made by Article V hereof unless the Trustee shall be specifically notified in writing of such default by the County or by the holders of at least twenty-five per cent in aggregate principal amount of Bonds then outstanding and all notices or other instruments required by this Indenture to be delivered to the Trustee, must, in order to be effective, be delivered at the principal office of the Trustee, and in the absence of such notice so delivered the Trustee may conclusively assume there is no default except as aforesaid.

(i) The Trustee shall not be personally liable for any debts contracted or for damages to persons or to personal property injured or damaged, or for salaries or non-fulfillment of contracts during any period in which it may be in the possession of or managing the Mortgaged Property as in this Indenture provided.

(j) At any and all reasonable times the Trustee, and its duly authorized agents, attorneys, experts, engineers, accountants and representatives, shall have the right, but shall not be required, to inspect any and all of the Mortgaged Property herein conveyed, and all books, papers and records of the County pertaining to the Project and the Bonds, and to take such memoranda from and in regard thereto as may be desired.

(k) The Trustee shall not be required to give any bond or surety in respect of the execution of the said trusts and powers or otherwise in respect of the premises.

(l) Notwithstanding anything elsewhere in this Indenture contained, the Trustee shall have the right, but shall not be required, to demand, in respect of the authentication of any Bonds, the withdrawal of any cash, the release of any property, or any action whatsoever within the purview of this Indenture, any showings, certificates, opinions, appraisals or other information, or corporate action or evidence thereof, in addition to that by the terms hereof required, as a condition of such action by the Trustee deemed desirable for the purpose of establishing the right of the County to the authentication of any Bonds, the withdrawal of any cash, or the taking of any other action by the Trustee.

(m) Before taking any action under this Section 1101 the Trustee may require that satisfactory indemnity be furnished to it for the reimbursement of all expenses to which it may be put and to protect it against all liability, except liability which is adjudicated to have resulted from its negligence or wilful default, by reason of any action so taken.

(n) All moneys received by the Trustee or any paying agent shall, until used or applied or invested as herein provided, be held in trust in the manner and for the purposes for which they were received but need not be segregated from other funds except to the extent required by this Indenture or law. Neither the Trustee nor any paying agent shall be under any liability for interest on any moneys received hereunder except such as may be agreed upon.

SECTION 1102. *Fees, Charges and Expenses of Trustee.* The Trustee shall be entitled to payment and/or reimbursement for reasonable fees for its Ordinary Services rendered hereunder and all advances, counsel fees and other Ordinary Expenses reasonably and necessarily made or incurred by the Trustee in connection with such Ordinary Services and, in the event that it should become necessary that the Trustee perform Extraordinary Services, it shall be entitled to reasonable extra compensation therefor, and to reimbursement for reasonable and necessary Extraordinary Expenses in connection therewith; provided, that if such Extraordinary Services or Extraordinary Expenses are occasioned by the neglect or misconduct of the Trustee, it shall not be entitled to compensation or reimbursement therefor. The Trustee shall be entitled to payment and reimbursement for the reasonable fees and charges of the Bond Registrar and any paying agents. Upon the occurrence of an event of default, but only upon such occurrence, the Trustee shall have a lien with right of payment prior to payment on account of interest or principal of any Bond, upon the Mortgaged Property for the foregoing advances, fees, costs and expenses incurred.

SECTION 1103. *Notice to Bondholders If Default Occurs.* If a default occurs of which the Trustee is by subsection (h) of Section 1101 hereof required to take notice or if notice of default be given as in said subsection (h) provided, then the Trustee shall give written notice thereof by first class mail to the last known owners of all Bonds then outstanding shown by the list of Bondholders required by the terms of Section 408 hereof to be kept at the office of the Trustee.

SECTION 1104. *Intervention by Trustee.* In any judicial proceeding to which the County is a party and which in the opinion of the Trustee and its counsel has a substantial bearing on the interests of owners of the Bonds, the Trustee may intervene on behalf of Bondholders and shall do so if requested in writing by the owners of at least twenty-five per cent in aggregate principal amount of all Bonds then outstanding, provided that the Trustee shall first have been offered such reasonable indemnity as it may require against the costs, expenses and liabilities which it may incur in or by reason of such proceeding. The rights and obligations of the Trustee under this Section are subject to the approval of a court of competent jurisdiction.

SECTION 1105. *Successor Trustee.* Any corporation or association into which the Trustee may be converted or merged, or with which it may be consolidated, or to which it may sell or transfer its trust business and assets as a whole or substantially as a whole, or any corporation or association resulting from any such conversion, sale, merger, consolidation or transfer to which it is a party, ipso facto, shall be and become successor Trustee hereunder and vested with all of the title to the whole property or trust estate and all the trusts, powers, discretions, immunities, privileges and all other matters as was its predecessor, without the execution or filing of any instrument or any further act, deed or conveyance on the part of any of the parties hereto, anything herein to the contrary notwithstanding.

SECTION 1106. *Resignation by the Trustee.* The Trustee and any successor Trustee may at any time resign from the trusts hereby created by giving thirty days' written notice to the County, the Lessee and by first class mail to each registered owner of Bonds then outstanding and to each holder of Bonds as shown by the list of Bondholders required by Section 408 hereof to be kept by the Trustee, and such resignation shall take effect at the end of such thirty days, or upon the earlier appointment of a successor Trustee by the Bondholders or by the County. Such notice to the County and to the Lessee may be served personally or sent by registered mail.

SECTION 1107. *Removal of the Trustee.* The Trustee may be removed at any time, by an instrument or concurrent instruments in writing delivered to the Trustee and to the County, and signed by the owners of a majority in aggregate principal amount of Bonds then outstanding.

SECTION 1108. *Appointment of Successor Trustee by the Bondholders; Temporary Trustee.* In case the Trustee hereunder shall resign or be removed, or be dissolved, or shall be in course of dissolution or liquidation, or otherwise become incapable of acting hereunder, or in case it shall be taken under the control of any public officer or officers, or of a receiver appointed by a court a successor may be appointed by the owners of a majority in aggregate principal amount of Bonds then outstanding, by an instrument or concurrent instruments in writing signed by such owners, or by their attorneys in fact, duly authorized; provided, nevertheless, that in case of such vacancy the County by an instrument executed and signed by its Chairman and attested by its Clerk under its seal, may appoint a temporary Trustee to fill such

vacancy until a successor Trustee shall be appointed by the Bondholders in the manner above provided; and any such temporary Trustee so appointed by the County shall immediately and without further act be superseded by the Trustee so appointed by such Bondholders. Every such Trustee appointed pursuant to the provisions of this Section shall be a trust company or bank in good standing within or outside the State of Montana having a reported capital and surplus of not less than three million dollars, if there be such an institution willing, qualified and able to accept the trust upon reasonable or customary terms.

SECTION 1109. *Concerning Any Successor Trustees.* Every successor Trustee appointed hereunder shall execute, acknowledge and deliver to its predecessor and also to the County and the Lessee an instrument in writing accepting such appointment hereunder, and thereupon such successor, without any further act, deed or conveyance, shall become fully vested with all the estates, properties, rights, powers, trusts, duties and obligations of its predecessor; but such predecessor shall, nevertheless, on the written request of the County, or of its successor, execute and deliver an instrument transferring to such successor Trustee all the estates, properties, rights, powers, and trusts of such predecessor hereunder; and every predecessor Trustee shall deliver all securities and moneys held by it as Trustee hereunder to its successor. Should any instrument in writing from the County be required by any successor Trustee for more fully and certainly vesting in such successor the estates, properties, rights, powers and duties hereby vested or intended to be vested in the predecessor, any and all such instruments in writing shall, on request, be executed, acknowledged and delivered by the County. The resignation of any Trustee and the instrument or instruments removing any Trustee and appointing a successor hereunder, together with all other instruments provided for in this Article shall be filed and/or recorded by the successor Trustee in each recording office where the Indenture shall have been filed and/or recorded.

SECTION 1110. *Right of Trustee to Pay Taxes and Other Charges.* In case any tax, assessment or governmental or other charge upon any part of the Mortgaged Property is not paid as required herein, the Trustee may pay such tax, assessment or governmental or other charge, without prejudice, however, to any rights of the Trustee or the Bondholders hereunder arising in consequence of such failure; and any amount at any time so paid under

this Section, with interest thereon from the date of payment at the rate of six per cent per annum, shall become so much additional indebtedness secured by this Indenture, and the same shall be given a preference in payment over any of the Bonds, and shall be paid out of the proceeds of revenues collected from the Mortgaged Property, if not otherwise caused to be paid; but the Trustee shall be under no obligation to make any such payment unless it shall have been requested to do so by the holders of at least twenty-five per cent in aggregate principal amount of all Bonds then outstanding and shall have been provided with adequate funds for the purpose of such payment.

SECTION 1111. *Trustee Protected in Relying Upon Resolutions, Etc.* The resolutions, opinions, certificates and other instruments provided for in this Indenture may be accepted by the Trustee as conclusive evidence of the facts and conclusions stated therein and shall be full warrant, protection and authority to the Trustee for the release of property and the withdrawal of cash hereunder.

SECTION 1112. *Successor Trustee as Trustee of Bond Fund and Construction Fund.* In the event of a change in the office of Trustee the predecessor Trustee which has resigned or been removed shall cease to be trustee of the Bond Fund and the Construction Fund and the successor Trustee shall become such trustee.

SECTION 1113. *Trust Estate May Be Vested in Separate or Co-Trustee.* It is the purpose of this Indenture that there shall be no violation of any law of any jurisdiction (including particularly the law of Montana) denying or restricting the right of banking corporations or associations to transact business as trustee in such jurisdiction. It is recognized that in case of litigation under this Indenture or the Lease Agreement, and in particular in case of the enforcement of either on default, or in case the Trustee deems that by reason of any present or future law of any jurisdiction it may not exercise any of the powers, rights or remedies herein granted to the Trustee or hold title to the Mortgaged Property, in trust, as herein granted, or take any other action which may be desirable or necessary in connection therewith, it may be necessary that the Trustee appoint an additional individual or institution as a separate or co-trustee. In the event that the Trustee appoints an additional individual or institution as a separate or co-trustee, each and every remedy, power, right, claim, demand, cause of action, immunity, estate, title, interest and lien expressed or intended by this Indenture to be exercised by or vested in or conveyed to the Trustee with respect thereto shall be exercisable by and vest in such separate or co-trustee but only to the extent necessary to enable such separate or co-trustee to exercise such powers, rights and remedies, and every covenant and obligation necessary to the exercise thereof by such separate or co-trustee shall run to and be enforceable by either of them.

Should any deed, conveyance or instrument in writing from the County be required by the separate trustee or co-trustee so appointed by the Trustee for more fully and certainly vesting in and confirming to him or it such properties, rights, powers, trusts, duties and obligations, any and all such deeds, conveyances and instruments in writing shall, on request, be executed, acknowledged and delivered by the County. In case any separate trustee or co-trustee, or a successor to either, shall die, become incapable of acting, resign or be removed, all the estates, properties, rights, powers, trusts, duties and obligations of such separate trustee or co-trustee, so far as permitted by law, shall vest in and be exercised by the Trustee until the appointment of a new trustee or successor to such separate trustee or co-trustee.

ARTICLE XII

SUPPLEMENTAL INDENTURES

SECTION 1201. *Supplemental Indentures Not Requiring Consent of Bondholders.* The County and the Trustee may without the consent of, or notice to, any of the Bondholders, enter into an indenture or indentures supplemental to this Indenture as shall not be inconsistent with the terms and provisions hereof for any one or more of the following purposes:

- (a) To cure any ambiguity or formal defect or omission in this Indenture;
- (b) To grant to or confer upon the Trustee for the benefit of the Bondholders any additional rights, remedies, powers or authority that may lawfully be granted to or conferred upon the Bondholders or the Trustee or either of them;
- (c) To subject to the lien and pledge of this Indenture additional revenues, properties or collateral;

(d) To modify, amend or supplement this Indenture or any indenture supplemental hereto in such manner as to permit the qualification hereof and thereof under any Federal statute hereafter in effect or under any state Blue Sky Law, and, in connection therewith, if they so determine, to add to this Indenture or any indenture supplemental hereto, such other terms, conditions and provisions (which, in the judgment of the Trustee, are not to the prejudice of the holders of the Bonds or the bearers of the coupons) as may be permitted or required by said Federal statute or Blue Sky Law; and

(e) To provide for the issuance of Additional Bonds under Section 207 of this Mortgage.

The County and the Trustee shall without the consent of, or notice to, any of the Bondholders enter into an indenture or indentures supplemental to this Indenture (i) with respect to the issuance of Additional Bonds as provided in Section 207 hereof, and the inclusion of additional Mortgaged Property in connection therewith, (ii) to the extent necessary with respect to the machinery and equipment forming a part of the Mortgaged Property and generally described in Exhibit B hereto so as to more precisely identify the same or to substitute or add additional machinery and equipment acquired with the proceeds of the Bonds in accordance with the provisions of Section 4.1(b) of the Lease Agreement and (iii) with respect to real estate as provided in Section 604 or additional real estate which pursuant to the Lease Agreement is to become part of the Leased Land and Facility, as defined in the Lease Agreement, so as to subject the same to the lien hereof.

SECTION 1202. Supplemental Indentures Requiring Consent of Bondholders. Exclusive of supplemental indentures covered by Section 1201 hereof and subject to the terms and provisions contained in this Section, and not otherwise, the holders of not less than two-thirds in aggregate principal amount of the Bonds then outstanding shall have the right, from time to time, anything contained in this Indenture to the contrary notwithstanding, to consent to and approve the execution by the County and the Trustee of such other indenture or indentures supplemental hereto as shall be deemed necessary and desirable by the County for the purpose of modifying, altering, amending, adding to or rescinding, in any particular, any of the terms or provisions contained in this Indenture or in any supplemental indenture; provided, however, that nothing in this Section contained shall permit, or be

construed as permitting, without the consent of the holders of all the Bonds then outstanding (a) an extension of the stated maturity or reduction in the principal amount of, or reduction in the rate or extension of the time of payment of interest on, or the reduction of any premium payable on the redemption of, any Bonds, or (b) a reduction in the amount or extension of the time of any payment required by the sinking fund provided in Section 306 hereof or any sinking fund applicable to any Additional Bonds, or (c) the creation of any lien on the Mortgaged Property (other than Permitted Encumbrances) prior to or on a parity with the lien of this Indenture or (d) a reduction in the aforesaid aggregate principal amount of Bonds the holders of which are required to consent to any such supplemental indenture. No such modification shall modify the rights, duties or immunities of the Trustee, without the written consent of the Trustee.

If at any time the County shall request the Trustee to enter into any such supplemental indenture for any of the purposes of this Section, the Trustee shall, upon being satisfactorily indemnified with respect to expenses, cause notice of the proposed execution of such supplemental indenture to be published as shall be requested by the County and in any event one time in a financial journal or a newspaper of general circulation among dealers in municipal securities published in the City of New York, New York. Such notice shall briefly set forth the nature of the proposed supplemental indenture and shall state that copies thereof are on file at the principal office of the Trustee for inspection by all Bondholders. If, within sixty days or such longer period as shall be prescribed by the County following the final publication of such notice, the holders of not less than two-thirds in aggregate principal amount of the Bonds outstanding at the time of the execution of any such supplemental indenture shall have consented to and approved the execution thereof as herein provided, no holder of any Bond or of any coupon appertaining thereto shall have any right to object to any of the terms and provisions contained therein, or the operation thereof, or in any manner to question the propriety of the execution thereof, or to enjoin or restrain the Trustee or the County from executing the same or from taking any action pursuant to the provisions thereof. Upon the execution of any such supplemental indenture as in this Section permitted and provided, this Indenture shall be and be deemed to be modified and amended in accordance therewith.

If, because of the temporary or permanent suspension of the publication or general circulation of any financial journal or newspaper or for any other reason, it is impossible or impractical to publish such notice of the proposed

execution of such supplemental indenture in the manner herein provided, then such publication in lieu thereof as shall be made with the approval of the Trustee shall constitute a sufficient publication of notice.

The Trustee may receive an Opinion of Counsel as conclusive evidence that any indenture supplemental hereto entered into by the County and the Trustee complies with the provisions of this Article XII.

Anything herein to the contrary notwithstanding, a supplemental indenture under this Article XII which affects any rights of the Lessee shall not become effective unless and until the Lessee shall have consented in writing to the execution and delivery of such supplemental indenture.

ARTICLE XIII

AMENDMENT OF LEASE AGREEMENT

SECTION 1301. Amendments, Etc., to Lease Agreement Not Requiring Consent of Bondholders. The County and the Trustee shall without the consent of or notice to the Bondholders consent to any amendment, change or modification of the Lease Agreement as may be required (i) by the provisions of the Lease Agreement, and this Indenture; (ii) in connection with the issuance of Additional Bonds as provided in Section 207, hereof; (iii) for the purpose of curing any ambiguity or formal defect or omission; (iv) in connection with the machinery and equipment described in Exhibit B hereto so as to more precisely identify the same or substitute or add additional machinery and equipment acquired with the proceeds of the Bonds in accordance with the provisions of Section 4.1(b) of the Lease Agreement; (v) in connection with additional real estate which pursuant to the Lease Agreement is to become part of the Leased Land, as defined in the Lease Agreement; or (vi) in connection with any other change therein which, in the judgment of the Trustee, is not to the prejudice of the Trustee or the holders of the Bonds.

SECTION 1302. Amendments, Etc., to Lease Agreement Requiring Consent of Bondholders. If at any time the County and the Lessee shall request the consent of the Trustee to any such proposed amendment, change or modification of the Lease Agreement, the Trustee shall, upon being satisfactorily indemnified with respect to expenses, cause notice of such proposed amendment, change or modification to be published in the same manner as provided by Section 1202 hereof with respect to supplemental indentures. MISCELLANEOUS

SECTION 1401. *Consents, Etc., of Bondholders.* Any consent, request, direction, approval, objection or other instrument required by this Indenture to be signed and executed by the Bondholders may be in any number of concurrent writings of similar tenor and may be signed or executed by such Bondholders in person or by agent appointed in writing. Proof of the execution of any such consent, request, direction, approval, objection or other instrument or of the writing appointing any such agent and of the ownership of Bonds, if made in the following manner, shall be sufficient for any of the purposes of this Indenture, and shall be conclusive in favor of the Trustee with regard to any action taken under such request or other instrument, namely:

(a) The fact and date of the execution by any person of any such writing may be proved by the certificate of any officer in any jurisdiction who by law has power to take acknowledgments within such jurisdiction that the person signing such writing acknowledged before him the execution thereof, or by affidavit of any witness to such execution.

(b) The fact of the holding by any person of Bonds and/or coupons transferable by delivery and the amounts and numbers of such Bonds, and the date of the holding of same, may be proved by a cer-

tificate executed by any trust company, bank or banker, wherever situated, stating that at the date thereof the party named therein did exhibit to an officer of such trust company or bank or to such banker, as the property of such party, the Bonds and/or coupons therein mentioned if such certificate shall be deemed by the Trustee to be satisfactory. The Trustee may, in its discretion, require evidence that such Bonds have been deposited with a bank, banker or trust company, before taking any action based on such ownership. In lieu of the foregoing the Trustee may accept other proofs of the foregoing as it shall deem appropriate. The fact of ownership by any person of Bonds registered as to principal (except to bearer) shall be proved by the registration books maintained by the Bond Registrar.

For all purposes of this Indenture and of the proceedings for the enforcement hereof, such person shall be deemed to continue to be the holder of such Bond until the Trustee shall have received notice in writing to the contrary.

SECTION 1402. *Limitation of Rights.* With the exception of rights herein expressly conferred, nothing expressed or mentioned in or to be implied from this Indenture or the Bonds is intended or shall be construed to give to any person or company other than the parties hereto, and the holders of the Bonds and coupons, any legal or equitable right, remedy or claim under or in respect to this Indenture or any covenants, conditions and provisions herein contained; this Indenture and all of the covenants, conditions and provisions hereof being intended to be and being for the sole and exclusive benefit of the parties hereto and the holders of the Bonds and coupons as herein provided.

SECTION 1403. *Severability.* If any provision of this Indenture shall be held or deemed to be or shall, in fact, be inoperative or unenforceable as applied in any particular case in any jurisdiction or jurisdictions or in all jurisdictions, or in all cases because it conflicts with any other provision or provisions hereof or any constitution or statute or rule of public policy, or for any other reason, such circumstances shall not have the effect of rendering the provision in question inoperative or unenforceable in any other case or circumstance, or of rendering any other provision or provisions herein contained invalid, inoperative, or unenforceable to any extent whatever.

The invalidity of any one or more phrases, sentences, clauses or Sections in this Indenture contained, shall not affect the remaining portions of this Indenture, or any part thereof.

SECTION 1404. *Notices.* It shall be sufficient service of any notice, request, complaint, demand or other paper on the County if the same shall be duly mailed to the County by registered or certified mail addressed to it at County Clerk and Recorder, Missoula, Montana 59801, or to such other address as the County may from time to time file with the Trustee, the Lessee and the Guarantor. It shall be sufficient service of any notice, request, demand or other paper on the Trustee if the same shall be duly mailed to the Trustee by registered or certified mail addressed to it at First National Bank and Trust Company of Helena, Montana, Attention: Corporate Trust Department, or to such other address as the Trustee may from time to time file with the County, the Guarantor and the Lessee. It shall be sufficient service of any notice or other paper on the Guarantor if the same shall be duly mailed to the Guarantor by registered or certified mail and addressed to it at Hoerner Waldorf Corporation, Attention: Secretary, Box 3260, St. Paul, Minnesota, or such other address as the Guarantor may from time to time file with the County, Trustee and the Lessee. It shall be sufficient service of any notice, request, demand or other paper on the Lessee if the same shall be duly mailed to Hoerner Waldorf Properties Company, by registered or certified mail and addressed to it at, 2250 Wabash Avenue, St. Paul, Minnesota, Attention: Secretary, or to such other address as the Lessee may from time to time file with the County, the Guarantor and the Trustee. A duplicate copy of each notice, certificate or other communication given hereunder by either the County or the Lessee to the other shall also be given to the Trustee and the Guarantor.

SECTION 1405. *Paying Agent as Registrar.* The Paying Agent is hereby designated as Bond Registrar for and in respect to the Bonds.

SECTION 1406. *Payments Due on Sundays and Holidays.* In any case where the date of maturity of interest on or principal of the Bonds or the date fixed for redemption of any Bonds shall be in the City of St. Paul, Minnesota, a Sunday or a legal holiday or a day on which banking institutions are authorized by law to close, then payment of interest or prin-

cipal (and premium, if any) need not be made on such date in such city but may be made on the next succeeding business day not a Sunday or a legal holiday or a day upon which banking institutions are authorized by law to close in such city with the same force and effect as if made on the date of maturity or the date fixed for redemption, and no interest shall accrue for the period after such date.

SECTION 1407. *Counterparts.* This Indenture may be simultaneously executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

SECTION 6.1. *Maintenance and Modifications of Project by Lessee.* The Lessee agrees that during the Lease Term it will (i) operate the pulp and paper mill adjacent to the Project site and at its own expense (ii) keep the Project in as reasonably safe condition as its operations shall permit and (iii) keep the Facility and the Leased Equipment and all other improvements forming a part of the Project in good repair and in good operating condition, making from time to time all necessary repairs thereto and renewals and replacements thereof. The Lessee may, also at its own expense, make from time to time any additions, modifications or improvements to the Project it may deem desirable for its business purposes that do not adversely affect the operating unity of the Project; provided, that all such additions, modifications and improvements located wholly within the boundary lines of the Leased Land shall become a part of the Project; provided, that any real or personal property, machinery, equipment, furniture or fixtures installed by the Lessee as part of the Project without expense to the County and not constituting a part of the Leased Equipment may be removed by the Lessee at any time and from time to time while it is not in default under this agreement; and provided further, that any damage to the Project occasioned by such removal shall be repaired by the Lessee at its own expense. The Lessee will not permit any mechanics' or other liens to be established or remain against the Project for labor or materials furnished in connection with any additions, modifications, improvements, repairs, renewals or replacements so made by it; provided, that, if the Lessee shall first notify the Trustee of its intention so to do, the Lessee may in good faith contest any mechanics' or other liens filed or established against the Project, and in such event may permit the items so contested to remain undischarged and unsatisfied during the period of such contest and any appeal therefrom unless the County or the Trustee shall notify the Lessee that by non-payment of any such items the lien of the Indenture as to any part of the Project will be materially endangered or the Project or any part thereof will be subject to loss or forfeiture, in which event the Lessee shall promptly pay and cause to be satisfied and discharged all such unpaid items or secure such payment by posting a bond, in form satisfactory to the County and the Trustee, with the Trustee. The County will cooperate fully with the Lessee in any such contest.

In the event that Lessee prior to such removal of items of Leased Equipment from the Project has acquired and installed machinery or equipment with its own funds which has become part of the Leased Equipment, Lessee may take credit to the extent of the amount so spent by it less any accumulated depreciation against the requirement that it either substitute and install other machinery and equipment having equal or greater value or that it make payment into the Bond Fund, providing that the provisions of this sentence shall not relieve the Lessee of its obligations under the first sentence of Section 6.1 hereof.

The removal from the Project of any portion of the Leased Equipment pursuant to the provisions of this Section shall not entitle the Lessee to any abatement or diminution of the rents payable under Section 5.3 hereof.

Any consideration received by the Lessee in connection with the foregoing shall be retained by the Lessee. No conveyance or release effected under the provisions of this Section shall entitle the Lessee to any abatement or diminution of the rents payable under Section 5.3 hereof.

SECTION 8.6. Granting of Easements. If no event of default under this agreement shall have happened and be continuing, the Lessee may at any time or times (i) grant easements, licenses, rights of way (including the dedication of public highways) and other rights or privileges in the nature of easements with respect to any property included in the Project, free from the Indenture, or (ii) release existing easements, licenses, rights of way and other rights or privileges, all with or without consideration and upon such terms and conditions as the Lessee shall determine, and the County agrees that it will execute and deliver and will cause and direct the Trustee to execute and deliver any instrument necessary or appropriate to confirm and grant or release any such easement, license, right of way or other right or privilege, upon receipt by the County and the Trustee of: (i) a copy of the instrument of grant or release, (ii) a written application signed by the Authorized Lessee Representative requesting such instrument and (iii) a certificate executed by the Authorized Lessee Representative stating (1) that such grant or release is not detrimental to the proper conduct of the business of the Lessee, and (2) that such grant or release will not impair the effective use or interfere with the efficient and economical operation of the Project and will not in any material respect weaken, diminish or impair the security intended to be given by or under the Indenture. If the instrument of grant shall so provide, any such easement or right and the rights of such other parties thereunder shall be superior to the rights of the County and the Trustee under this agreement and the Indenture and shall not be affected by any termination of this agreement or default on the part of the Lessee hereunder. If no event of default shall have happened and be continuing, any payments or other consideration received by the Lessee for any such grant shall be and remain the property of the Lessee but, in the event of the termination of this agreement or default of the Lessee, all rights then existing of the Lessee with respect to or under such grant, shall inure to the benefit of and be exercisable by the County and the Trustee.

SECTION 8.7. Release and Indemnification Covenants. The Lessee releases the County from, agrees that the County shall not be liable for and agrees to hold the County harmless against, any loss or damage to property or any injury to or death of any person that may be occasioned by any defect in the Leased Land, the Facility or the Leased Equipment or other improvements on the Leased Land or by any cause whatsoever pertaining to the Project or the use thereof; provided, that the indemnity provided in this sentence shall be effective only to the extent of any loss that might be sustained by the County in excess of the Net Proceeds received from any insurance carried with respect to the loss sustained.

Whenever under the provisions of this agreement the approval of the Lessee is required or the County is required to take some action at the request of the Lessee, such approval shall be given or such request shall be made by the Authorized Lessee Representative or the Project Supervisor unless otherwise specified in this agreement and the County shall be authorized to act on any such approval or request and the Lessee shall have no complaint against the County as a result of any such action taken.

SECTION 8.8. Financial Statements of Lessee. The Lessee agrees that it will furnish to the Trustee and the County a copy of each of the financial statements certified by a certified public accountant that it customarily furnishes to its stockholders.

SECTION 10.3. *No Remedy Exclusive.* No remedy herein conferred upon or reserved to the County or to the Trustee is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this agreement or now or hereafter existing at law or in equity or by statute. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the County or the Trustee to exercise any remedy reserved to it in this Article, it shall not be necessary to give any notice, other than such notice as may be herein expressly required. Such rights and remedies as are given the County hereunder shall also extend to the Trustee and the Trustee and the holders of the Bonds issued under the Indenture shall be deemed third party beneficiaries of all covenants and agreements herein contained.

SECTION 10.4. Agreement to Pay Attorneys' Fees and Expenses. In the event the Lessee should default under any of the provisions of this agreement and the County or the Trustee should employ attorneys or incur other expenses for the collection of rent or the enforcement of performance or observance of any obligation or agreement on the part of the Lessee herein contained, the Lessee agrees that it will on demand therefor pay to the County or the Trustee the fee of such attorneys and such other expenses so incurred by the County or the Trustee.

SECTION 10.5. No Additional Waiver Implied by One Waiver. In the event any agreement contained in this Lease Agreement should be breached by either party and thereafter waived by the other party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other breach hereunder.

(b) The Lessee, the County and the Trustee shall execute and deliver all instruments and shall furnish all information and evidence deemed necessary or advisable by such counsel in order to enable him to render the opinion referred to in subsection (a) (4) of this Section 12.3. The Trustee shall file and record and re-record or cause to be filed and recorded and re-recorded all instruments required to be filed and recorded and re-recorded pursuant to the opinion of such counsel and shall continue or cause to be continued the liens of such instruments for so long as the Bonds shall be outstanding, except as otherwise in this agreement required.

SECTION 12.4. Binding Effect. This agreement shall inure to the benefit of and shall be binding upon the County, the Lessee and their respective successors and assigns, subject, however, to the limitations contained in Sections 8.3, 9.1, 9.2 and 9.3 hereof.

SECTION 12.5. Severability. In the event any provision of this agreement shall be held invalid or unenforceable by any court of competent jurisdiction, such holding shall not invalidate or render unenforceable any other provision hereof.

SECTION 12.6. Amounts Remaining in the Bond Fund. It is agreed by the parties hereto that any amounts remaining in the Bond Fund or the Construction Fund upon expiration or sooner termination of the Lease Term, as provided in this agreement, after payment in full of the Bonds (or provision for payment thereof having been made in accordance with the provisions of the Indenture) and the fees, charges and expenses of the Trustee and paying agents and the County in accordance with the Indenture shall belong to and be paid to the Lessee by the Trustee as overpayment of rents.

SECTION 12.7. Amendments, Changes and Modifications. Except as otherwise provided in this agreement or in the Indenture, subsequent to the issuance of Bonds and prior to the payment in full of the Bonds (or provision for the payment thereof having been made in accordance with the provisions of the Indenture), this agreement may not be effectively amended, changed, modified, altered or terminated without the concurring written consent of the Trustee and Guarantor or their respective successors and assigns, given in accordance with the provisions of the Indenture, except that no such written consent of the Guarantor shall be necessary with respect to any termination of this agreement pursuant to Section 10.2 hereof or further description of the Project pursuant to Section 12.3 hereof. Subject to the limitations provided herein, in the case of any actual or attempted amendment, change, modification, alteration, or termination of this agreement without such prior written consent, then the Guarantor shall have the right, in addition to any other remedy for any breach or attempted breach of this covenant, to proceed in equity for such relief as may be appropriate including, without limitation, mandatory injunction and specific performance or such other relief as may appear necessary or desirable to enforce performance and observance of the agreements and covenants of the Lessee and the County under this Section 12.7.

SECTION 12.8. Net Lease. This agreement shall be deemed and construed to be a "net lease", and the Lessee shall pay absolutely net during the Lease Term the rent and all other payments required hereunder, free of any deductions, without abatement, diminution or set-off other than those herein expressly provided.

SECTION 12.9. Recording. This Lease Agreement and every assignment and modification hereof or an appropriate and sufficient memorandum thereof shall be recorded in the office of the County Clerk of the County as ex officio Recorder of Deeds, or in any such other office as may be at the time provided by law as the proper place for the recordation of a deed conveying the Project. This Lease Agreement as originally executed or an appropriate and sufficient memorandum thereof shall be so recorded prior to the recordation of the Indenture.

SECTION 12.10. Execution of Counterparts. This agreement may be simultaneously executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

SECTION 12.11. Guaranty and Conveyance to Trustee. The obligations of the Lessee under this Agreement are guaranteed by Hoerner Waldorf Corporation pursuant to a Guaranty dated as of June 1, 1971. Performance by Hoerner Waldorf Corporation of any of the obligations of the Lessee under this Agreement shall be considered performance by the Lessee. This Agreement is to be conveyed to the Trustee, pursuant to the Indenture.

IN WITNESS WHEREOF, the County and the Lessee have caused this agreement to be executed in their respective corporate names and their respective corporate seals to be hereunto affixed and attested by their duly authorized officers, all as of the date first above written.

All moneys remaining in the Construction Fund after the Completion Date and after payment or provision for payment of all other items provided for in the preceding subsections (a) to (j), inclusive, of this Section shall, at the direction of the Lessee, be paid into the Bond Fund, except for amounts retained by the Trustee with the approval of the Authorized Lessee Representative for payment

of items included in the Cost of the Project but not then due and payable, any balance remaining of such retained funds after full payment of the Cost of the Project to be paid into the Bond Fund.

The Trustee may advance moneys from the Construction Fund (including amounts retained under the immediately preceding paragraph of this Section) to the Lessee or the Lessor or a contractor acting as agent of the Lessee or the Lessor for use by the Lessee or the Lessor or such agent in making the payments referred to in the preceding subsections (d), (e) and (j) of this Section, if there is furnished to the Trustee an agreement satisfactory to the Trustee, executed by the Lessee indemnifying the Trustee against any loss occasioned by the failure of the Authorized Lessee Representative to certify on or before the Completion Date that the amounts so advanced have been used to make payments referred to in said subsections (d), (e) and (j) or are being retained in accordance with said preceding paragraph to make such payments.

Before any of the payments referred to in the preceding subsections (d), (e), (g), (h), (i) and (j) of this Section may be made, the Authorized Lessee Representative shall certify with respect to each such payment (i) that none of the items for which the payment is proposed to be made has previously been paid from the Construction Fund or has formed the basis for any payment theretofore made from the Construction Fund and (ii) that each item for which the payment is proposed to be made is or was necessary or appropriate in connection with the Project.

The Completion Date shall be evidenced to the Trustee by a certificate signed by the Authorized Lessee Representative stating the Cost of the Project and that, except for amounts retained by the Trustee for the Cost of the Project not then due and payable as provided in Section 4.3, (i) construction of the Facility has been completed substantially in accordance with the Plans and Specifications therefor and all labor, services, materials and supplies used in such construction have been paid for and (ii) all other facilities

necessary in connection with the Project have been constructed, acquired and installed in accordance with the Plans and Specifications therefor and all costs and expenses incurred in connection therewith have been paid. Notwithstanding the foregoing, such certificate shall state that it is given without prejudice to any rights against third parties which exist at the date of such certificate or which may subsequently come into being.

SECTION 4.6 Lessee Required to Pay Cost of the Project in Event Construction Fund Insufficient. In the event that moneys in the Construction Fund available for payment of the Cost of the Project (including moneys from the proceeds of any Additional Bonds issued for the purpose of financing the cost of completing the Project pursuant to Section 207 of the Indenture) should not be sufficient to pay the Cost of the Project in full, the Lessee agrees to complete the Project and to pay all that portion of the Cost of the Project as may be in excess of the moneys available therefor in the Construction Fund or to pay into the Construction Fund an amount equal to such excess and sufficient to complete the Project. The Lessor does not make any warranty, either express or implied, that the moneys which will be paid into the Construction Fund and which under the provisions of this Agreement, will be available for payment of the Cost of the Project will be sufficient to pay all the costs which will be incurred in that connection. The Lessee agrees that if, after exhaustion of the moneys in the Construction Fund, the Lessee should pay any portion of the said Cost of the Project pursuant to the provisions of this Section, it shall not be entitled to any reimbursement therefor from the Lessor or from the Trustee or from the holders of any of the Bonds, nor shall it be entitled to any abatement or diminution of the rents payable under Section 5.3 hereof.

SECTION 4.7 Lessee to Pursue Remedies Against Contractors and Subcontractors and Their Sureties. In the event of default of any contractor or subcontractor under any contract made by it in connection with the Project, the Lessee will promptly proceed (subject to the Lessee's determination to the contrary), either separately or in conjunction with others including the Lessor, to exhaust the remedies of the Lessee against the contractor or subcontractor so in default and against each such surety for the performance of such contract. The Lessee agrees to advise the Lessor of the steps it intends to take in connection with any such default. If the Lessee shall so notify the Lessor, the Lessee may, in its own name or in the name of the Lessor, or in both names, prosecute or defend any action or proceeding or take any other action involving any such contractor, subcontractor or surety which the Lessee deems reasonably necessary, and in such event the Lessor hereby agrees to cooperate fully with the Lessee and to take all action necessary to effect the substitution of the Lessee for the Lessor in any such action or proceedings. Any amounts recovered by way of damages, refunds,

adjustments or otherwise in connection with the foregoing prior to the Completion Date shall be paid into the Construction Fund and after the Completion Date shall be paid into the Bond Fund.

SECTION 4.8 Investment of Moneys in the Construction Fund and Bond Fund. Any moneys held as a part of the Construction Fund or the Bond Fund shall, to the extent permitted by law, be invested or reinvested by the Trustee upon the written request and direction of the Lessee in (i) Government Obligations, (ii) certificates of deposit issued by, or bankers' acceptances drawn on and accepted by, commercial banks having capital and combined surplus of not less than \$150,000,000, (iii) obligations issued or guaranteed by the State of Montana, (iv) repurchase agreements with solvent banking or other financial institutions with respect to any of the investments or securities referred to in subsections (i) or (ii) above, or (v) any other obligations or securities to the extent that moneys in the Construction Fund or Bond Fund are permitted to be invested therein under applicable law.

SECTION 4.9 Use of Bond Proceeds. The Lessee will not submit any requisition to the Trustee or receive any advances which requisitions, if paid or advances if made, would result (upon the expenditure to pay Exempt Costs of the balance of the proceeds of the Bonds on deposit in the Construction Fund after the payment of such requisition) in less than 90% of the net proceeds of the Bonds being used to pay Exempt Costs; provided, that anything to the contrary in this Agreement notwithstanding, the exclusive remedy for any violation of the provisions of this Section 4.9 shall be to require the Lessee to repay to the Trustee, for deposit in the Construction Fund, any moneys paid pursuant to such a requisition. In such event, the items for which payment was made shall thereafter not be considered to constitute a portion of the Facilities hereunder. The Lessee will maintain such records in connection with the, acquisition of the Facilities as to permit ready identification of the items for which such proceeds were expended. Investment proceeds earned on amounts held in the Construction Fund may, at the election of the Lessee, either: (i) be used to pay any item of Cost of the Project; or (ii) transferred to the Bond Fund to pay debt service on the Bonds.

SECTION 5.2 Delivery and Acceptance of Possession. The Lessor agrees to deliver to the Lessee sole and exclusive possession of the Project (subject to the right of the Lessor and the Trustee to enter thereon for inspection purposes and to the other provisions of Section 8.2 hereof) on the Completion Date and the Lessee agrees to accept possession of the Project upon such delivery; provided, however, that the Lessee shall be permitted such possession of the Project prior to the Completion Date as shall not interfere with the construction, acquisition or installation of the Facility. The Lessor covenants and represents that as long as the Lessee has paid the rent and all other sums payable by it hereunder, and has duly observed all the covenants and agreements herein contained on its part to be performed, the Lessee shall have, hold and enjoy, during the Lease Term, peaceful, quiet and undisturbed possession of the Project subject to the terms and provisions hereof, and the Lessor shall from time to time take all necessary action to that end.

SECTION 5.3 Rents and Other Amounts Payable. (a) On or before each semi-annual interest payment date on the Bonds (commencing with December 1, 1978 for the 1978 Bonds) and continuing thereafter until the principal of, premium, if any, and interest on the Bonds shall have been fully paid or provision for the payment thereof shall have been made in accordance with the Indenture, the Lessee shall pay as rent for the Project a sum equal to the amount payable on such date in immediately available funds as principal (whether at maturity or by redemption as provided in Section 301 or Section 307 of the Indenture) and premium, if any, and interest on the Bonds, as provided in the Indenture; provided, that any amount at any time held by the Trustee in the Bond Fund for the payment of the Bonds shall, at the election of the Lessee, be credited against the aforesaid rent obligations next required to be met by the Lessee, to the extent such amount is in excess of the amount required for payment of (i) any Bonds theretofore matured or called for redemption and (ii) past due interest, in all cases where such Bonds or coupons have not been presented for payment; and provided further, that if at

any time the amount held by the Trustee in the Bond Fund shall be sufficient to pay at the times required the principal of and interest and redemption premium, if any, on all of the Bonds then remaining unpaid together with any unpaid amounts accrued under subsection (b) of this Section, the Lessee shall not be obligated to make any further payments under the provisions of subsections (a) and (b) of this Section.

If at any interest payment date the balance in the Bond Fund is insufficient to make required payments of principal (whether at maturity or by redemption as provided in Sections 301 and 307 of the Indenture or by acceleration as provided in Section 902 of the Indenture) and premium, if any, and interest on the Bonds on such date, the Lessee will forthwith pay any such deficiency to the Trustee for deposit in the Bond Fund.

(b) The Lessee agrees to pay to the Trustee commencing with the Completion Date, and continuing until the principal of and interest and any redemption premium on all of the Bonds shall have been fully paid or provision for the payment thereof shall have been made in accordance with the provisions of the Indenture, (i) the annual fee of the Trustee for the ordinary services of the Trustee rendered and its ordinary expenses, as and when the same become due, incurred under the Indenture, (ii) the reasonable fees and charges of the Trustee, Bond Registrar and Paying Agent, and any other paying agents on the Bonds for acting as paying agents as provided in the Indenture as and when the same become due, (iii) the reasonable fees and charges of the Trustee for necessary extraordinary services rendered by it and extraordinary expenses incurred by it under the Indenture, as and when the same become due; provided, that the Lessee may, without creating a default hereunder, contest in good faith the necessity for any such extraordinary services and extraordinary expenses and the reasonableness of any such fees, charges or expenses, and (iv) reasonable and necessary costs and expenses of the Lessor incurred in connection with the Project.

(c) Subject to the provisions of Section 9.8 hereof, in the event the Lessee should fail to make any of the payments required in this Section, the item or installment so in default shall continue as an obligation of the Lessee until the amount in default shall have been fully paid, and the Lessee agrees to pay the same with interest thereon, to the extent permitted by law, at the highest rate borne by the Bonds per annum (on a 360-day basis) until paid.

SECTION 5.4 Place of Rental Payments. The rent provided for in Section 5.3(a) hereof shall be paid directly to the Trustee for the account of the Lessor and shall be deposited in the Bond Fund. The additional payments to be made to the Trustee under Section 5.3(b) hereof shall be paid directly to the Trustee for its

own use or for disbursement to the paying agents, as the case may be.

SECTION 5.5 Obligations of Lessee Hereunder Unconditional.
Subject to the provisions of Section 9.8 hereof, the obligations of the Lessee to make payments required in Section 5.3 hereof and to perform and observe the other agreements on its part contained herein shall be absolute and unconditional and until such time as the principal of and interest and any redemption premium on the Bonds shall have been fully paid or provision for the payment thereof shall have been made in accordance with the Indenture, the Lessee (i) will not suspend or discontinue any payments provided for in Section 5.3 hereof, (ii) will perform and observe all of its other agreements contained in this Agreement, and (iii) except as provided in Article XI will not terminate the Lease Term for any cause including, without limiting the generality of the foregoing, failure of the Lessor to complete the Project, any acts or circumstances that may constitute failure of consideration, destruction of or damage to the Project, commercial frustration of purpose, any change in the tax or other laws of the United States of America or of Montana or any political subdivision of either thereof or any failure of the Lessor to perform and observe any agreement, whether express or implied, or any duty, liability or obligation arising out of or connected with this Agreement. Nothing contained in this Section shall be construed to release the Lessor from the performance of any of the agreements on its part herein contained; and in the event the Lessor should fail to perform any such agreement on its part, the Lessee may institute such action against the Lessor as the Lessee may deem necessary to compel performance or recover its damages for nonperformance so long as such action shall not do violence to the agreements on the part of the Lessee contained in the first sentence of this Section. The Lessee may, however, at its own cost and expense and in its own name or in the name of the Lessor, prosecute or defend any action or proceeding or take any other action involving third persons which the Lessee deems reasonably necessary in order to secure or protect its right of possession, occupancy and use hereunder, and in such event the Lessor hereby agrees to cooperate fully with the Lessee and to take all action necessary to effect the substitution of the Lessee for the Lessor in any such action or proceeding if the Lessee shall so request.

ARTICLE VI

OPERATION, MAINTENANCE, TAXES AND INSURANCE

SECTION 6.1 Operation, Maintenance and Modifications of Project by Lessee. The Lessee agrees that it will (i) at its own expense keep the Project in as reasonably safe condition as its operation shall permit and (ii), during such time as the Project is in operation, keep the Facility and all other improvements forming a part of the Project in good repair and in good operating condition, making from time to time all necessary repairs thereto and renewals and replacements thereof, the Lessee may, also at its own expense, make from time to time any additions, modifications or improvements to the Project it may deem desirable for its business purposes that do not adversely affect or change the qualification of the Project as a facility described in Section 103(b)(4) of the Code to the extent necessary for the exemption under Section 103(a)(1) thereunder to apply; provided, that all such additions, modifications and improvements located wholly within the boundary lines of the Leased Land shall become a part of the Project; provided, that any real or personal property, machinery, equipment, furniture or fixtures installed by the Lessee as part of but not in substitution for any part of the Project without expense to the Lessor may be removed by the Lessee at any time and from time to time while it is not in default under this Agreement; and provided further that any damage to the Project occasioned by such removal shall be repaired by the Lessee at its own expense. The Lessee will not permit any mechanics' or other liens to be established and remain against the Project for labor or materials furnished in connection with any additions, modifications, improvements, repairs, renewals or replacements so made by it if the Lessor or the Trustee shall notify the Lessee that by nonpayment of any such items the Project or any part thereof will be subject to loss or forfeiture, in which event the Lessee shall promptly pay and cause to be satisfied and discharged all such unpaid items or secure such payment by posting a bond, in form satisfactory to the Lessor and the Trustee, with the Trustee. The Lessor will cooperate fully with the Lessee in any such contest.

SECTION 6.2 Removal of Parts of the Facility. The Lessor shall not be under any obligation to renew, repair or replace any inadequate, obsolete, worn out, unsuitable, undesirable or unnecessary parts of the Facility. In any instance where the Lessee in its sole discretion determines that any parts of the Facility have become inadequate, obsolete, worn out, unsuitable, undesirable or unnecessary, the Lessee may remove such parts of the Facility from the Project and (on behalf of the Lessor) sell, trade in, exchange or otherwise dispose of them (as a whole or in part) without any responsibility or accountability to the Lessor or the Trustee therefor, provided, that the Lessee shall either:

(a) Substitute (either by direct payment of the costs thereof or by advancing to the Lessor the funds necessary therefor) and install anywhere on or adjacent to the Leased Land other machinery, equipment or related property having equal or greater utility (but not necessarily having the same function) in the operation of the Facility (provided such removal and substitution shall not adversely affect or change the Facility as a facility described in Section 103(b)(4) of the Code to the extent necessary for the exemption under Section 103(a)(1) thereunder to apply), all of which substituted machinery, equipment or related property shall be free of all liens and encumbrances (other than Permitted Encumbrances) and shall become a part of the Facility; or

(b) Not make any such substitution and installation provided (i) that in the case of the sale of any item constituting part of the Facility to anyone other than itself or in the case of the scrapping thereof, the Lessee shall pay into the Bond Fund the proceeds from such sale or the scrap value thereof, as the case may be (ii) that in the case of the trade-in of any item constituting part of the Facility, the Lessee shall pay into the Bond Fund the amount of the credit received by it in such trade-in and (iii) that in the case of the sale to itself of any item constituting part of the Facility or in the case of any other disposition thereof the Lessee shall pay into the Bond Fund an amount equal to the original cost thereof to the County less depreciation to date of disposition using such rates and methods as the Lessee normally employs in recording depreciation on its books for similar machinery, equipment or related property.

In the event that the Lessee prior to such removal of items constituting part of the Facility from the Project has acquired and installed machinery or equipment with its own funds which has become part of the Facility, Lessee may take credit to the extent of the amount so spent by it less any accumulated depreciation against the requirement that it either substitute and install other machinery and equipment having equal or greater utility or that it make payment into the Bond Fund, provided, that any machinery or equipment for which credit is so taken shall thereafter be subject to removal only upon compliance with this Section 6.2 and provided, further, that the provisions of this sentence shall not relieve the Lessee of its obligations under the first sentence of Section 6.1 hereof.

The removal from the Project of any item constituting part of the Facility pursuant to the provisions of this Section shall not entitle the Lessee to any abatement or diminution of the rents payable under Section 5.3 hereof.

The Lessee will promptly report to the Trustee each such removal, substitution, sale and other disposition and will pay to the Trustee such amounts as are required by the provisions of the

preceding subsection (b) of this Section to be paid into the Bond Fund promptly after any sale, trade-in or other disposition requiring such payment, provided that no such report and payment need be made until the amount to be paid into the Bond Fund on account of all such sales, trade-ins or other dispositions not previously reported aggregates at least \$250,000. The Lessee will not remove, or permit the removal of, any item constituting part of the Facility from the Leased Land except in accordance with the provisions of this Section 6.2 or as permitted under Section 6.1 hereof.

SECTION 6.3 Taxes, Other Governmental Charges and Utility Charges. The Lessee will pay, as the same respectively becomes due, all taxes and governmental charges of any kind whatsoever that may at any time be lawfully assessed or levied against or with respect to the Project or any machinery, equipment or other property installed or brought by the Lessee therein or thereon or with respect to the original issuance of the Bonds (including, without limiting the generality of the foregoing, any taxes levied upon or with respect to the income or profits of the Lessor from the Project which, if not paid, would become a lien on the Project or a charge on the revenues and receipts therefrom prior to or on a parity with the charge under the Indenture thereon and the pledge or assignment thereof to be created and made in the Indenture), all utility and other charges incurred in the operation, maintenance, use, occupancy and upkeep of the Project and all assessments and charges lawfully made by a governmental body for public improvements that may be secured by lien on the Project; provided, that with respect to special assessments or other governmental charges that may lawfully be paid in installments over a period of years, the Lessee shall be obligated to pay only such installments as are required to be paid during the Lease Term.

If the Lessee shall first notify the Trustee of its intention so to do, the Lessee may, at its expense and in its own name and behalf or in the name and behalf of the Lessor, in good faith contest any such taxes, assessments and other charges and, in the event of any such contest, may permit the taxes, assessments or other charges so contested to remain unpaid during the period of such contest and any appeal therefrom unless the Lessor or the Trustee shall notify the Lessee that by nonpayment of any such items the Project or any part thereof will be subject to loss or forfeiture, in which event such taxes, assessments or charges shall be paid promptly or secured by posting a bond, in form satisfactory to the Lessor and the Trustee, with the Trustee. In the event that the Lessee shall fail to pay any of the foregoing items required by this Section to be paid by the Lessee or shall fail to post such bond, the Lessor or the Trustee may (but shall be under no obligation to) pay the same or post such bond and any amounts so advanced therefor by the Lessor or the Trustee shall become an additional obligation of the Lessee to the one making the advancement until such shall have been fully paid, and the Lessee agrees to pay the same with interest thereon, to the

extent permitted by law, at the highest rate borne by the Bonds per annum (on a 360-day basis) until paid.

SECTION 6.4 Insurance Required. The Lessee agrees to maintain in effect insurance, with deductibles and limits which shall be similar to those carried by the Lessee for similar facilities against such risks, and in such amounts as are customarily insured against by the Lessee covering the following exposures:

- (a) Physical loss or damage to the Project, and
- (b) Bodily injury and property damage liability, including Worker's Compensation and Employers' Liability in respect of the Project;

provided, however, that the Lessee may at its option self-insure against any of the foregoing risks to the extent and in the manner that it desires to self-insure against such risks as is customarily required.

SECTION 6.5 Application of Net Proceeds of Insurance. The Net Proceeds of the insurance carried pursuant to the provisions of Section 6.4 hereof shall be applied as follows: (i) the Net Proceeds of the insurance required in Section 6.4(a) hereof shall be applied as provided in Section 7.1 hereof and (ii) the Net Proceeds of the liability insurance required in Section 6.4(b) hereof shall be applied toward extinguishment or satisfaction of the liability covered by such insurance.

SECTION 6.6 Additional Provisions Respecting Insurance. Except for self insurance, all insurance required by Section 6.4 hereof shall be taken out and maintained through generally recognized responsible insurance companies, authorized to do an insurance business in the State of Montana, selected by the Lessee and acceptable to the Trustee. All policies evidencing such insurance shall provide for payment of the losses to the Lessor, the Lessee and the Trustee as their respective interests may appear, and the policies required by Section 6.4(a) shall require that all Net Proceeds of insurance resulting from any property damage claim in excess of \$1,000,000 for loss or damage covered thereby be paid to the Trustee; provided, however, that all claims regardless of amount may be adjusted by the Lessee with the insurers.

All such policies, or a certificate or certificates of the insurers that such insurance is in force and effect, shall be deposited with the Trustee; and prior to expiration of any such policy, the Lessee shall furnish the Trustee with evidence satisfactory to the latter that the policy has been renewed or replaced or is no longer required by this Agreement.

In lieu of separate policies, the Lessee may maintain blanket policies having the same coverage required herein, in which event it shall deposit with the Trustee a certificate or certificates of the respective insurers as to the amount of coverage in force upon the Project.

SECTION 6.7 Advances by Lessor or Trustee. In the event the Lessee shall fail to keep the Project in as reasonably safe condition as its operating conditions will permit, or shall fail to keep the Facility in good repair and good operating condition and provided the Lessee shall not have elected not to renew, repair, or replace such elements of the Project pursuant to Section 6.2 hereof, then the Lessor or the Trustee may (but shall be under no obligation to) make the required repairs, renewals and replacements; and all amounts so advanced therefor by the Lessor or the Trustee shall become an additional obligation of the Lessee to the one making the advancement, which amounts, together with interest thereon at the highest rate borne by the Bonds per annum (on a 360-day basis) from the date thereof, the Lessee agrees to pay.

ARTICLE VII

DAMAGE, DESTRUCTION AND CONDEMNATION

SECTION 7.1 Damage and Destruction. Unless the Lessee shall have elected to exercise its option to purchase pursuant to the provisions of Section 11.2(a) hereof, if prior to full payment of the Bonds (or provision for payment thereof having been made in accordance with the provisions of the Indenture) the Project is damaged or destroyed (in whole or in part) by fire or other casualty to such extent that the claim for loss under the insurance policies required to be carried under the provisions of Section 6.4(a) hereof resulting from such damage or destruction is not greater than \$1,000,000, the Lessee (i) will promptly replace, repair, rebuild or restore the property damaged or destroyed to substantially the same condition thereof as existed prior to the event causing such damage or destruction, with such changes, alterations and modifications (including the substitution and addition of other property) as may be desired by the Lessee and as will not impair unduly operating unity or productive capacity or the character of the Project as a facility described in Section 103(b)(4) of the Code (to the extent necessary for the exemption under Section 103(a)(1) thereunder to apply), and (ii) will apply for such purpose so much as may be necessary of any Net Proceeds of insurance resulting from claims for such losses, as well as any additional moneys of the Lessee necessary therefor subject to Permitted Encumbrances. All Net Proceeds of insurance

resulting from claims for such losses not in excess of \$1,000,000 shall be paid to the Lessee, subject to Permitted Encumbrances.

Unless the Lessee shall have elected to exercise its option to purchase pursuant to the provisions of Section 11.2(a) hereof, if prior to full payment of the Bonds (or provision for payment thereof having been made in accordance with the provision of the Indenture) the Project is damaged or destroyed (in whole or in part) by fire or other casualty to such extent that the claim for loss under the insurance policies required to be carried under the provisions of Section 6.4(a) hereof resulting from such damage or destruction is in excess of \$1,000,000, the Lessee shall promptly give written notice thereof to the Trustee. All Net Proceeds of insurance resulting from claims for such losses in excess of \$1,000,000 shall, subject to Permitted Encumbrances, be paid to and held by the Trustee as a separate trust account and applied in one or more of the following ways as shall be directed in writing by the Lessee:

(a) To the replacement, repair, rebuilding or restoration by the Lessee, or the Lessor at the Lessee's direction, of the property damaged or destroyed to substantially the same condition thereof as existed prior to the event causing such damage or destruction, with such changes, alterations and modifications (including the substitution and addition of other property) as may be desired by the Lessee and as will not impair unduly operating unity or productive capacity or the character of the Project as a facility described in Section 103(b)(4) of the Code (to the extent necessary for the exemption under Section 103(a)(1) thereunder to apply), in which case the Trustee will apply so much as may be necessary of the Net Proceeds of such insurance to the payment of the costs of such replacement, repair, rebuilding or restoration.

(b) To the acquisition, by construction or otherwise by the Lessor of other improvements suitable for the Lessee's operations on the Lessor Land (which improvements shall be deemed a part of the Project and available for use and occupancy by the Lessee without the payment of any rent other than herein provided to the same extent as if such other improvements were specifically described herein and devised hereby); provided that such improvements will not impair the character of the Project as a facility described in Section 103(b)(4) of the Code (to the extent necessary for the exemption under Section 103(a)(1) thereunder to apply), and shall be acquired by the Lessor subject to no liens or encumbrances other than Permitted Encumbrances.

(c) To the redemption of the Bonds to the date of redemption; provided that no part of such Net Proceeds may be applied for such redemption unless (i) all of the Bonds are to be redeemed in accordance with the Indenture upon exercise of the option to purchase provided for by Section 11.2(a) hereof or (ii) in the event that less

than all of the Bonds are to be redeemed, the Lessee shall furnish to the Trustee a certificate stating (1) that the property forming part of the Project that was so damaged or destroyed is not essential to the Lessee's use or occupancy of the Project, or (2) that the Project has been replaced, repaired, rebuilt or restored as contemplated by the foregoing subsection (a) of this Section, or (3) that improvements have been acquired which are suitable for the Lessee's operations at the site of the Project as contemplated by the foregoing subsection (b) of this Section.

In the event said Net Proceeds are not sufficient to pay in full the costs of such replacement, repair, rebuilding, restoration or acquisition, the Lessee will nonetheless complete the work thereof, and will pay that portion of the costs thereof in excess of the amount of said Net Proceeds or will pay to the Lessor and the Trustee the moneys necessary to complete said work, in which case the Lessor will proceed so to complete said work.

The Lessee shall not, by reason of the payment of such excess costs (whether by direct payment thereof or payments to the Lessor or Trustee therefor), be entitled to any reimbursement from the Lessor, the Trustee or the holders of the Bonds, or any abatement or diminution of the rents payable under Section 5.3 hereof.

Unless the Lessee shall have elected to exercise its option to purchase pursuant to the provisions of Section 11.2(a) hereof, within 90 days from the date of such damage or destruction the Lessee shall direct the Lessor and the Trustee in writing as to which of the ways specified in this Section the Lessee elects to have said Net Proceeds applied.

Any balance of such Net Proceeds remaining after payment of all the costs of such replacement, repair, rebuilding, restoration or acquisition shall be paid into the Bond Fund. If the Lessee shall so direct the Trustee in writing within 90 days following the payment of any such Net Proceeds into the Bond Fund, the Trustee shall cause such funds, or such part thereof as the Lessee shall direct, to be applied by the Trustee to the redemption at the earliest practicable date of Bonds at the principal amount thereof.

If the Bonds have been fully paid or provision for the payment thereof has been made in accordance with the provisions of the Indenture, all such Net Proceeds shall be paid to the Lessee.

SECTION 7.2 Condemnation. Unless the Lessee shall have elected to exercise its option to purchase pursuant to the provisions of Section 11.2(b) hereof, in the event that title to, or the temporary use of, the Project or any part thereof shall be taken under the exercise of the power of eminent domain by any governmental body or by any person, firm or corporation acting under governmental

authority, the Lessee shall be obligated to continue to make the rental payments specified in Section 5.3 hereof. Subject to Permitted Encumbrances, the Lessor, the Lessee and the Trustee will cause the Net Proceeds received by them or any of them from any award made in such eminent domain proceedings to be paid to and held by the Trustee as a separate trust account and applied in one or more of the following ways as shall be directed in writing by the Lessee:

(a) To the restoration of the Project to substantially the same condition thereof as existed prior to the exercise of the said power of eminent domain.

(b) To the acquisition, by construction or otherwise, of other improvements suitable for the Lessee's operations at the site of the Project (which improvements shall be deemed a part of the Project and available for use and occupancy by the Lessee without the payment of any rent other than herein provided to the same extent as if such other improvements were specifically described herein and demised hereby); provided that such improvements will not impair the character of the Project as a facility described in Section 103(b) (4) of the Code (to the extent necessary for the exemption under Section 103(a) (1) thereunder to apply), and shall be acquired by the Lessor subject to no liens or encumbrances other than Permitted Encumbrances.

(c) To the redemption of Bonds to the date of redemption; provided that no part of any such condemnation award may be applied for such redemption unless (i) all of the Bonds are to be redeemed in accordance with the Indenture upon exercise of the option to purchase provided for by Section 11.2(b) hereof or (ii) in the event that less than all of the Bonds are to be redeemed, the Lessee shall furnish to the Lessor and the Trustee stating (1) that the property forming a part of the Project that was taken by such condemnation proceedings is not essential to the Lessee's use or occupancy of the Project, or (2) that the Project has been restored to a condition substantially equivalent to its condition prior to the taking by such condemnation proceedings as contemplated by the foregoing subsection (a) of this Section, or (3) that improvements have been acquired which are suitable for the Lessee's operations at the site of the Project as contemplated by the foregoing subsection (b) of this Section.

Unless the Lessee shall have elected to exercise its option to purchase pursuant to the provisions of Section 11.2(b) hereof, within 90 days from the date of entry of a final order in any eminent domain proceedings granting condemnation the Lessee shall direct the Lessor and the Trustee in writing as to which of the ways specified in this Section the Lessee elects to have the condemnation award applied.

Any balance of such Net Proceeds of the award in such eminent domain proceedings remaining after payment of all the costs of such restoration or acquisition shall be paid into the Bond Fund. If the Lessee shall so direct the Lessor in writing within 90 days following the payment of any such Net Proceeds into the Bond Fund, the Lessor shall cause such funds, or such part thereof as the Lessee shall direct, to be applied by the Trustee to the redemption at the earliest practicable date of Bonds at the principal amount thereof.

If the Bonds have been fully paid or provision for the payment thereof has been made in accordance with the provisions of the Indenture, all such Net Proceeds shall be paid to the Lessee.

The Lessor shall cooperate fully with the Lessee in the handling and conduct of any prospective or pending condemnation proceeding with respect to the Project or any part thereof and will, to the extent it may lawfully do so, permit the Lessee to litigate in any such proceeding in the name and behalf of the Lessor. In no event will the Lessor voluntarily settle, or consent to the settlement of, any prospective or pending condemnation proceeding with respect to the Project or any part thereof without the written consent of the Lessee. The foregoing provision does not apply where the Lessor or another entity on behalf of the Lessor is exercising its power of eminent domain with respect to the Project.

SECTION 7.3 Condemnation of Lessee-Owned Property. The Lessee shall be solely entitled to the Net Proceeds of any condemnation award or portion thereof made for damage to or takings of its own property including but not limited to such buildings, improvements, machinery, equipment and fixtures which do not constitute part of the Project.

SECTION 7.4 Investment. Any moneys held by the Trustee under the provisions of Section 7.1 and Section 7.2 hereof shall at the written request of the Lessee be invested and reinvested by the Trustee in one or more of the investments enumerated in Section 4.8 hereof. Any earnings or profits therefrom shall be considered as part of the net proceeds and losses shall be charged against such net proceeds.

ARTICLE VIII

SPECIAL COVENANTS

SECTION 8.1 No Warranty of Condition or Suitability by the Lessor. The Lessor makes no warranty, either express or implied, as to the condition of the Project or that it will be suitable for the Lessee's purposes or needs.

SECTION 8.2 Inspection of the Project. The Lessee agrees that the Lessor, the Trustee and their, or either of their, duly authorized agents shall have the right at all reasonable times to enter upon the Leased Land and to examine and inspect the Project. The Lessee further agrees that the Lessor and its duly authorized agents shall have such rights of access to the Project as may be reasonably necessary to cause to be completed the construction and installation thereof, as provided for in Section 4.1 hereof, and thereafter for the proper maintenance of the Project in the event of failure by the Lessee to perform its obligations under Section 6.1 hereof.

SECTION 8.3 Lessee To Maintain its Corporate Existence; Conditions under Which Exceptions Permitted. The Lessee agrees that during the Lease Term it will maintain its corporate existence, will not dissolve or otherwise dispose of all or substantially all of its assets and will not consolidate with or merge into another corporation; provided, that the Lessee may, without violating the agreement contained in this Section, consolidate with or merge into another corporation, or sell or otherwise transfer to another corporation all or substantially all of its assets as an entirety and thereafter dissolve, provided the surviving, resulting or transferee corporation, as the case may be, shall be a domestic corporation (i.e., a corporation incorporated and existing under the laws of the United States or of the District of Columbia one of the states of the United States) or, if not a domestic corporation, that it appoint and maintain an agent for service of process in the State of Montana, and that the transferee corporation or the corporation resulting from or surviving such merger or consolidation shall expressly assume and agree in writing to pay and perform all of the obligations of the Lessee hereunder in an instrument satisfactory in form and content to the Trustee.

SECTION 8.4 Qualification in Montana. The Lessee warrants that it is and throughout the Lease Term it will continue to be duly qualified to do business in Montana.

SECTION 8.5 Use of the Project. The Lessee agrees that so long as it operates the Project under this Agreement, it will continue the operation of the Project as facilities for (i) the control, abatement or prevention of air pollution or (ii) the collection, storage, treatment, utilization, processing, or final disposal of solid waste. The Lessee agrees that, in the event it files an income tax return for any year of the construction period, all expenditures made as an item of the Cost of the Project (except expenses subject to capitalization pursuant to Section 266 of the Code) will be charged to capital or similar accounts of the Lessee for Federal income tax purposes and for normal accounting purposes, as opposed to being written off as a present deduction.

SECTION 8.6 Release of Certain Land. Notwithstanding any other provision of this Agreement, the parties hereto reserve the right at any time and from time to time to amend this Agreement for the purpose of effecting the release of and removal from this Agreement and the leasehold estate created hereby of any part of the Leased Land on which the Facility is not situated; provided, that if at the time any such amendment is made any of the Bonds are outstanding and unpaid, there shall be deposited with the Trustee the following:

(a) A copy of the said amendment as executed.

(b) A resolution of the Lessor (i) stating that the Lessor is not in default under any of the provisions of the Indenture and the Lessee is not to the knowledge of the Lessor in default under any of the provisions of this Agreement, (ii) giving an adequate legal description of that portion of the Leased Land to be released, (iii) stating that such release will not in any material respect weaken, diminish or impair the security intended to be given by or under the Indenture and (iv) requesting such release.

(c) A certificate of the Authorized Lessee Representative approving such amendment and stating that the Lessee is not in default under any of the provisions of this Agreement, and that the release so proposed to be made will not impair the usefulness of the Facility as an air pollution control and solid waste disposal facility and will not destroy the means of ingress thereto and egress therefrom.

Any consideration received by the Lessee in connection with the foregoing shall be retained by the Lessee. No conveyance or release effected under the provisions of this Section 8.6 shall entitle the Lessee to any abatement or diminution of the rents payable under Section 5.3 hereof.

SECTION 8.7 Granting of Easements. If no event of default under this Agreement shall have happened and be continuing, the Lessee may at any time or times (i) grant easements, licenses, rights of way (including the dedication of public highways) and other rights or privileges in the nature of easements with respect to any property included in the Project, or (ii) release existing easements, licenses, rights of way and other rights or privileges, all with or without consideration and upon such terms and conditions as the Lessee shall determine, and the Lessor agrees that it will execute and deliver and will cause and direct the Trustee to execute and deliver any instrument necessary or appropriate to confirm and grant or release any such easement, license, right of way or other right or privilege, upon receipt by the Lessor and the Trustee of: (i) a copy of the instrument of grant or release, (ii) a written application signed by the Authorized Lessee Representative requesting such instrument and (iii) a certificate executed by the Authorized Lessee Representative stating that such grant or release will not impair the effective use or interfere with the operation of the Project and will not in any material respect weaken, diminish or impair the security intended to be given by or under the Indenture. If the instrument of grant shall so provide, any such easement or right and the rights of such other parties thereunder shall be superior to the rights of the Lessor and the Trustee under this Agreement and the Indenture and shall not be affected by any termination of this Agreement or default on the part of the Lessee hereunder. If no event of default shall have happened and be continuing, any payment or other consideration received by the Lessee for any such grant shall be and remain the property of the Lessee but, in the event of the termination of this Agreement or default of the Lessee, all rights then existing of the Lessee with respect to or under such grant, shall inure to the benefit of and be exercisable by the Lessor and the Trustee.

SECTION 8.8 Release and Indemnification Covenants. The Lessee releases the Lessor from, agrees that the Lessor shall not be liable for and agrees to hold the Lessor harmless against, any loss or damage to property or any injury to or death of any person that may be occasioned by any defect in the Leased Land, or the Facility or other improvements on or adjacent to the Leased Land or by any cause whatsoever pertaining to the Project or the use thereof; provided, that the indemnity provided in this sentence shall be effective only to the extent of any loss that might be sustained by the Lessor in excess of the net proceeds received from any insurance carried with respect to the loss sustained.

Notwithstanding any other provisions of this Agreement to the contrary, the Lessee agrees that the Lessor shall not be liable for and agrees to indemnify and hold the Lessor harmless against any loss, damage, liability, penalties and costs that the Lessor may incur in connection with the Project, including but not limited to the construction, acquisition and installation of the Facility, or

the failure of the Project to comply with any Federal, state or municipal air and water pollution control laws and regulations; provided, however, that such indemnification does not apply to any loss, damage, liability, penalty and cost which the Lessor may incur as a result of its willful acts of misconduct or gross negligence.

Whenever under the provisions of this Agreement the approval of the Lessee is required or the Lessor is required to take some action at the request of the Lessee, such approval shall be given or such request shall be made by the Authorized Lessee Representative unless otherwise specified in the Agreement and the Lessor shall be authorized to act on any such approval or request and the Lessee shall have no complaint against the Lessor as a result of any such action taken.

SECTION 8.9 Annual Statement. As soon as available and in any event within 120 days after the close of each fiscal year of the Lessee, the Lessee will furnish to the Trustee a copy of the annual consolidated audit report (including balance sheet, profit and loss and surplus statement) of the Lessee and its subsidiaries for such fiscal year, all as prepared and certified by independent certified public accountants; provided, however, that if the annual report of the Lessee to its stockholders shall contain financial statements of substantially similar detail and similarly prepared and certified, copies of such annual report may be delivered in lieu of the copies of the audit report referred to herein.

ARTICLE IX

ASSIGNMENT, SUBLEASING AND SELLING; REDEMPTION; RENT PREPAYMENT AND ABATEMENT

SECTION 9.1 Assignment and Subleasing. This Agreement may be assigned and the Project may be subleased as a whole or in part by the Lessee without the necessity of obtaining the consent of either the Lessor or the Trustee, subject, however, to each of the following conditions:

(a) No assignment (other than pursuant to Section 8.3 hereof) or subleasing shall relieve the Lessee from primary liability for any of its obligations hereunder, and in the event of any such assignment or subleasing the Lessee shall continue to remain primarily liable for payment of the rent specified in Section 5.3 and clause (a) of Section 10.2 hereof and for performance and observance of the other agreements on its part herein provided to be performed and observed by it.

(b) The Lessee shall, within thirty days after the delivery thereof, furnish or cause to be furnished to the Lessor and to the Trustee a true and complete copy of each such assignment or sublease, as the case may be.

SECTION 9.2 Assignment by Lessor. The Lessor will assign its interest in this Agreement and assign its interest in and pledge any moneys receivable under this Agreement to the Trustee pursuant to the Indenture as security for payment of the principal of and the interest and any redemption premium on the Bonds, but any such assignment or pledge shall be subject and subordinate to this Agreement.

SECTION 9.3 Restrictions on Transfer of Project by Lessor. Subject to Permitted Encumbrances and subject to the provisions of this Agreement, the Lessor agrees that, except for the assignment of this Agreement and the rentals hereunder to the Trustee pursuant to the Indenture, it will not sell, assign, convey, mortgage, encumber or otherwise dispose of any part of the Project during the Lease Term.

SECTION 9.4 Redemption of Bonds. If the Lessee is not in default in the payment of rent under Section 5.3 hereof, the Lessor, at the request of the Lessee, at any time the aggregate moneys in the Bond Fund are sufficient to effect redemption and if the Bonds are then redeemable under the provisions of the Indenture, shall forthwith take all steps that may be necessary under the applicable redemption provisions of the Indenture to effect redemption of all or part of the then Outstanding Bonds as may be specified by the Lessee, on such redemption date as may be specified by the Lessee.

SECTION 9.5 Extraordinary Optional Redemption. The Lessor shall effectuate redemption of the Bonds at any time in whole at a redemption price equal to the principal amount thereof plus accrued interest to the date of redemption, upon the exercise by the Lessee of its option to purchase the Project if any of the events provided for in Section 11.2 hereof shall have occurred.

SECTION 9.6 Mandatory Acceleration of Repayment Without Premium Upon Happening of Certain Events. The Lessee shall be obligated, and agrees, to accelerate payment of the entire amount payable under Article V of the Agreement in respect to the 1978 Bonds in the event that it is finally determined by the Internal Revenue Service or by a court of competent jurisdiction that, as a result of the failure by the Lessee to observe any covenant, agreement or representation in this Agreement, the interest payable on the 1978 Bonds is includible for Federal income tax purposes in the gross income of any holder of a 1978 Bond, other than a "substantial user" of the Project or a "related person" as provided in Section 103(b) (6) and (7) of the Code. A partial redemption of the 1978 Bonds shall be

made under the foregoing circumstances, if, as a result of such partial redemption, interest payable on the remaining outstanding 1978 Bonds would not be so includible. Any such determination will not be considered final for this purpose unless the Lessee has been given written notice and, if it so desires, has been afforded the opportunity to contest the same, either directly or in the name of any holder of a 1978 Bond, and until the conclusion of any appellate review, if sought.

In any such case, the Lessee shall be obligated to pay a sum sufficient, together with any other funds held by the Trustee and available for such purposes, (i) to redeem, on the date specified pursuant to the Indenture, all outstanding 1978 Bonds at a redemption price equal to the principal amount of such Bonds, (ii) to pay the interest which will accrue on such 1978 Bonds to the date so fixed for their redemption, and (iii) to pay all Administration Expenses accrued and to accrue to the date fixed for such redemption. The Lessee agrees to make the payments required by this Section on or prior to the redemption date set for the 1978 Bonds pursuant to Section 301 of the Indenture.

In the event that the Lessee receives notice from the Trustee pursuant to Section 303 of the Indenture that a proceeding which could lead to a final determination as contemplated by said Section has been instituted against a Bondholder, the Lessee shall promptly notify the Trustee whether or not it intends to contest such proceeding. In the event that the Lessee chooses to so contest, it will use its best efforts to obtain a prompt final determination or decision in such proceeding or litigation and will keep the Trustee informed of any such proceeding or litigation.

SECTION 9.7 Prepayment of Rents. There is expressly reserved to the Lessee the right, and the Lessee is authorized and permitted, any time the Lessee may choose, to prepay all or any part of the rents payable under Section 5.3 hereof, and the Lessor agrees that the Trustee may accept such prepayment of rents when the same are tendered by the Lessee. All rents so prepaid shall be deposited in the Bond Fund and credited on the rental payments specified in Section 5.3 hereof in the order of their due dates unless applied, at the election of the Lessee, to the redemption or purchase of Outstanding Bonds in the manner and to the extent provided in the Indenture.

SECTION 9.8 Lessee Entitled to Certain Rent Abatements if Bonds Paid Prior to Maturity. If at any time the aggregate moneys in the Bond Fund shall be sufficient to retire in accordance with the provisions of the Indenture all of the Bonds at the time outstanding and to pay all fees and charges of the Trustee, the paying agents and the expenses of the Lessor due or to become due through the date on which the last of the Bonds is to be retired, under circumstances not

resulting in termination of the Lease Term, and if the Lessee is not at the time otherwise in default hereunder, the Lessee shall be entitled to use and occupy the Project from the date on which such aggregate moneys are in the hands of the Trustee to and including the balance of the Lease Term, without the payment of rent during that interval (but otherwise on the terms and conditions hereof).

SECTION 9.9 Installation of Lessee's Own Machinery and Equipment. In addition to the machinery and equipment installed by the Lessee under the provisions of Section 6.1 hereof which does not become part of the Project thereunder, the Lessee may from time to time, in its sole discretion and at its own expense, install additional machinery and equipment in the Facility or on the Leased Land which shall not become part of the Project. All machinery and equipment so installed by the Lessee shall, notwithstanding any other provisions contained herein, remain the sole property of the Lessee in which neither the Lessor nor the Trustee shall have any interest and may be modified or removed at any time while the Lessee is not in default hereunder. Nothing contained in the preceding provisions of this Section shall prevent the Lessee from purchasing, after delivery of the Indenture, such additional machinery and equipment on conditional sale contract or lease sale contract, or subject to vendor's lien or purchase money mortgage, as security for the unpaid portion of the purchase price thereof, and each such conditional sale contract, lease sale contract, vendor's lien or purchase money mortgage made by the Lessee with respect to machinery and equipment purchased by it under the provisions of this Section after the delivery of the Indenture shall, if filed for record in the proper office as required by law, simultaneously with or prior to the installation at the Project of the machinery and equipment covered thereby, be prior and superior to any landlord's lien. The Lessee agrees to pay, unless in good faith contested by it as due, the purchase price of and all costs and expenses with respect to the acquisition and installation of any machinery and equipment installed by it pursuant to this Section.

SECTION 9.10 References to Bonds Ineffective after Bonds Paid. Upon payment in full of the Bonds (or provision for payment thereof having been made in accordance with the provisions of the Indenture) and all fees and charges of the Trustee, the paying agent and the Lessor, all references in this Agreement to the Bonds and the Trustee shall be ineffective and neither the Trustee nor the holder of any of the Bonds shall thereafter have any rights hereunder, saving and excepting those that shall have theretofore vested.

ARTICLE X

EVENTS OF DEFAULT AND REMEDIES

SECTION 10.1 Events of Default Defined. The following shall be "events of default" under this Agreement and the terms "event of default" or "default" shall mean, whenever they are used in this Agreement, any one or more of the following events:

(a) (i) Failure by the Lessee to pay or cause to be paid when due any payment of the principal included in the rent payments required to be paid under Section 5.3 of this Agreement, or (ii) failure by the Lessee to pay or cause to be paid when due any payment of the interest included in the rent payments required to be paid under Section 5.3 of this Agreement, which failure shall continue for a period of thirty (30) days.

(b) Failure by the Lessee to observe and perform any covenant, condition or agreement in this Agreement on its part to be observed or performed, other than as referred to in subsection (a) of this Section, for a period of thirty days after written notice given to the Lessee by the Lessor or the Trustee, specifying such failure and requesting that it be remedied, unless the Lessor and the Trustee (with any required consent of Bondholders under the provisions of the Indenture) shall agree in writing to an extension of such time prior to its expiration.

(c) The dissolution or liquidation of the Lessee or the filing by the Lessee of a voluntary petition in bankruptcy, or failure by the Lessee within sixty days to lift any execution, garnishment or attachment of such consequence as will impair its ability to carry on its operations at the Project, or the commission by the Lessee of any act of bankruptcy, or adjudication of the Lessee as a bankrupt, or assignment by the Lessee for the benefit of its creditors, or the entry by the Lessee into an agreement of composition with its creditors, or the approval by a court of competent jurisdiction of a petition applicable to the Lessee in any proceeding for its reorganization instituted under the provisions of the general bankruptcy act, as amended, or under any similar act which may hereafter be enacted. The term "dissolution or liquidation of the Lessee", as used in this subsection, shall not be construed to include the cessation of the corporate existence of the Lessee resulting either from a merger or consolidation of the Lessee into or with another corporation or a dissolution or liquidation of the Lessee following a transfer of all or substantially all of its assets as an entirety, under the conditions permitting such action with respect to the Lessee contained in Section 8.3 hereof.

The foregoing provisions of this Section are subject to the following limitations: If by reason of force majeure the Lessee is unable in whole or in part to carry out its agreements on its part herein contained, other than the obligations on the part of the Lessee contained in Article V and Sections 6.3 and 6.4 hereof, the Lessee shall not be deemed in default during the continuance of such inability. The term "force majeure" as used herein shall include the following: acts of God; strikes; lockouts or other industrial disturbances; acts of public enemies; orders of any kind of the government of the United States or of Montana or any of their departments, agencies, or officials, or any civil or military authority; insurrections; riots; epidemics; landslides; lightning; earthquake; fire; hurricanes; storms; floods; washouts; droughts; arrests; restraint of government and people; civil disturbances; explosions; breakage or accident to machinery, transmission pipes or canals; partial or entire failure of utilities; or any other cause or event not reasonably within the control of the Lessee. The Lessee agrees, however, to remedy with all reasonable dispatch the cause or causes preventing the Lessee from carrying out its agreements; provided, that the settlement of strikes, lockouts and other industrial disturbances shall be entirely within the discretion of the Lessee, and the Lessee shall not be required to make settlement of strikes, lockouts and other industrial disturbances by acceding to the demands of the opposing party or parties when such course is in the judgment of the Lessee unfavorable to the Lessee.

SECTION 10.2 Remedies on Default. In the event any of the Bonds shall at the time be outstanding and unpaid and provision for the payment thereof shall not have been made in accordance with the provisions of the Indenture, whenever any event of default referred to in Section 10.1 hereof shall have happened and be subsisting, the Lessor or the Trustee, where so provided, may take any one or more of the following remedial steps:

(a) The Trustee as provided in the Indenture may, at its option, declare all installments of rent payable under Section 5.3 hereof for the remainder of the Lease Term to be immediately due and payable, whereupon the same shall become immediately due and payable.

(b) The Trustee, may re-enter and take possession of the Project without terminating this Agreement, and sublease the Project for the account of the Lessee, holding the Lessee liable for the difference between the rent and other amounts payable by such sublease in such subleasing and the rents and other amounts payable by the Lessee hereunder.

(c) The Trustee may terminate the Lease Term, exclude the Lessee from possession of the Project and use its best efforts to lease the Project to another party for the account of the Lessee,

holding the Lessee liable for all rent and other amounts due under this Agreement and not paid by such other party.

(d) The Lessor may have access to and inspect, examine and make copies of the books and records and any and all accounts and data of the Lessee insofar as the same relate to the Project.

(e) The Lessor or the Trustee may take whatever action at law or in equity may appear necessary or desirable to collect the rent then due and thereafter to become due, or to enforce performance and observance of any obligation, agreement or covenant of the Lessee under this Agreement.

Any amounts collected pursuant to action taken under this Section shall be paid into the Bond Fund and applied in accordance with the provisions of the Indenture or, if the Bonds have been fully paid (or provision for payment thereof has been made in accordance with the provisions of the Indenture) to the Lessee.

SECTION 10.3 No Remedy Exclusive. No remedy herein conferred upon or reserved to the Lessor or to the Trustee is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity or by statute. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the Lessor or the Trustee to exercise any remedy reserved to it in this Article, it shall not be necessary to give any notice, other than such notice as may be herein expressly required. Such rights and remedies as are given the Lessor hereunder shall also extend to the Trustee and the Trustee and the holders of the Bonds issued under the Indenture shall be deemed third party beneficiaries of all covenants and agreements contained.

SECTION 10.4 Agreement to Pay Attorneys' Fees and Expenses. In the event the Lessee should default under any of the provisions of this Agreement and the Lessor or the Trustee should employ attorneys or incur other expenses for the collection of rent or the enforcement or performance or observance of any obligation or agreement on the part of the Lessee herein contained, the Lessee agrees that it will on demand therefor pay to the Lessor or the Trustee the reasonable fee of such attorneys and such other reasonable expenses so incurred by the Lessor or the Trustee.

SECTION 10.5 No Additional Waiver Implied by One Waiver.

In the event any agreement contained in this Agreement should be breached by either party and thereafter waived by the other party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other breach hereunder.

Notwithstanding any termination of this Agreement in accordance with the provisions of Section 10.2 hereof, unless the Lessor shall have entered into a firm bilateral agreement providing for the reletting of the Project for a period of at least one year, if, after the maturity of the Outstanding Bonds shall have been accelerated by the Trustee upon occurrence of an event of default under the Indenture, all arrears of interest on the Outstanding Bonds and interest on overdue installments of principal, premium, if any, and (to the extent permitted by law) interest, at a rate per annum which is one percentage point greater than the highest rate per annum borne by any of the Bonds, and the principal and premium (if any) on all Bonds then outstanding which have become due and payable otherwise than by acceleration, and all other sums payable under the Indenture, except the principal of and the interest on such Bonds which by such acceleration shall have become due and payable, shall have been paid, all other things shall have been performed in respect of which there was a default, there shall have been paid the reasonable fees and expenses of the Trustee and of the holders of such Bonds, including reasonable attorneys' fees paid or incurred and such event of default shall be waived by the Trustee with the consequence under Section 1001 of the Indenture that such acceleration is rescinded, then the Lessee's default hereunder shall be waived without further action by the Trustee or the Lessor. Upon such payment and waiver, this Agreement shall be fully reinstated, as if it had never been terminated, and the Lessee shall be restored to the use, occupancy and possession of the Project.

SECTION 10.6 Lessee May Cure Defaults under Indenture.

The Lessor hereby grants the Lessee full authority for account of the Lessor to perform any covenant or obligation, the nonperformance of which is alleged in the notice required by Section 913 of the Indenture to constitute a default specified in Section 901(c) of the Indenture, in the name and stead of the Lessor with full power to do any and all things and acts to the same extent that the Lessor could do and perform any such things and acts and with power of substitution.

ARTICLE XI

OPTIONS AND OBLIGATION TO PURCHASE THE PROJECT
IN FAVOR OF LESSEE

SECTION 11.1 Options to Terminate. The Lessee shall have and is hereby granted the following options to terminate the Lease Term:

(a) At any time prior to full payment of the Bonds (or provision for payment thereof having been made in accordance with the provisions of the Indenture), the Lessee may terminate the Lease Term by paying to the Trustee, for the account of the Lessor, for deposit in the Bond Fund an amount which, when added to the amount on deposit in the Bond Fund, will be sufficient to pay, retire and redeem all of the Outstanding Bonds in accordance with the provisions of the Indenture (including, without limiting the generality of the foregoing, principal, interest to maturity or redemption date specified by the Lessee, as the case may be, premium, if any, expenses of redemption and the Trustee's and paying agents' fees and expenses), and in case of redemption by making arrangements satisfactory to the Trustee for the giving of the required notice of redemption.

(b) At any time after full payment of the Bonds (or provision for payment thereof having been made in accordance with the provisions of the Indenture), the Lessee may terminate the Lease Term by giving the Lessor notice in writing of such termination and such termination shall forthwith become effective.

SECTION 11.2 Option to Purchase Project Prior to Payment of the Bonds. The Lessee shall have, and is hereby granted, the option to purchase the Project prior to the full payment of the Bonds (or provision for payment thereof having been made in accordance with the provisions of the Indenture), if any of the following shall have occurred:

(a) The Plant or Project shall have been damaged or destroyed to such extent that, in the opinion of the Lessee expressed in a resolution of its Board of Directors filed with the Lessor and the Trustee, (i) either it cannot be reasonably restored within a period of four months to substantially the condition thereof immediately preceding such damage or destruction, or (ii) the Lessee is thereby prevented or likely to be prevented from carrying on its normal operations at the Plant or the Project for a period of four months or more, or (iii) with respect to the Plant or Project, the cost of restoration thereof would exceed \$5,000,000.

(b) Title to, or the temporary or permanent use of, all or substantially all the Plant or the Project shall have been taken

under the exercise of the power of eminent domain by any governmental authority, or person, firm or corporation acting under governmental authority to such an extent that in the opinion of the board of directors of the Lessee expressed in a resolution filed with the Lessor and the Trustee, the taking or takings are likely to result in the Lessee being thereby prevented from carrying on its normal operations at the Plant or the Project for a period of four months or more.

(c) As a result of any changes in the Constitution of Montana or the Constitution of the United States of America or as a result of legislative or administrative action (whether state or Federal) or by final decree, judgment or order of any court or administrative body (whether state or Federal) entered after the contest thereof by the Lessee in good faith, this Agreement shall have become void or unenforceable or impossible of performance in accordance with the intent and purposes of the parties, or been declared to be unlawful, or unreasonable burdens or excessive liabilities shall have been imposed on the Lessor or the Lessee including without limitation Federal, state or other ad valorem, property, income or other taxes not being imposed on the date of this Agreement.

(d) The Plant or the Project or a material portion thereof is adjudged by a court of competent jurisdiction to be a public nuisance and operation of the Plant or the Project or a material portion thereof is permanently enjoined, and such decision has become final, or, if appealed, affirmed upon such appeal and the decision upon such appeal has become final.

(e) The Lessee, by certificate filed with the Lessor and Trustee, shall determine: (a) the reconstruction or restoration of the Plant or Project after damage or destruction thereto or condemnation thereof is not economically feasible; or (b) to cease all, or substantially all, of its operations at the Plant or Project as a result of changes in the economic availability of raw materials, operating supplies or facilities necessary to operate the Plant or Project or technological or other conditions making the continued operation of the Plant and Project uneconomical.

To exercise such option, the Lessee shall, within six months following the event authorizing the exercise of such option, give written notice to the Lessor and to the Trustee, if any of the Bonds shall then be unpaid and provision for the payment thereof has not been made in accordance with the provisions of the Indenture, and shall specify therein the date of closing such purchase, which date shall be not less than forty-five nor more than ninety days from the date such notice is mailed, and in case of a redemption of the Bonds in accordance with the provisions of the Indenture shall make arrangements satisfactory to the Trustee for the giving of the required notice of redemption. The purchase price payable by the

Lessee in the event of its exercise of the option granted in this Section shall be the sum of the following:

(1) an amount of money to be paid into the Bond Fund which, when added to the amount then on deposit in the Bond Fund for payment of the Bonds, will be sufficient to retire and redeem at the principal amount thereof all the then outstanding Bonds on the date on which such Bonds may be redeemed or paid at maturity, including without limitation, principal, all interest to accrue to said date and redemption expenses, plus

(2) an amount of money equal to the Trustee's and paying agents' fees and expenses under the Indenture, and the expenses of the Lessor approved by the Lessee, accrued and to accrue until such final payment and redemption of the Bonds, plus

(3) the sum of One Thousand Dollars (\$1,000).

In the event of the exercise of the option granted in this Section any net proceeds of insurance or condemnation shall be paid to the Lessee and the Lease Term shall thereupon be terminated.

SECTION 11.3 Obligation to Purchase Project or Any Part Thereof Subsequent to Payment of the Bonds. The Lessee shall have the obligation to purchase, and the Lessor hereby agrees to sell, the Project or any part thereof for One Thousand Dollars (\$1,000) at the expiration or earlier termination of the Lease Term following full payment of the Bonds or provision for payment thereof having been made in accordance with the provisions of the Indenture, and payment of an amount of money equal to the Trustee's and paying agents' fees and expenses under the Indenture and the expenses of the Lessor approved by the Lessee, accrued to such full payment of the Bonds. At the closing of the foregoing purchase, the Lessor will deliver to the Lessee the documents referred to in Section 11.4 hereof.

SECTION 11.4 Conveyance Following Obligation to Purchase. At the closing of any purchase pursuant to the obligation to purchase herein, the Lessor will upon receipt of the purchase price deliver to the Lessee good title to the property being purchased, as such property then exists, subject to the following: (i) those liens and encumbrances (if any) to which said property was subject when conveyed to the Lessor; (ii) those liens and encumbrances created by the Lessee or to the creation or suffering of which the Lessee consented; (iii) those liens and encumbrances resulting from the failure of the Lessee to perform or observe any of the agreements on its part contained in this Agreement; (iv) Permitted Encumbrances other than in this Agreement; and (v) if the option is exercised pursuant to the provisions of Section 11.2(b) hereof, the rights and title of the condemning authority.

SECTION 11.5 Relative Position of Options and the Indenture. The options respectively granted to the Lessee in this Article shall be and remain prior and superior to the Indenture and may be exercised whether or not the Lessee is in default hereunder, provided that such default will not result in nonfulfillment of any condition to the exercise of any such option.

SECTION 11.6 Equitable Right of Lessee. The Lessor hereby expressly acknowledges that subsequent to (i) the payment in full of the Bonds, including without limitation, principal, accrued interest and any redemption expenses, and (ii) the payment of any fees and expenses of the Trustee and any paying agent then due and payable under the Indenture, as herein contemplated by this Article XI, the Lessee shall have an equitable right to cause the Lessor to convey good and marketable title to the Lessor's interest in the Project as provided in Section 11.4 hereof upon payment of the nominal consideration herein set forth.

ARTICLE XII

MISCELLANEOUS

SECTION 12.1 Surrender of Project. Except as otherwise expressly provided in this Agreement, at the expiration or earlier termination of the Lease Term, the Lessee agrees to surrender possession of the Project peaceably and promptly to the Lessor in as good condition as at the commencement of the Lease Term, loss by fire or other casualty covered by insurance, condemnation and ordinary wear, tear and obsolescence only expected.

SECTION 12.2 Notices. All notices, certificates or other communications hereunder shall be sufficiently given and shall be deemed given on the third day following the day on which the same has been mailed by certified or registered mail, postage prepaid, addressed as follows: if to the Lessor, to the County Clerk and Recorder, Missoula, Montana, 59801, if to the Lessee, at Champion International Corporation, 1 Landmark Square, Stamford, Connecticut 06921, Attention: Law Department, and if to the Trustee, at First Trust Company of Saint Paul, Saint Paul, Minnesota, W. 555 First National Bank Building, Saint Paul, Minnesota, 55101, Attention: Corporate Trust Department. A duplicate copy of each notice, certificate or other communication given hereunder by either the Lessor or the Lessee to the other shall be given to the Trustee. The Lessor, the Lessee and the Trustee may, by notice given hereunder, designate any further or different addresses to which subsequent notices, certificates or other communications shall be sent.

SECTION 12.3 Binding Effect and Law Governing Construction.

This Agreement shall inure to the benefit of and shall be binding upon the Lessor, the Lessee and their respective successors and assigns, subject, however, to the limitations contained in Sections 8.3, 9.1, 9.2 and 9.3 hereof. This Agreement is prepared and entered into with the intention that the law of the State of Montana shall govern its construction.

SECTION 12.4 Severability. In the event any provision of this Agreement shall be held invalid or unenforceable by any court of competent jurisdiction, such holding shall not invalidate or render unenforceable any other provision hereof.

SECTION 12.5 Amounts Remaining in the Bond Fund. It is agreed by the parties hereto that any amounts remaining in the Bond Fund or the Construction Fund upon expiration or earlier termination of the Lease Term, as provided in this Agreement, after payment in full of the Bonds (or provision for payment thereof having been made in accordance with the provisions of the Indenture) and the fees, charges and expenses of the Trustee and paying agents and the Lessor in accordance with the Indenture shall belong to and be paid to the Lessee by the Trustee as overpayment of rents.

SECTION 12.6 Amendments, Changes and Modifications.

Except as otherwise provided in this Agreement or in the Indenture, subsequent to the issuance of the Bonds and prior to the payment in full of the Bonds (or provision for the payment thereof having been made in accordance with the provisions of the Indenture), this Agreement may not be effectively amended, changed, modified, altered or terminated without the concurring written consent of the Trustee or its respective successors and assigns, given in accordance with the provisions of the Indenture. Subject to the limitations provided herein, in the case of any actual or attempted amendment, change, modification, alteration, or termination of this Agreement without such prior written consent, the Trustee shall have the right, in addition to any other remedy for any breach or attempted breach of this covenant, to proceed in equity for such relief as may be appropriate, including, without limitation, mandatory injunction and specific performance or such other relief as may appear necessary or desirable to enforce performance and observance of the agreements and covenants of the Lessee and the Lessor under this Section 12.6.

SECTION 12.7 Net Lease. This Agreement shall be deemed and construed to be a "net lease", and the Lessee shall pay absolutely net during the Lease Term the rent and all other payments required hereunder, free of any deduction, without abatement, diminution or set-off other than those herein expressly provided.

SECTION 12.8 Recording. This Agreement and every assignment and modification hereof or an appropriate and sufficient memorandum thereof shall be recorded in the office of the County Clerk of the County as ex officio Recorder of Deeds, or in any such other office as may be at the time provided by law as the proper place for the recordation of a deed conveying the Project. This Agreement as originally executed or an appropriate and sufficient memorandum thereof shall be so recorded prior to or simultaneously with the recordation of the Indenture.

SECTION 12.9 Execution of Counterparts. This Agreement may be simultaneously executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

SECTION 12.10 Obligations under Guaranty Agreement. The execution and delivery of this Agreement shall not impair or diminish in any respect the separate and distinct obligation of Champion International Corporation, as guarantor of the Bonds under a separate Guaranty Agreement, dated as of the date hereof, between it and the Trustee.

IN WITNESS WHEREOF, the Lessor and the Lessee have caused this Agreement to be executed in their respective corporate names and their respective corporate seals to be hereunto affixed and attested by their duly authorized officers, all as of the date first above written.

Exhibit B

[Air Pollution Control
and Solid Waste
Disposal Facilities]

The Facility consists of the pollution control facilities and solid waste disposal facilities described below which are located at the Plant of the Lessee located in Missoula County, Montana:

1. Non-Condensable Gas Collection System - consists of equipment for separating odorous non-condensable gases, including hydrogen sulfide and mercaptans, and conveying such gases to a lime kiln for incineration. The system includes separation equipment, a fan, piping, valves, electrical wiring and controls. The portion of the Net Cost of this facility constituting Exempt Cost is 92.22 percent.
2. Waste Fuel Boiler Scrubber - consists of a scrubber system to control emissions of particulates and sulfur dioxide from the waste boiler. The system will include venturi-cyclone scrubbers enclosed in a separate structure next to the boiler building, dewatering facilities, pumps, piping, valves, electrical wiring and controls. The portion of the Net Cost of this facility constituting Exempt Cost is 100.00 percent.
3. No. 4 Lime Kiln Scrubber - consists of a venturi-cyclone scrubber to reduce particulate emissions from the No. 4 lime kiln. The system also includes a support structure, a scrubbing medium pump, piping, electrical wiring and controls. The portion of the Net Cost of this facility constituting Exempt Costs is 39.40 percent.
4. Tall Oil Vent Scrubber - consists of a packed scrubber that will reduce emissions of odorous gases from the tall oil vent. The system also includes a feed pump, an effluent return pump, structural supports, electrical wiring and controls. The portion of the Net Cost of this facility constituting Exempt Cost is 82.36 percent.
5. No. 3 Slaker Vent Scrubber - consists of a variable throat venturi-cyclone scrubber which reduces emissions of lime dust particulates from the No. 3 slaker vent. The system includes a fan, pump, piping, controls, electrical wiring and a support structure. The portion of the Net Cost of this facility constituting Exempt Costs is 88.52 percent.

6. Forty Percent Liquor Storage Tank Vent - consists of a system to pipe odorous gases from the relief vent on the liquor storage tank to the Non-Condensable Gas Collection System for disposal. The system will include piping with supports and valves. The portion of the Net Cost of this facility constituting Exempt Cost is 91.22 percent.

7. Entrainment Separation System for Pulp Washers - consists of hoods, ducting and an impingement scrubber to remove liquid and solid particulates from the vapors emitted from the pulp washers. The portion of the Net Cost of this facility constituting Exempt Cost is 100.00 percent.

8. Pulp Washer Vent Incineration System - consists of a system for incinerating odorous pulp washer emission gases after particulates have been removed from the gases by the Entrainment Separation System. The system will include ducting and a fan to transport the gases to the boiler's forced draft fan where the odorous gases will be mixed with combustion air and incinerated. The system also includes structural supports, electrical wiring and controls. The portion of the Net Cost of this facility constituting Exempt Cost is 100.00 percent.

9. Condensate Stripping System - consists of a system which treats condensates that are contaminated with volatile malodorous substances. The contaminants, principally from pulp digestion and black liquor evaporation processes, will be separated from less contaminated condensates and pumped to a combined surge and storage tank. From the tank, they will be pumped to the top of a stripping tower where the concentration of volatile contaminants in the condensates will be reduced by amount 90 percent. The air exhausted from the top of the tower will be ducted to either of two lime kilns for incineration. The system will include tanks, filters, pumps, mixers, piping, instrumentation, electrical wiring, ducting, valves, controls, flame arresters, a moisture separator and structures. The portion of the Net Cost of this facility constituting Exempt Cost is 82.49 percent.

10. No. 3 Recovery Precipitator Modification - consists of a fourth electrical field to be added to increase the collection efficiency of the existing No. 3 electrostatic precipitator from 99.1 percent to 99.6 percent. The installation will consist of an additional field, conveyors for removing collected flyash from the bottom of the precipitator, structural supports, controls,

as Representatives of the Underwriters

Gentlemen:

Subject to the terms and conditions herein, the undersigned, the County of Missoula, Montana (the "County"), hereby confirms its agreement with you and the other Underwriters named in Schedule I hereto (the "Underwriters") for whom you are acting as Representatives, with respect to the purchase from the County and the sale to each of the Underwriters, severally and not jointly, of \$15,000,000 aggregate principal amount of the County's Industrial Development Revenue Bonds, 1971 Series (Hoerner Waldorf Project), dated June 1, 1971 (the "Bonds"), which (as the County understands from you) the Underwriters have agreed to purchase pursuant to the Agreement Among Underwriters dated June 3, 1971 and which are to be issued pursuant to a resolution adopted by the Board of County Commissioners on June 11, 1971 (hereunder referred to as the "Resolution").

Section 1. Representations, Warranties and Agreements of the County.

The County hereby represents to and warrants and agrees with each of the Underwriters that:

1.01. The County is a county duly organized and existing under the Constitution and laws of the State of Montana. The County is authorized to issue industrial development revenue bonds in accordance with Title II, Chapter 41, Revised Code of Montana, 1947, as amended, to use the proceeds thereof to acquire land and to construct and install water and air pollution equipment and other improvements thereon and facilities in connection therewith and to lease the same.

1.02. The County has complied with the provisions of said Title II, Chapter 41, Revised Code of Montana, 1947, and has full power and authority to issue the Bonds, acquire, construct, equip and lease the Project (hereinafter defined), and carry out and consummate all transactions contemplated by this Agreement, the Bonds, the Resolution, the Mortgage, the Lease and the Guaranty (hereinafter respectively defined).

1.03. A specimen Bond, an executed copy of this Agreement, a copy of the Resolution certified by an appropriate official of the County, a definitive copy of the Official Statement of the County with respect to the Bonds (the "final Official Statement"), an executed copy of the Mortgage and Indenture of Trust, dated as of June 1, 1971 (the "Mortgage"), made by the County to First National Bank & Trust Co., in the City of Helena, Montana, as Trustee (the "Trustee"), and executed copies of the Lease Agreement, dated as of June 1, 1971 (the "Lease"), between the County and Hoerner Waldorf Properties Company ("Properties"), the Guaranty Agreement, dated as of June 1, 1971 (the "Guaranty"), by Hoerner Waldorf Corporation ("Hoerner Waldorf"), dated as of June 1, 1971, referred to in the final

Official Statement shall be delivered to you at or prior to the Closing Time (hereinafter defined) and shall be in the form heretofore submitted to and approved by you, with only such changes or modifications thereof as you, and the County shall mutually agree upon.

1.04. The information contained in the preliminary Official Statement dated May 24, 1971 (the "preliminary Official Statement") and the final Official Statement under the headings "The Project", "Authority For The Bonds", "The Series A Bonds", "Additional Bonds", "Security For Bonds", "The Lease Agreement", "The Guaranty", "Mortgage and Indenture of Trust" and "Tax Exemption" is and will be as of the Closing Time (hereinafter defined) true and correct and does not, and will not as of the Closing Time, contain any untrue or misleading statements; and the County does not know of any omissions of any statements of material fact necessary to make the statements and information contained in the preliminary Official Statement and the final Official Statement under the headings described above not misleading.

1.05. The County has duly authorized all necessary action for: (a) the issuance and sale of the Bonds upon the terms set forth herein and in the final Official Statement; the Resolution, the Mortgage, the Lease and the Guaranty; (b) the acquisition of the site for the Project and the construction and equipping of the Project as provided by the Lease; (c) the execution, delivery, receipt and due performance of this Agreement, the Bonds, the Resolution, the Mortgage, the Lease and the Guaranty; and (d) the taking of any and all such action as may be reasonably required on the part of the County to carry out, give effect to and consummate the transactions contemplated hereby.

1.06. The County will apply the proceeds from the sale of the Bonds for the acquisition of land and the construction and installation of water and air pollution equipment and other improvements thereon and facilities in connection therewith (the "Project"), and to the payment of such other costs and expenses in connection with the Project and the acquisition and financing thereof as provided in the Lease, the Guaranty, the Mortgage and the Resolution.

The County will not issue or sell any bonds or obligations, other than the Bonds sold hereby and the additional bonds as provided in the Lease, the Guaranty, the Mortgage and the Resolution, the interest or principal of which shall be payable from the revenues, funds or other income derived from the Project which have been pledged under the Mortgage to secure any payments on the Bonds (exclusive of payments made under the Lease for taxes, utilities, assessments and related charges), or which shall be secured by any mortgage or other lien on the Project. The foregoing shall not, however, prohibit the County from issuing any obligations secured by or payable from taxes, utility charges or special assessments (which may be payable pursuant to the Lease) to be derived by the County from the Project as well as other properties.

1.07. The principal and interest on the Bonds are exempt from all present state, county and municipal taxes within the State of Montana other than property, inheritance and estate taxes, provided, however, that the Project shall be subject to taxation to the same extent, in the same manner, and under the same procedures as privately owned property in similar circumstances.

1.08. To the extent necessary, the County agrees to cooperate with the Underwriters and Messrs. Hawkins, Delafield & Wood in taking all necessary action to qualify the Bonds for offer and sale under the securities or "blue sky" laws of such states and territories of the United States as the Underwriters may request (the "Blue Sky Proceedings"); provided that the County will not be required to execute a general or special consent to service of process or qualify as a foreign corporation in connection with any such qualification in any state or territory of the United States. The County shall not be required to pay any costs or expenses in connection with the foregoing except from (and subject to receipt of) the proceeds of the sale of the Bonds.

1.09. There is no action, suit, proceeding or investigation at law or in equity or before or by any court, public board or body pending or to the knowledge of the County threatened against or affecting the County, or to the best of the knowledge of the County any basis therefor, wherein an unfavorable decision, ruling or finding would adversely affect the transactions contemplated by this Agreement or by the Official Statement, or which, in any way, would adversely affect the validity of the Bonds, the

Resolution, the Mortgage, the Lease, the Guaranty, this Agreement, or any agreement or instrument to which the County is a party, used or contemplated for use in consummation of the transactions contemplated hereby or by the final Official Statement, or the exemption from taxation in Montana as set forth in Section 1.07 above.

1.10. Neither the County nor anyone acting on its behalf (other than the Underwriters) has, directly or indirectly, offered the Bonds or any other security of the County relating to the financing of the Project, for sale to, or solicited any offer to buy the same from, anyone other than the Representatives of the Underwriters.

1.11. The execution, delivery and receipt of this Agreement, the Bonds, the Resolution, the Mortgage, the Guaranty, the Lease and the other agreements contemplated hereby and by the final Official Statement to which the County is a party, under the circumstances contemplated hereby and in the final Official Statement and in compliance with the provisions thereof, will not conflict with, or constitute on the part of the County a breach of, or a default under, any existing (i) law, court or administrative regulation, decree or order applicable to the County, or (ii) provisions of any legislative act, constitutional or other proceeding establishing or relating to the establishment of the County or its affairs or its resolutions, or (iii) agreement, indenture, mortgage, lease or other instrument to which the County is subject or is a party or by which it is bound.

1.12. Any certificate provided for hereunder and signed by the Chairman of the Board of County Commissioners or the County Clerk or their duly authorized deputies or delivered to the Underwriters shall be deemed a representation and warranty by the County to each of the Underwriters as to the statements therein made, unless otherwise therein provided, and the Underwriters shall be under no obligation to accept any certificates signed by any representatives of the County other than the foregoing named officials or, in the case of certificates signed by deputies, the Underwriters may request such evidence of the validity of such certification as they deem appropriate.

Section 2. Purchase, Sale and Delivery of the Bonds.

2.01. On the basis of the representations, warranties and agreements herein contained, and subject to the terms and conditions herein set forth, at the Closing Time (hereinafter defined) the County agrees to sell to the several Underwriters, and the Underwriters, severally and not jointly, respectively agree to purchase from the County, severally and not jointly, the respective principal amount of the Bonds set forth opposite the name of each Underwriter on the list delivered by you simultaneously herewith, at 97.50% of their principal amount (being an aggregate purchase price of \$14,625,000), plus accrued interest from June 1, 1971 to the date of payment and delivery.

2.02. The Bonds shall be issued under, and secured by, the Resolution, the Mortgage, the Lease, and the Guaranty. The Bonds shall have the maturities and interest rates and be subject to redemption as set forth in the Mortgage.

2.03. Payment for the Bonds shall be made by certified or official bank check or checks, in New York Clearing House funds, payable to the order of Trustee for the account of the County, at 10:00 A.M., the prevailing local time, June 29, 1971, at the offices of Goldman, Sachs & Co., 55 Broad Street, New York, New York 10004, or at such other time and place as may be provided pursuant to the provisions of Section 9 hereof or mutually agreed upon in writing by the County, the Representatives and Hoerner Waldorf. The hour and date of such delivery and payment are herein called the "Closing Time." The initial delivery of the Bonds shall be made in definitive form, and issued as coupon bonds in the denomination of \$5,000, registrable as to principal only or as to principal and interest and shall be available for examination by the Underwriters at least 24 hours prior to the Closing Time.

2.04. Any authority, discretion or other powers conferred upon the Representatives of the Underwriters under any of the provisions of this Agreement or the Agreement Among Underwriters, may be exercised by Goldman, Sachs & Co. and the payment for, acceptance of, and delivery and execution

or any receipt for the Bonds and any other instruments upon or in connection with the Closing hereunder solely by Goldman, Sachs & Co., as Representatives or on behalf of the Underwriters, shall be valid and sufficient for all purposes and binding upon the Representatives and of each of the Underwriters, provided that any such action by Goldman, Sachs & Co. shall not impose any obligation or liability upon it or any other Underwriter, other than as may arise as expressly set forth in this Agreement and in the last sentence of Section 8.02 of the Agreement Among Underwriters.

Section 3. Conditions of the Underwriters' Obligations.

The Underwriters' obligations hereunder shall be subject to the following conditions:

3.01. The performance by the County of its obligations and agreements to be performed hereunder at or prior to the Closing Time, and the accuracy of and compliance with the representations and warranties of the County contained herein, as of the date hereof and as of the Closing Time.

3.02. At the Closing Time you shall receive as Representatives of the Underwriters:

(a) The unqualified approving opinions, dated as of the Closing Time, with sufficient copies for each Underwriter, of (i) Messrs. Garlington, Lohn & Robinson of Missoula, Montana, Counsel for the County in the form attached hereto as Exhibit A, (ii) Messrs. Mudge Rose Guthrie & Alexander of New York, New York, Bond Counsel, in the form attached hereto as Exhibits B and C, (iii) Messrs. Faegre & Benson of Minneapolis, Minnesota, Special Counsel to Hoerner Waldorf, in the form attached hereto as Exhibit D, and (iv) Messrs. Faegre & Benson of Minneapolis, Minnesota, Special Counsel to Properties, in the form attached hereto as Exhibit E; in each case with such changes and with such annexed opinions of other counsel referred to therein, as Messrs. Hawkins, Delafield & Wood, counsel for the Underwriters, shall approve.

(b) Evidence satisfactory in form and substance to you that the Indemnity Letter of even date herewith addressed to you as Representatives of the Underwriters and to the County by Hoerner Waldorf (the "Indemnity Letter") has been duly executed and delivered in the form submitted to and approved by you, has not been amended, modified or rescinded and is in full force and effect as of the Closing Time.

(c) A certificate satisfactory in form and substance to you, as Representatives of the Underwriters, of the Chairman of the Board of County Commissioners and County Clerk of the County, or of other appropriate officials satisfactory to you, dated the Closing Time, to the effect that (i) each of the representations and warranties of the County set forth in Section 1 hereof is true, accurate and complete as of the Closing Time; (ii) the Bonds, the Resolution, the Mortgage, the Lease and the Guaranty, in the forms submitted to and approved by you, conform to the description thereof herein and in the final Official Statement; (iii) the Bonds have been duly authorized, executed and delivered by the County and constitute the valid and legally binding limited obligations of the County, are enforceable in accordance with their terms and are entitled to the security of and are secured by the Resolution, the Mortgage, the Lease and the Guaranty; (iv) the Resolution, the Mortgage, the Lease and the Guaranty have been duly authorized, executed, delivered and received by the County, and as of the Closing Time each is in full force and effect, and each constitutes the valid, binding and enforceable obligation of the County, and the County is entitled to the benefits of the same; and (v) no litigation is pending, or to their knowledge threatened, to restrain or enjoin the issuance or sale of the Bonds or in any way contesting or affecting any authority for or the validity of the Bonds, the Resolution, the Mortgage, the Lease or the Guaranty, or the existence or powers of the County, or the right of the County to acquire, improve, construct and lease the Project.

(d) Certificates, dated the Closing Time, in form and substance satisfactory to you, as Representatives of the Underwriters, of an authorized Vice-President and the Secretary or an authorized Assistant-Secretary of Properties as to (i) the due incorporation and valid existence of Properties under the laws of the State of Minnesota, (ii) the good standing of Properties as a foreign corporation

qualified to do business in the State of Montana, the due authorization, execution and delivery by Properties of all agreements executed by it (including the Lease), listing such agreements and annexing resolutions of the Board of Directors at which such authorization was given, contemplated by this Agreement and the final Official Statement.

(e) Certificates, dated the Closing Time, in form and substance satisfactory to you, as Representatives of the Underwriters, of an authorized Vice-President and the Secretary or an authorized Assistant Secretary of Hoerner Waldorf as to (i) the due incorporation and valid existence of Hoerner Waldorf under the laws of the State of Delaware; (ii) the good standing of Hoerner Waldorf as a foreign corporation qualified to do business in the State of Montana; (iii) the due authorization, execution and delivery by Hoerner Waldorf of all agreements executed by it (including the Guaranty and the Indemnity Letter), listing such agreements and annexing resolutions of the Board of Directors at which such authorization was given, contemplated by this Agreement and the final Official Statement, and (iv) the absence of any material adverse change in the financial condition of Hoerner Waldorf since December 31, 1970 from that set forth in the final Official Statement.

(f) A letter, satisfactory in form and substance to you, of Messrs. Price Waterhouse & Co. to the effect that:

(1) With respect to Hoerner Waldorf and its consolidated subsidiary companies, they are independent public accountants.

(2) Under date of December 11, 1970, they furnished Hoerner Waldorf with their opinion on the consolidated balance sheet as of October 31, 1970, the related consolidated statements of retained earnings and capital in excess of par value for the three years ended October 31, 1970, and the consolidated statements of income for the five years ended October 31, 1970, contained in the final Official Statement.

(3) They have not made an examination in accordance with generally accepted auditing standards of the financial statements of Hoerner Waldorf or any of its subsidiary companies that relate to any period subsequent to October 31, 1970 nor have they attempted to audit any of the transactions or records for any such period and, therefore, they do not express an opinion thereon. Further, they have not made an examination in accordance with generally accepted auditing standards of the financial statements of Hoerner Waldorf or any of its subsidiary companies that relate to the three-month period ended January 31, 1971 and, therefore, they do not express an opinion thereon.

(4) They have made a limited review of the unaudited consolidated financial statements for the three-month periods ended January 31, 1970 and January 31, 1971. Accordingly they have:

(a) Read the unaudited consolidated financial statements for the three-month periods ended January 31, 1970 and January 31, 1971;

(b) Read the minutes of the meetings of the shareholders and Board of Directors of Hoerner Waldorf held during the period from October 31, 1970 to a date not more than five days prior to the Closing Time, and obtained representations from officials of Hoerner Waldorf that the minutes of all such meetings held during the above period had been provided to them; and

(c) Had discussions with officials of Hoerner Waldorf responsible for financial and accounting matters as to transactions and events subsequent to October 31, 1970 and as to whether necessary adjustments had been made to effect a reasonable closing at January 31, 1971.

The limited review does not constitute an examination made in accordance with generally accepted auditing standards and would not necessarily reveal adverse changes in the financial

position or results of operations of Hoerner Waldorf or inconsistencies in the application of generally accepted accounting principles.

(5) Subject to the explanation in paragraph (4) above and based on their limited review described in paragraph (4) above, nothing has come to their attention which in their judgment would indicate that:

(a) The unaudited consolidated balance sheet at January 31, 1971 and the unaudited consolidated statements of income and retained earnings for the three months then ended, as well as the unaudited consolidated statement of income for the three months ended January 31, 1971 included in the final Official Statement:

(i) Have not been prepared in conformity with accounting principles and practices consistent in all material respects with those followed in the preparation of the comparable audited financial statements included in the final Official Statement, or

(ii) Would require any adjustment necessary for a fair and reasonable presentation of the information purported to be shown; and

(b) During the period from January 31, 1971 to a date not more than five days prior to the Closing Time, there has been any change in the capital stock or long term debt or other notes or mortgages of Hoerner Waldorf and its consolidated subsidiary companies or any material adverse change in the consolidated financial position or results of operations of Hoerner Waldorf and its consolidated subsidiary companies, except as set forth or contemplated in the final Official Statement.

(6) Further, they have read the following information set forth by Hoerner Waldorf in the final Official Statement:

(A) the percentage of Hoerner Waldorf's 1968, 1969 and 1970 sales in dollars and percentages of total sales contributed by the principal products as set forth in the second paragraph under the caption "Products and Sales", (B) the net book value of the property of Hoerner Waldorf at October 31, 1965 and October 31, 1970 appearing under the caption "Plants and Facilities", (C) the dollar amount of additions, sales and retirements during the five fiscal years ended October 31, 1970 appearing under the caption "Plants and Facilities" and (D) the statements appearing under the caption "Capitalization".

With respect to the above information, their examination of Hoerner Waldorf's consolidated financial statements for the five years ended October 31, 1970 was comprised of audit tests and procedures deemed necessary for the purpose of expressing an opinion on the consolidated financial statements taken as a whole. They did not perform audit tests for the purpose of expressing an opinion on individual balances of accounts or summaries of selected transactions such as those included in the information referred to above and accordingly they express no opinion thereon.

Based upon (1) their examination of the consolidated financial statements as set forth in their opinion dated December 11, 1970 and (2) their limited review described above, nothing came to their attention which in their judgment would indicate that the dollar amounts, percentages or other accounting information listed above on the indicated pages in the final Official Statement would require any material adjustment necessary for a fair presentation of the information purported to be shown thereby.

(g) Copies of any application or submission made by Messrs. Garlington, Lohn & Robinson or Messrs. Mudge Rose Guthrie & Alexander or Hoerner Waldorf, on behalf of the County to the United States Treasury Department or other governmental authorities having jurisdiction in the premises for a ruling (the "Tax Ruling") that interest on the Bonds is exempt from Federal income taxation under the provisions of Section 103(a)(1) of the Internal Revenue Code of 1954 and

copies of the Tax Ruling and any amendments or supplements thereto or confirmations thereof confirming such matters relating to exemption from all present Federal income taxation, certified as of the Closing Time by (i) Messrs. Garlington, Lohn & Robinson, Messrs. Mudge Rose Guthrie & Alexander and Hoerner Waldorf, as true, correct and complete copies of all such documentation which has been submitted in respect of the subject matter thereof, as not having been modified, qualified or rescinded in any respect subsequent to their respective dates of issuance or delivery and as being in full force and effect as of the Closing Time and (ii) by Hoerner Waldorf, as true, correct and complete copies of all such documentation in existence relating to the subject matter thereof, as being based on facts which are true and which do not deviate in any material respects from the transaction as consummated, as not having been modified, qualified or rescinded in any respect subsequent to their respective dates of issuance or delivery and as being in full force and effect as of the Closing Time.

(h) Certificates of one or more duly authorized officers of the Trustee and an opinion of counsel to the Trustee, all dated the Closing Time, in form and substance satisfactory to you, as Representatives of the Underwriters, as to the authority of Trustee to act as trustee under the Mortgage, as to the due authorization, execution and delivery of the Mortgage by and to the Trustee and the due authentication and delivery of the Bonds by the Trustee thereunder.

(i) Such additional certificates, instruments or other documents as you, as Representatives of the Underwriters, may reasonably require to evidence the truth and accuracy, as of the Closing Time, of the representations and warranties of the County herein contained and the due performance and satisfaction by the County and by Hoerner Waldorf, and Properties at or prior to such time of all agreements then to be performed and all conditions then to be satisfied by any one or all of them.

3.03. Hoerner Waldorf shall not have sustained since December 31, 1970, any material loss or interference with its business from fire, explosion, flood or other calamity, whether or not covered by insurance, or from any labor dispute or any court or governmental action, order or decree, which makes it impracticable or inadvisable in the judgment of the Representatives, to consummate the sale and delivery by the Underwriters at the prices set forth in the final Official Statement; and since the respective dates as of which information is given in the final Official Statement, there shall not have been any material change in the capital stock or funded debt of Hoerner Waldorf and its consolidated subsidiaries or any material adverse change in the general affairs, management, financial position, net worth or results of operations of Hoerner Waldorf and its consolidated subsidiaries, otherwise than as set forth or contemplated in the Official Statement.

3.04. The Bonds, when issued and sold to the Underwriters shall not be subject to any Montana issuance, transfer or other documentary stamp taxes (other than Montana property, inheritance and estate taxes, if any).

3.05. All matters relating to this Agreement, the Official Statement, the Bonds and the sale thereof, the Resolution, the Mortgage, the Lease Agreement, the Guaranty and the Indemnity Letter, and the consummation of the transactions contemplated by this Agreement and the final Official Statement shall be satisfactory to and approved by you and your counsel.

Section 4. Termination.

4.01. The Underwriters, acting through you as Representatives, shall have the right to cancel their obligations hereunder to purchase the Bonds by notifying the County, in writing or by telegram, of their election to do so between the date hereof and Closing Time if:

(a) legislation shall be enacted or be actively considered for enactment by the Congress, or a decision by a court of the United States, or the Tax Court of the United States, shall be rendered, or a ruling, regulation or official statement by or on behalf of the Treasury Department of the United States, the Internal Revenue Service or other governmental agency shall be made or proposed to be made, with respect to Federal taxation upon revenues or other income of the general character to be derived by the County or by any similar body, or upon interest received on

obligations of the general character of the Bonds, which, in the opinion of the Underwriters, acting through you as Representatives, materially affects the market price of the Bonds, or the market price generally, of obligations of the general character of the Bonds;

(b) any legislation, ordinance, rule or regulation shall be enacted or be proposed or actively considered for enactment by any governmental body, department or agency of the State of Montana or the County or a decision by any court of competent jurisdiction within the State of Montana shall be rendered which in the opinion of the Underwriters, acting through you as Representatives, materially affects the market price of the Bonds;

(c) a stop order, ruling, regulation, proposed regulation or statement by or on behalf of, the Securities and Exchange Commission shall be issued or made to the effect that the issuance, offering or sale of obligations of the general character of the Bonds, or of the Bonds as contemplated hereby or by the Official Statement, is in violation of any provision of the Securities Act of 1933 as then in effect or of the Securities Exchange Act of 1934 as then in effect or of the Trust Indenture Act of 1939 as then in effect;

(d) legislation shall be enacted, or be proposed or actively considered for enactment, or a decision by a court of the United States shall be rendered, or if a rule, regulation or statement by or on behalf of the Securities and Exchange Commission or other governmental agency having jurisdiction of the subject matter shall be made, adopted or promulgated, to the effect that the Bonds or any securities of the County or of any similar body of the type contemplated herein are not exempt from the registration, qualification or other requirements of the Securities Act of 1933 as then in effect, or of the Trust Indenture Act of 1939 as then in effect;

(e) any event shall have occurred, or shall exist which, in the opinion of the Underwriters, acting through you as Representatives, makes untrue or incorrect, in any material respect as of the time the same purports to speak, any statement or information contained in the final Official Statement, or the financial statements contained in or referred to therein, or is not reflected in such final Official Statement or financial statements, but should be reflected therein as of such time for the purpose for which such final Official Statement or financial statements are to be used, or in order to make the statements and information contained therein not misleading in any material respect as of such time;

(f) legislation shall be enacted, or be proposed or actively considered for enactment, which would adversely affect the exemption from Montana taxation as set forth in Section 1.07 above; or

(g) in the judgment of the Representatives, the market price of the Bonds, or the market price, generally, of obligations of the general character of the Bonds is adversely affected because (i) additional material restrictions not in force as of the date hereof shall have been imposed upon trading in securities generally by any governmental authority or by any national securities exchange; (ii) the New York Stock Exchange or other national securities exchange, or any governmental authority, shall impose, as to the Bonds or similar obligations, any material restrictions not now in force, or increase materially those now in force, with respect to the extension of credit by, or the charge to the net capital requirements of, the Underwriters; (iii) a general banking moratorium shall have been established by federal, New York or Montana authorities; or (iv) a war involving the United States, or other national calamity, shall have occurred, or any conflict involving the armed forces of the United States or any other country shall have escalated to such a magnitude as to materially and adversely affect the ability of the Underwriters to market the Bonds.

Section 5. Conditions of the County's Obligations.

The County's obligations hereunder shall be subject to the following conditions:

5.01. The performance by the Underwriters of their obligations and agreements to be performed hereunder at or prior to the Closing Time.

5.02. At the Closing Time :

(a) The Indemnity Letter shall have been duly executed and delivered to the County and shall not have been amended, modified or rescinded and shall be in full force and effect.

(b) The Lease shall have been executed and delivered by Properties in substantially the form approved by the County.

(c) The Guaranty shall have been executed and delivered by Hoerner Waldorf in substantially the form approved by the County.

(d) The County shall have received at the Closing Time duly executed copies of the certificates referred to in Section 3.02(d), (e) and (f) and copies of the opinions required by Section 3.02(a) and in the case of the opinions required by Section 3.02(a)(i), (iii) and (iv), with such changes and with such annexed opinions of other counsel referred to therein, as Messrs. Mudge Rose Guthrie & Alexander, Bond Counsel, shall approve.

Section 6. Representations, Warranties and Agreements to Survive Delivery.

All representations, warranties and agreements of the County and the Underwriters shall remain operative and in full force and effect, regardless of any investigation made by or on behalf of the County or the Underwriters or any person who controls any Underwriter, and shall survive delivery of the Bonds to the Underwriters.

Section 7. Payment of Expenses.

The Underwriters, whether or not the transactions contemplated hereby shall be consummated (unless the consummation be prevented by the default of the Underwriters), shall be under no obligation to pay the expenses incident to the performance of the obligations of the County hereunder, and it is understood and agreed that all costs and expenses incident to the preparation, printing, issuance, delivery and sale of the Bonds (including any and all documentary stamp taxes, if any, and all expenses, filing fees and the reasonable fees and disbursements of counsel for the Underwriters in connection with the Blue Sky Proceedings pursuant to Section 1.08 of this Agreement) to the several Underwriters, the preparation, printing, execution and delivery of the Resoluton, the Mortgage, the Lease, the Guaranty, the Official Statement, the Indemnity Letter, this Agreement and all other agreements and documents involved and contemplated hereby (other than the Agreement Among Underwriters) and the fees and disbursements of Messrs. Mudge Rose Guthrie & Alexander are to be paid out of the proceeds of the sale of the Bonds to the Underwriters, or in the event the Bonds are not sold by the County to the Underwriters (unless the consummation of the transactions contemplated hereby be prevented by the default of the Underwriters), are to be paid by Hoerner Waldorf; but in no event shall any of said costs and expenses be paid by the County except from the proceeds of sale of the Bonds, if any.

Section 8. Use of Official Statement.

The County hereby confirms the authority, and authorizes the Underwriters, to use, and make available for use by prospective and ultimate purchasers of the Bonds, the preliminary Official Statement, and authorizes the use of, and will make available, the final Official Statement for use by the Underwriters in connection with the sale of the Bonds; provided, however, that the County neither accepts nor assumes any responsibility or liability whatsoever with respect to the preliminary Official Statement and the final Official Statement other than as set forth in Section 1.04 hereof.

Section 9. Default of Underwriters; Substitution of Purchasers.

9.01. If one or more of the Underwriters ("Defaulting Underwriters") shall fail or refuse (otherwise than for a reason sufficient to justify the termination of this Agreement) to purchase at the Closing Time the principal amount of Bonds agreed to be purchased by such Defaulting Underwriter or Defaulting Underwriters, then the Representatives shall immediately notify the County and the remaining

Underwriters ("Non-Defaulting Underwriters") of such default. If the aggregate principal amount of Bonds which the Defaulting Underwriters shall have theretofore agreed to purchase does not exceed 9.09% of the total principal amount of the Bonds to be sold by the County to all of the Underwriters pursuant to the first paragraph of this Agreement, then the Non-Defaulting Underwriters shall have the right and shall become obligated severally to purchase, take up and pay for (in addition to the principal amount of Bonds indicated with respect to each of the Non-Defaulting Underwriters, severally, in the list ("Participation List") delivered simultaneously herewith pursuant to Section 2.01 of this Agreement) the aggregate principal amount of Bonds which the Defaulting Underwriters shall have theretofore agreed to purchase in the respective proportions (with appropriate adjustments in the sole discretion of the Representatives or, upon their failure so to act, in the discretion of Hoerner Waldorf, with respect to maturities and denominations, to the extent necessary to permit each of the Non-Defaulting Underwriters to purchase, take up and pay for whole Bonds of the denominations specified in Section 2.03 of this Agreement) which the principal amount of Bonds indicated with respect to each of the Non-Defaulting Underwriters in the Participation List bears to the aggregate of the respective principal amounts so indicated in the Participation List with respect to all of the Non-Defaulting Underwriters under this Agreement.

9.02. In the event the aggregate principal amount of Bonds which all of the Defaulting Underwriters shall have theretofore agreed to purchase exceeds 9.09% of the total principal amount of the Bonds to be sold by the County to all of the Underwriters pursuant to the first paragraph of this Agreement, then the Non-Defaulting Underwriters, within twenty-four hours of receipt of such notice of nonperformance may, but shall not be obligated to, agree to purchase, or to procure one or more other parties to agree to purchase, in such proportions as they may agree upon and on the terms herein set forth, the Bonds which all the Defaulting Underwriters had theretofore agreed to purchase, and this Agreement shall thereupon be carried out accordingly.

9.03. If the Non-Defaulting Underwriters shall not agree to purchase, or shall not procure one or more other parties to agree to purchase, the Defaulting Underwriters' Bonds pursuant to Section 9.02 of this Agreement, then the County shall be entitled to an additional period of twenty-four hours in which to procure another party or parties satisfactory to the Representatives to purchase or agree to purchase such Bonds on the terms herein set forth, but the County shall not be obligated to do so, and this Agreement shall thereupon be carried out accordingly.

9.04. In the event any action is taken under Sections 9.01, 9.02 or 9.03 of this Agreement, then either the Representatives or the County shall have the right to postpone the Closing Time for a period of not more than seven days in order that necessary changes and arrangements may be effected by the Representatives and the County.

9.05. If neither the Non-Defaulting Underwriters nor the County shall make arrangements within the respective periods provided in this Section 9 for the purchase of the Bonds which the Defaulting Underwriters agreed to purchase, thereupon and without the necessity for any further notice to any party this Agreement shall terminate without liability on the part of any Non-Defaulting Underwriter to the County and without liability on the part of the County, and the sale of the Bonds hereunder shall not be required to be consummated. The provisions of this Section 9 shall not in any way affect the liability of any Defaulting Underwriter to the County arising out of such default.

Section 10. Indemnification.

Pursuant to the Indemnity Letter, Hoerner Waldorf has agreed to indemnify, hold harmless and defend you and the County from any and all liabilities, claims and demands arising from any untrue statement of a material fact included in the preliminary Official Statement or the final Official Statement, or from any omissions to state therein any material fact necessary in order to make the statements therein, in light of the circumstances under which they were made, not misleading.

Section 11. Parties in Interest.

This Agreement has been and is made solely for the benefit of the Underwriters and the County and their respective successors and assigns, and, to the extent expressed herein, for the benefit of persons controlling any of the Underwriters and officials of the County, and their respective successors and assigns, and no other person, partnership, association or corporation shall acquire or have any right under or by virtue of this Agreement. The term "successors and assigns" shall not include any purchaser of Bonds from any Underwriter merely because of such purchase.

WHEREAS, the County deems that it is in the interests of the County and the State to assist in the financing of the pollution control facilities to protect the State's environment and the health and welfare of its inhabitants by undertaking among other things, the authorization of the issuance of revenue bonds under the Act in an aggregate principal amount of not exceeding

\$10,000,000 the proceeds thereof to be used to defray costs incurred in connection with the air and water pollution control and abatement facilities consisting of facilities described in Exhibit A hereto to be constructed and installed at the manufacturing facility presently owned and operated by the Hoerner Waldorf Corporation in Missoula County, Montana (said pollution control and abatement facilities being herein called the "Project"); and

WHEREAS, the County will acquire by purchase from Hoerner Waldorf Corporation or such party which may then have title to such facilities, the facilities and complete the construction thereof with the proceeds of the proposed bonds and will thereupon sell or lease said facilities to Hoerner Waldorf Corporation or to the party to which said facilities shall have been leased or sold as the case may be for a consideration sufficient to defray all costs and expenses incident to said reconveyance; and

WHEREAS, the County is desirous of proceeding with the acquisition, construction and financing of the Project in order to promote the protection of the environment of the State, the protection of the health and welfare of the citizens of the State, the protection of the natural resources of the State and the County and the encouragement of the economic development of the State and the County;

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE BOARD OF COUNTY COMMISSIONERS OF MISSOULA COUNTY, MONTANA:

Section 1. That pursuant to the Act, the acquisition, construction and financing of the completion of the Project is hereby authorized and approved.

The Bond, together with the interest thereon and other costs incidental thereto, shall never constitute an indebtedness of the County within the meaning of any state constitutional provision or statutory limitations and shall never constitute nor give rise to a pecuniary liability of the County or a charge against its general credit or taxing powers, and such fact shall be plainly stated on the face of each bond, but such Bonds shall be limited obligations of the County payable solely from the revenues and receipts derived from the sale or lease of the Project.

Section 4. That all covenants, stipulations, obligations and agreements of the County contained in this resolution, any supplemental resolution or any indenture of trust shall be deemed to be the covenants, stipulations, obligations and agreements of the County and the officers thereof in their official capacity to the full extent authorized or permitted by law, and all such covenants, stipulations, obligations and agreements shall be binding upon the County and the officers thereof and their successors from time to time and upon any board, body or agency to which any powers or duties affecting such covenants, stipulations, obligations and agreements shall be transferred by or in accordance with law. and other revenues and other amounts derived from the sale of the Project, the provisions relating to the handling of the proceeds derived from the sale of the Bonds shall be prescribed by any supplemental resolution or the indenture of trust to be executed and approved by the County prior to the issuance of the Bonds.

Section 6. That the County has caused all acts, conditions and things required by the Constitution and laws of the State of Montana relating to the passage of this resolution to have happened, to exist, and to have been performed, and the County will cause all acts, conditions and things required by the Constitution and laws of the State of Montana relating to the execution and delivery of the installment sales contract or Lease Agreement to happen, exist and be performed precedent to the execution, issuance, sale and delivery of the Bonds and precedent to the execution and delivery of the installment sales contract or Lease Agreement.

Section 10. That this resolution shall take effect immediately, provided that in the event the Project is denied by the State of Montana Department of Health and Environmental Sciences, or any other authority, this resolution shall not be construed as an attempt to circumvent that authority or to authorize the County's involvement in an unlawful Project.

OPINION

[*260] [**288] The plaintiff C. P. Fickes brought this action to enjoin the defendants, the Board of County Commissioners of Missoula County, from taking certain actions under the provisions of the "Industrial Development Projects Act" of 1965 and to declare the same unconstitutional. The defendants filed a motion to dismiss the complaint upon the grounds it did not state a claim upon which relief could be granted, and a motion under Rule 12(c), M.R.Civ.P. for judgment on the pleadings.

The district court granted the defendants' motion for judgment on the pleadings and directed that final judgment [***2] be entered in favor of the defendants. From this judgment plaintiff appeals. Amicus curiae representing the Montana Chamber of Commerce appeared on the appeal by brief and argument.

155 Mont. 258, *260; 470 P.2d 287, **288;
1970 Mont. LEXIS 364, ***2

Under the terms and provisions of sections 11-4101 through 11-4110, R.C.M.1947, as amended, entitled "Industrial Development Projects" the Board of County Commissioners of Missoula County adopted a resolution whereby Missoula County would issue revenue bonds in the sum of \$ 14,000,000 to assist Hoerner Waldorf Corporation of Montana, a Delaware corporation, to acquire and erect certain facilities to be used in connection with [*261] its pulp and paper mill located west of the city of Missoula. The facilities to be so acquired and erected to be used by Hoerner Waldorf Corporation in connection with air and water pollution control projects.

The projects for which the bonds are to be issued were, at the time of the adoption of the resolution by the county commissioners, already in the process of planning, in whole or in part, by the corporation.

The facilities to be acquired and erected are to be owned by Missoula County; mortgaged to secure the repayment of the bonds by the county; and leased to [***3] Hoerner Waldorf Corporation.

The rentals to be paid under the lease are to be pledged and assigned to a trustee for the repayment of the principal and interest due on the bonds, and performance of the lease is guaranteed by Hoerner Waldorf Corporation, a Delaware Corporation, the parent company of Hoerner Waldorf Corporation of Montana.

Plaintiff contends the Industrial Development Projects Act of 1965, as amended, is unconstitutional in that:

(1) The bonds to be issued by the county and the mortgage to secure payment of the bonds constitute a lending of the credit of the county in violation of Article XIII, Sec. 1 of the Constitution of Montana.

(2) That said bonds and mortgages constitute a debt of the county which will be incurred without approval of a majority of the electors of the county, voting at an election, as required by Article XIII, Sec. 5 of the Constitution of Montana.

(3) That the debt that will be created if said bonds are issued will exceed the debt limit established for counties under the provisions of Article XIII, Sec. 5 of the Constitution of Montana.

(4) Since section 11-4108, R.C.M.1947 provides for taxation [*262] of property notwithstanding it is [***4] owned by a county, this section [**289] is unconstitutional under the provisions of Article XIII, Sec. 2 of the Constitution of Montana.

(5) The proposed lease agreement provides that Hoerner Waldorf Corporation of Montana shall have the option to purchase the property, after all bonds are paid, for the sum of \$ 1,000. This constitutes a grant or donation by Missoula County to the corporation and is unconstitutional under the provisions of Article XIII, Sec. 1 of the Constitution of Montana.

(6) The issuance of bonds to acquire an existing project or to construct an addition to an existing project is contrary to the provisions of Article XIII, Sec. 3 of the Constitution of Montana.

Plaintiff further contends that the actions of the Board of County Commissioners of Missoula County are contrary to the force and effect of the statutes of the state of Montana in that:

(7) The sale contemplated under the lease agreement does not provide for sale at public auction and is therefore contrary to the provisions of section 16-1009, R.C.M.1947.

(8) The project encompassed in the agreement between Missoula County and

155 Mont. 258, *262; 470 P.2d 287, **289;
1970 Mont. LEXIS 364, ***4

Hoerner Waldorf requiring purchase of property of the county in a sum [***5] in excess of \$ 2,500 without public bid is contrary to the provisions of section 16-1803, R.C.M.1947.

(9) The issuance of revenue bonds pursuant to the provisions of the Industrial Development Projects Act and the leasing of facilities to private industry is not a public purpose and therefore exceeds the powers of the counties of the state of Montana and the powers of the Board of County Commissioners.

(10) Under the Constitution and Statutes of the state of Montana, a county may only exercise its powers within its own boundaries. Therefore section 11-4102, R.C.M.1947, which provides that a project may be partially within and partially without the boundary of a county, is an attempt to create additional [*263] powers not contemplated in the Constitution and statutes of the state of Montana.

(11) The lease agreement creates a term of lease which may exceed ten years and is therefore contrary to the terms and provisions of section 16-1030, R.C.M.1947.

Plaintiff further contends:

(12) In the event the Industrial Development Projects Act is declared to be constitutional, the acts of the Board of County Commissioners of Missoula County are illegal in that the project to be financed [***6] consists of air and water pollution control devices and such projects are not within the purview and intent of the legislature as set forth in the definition of "project" by section 11-4101, R.C.M.1947.

The foregoing issues numbered 1 through 5, and 9, presented in appellant's brief, concern constitutionality of the Industrial Development Projects Act. The other

issues raise questions as to the applicability of various statutes limiting the way in which county property and contracts may be dealt with.

First, as to constitutionality, Article XIII, Sec. 5 of the Constitution of Montana provides:

"No county shall be allowed to become indebted in any manner, or for any purpose, to an amount, including existing indebtedness, in the aggregate exceeding five (5) per centum of the value of the taxable property therein, to be ascertained by the last assessment for state and county taxes previous to the incurring of such indebtedness, and all bonds or obligations in excess of such amount given by or on behalf of such county shall be void. No county shall incur any indebtedness or liability for any single purpose to an amount exceeding ten thousand dollars (\$ 10,000) without the approval [***7] of a majority of the electors thereof, voting at an election

to be provided by law."

Issues 2 and 3, as to whether a "debt" or "liability" prohibited by Article XIII, Sec. 5 of the Constitution of Montana will [**290] be created by this plan, will be considered first.

[*264] Appellant states correctly that there is no plan for submitting this bond issue to the voters, and that the county debt limit would be exceeded by the addition of a fourteen million dollar bonded debt to its present total. Therefore, if the bonds now to be issued are an

155 Mont. 258, *264; 470 P.2d 287, **290;
1970 Mont. LEXIS 364, ***7

"indebtedness or liability" as those terms are used in Article XIII, Sec. 5, the entire program is prohibited by the Constitution. However, this basic premise for appellant's contention is not correct, as can readily be shown by our own precedents.

There is a long history in Montana of the financing of various projects by revenue bonds as distinguished from general obligation bonds payable out of ad valorem property tax receipts. These have uniformly been held *not* to create a debt or liability within the meaning of Article XIII, Sec. 5 of our Constitution.

This is true as to dormitory revenue bonds (*Barbour v. State Board of Education*, 92 Mont. 321, 13 P.2d 225); student union building bonds (*State ex rel. Veeder v. State Board of Education*, 97 Mont. 121, 33 P.2d 516); water conservation board bonds (*State ex rel. Normile v. Cooney*, 100 Mont. 391, 47 P.2d 637); housing authority bonds (*Kraus v. Riley*, 107 Mont. 116, 80 P.2d 864); and veterans bonus bonds (*Cottingham v. State Bd. of Exam.*, 134 Mont. 1, 328 P.2d 907), just to give a few illustrations. The common quality of all these projects is that in each there is explicit provision that the public body issuing the bonds does not obligate its taxing power to pay for them. The same exact provision is written into the law and the bonds involved in this case, so that the same decision must necessarily be made in this case.

The dormitory bonds case is analogous in its essential respects. The statute there involved (Chap. 94, Laws of 1929) read in part:

"Section 4. No obligation created hereunder shall ever be or become a charge against the State of Montana but all such obligations, including principal and interest, shall be payable [*265] solely: (a) From the net rents and income pledged. (b) From

the net rents and income which has not been [***9] pledged for other purposes arising from any other residence halls or like improvement under the control and management of said Board; or (c) From the income derived from gifts and bequests made to the institutions under the control of said Board for residence hall purposes.

* * *

"Section 6. No State funds shall be loaned or used for this purpose. *
* *"

Referring to Article XIII of the Montana State Constitution the Court held in *Barbour v. State Board of Education*, 92 Mont. 321, 13 P.2d 225:

"By the very terms of chapter 94, the faith and credit of the state of Montana is not involved in the issuance of the certificates of indebtedness referred to. Neither will the taxpayers of the state ever become burdened or called upon to undertake to repay the obligations which may be created in furtherance of the plan which the resolution of the board of education contemplates. We therefore conclude without difficulty that the transaction does not, nor does the law, offend against these provisions of the Constitution."

Compare the dormitory bond law with the revenue bond law here being considered. Its section 11-4103, R.C.M.1947, reads in part:

"Limited obligation bonds -- form and [***10] contents -- sale -- negotiability. (1) bonds issued by a municipality or county under the authority of this act shall be limited obligations of the municipality or county. Bonds and interest coupons, issued under the authority of this act, shall not constitute nor give rise to a pecuniary liability of the municipality or county or a charge against its general credit or taxing

1970 Mont. LEXIS 364, ***10

powers. Such limitation shall [**291] be plainly stated upon the face of each of such bonds. * * *

[*266] The words of the *Barbour* decision fit perfectly the industrial development revenue bond law as well as the dormitory bond law.

Article XIII touches only ad valorem tax obligations which of course could never be imposed to pay these industrial bonds because of the express prohibition in section 11-4103 just above quoted. Even the pledge and expenditures of tax revenues, coming from other sources such as cigarette taxes, does not violate Article XIII.

This interpretation of Article XIII was expressly made in the *Korean* bonus case, where a cigarette tax was the source of repayment. Thus, even though there was a liability to keep up the cigarette tax, the constitutional provisions were held [***11] not applicable by this Court in *Cottingham v. St. Bd. of Exam.*, 134 Mont. 1, 328 P.2d 907:

"In effect, section 2, Article IX, amended the words 'debt or liability' as they appear in section 2, Article XIII, and has effectively confined them to debts or liabilities which must be retired out of ad valorem taxes. In this manner we avoid a conflict and unreasonableness.

"Looking now to the instant case, we find that the bonds, assuming they create a 'debt or liability,' do not create the type of 'debt or liability' which section 2, Article XIII, prescribes, since in this case retirement of the bonds looks to the levy of an excise tax without the taxpayer being enrolled on the assessment rolls."

Therefore, the industrial development revenue bond law, and the bond issue now before the Court, following the precedents of the past,

are held not to create a "debt or liability" of the nature forbidden by Article XIII. Not only does the law expressly so provide, and the cases so hold, but at page 7 of the Indenture of Trust, the form of the bond itself contains this final commitment:

"The Bonds and the interest coupons appertaining thereto [*267] do not now and shall never constitute [***12] a charge against the general credit or taxing powers of the County."

Next, appellant's issues No. 1, 5 and 9 are concerned with Article XIII, Sec. 1 of the Constitution of Montana which reads:

"Neither the state, nor any county, city, town, municipality, nor other subdivision of the state shall ever give or loan its credit in aid of, or make any donation or grant, by subsidy or otherwise, to any individual, association or corporation, or become a subscriber to, or a shareholder in, any company or corporation, or a joint owner with any person, company or corporation, except as to such ownership as may accrue to the state by operation or provision of law."

Is "credit in aid" being given by the county; or is the county loaning its credit in aid of, or making any donation or grant as that language is used and has been interpreted?

In *Willett v. State Board of Examiners*, 112 Mont. 317, 322, 115 P.2d 287, this Court rendered a decision very closely in point in approving the Veterans Memorial Building bond issue, payable out of future income from the capitol land grant. The building was to house private organizations in part. This Court said:

"The test to be adopted in determining [***13] whether a donation or grant is prohibited under this section is whether the donation or grant is for a public purpose. * *

155 Mont. 258, *267; 470 P.2d 287, **291;
1970 Mont. LEXIS 364, ***13

* What is a 'public purpose' is a question primarily for legislative determination, with which we will not interfere unless there has been a clear abuse of power. People ex rel. Douglas v. Barrett, 370 Ill. 464, 19 N.E.2d 340. That the project here is for a public purpose there can be no reasonable doubt; at least we cannot say that the legislature abused its power in so determining. The fact that the named organizations incidentally derive special benefit from the project does not bring the Act in conflict with section 1, Article XIII.

Thus, here, since no debt or liability is created, we [*268] look to see if an indirect [**292] benefit to the industry by having a favorable type of financing, will condemn the Act in question. The legislative purpose of encouraging the development of the state's natural resources without cost to the taxpayer is being accomplished. Here, every dollar expended on the bond issue is to be repaid from and by the project the issue makes possible. The county commissioners expressly find the project will be of value [***14] as a source of employment and county revenue and will protect the health, safety and welfare of the citizens. The plant will be enabled to comply with the new legal requirements for environmental improvement. Thus, a valid purpose appears.

Similar cases arose in connection with water conservation board bonds, and Great Falls housing authority bonds. In both instances, revenue bonds were being issued to finance projects which would relieve agricultural distress or slum housing distress to the obvious benefit of both the economy and society of Montana and to individuals who would get the irrigation water or the improved housing occupancy.

In the case concerning water conservation board bonds, Kraus v.

Riley, 107 Mont. 116, 124, 80 P.2d 864, 867, this Court said:

"The mere fact that the money raised will go to individuals will not condemn the act in question, since the test is not as to who receives the money, but, is the purpose for which it is to be expended a public purpose?"

In the Great Falls housing case, Rutherford v. City of Great Falls, 107 Mont. 512, 517, 86 P.2d 656, 658, this Court said:

"Legislation having for its purpose the eradication of slums and the substitution [***15] in place thereof of safe and sanitary dwellings is well within the definition of 'public purpose' as defined in Green v. Frazier, 44 N.D. 395, 176 N.W.11, affirmed by the United States Supreme Court in 253 U.S. 233, 40 S.Ct. 499, 64 L.Ed. 878, as follows [page 17]: 'A public [*269] purpose * * * has for its objective the promotion of the general welfare of all the inhabitants or residents within a given political division, as, for example, a state, the sovereignty and sovereign powers, of which are exercised to promote the public health, safety, morals, general welfare, security, prosperity, contentment and equity before the law of all the citizens of the State.'"

And, see our discussion in Jones v. Burns, 138 Mont. 268, 290, 357 P.2d 22, 34, where we said:

"This quotation points out three propositions which are of primary significance in determining whether legislation is violative of Mont. Const., art. XIII, § 1. They are: (1) The tests for determining the validity of a donation or grant is whether it is for a public purpose; (2) The question what is a public purpose is primarily for the legislature; and, (3) The fact that individuals, associations, or corporations derive [***16] special benefit from the

155 Mont. 258, *269; 470 P.2d 287, **292;
1970 Mont. LEXIS 364, ***16

legislation does not necessarily affect its validity."

In all of our Montana precedents reviewed, the mere incidental benefits to a private corporation do not change a public purpose to a private one being the loaning of credit or aid as prohibited. The same rationale applies to the option to purchase for \$ 1,000 after the bonds are paid.

The appellant cites the Idaho case of Village of Moyie Springs, Idaho v. Aurora Mfg. Co., 82 Idaho 337, 353 P.2d 767. Also, prior to constitutional amendments, a Nebraska case, State ex rel. Beck v. City of York, 164 Neb. 223, 82 N.W.2d 269.

The Idaho case is authority to the contrary of our holding here, but it stands alone and we simply do not agree with it. For an example of cases in jurisdictions which have upheld similar laws and have rejected the Idaho holding, see Carruthers v. Port of Astoria, 249 Or. 329, 438 P.2d 725; Uhls v. State ex rel. City of Cheyenne (Wyo.1967) 429 P.2d 74; [*270] Green v. City of Mt. Pleasant, 256 Iowa 1184, 131 N.W.2d 5; City of Gaylord v. Beckett, 378 Mich. 273, 144 N.W.2d 460.

We hold that the Industrial Development Projects Act is not violative of Article [*293] XIII, Sec. [***17] 1, of the Montana Constitution.

Next we consider appellant's issues No. 6 and 12. Appellant argues that the issuance of bonds to acquire an existing project is contrary to Art. XIII, Sec. 3 of the Constitution of Montana; and, further, in this connection that air and water pollution control devices are not a "project" within the definition of "project" contained in section 11-4101(2), R.C.M.1947.

We have some difficulty in coming to grips with these contentions.

However, appellant suggests that the name of the Act clearly indicates the legislature contemplated only "new industry" and not improvement of existing industry. While it is true that pollution controls or any other equipment useful in an industrial project are not specifically named in the Act, yet the legislature made it clear in section 11-4107 that it intended to cover many items when it specified in its provisions for the use of proceeds of bond sales that they could be used for "acquiring or improving" and the terms "all or any part of a project."

Finally, as a constitutional matter, the appellant under issue No. 4 argues that Article XII, Sec. 2 of the Constitution of Montana is violated Article XII, Sec. 2 provides:

[***18] "The property of the United States, the state, counties, cities, towns, school districts, municipal corporations and public libraries shall be exempt from taxation * * *."

Here, in section 11-4108, R.C.M.1947, it is provided:

"Notwithstanding that title to a project may be in a municipality or county, such projects shall be subject to taxation to the same extent, in the same manner, and under the same procedures as privately owned property in similar circumstances, if such projects are leased to or held by private interests on both the assessment date and the date the levy [*271] is made in any year; but such projects shall not be subject to taxation in any year if they are not leased to or held by private interests on both the assessment date and the date the levy is made in any year; provided, that where personal property owned by a municipality or county is taxed under this section and such personal property taxes are delinquent, levy by distress warrant for collection of such delinquent

155 Mont. 258, *271; 470 P.2d 287, **293;
1970 Mont. LEXIS 364, ***18

taxes may only be made on personal property against which such taxes are levied."

The problem then is whether the broad constitutional exemption of county property from taxation must necessarily [***19] extend to project property in which the county has a trust interest as distinguished from the beneficial ownership.

In *State ex rel. City of Great Falls v. Jeffries*, 83 Mont. 111, 270 P. 638, this Court held that the collection of special improvement assessments upon a lot belonging to a county was proper, where "the lot in question is not used for county purposes."

Also, in *State v. King Colony Ranch*, 137 Mont. 145, 350 P.2d 841, this Court did not extend the companion exemption of religious property from taxation to the lands of a religious group where the lands were being used for commercial farming, and not for religion.

Thus, this Court has looked to the use to which the property is held, and not the title. Article XII, Sec. 7 of the Montana Constitution provides that all corporations shall be taxed, and since the Hoerner Waldorf Corporation will "use" the property they necessarily will be taxed, and to achieve harmony and consistency, Sec. 2 of Article XII, is not applicable here. (See 84 C.J.S. Taxation §§ 203 and 204.)

On issues No. 7, 8 and 11 the appellant raises questions as to whether the manner of structuring and eventually liquidating the industrial development [***20] bond issues violates the general statute regulating the administration of county property and business. Thus, appellant argues that the county cannot make [*272] a lease longer than 10 years, section 16-1030, R.C.M.1947; cannot sell the land

except at auction after the bonds are paid, section 16-1009, R.C.M. [**294] 1947; and cannot contract for construction except on public bidding, section 16-1803, R.C.M.1947.

In approaching these statutory questions, appellant maintains that the rule of construction is that in interpreting several statutes relating to the same subject matter, the specific statute should prevail over the general. This is the rule. (See *Monarch Lumber Co. v. Haggard*, 139 Mont. 105, 360 P.2d 794.) However, we do not agree that the restrictive statutes mentioned above are the special statutes in this instance. Even though the legislature has put in the Industrial Development Projects Law flexible procedures, they are designed for the purpose of doing a specific job, and these are special in that sense and would prevail over the general statutes having to do with broad powers of administrative handling of county property and affairs.

In *Montana-Dakota [***21] U. Co. v. City of Havre*, 109 Mont. 164, 94 P.2d 660, this Court said:

"Chapter 141 is a special statute, giving to the city, acting through its governing body, the authority to do everything necessary to acquire a gas distribution system and an adequate supply of gas, and this it may do without complying with the provisions of section 5070. If this were not so, then the broad provisions of Chapter 141 purporting to give the municipal authorities power to construct a municipal gas project, could be frustrated by the qualified electors declining to authorize the purchase of gas. This was not the legislative intent. The acquisition of a supply of gas is so interwoven with the project as a whole that authority on the part of the governing body of the city to construct the system without a vote of the people carries with it the right to contract for a supply of gas

155 Mont. 258, *272; 470 P.2d 287, **294;
1970 Mont. LEXIS 364, ***21

without such vote.

"The next contention of plaintiff is that the city by the proposed contract is assuming obligations without submitting the [*273] proposal to a vote of the resident taxpayers. Here again reliance is placed on section 5070, but the complete answer to the contention is that Chapter 141, and not section [***22] 5070, controls here. * * *

"The wisdom or necessity of eliminating, with reference to the projects contemplated by Chapter 141, all the safeguards provided in the public interest by general statutory requirements for competitive bids and for approval by the voters, is solely for the legislature to determine, and with its determination this court cannot interfere."

In numerous other cases we have held to the same effect. See State v. Langan, 151 Mont. 558, 445 P.2d 565; McAlear v. U.C.C., 145 Mont. 458, 405 P.2d 219; Wymont Tractor & Equipment Co. v. U.C.C., 128 Mont. 501, 278 P.2d 208.

Thus here, the Industrial Development Projects Act is the special act and governs.

Finally, the appellant urges in

issue No. 10 that since the Industrial Development Projects law allows a county to engage in a project "partially within or partially without" the county (section 11-4102) the jurisdiction of a county is extended and section 16-101, R.C.M.1947, is violated. Section 16-101, R.C.M.1947, is violated. Section 16-101 states simply that "A county is the largest political subdivision of the state having corporate power."

We need not concern ourselves with this issue since the record here [***23] shows that the project is located entirely in Missoula county and hence no question exists other than a hypothetical one.

We have examined all of the contentions raised by the appellant and find no basis to set aside the decision of the district court. The Industrial Development Projects Act of 1965 is a valid expression of the public will, and the resolution of the Board of County Commissioners of Missoula County is a proper exercise of that authority. Accordingly the judgment is affirmed.

Guaranty Agreement BOOK 31 PAGE 126

THIS GUARANTY AGREEMENT dated as of June 1, 1971, by HOERNER WALDORF CORPORATION, a corporation organized and existing under the laws of the State of Delaware (hereinafter referred to as the "Guarantor")

WITNESSETH THAT:

WHEREAS, Hoerner Waldorf Properties Company, a corporation organized and existing under the laws of the State of Minnesota (hereinafter referred to as the "Lessee"), is a wholly owned subsidiary of the Guarantor and has authority to execute the herein defined Lease and has validly done so, and the Guarantor proposes that contemporaneously with the delivery of this Guaranty Agreement there will be executed and delivered a Lease Agreement between the Lessee and the County of Missoula, Montana (hereinafter referred to as the "County") dated as of June 1, 1971 (hereinafter, as from time to time amended, referred to as the "Lease"), under which the Lessee will lease from the County a project described in the Lease; and

WHEREAS, the County, in order to acquire and construct the project to be leased under the Lease, will issue its Industrial Development Revenue Bonds, 1971 Series, in an aggregate principal amount of not exceeding \$15,000,000 and has authorized the issuance of Additional Bonds (herein collectively referred to as the "Bonds") and will secure the payment of the Bonds by mortgaging the project and by assigning and pledging the Lease and this Guaranty Agreement to First National Bank and Trust Company of Helena, Helena, Montana, as Trustee (the "Trustee") under a Mortgage and Indenture of Trust from the County, dated as of June 1, 1971 (hereinafter referred to as the "Indenture"), for the benefit of the holders at any time of the Bonds and the interest coupons appertaining thereto; and

WHEREAS, the County requires, as an inducement and a prerequisite to its entering into the Lease, that the Guarantor deliver this Guaranty Agreement; and

WHEREAS, the Guarantor desires that the County enter into the Lease with the Lessee and issue, sell and deliver the Bonds and is willing to deliver this Guaranty Agreement as an inducement to the County to enter into the Lease and to issue, sell and deliver the Bonds;

Now, THEREFORE, in consideration of the County's entering into the Lease and its assumption of the obligations represented thereby and as an inducement to the County to enter into the Lease with the Lessee and to issue, sell and deliver the Bonds and as an inducement to the future purchasers and holders of any of the Bonds to buy the Bonds, the Guarantor does hereby covenant as follows:

1. The Guarantor unconditionally guarantees to the County and the Trustee, or assigns, the full and prompt payment when due and at all times thereafter of an amount equal to each and all of the rents and other sums provided to be paid by the Lessee to the County or the Trustee under the terms of the Lease and the full and prompt performance and observance by the Lessee of each and all of the covenants and agreements required to be performed and observed by the Lessee under the terms of the Lease. The Guarantor further unconditionally agrees to pay all expenses and charges, legal or otherwise (including court costs and attorneys' fees) paid or incurred by the County, its successors or assigns, in realizing upon any of the payments or enforcing covenants hereby guaranteed or in enforcing this Guaranty Agreement.

2. Each and every default by the Lessee under the terms of the Lease shall give rise to a separate cause of action hereunder, and separate suits may be brought hereunder as each such cause of action arises.

3. This Guaranty Agreement shall be a continuing, absolute and unconditional guaranty and shall remain in full force and effect until the Lessee shall have fully and satisfactorily discharged all of its obligations to the County under the Lease, including payment of the rent under the Lease until the Bonds have been fully paid (or provision for their payment made in accordance with the Indenture), and irrespective of the genuineness, validity, regularity or enforceability of the Lease or any assignment or termination thereof, or the bankruptcy,

insolvency, reorganization or dissolution of the County or Lessee, or the assignment for benefit of creditors by the County or Lessee.

4. This Guaranty Agreement and the liability hereunder shall in no wise be affected or impaired by any compromise, settlement, release, renewal, extension, indulgence, change in or modification of any of the obligations and liabilities of the Lessee under the Lease, or by any redelivery, repossession, surrender or destruction of the leased property in whole or in part, or by any failure, neglect or omission on the part of the County, its successors or assigns, to realize upon any obligations or liabilities of the Lessee, or to give notice to the Guarantor of the occurrence of any default under the Lease; provided, however, that the County or the Trustee shall give Guarantor prompt written notice of the occurrence of any default under the Lease.

5. The obligations, covenants, agreements and duties of the Guarantor under this Guaranty Agreement shall not be affected or impaired by reason of the happening from time to time of any of the following with respect to the Lease or said assignment thereof or to this Guaranty Agreement or the assignment hereof to the Trustee, although without notice to or consent of the Guarantor: (a) any assignment or mortgaging or the purported assignment or mortgaging of all or any part of the interest of Lessee in the Lease or in said property; (b) the waiver by the County or the Trustee of the performance or observance by Lessee or by the Guarantor of any of the agreements, covenants, terms or conditions contained in any of such instruments; (c) the extension of the time for payment by Lessee or the Guarantor of any rents or other sums or any part thereof owing or payable under any of such instruments or of the time for performance by Lessee or the Guarantor of any other obligations under or arising out of any of such instruments or the extension or the renewal of any thereof; (d) the modification or amendment (whether material or otherwise) of any duty, agreement or obligation of Lessee set forth in any such instrument; (e) the taking or the omission of any of the actions referred to in any of such instruments; (f) any failure, omission, delay or lack on the part of the County or the Trustee to enforce, assert or exercise any right, power or remedy conferred on the County or the Trustee in any of such instruments, or any action on the part of the County or the Trustee granting indulgence or extension in any form; (g) the voluntary or involuntary liquidation, dissolution, sale or other disposition of all or substantially all the assets, marshalling of assets and liabilities, receivership, insolvency, bankruptcy, assignment for the benefit of creditors, reorganization, arrangement, composition or readjustment of, or other similar proceeding affecting, Lessee or any of its assets, or the disaffirmance of the Lease in any such proceeding; (h) the release or discharge of Lessee from the performance or observance of any agreement, covenant, term or condition contained in any of such instruments by operation of law; (i) the release, substitution or replacement in accordance with the terms of the Lease of any property subject thereto; (j) the receipt and acceptance by the County or the Trustee of notes, checks or other instruments for the payment of money made by the Lessee and extensions and renewals thereof; or (k) any other cause, whether similar or dissimilar to the foregoing.

6. Without limiting the foregoing, it is specifically understood that any modification, limitation, or discharge of the Lessee's liability under the Lease arising out of or by virtue of any bankruptcy arrangement, reorganization or similar proceeding for relief of debtors under federal or state law hereinafter initiated by or against the Lessee shall not affect, modify, limit, or discharge the liability of the Guarantor in any manner whatsoever and this Guaranty Agreement shall remain and continue in full force and effect and shall be enforceable against the Guarantor to the same extent and with the same force and effect as if any such proceedings had not been instituted; and it is the intent and purpose of this Guaranty Agreement that the Guarantor shall and does hereby waive all rights and benefits which might accrue to it by reason of any such proceeding and that it shall be liable for the full amount of rent and other sums, including all damages imposed, or payable under the terms of the Lease, irrespective and without regard to any modification, limitation, or discharge of the liability of the Lessee that may result from any such proceeding.

7. No act of commission or omission of any kind or at any time upon the part of the County, its successors or assigns, in respect of any matter whatsoever shall in any way affect or impair the rights of the County or any successor or assignee of the County to enforce any right, power or benefit of the County under this Guaranty Agreement, and no set-off, claim, reduction, or diminution of an obligation, or any defense of any kind or nature which the Guarantor has or may have against the County or any assignee or successor thereof shall be available against any assignee or successor of the County.

8. The County may without any notice whatsoever to anyone sell, assign or transfer all of its right, title and interest as lessor under the Lease or all of its right, title and interest in and to the rents and other sums at any time due and to become due thereunder to the Trustee, and in such event the Trustee shall have all of the rights, powers and benefits of the County under this Guaranty Agreement, including, without limitation, the right to enforce this Guaranty Agreement by suit or otherwise for its benefit as fully as if it were herein by name specifically given all of such rights, powers and benefits.

9. The County, or its successors and assigns, in its or their sole discretion, shall have the right to proceed first and directly against the Guarantor, its successors and assigns, under this Guaranty Agreement without proceeding against or exhausting its remedies against the Lessee, its successors or assigns, and without resorting to any other security held by the County or its successors or assigns.

10. The Guarantor will keep and will cause each of its subsidiaries to keep proper books of record and account in accordance with generally accepted principles of accounting and will furnish to the County such information respecting the business affairs, operations and financial condition of the Guarantor and its subsidiaries as may be reasonably requested, and without any request will furnish to the Trustee in triplicate:

(a) As soon as available and in any event at the time the same are made available to stockholders of the Guarantor, copies of all quarterly and other interim financial statements as the Guarantor shall furnish to its stockholders;

(b) As soon as available and in any event within 120 days after the close of each fiscal year of the Guarantor a copy of the annual audit report (including balance sheets, profit and loss and surplus statements) of the Guarantor and its subsidiaries for such fiscal year, all as prepared and certified by independent public accountants of recognized standing; provided, however, that if the annual report of the Guarantor to its stockholders shall contain financial statements of substantially similar detail and similarly prepared and certified, copies of such annual report may be delivered in lieu of the copies of the audit report referred to herein.

11. This Guaranty Agreement and every part thereof shall be binding upon the Guarantor and its successors and assigns and shall inure to the benefit of the County and its successors and assigns including the Trustee. The Guarantor is advised that the rights of the County under this Guaranty Agreement are to be assigned to the Trustee pursuant to the Indenture and upon such assignment and so long as any Bonds shall be unpaid in whole or in part or the loan unpaid, all rights against the Guarantor arising under this Guaranty Agreement shall be for the sole benefit of the Trustee and the holders of the Bonds, and the County and the Trustee shall be entitled to bring any suit, action or proceeding against the Guarantor for the enforcement of any provision of this Guaranty Agreement in its name as Trustee, and it shall not be necessary in any such suit, action or proceeding to make the County a party thereto; and this Guaranty Agreement may not be modified or amended without the prior written consent of the Trustee, and any attempted modification or amendment without such consent shall be void. The terms of this Guaranty Agreement may be enforced as to any one or more breaches either separately or cumulatively. Notice of acceptance of this Guaranty Agreement and notice of the execution and delivery of the Lease by Lessee and of the assignment thereof and of this Guaranty Agreement to the Trustee and of the execution and delivery of the County's Bonds are hereby waived by the Guarantor. The provisions of this Guaranty may be amended, modified or discharged only by the agreement in writing of the Guarantor, the County and, upon its assignment to the Trustee, who shall be authorized to agree thereupon subject to those conditions as set forth in Article XIII of the Indenture for amendment of the Lease and Agreement.

12. The Guarantor agrees that during the Lease Term of the Lease it will maintain its corporate existence, will not dissolve or otherwise dispose of all or substantially all of its assets and will not consolidate with or merge into another corporation; provided that the Guarantor may, without violating the Agreement contained in this section, consolidate or merge with, or sell or otherwise transfer to another domestic corporation (i.e., a corporation organized and existing under the laws of one of the states of the United States of America) all or substantially all of its assets as an entirety and thereafter dissolve, provided the surviving, resulting or transferee

corporation, as the case may be, assumes in writing all of the obligations of the Guarantor herein and qualifies to do business in the State of Montana or appoints an agent for service within the State of Montana; provided, however, that no such assignment or subletting shall be permitted if such action will cause the Guarantor (or any assignee or successor of the Guarantor, as the case may be) to cease existence as a separate legal entity from the Lessee or cause the Lease not to be a separate legal obligation of the Lessee.

13. The Guarantor irrevocably: (a) agrees that any suit, action or other legal proceeding arising out of this Guaranty Agreement may be brought in the courts of the State of Montana or the courts of the United States located within the State of Montana; (b) consents to the jurisdiction of each such court in any such suit, action or proceeding; and (c) waives any objection which it may have to the laying of the venue of any such suit, action or proceeding in any of such courts. For such time as any of the Bonds shall be unpaid in whole or in part, the Guarantor irrevocably designates the Secretary of State of the State of Montana, whose address is Helena, Montana and designates the Corporate Trust Corporation System, whose business address in the State of Montana is 11 Edwards Street, Helena, Montana, as its agents to accept and acknowledge in its behalf service of any and all process in any such suit, action or proceeding brought in any such court and agrees and consents that any such service of process upon either agent shall be taken and held to be valid personal service upon the Guarantor whether or not the Guarantor shall then be doing, or at any time shall have done, business within the State of Montana, and that any such service of process shall be of the same force and validity as if service were made upon it according to the laws governing the validity and requirements of such service in such state, and waives all claim of error by reason of any such service. Such agents shall not have any power or authority to enter any appearance or to file any pleadings in connection with any suit, action or other legal proceeding against the Guarantor or to conduct the defense of any such suit, action or any other legal proceeding.

14. This Guaranty Agreement constitutes the entire agreement, and supersedes all prior agreements and understandings, both written and oral, among the parties with respect to the subject matter hereof and may be executed simultaneously in several counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

IN WITNESS WHEREOF, Hoerner Waldorf Corporation has caused this instrument to be executed by its President and its corporate seal to be hereunto affixed and attested by its Secretary as of the first day of June, 1971.

Bonds or coupons shall cease to be such officer before the delivery of such Bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes, the same as if he had remained in office until delivery.

SECTION 204. *Authentication.* Only such Bonds as shall have endorsed thereon a certificate of authentication substantially in the form hereinabove set forth duly executed by the Trustee shall be entitled to any right or benefit under this Indenture. No Bond and no coupon appertaining to any coupon Bond shall be valid or obligatory for any purpose or be entitled to any security or benefit under this Indenture unless and until such certificate of authentication shall have been duly executed by the Trustee, and such executed certificate of the Trustee upon any such Bond shall be conclusive evidence that such Bond has been authenticated and delivered under this Indenture. The Trustee's certificate of authentication on any Bond shall be deemed to have been executed by it if signed by an authorized officer of the Trustee, but it shall not be necessary that the same officer sign the certificate of authentication on all of the Bonds issued hereunder. Before authenticating or delivering any Bonds, the Trustee shall detach and cancel all matured coupons, if any (except coupons in default) appertaining thereto, and such cancelled coupons shall be cremated by the Trustee.

SECTION 205. *Form of Bonds.* The coupon Bonds issued under this Indenture and the coupons attached thereto and the registered Bonds without coupons shall be substantially in the form hereinbefore set forth with such appropriate variations, omissions and insertions as are permitted or required by this Indenture.

SECTION 206. *Delivery of 1971 Series Bonds.* Upon the execution and delivery of this Indenture, the County shall execute and deliver to the Trustee and the Trustee shall authenticate the 1971 Series Bonds in the aggregate principal amount of \$15,000,000 and deliver them to the purchasers as may be directed by the County as hereinafter in this Section 206 provided.

Prior to the delivery by the Trustee of any of the 1971 Series Bonds there shall be filed with the Trustee:

BOUN 31 PAGE 72

27

1. A copy, duly certified by the Clerk of the County, of the resolution adopted and approved by its Board of County Commissioners authorizing the execution and delivery of the Lease Agreement.

2. Original executed counterparts of the Lease Agreement and amendments thereto.

3. Original executed counterparts of the Guaranty Agreement and amendments thereto.

4. A copy, duly certified by the Clerk of the County, of the resolution or resolutions adopted and approved by its Board of County Commissioners authorizing the execution and delivery of this Indenture and the issuance and delivery of the 1971 Series Bonds.

5. Original executed counterparts of this Indenture.

6. A request and authorization to the Trustee on behalf of the County and signed by the Chairman of the Board of County Commissioners and the Clerk of the County to authenticate and deliver the 1971 Series Bonds to the purchaser or purchasers therein identified upon payment to the Trustee, but for account of the County, of a sum specified in such request and authorization plus accrued interest on such 1971 Series Bonds to the date of delivery. Such proceeds shall be paid over to the Trustee and deposited in the Bond Fund and in the Construction Fund as hereinafter provided under Article VI hereof.

7. A title insurance policy or binder meeting the requirements of Section 3.2 of the Lease Agreement.

SECTION 207. *Issuance of Additional Bonds.* Additional Bonds may be issued at the times, for the purposes and subject to the limitations set forth in Section 4.2 of the Lease Agreement when it is determined by the Lessee (a) that the balance at the time remaining in the Construction Fund will be insufficient to pay the balance of the cost of any part of the Project, or (b) that additional water and air pollution control facilities are desired, the Lessee may file with the County and the Trustee an estimate indicating (i) the amount by which the cost of any part of the Project will exceed the net pro-

ceeds available from the sale of the 1971 Series Bonds authorized to be issued hereunder for such part of the Project, or (ii) the total cost of the proposed additional water and air pollution control facilities.

Thereupon, the County and the Lessee may from time to time agree upon and approve the issuance and delivery of Additional Bonds, subject to the following limitations and conditions:

If the Lessee is not in default under the Lease Agreement, the County agrees, on request of the Lessee, from time to time, to use its best efforts to issue the amount of Additional Bonds specified by the Lessee (within the limits and under the conditions specified above), provided that the terms, manner of issuance, purchase price and disposition of proceeds of the sale of such Additional Bonds shall have been approved in writing by the Lessee and provided further, that the Lessee and the County shall have entered into amendments to the Lease Agreement to provide for additional rent in an amount at least sufficient to pay the principal of, premium, if any, and interest on the Additional Bonds as the same shall mature and become due, and to make all other required payments under such amendments, and provided further that the County and the Trustee shall have entered into supplemental Indentures as more fully provided in Section 1201 hereof. All Additional Bonds shall be of the same rank and be entitled to the same security as the 1971 Series Bonds initially authorized to be issued hereunder. Upon the execution and delivery in each instance of an appropriate supplemental Indenture and amendment to the Lease Agreement, as above provided, the County shall execute and deliver to the Trustee, and the Trustee shall authenticate, such Additional Bonds and deliver them as may be directed by the County, as hereinafter in this Section 207 provided. Prior to the delivery by the Trustee of any such Additional Bonds there shall be filed with the Trustee:

1. A written statement by the Lessee approving (a) the issuance and delivery of such Additional Bonds and agreeing that the rentals payable under Sections 5.3(a) and 5.3(b) of the Lease shall be computed so as to include such Additional Bonds to the same extent as is therein provided with respect to the 1971 Series Bonds initially authorized to be issued hereunder and (b) any other matters to be

approved by the Lessee pursuant to Section 4.2 of the Lease Agreement and this Section 207.

2. A copy, duly certified by the Clerk of the County, of the resolution adopted and approved by its Board of County Commissioners authorizing the execution and delivery of such amendments to the Lease Agreement.

3. An original executed counterpart of such amendments to the Lease Agreement.

4. A copy, duly certified by the Clerk of the County, of the resolution theretofore adopted and approved by its Board of County Commissioners authorizing the execution and delivery of such supplemental Indentures and the issuance of such Additional Bonds.

5. An original executed counterpart of such supplemental Indenture.

6. A request and authorization to the Trustee on behalf of the County and signed by the Chairman and Clerk of the County to authenticate and deliver such Additional Bonds to the purchaser or purchasers therein identified upon payment to the Trustee, but for the account of the County, of a sum specified in such request and authorization plus accrued interest on such Additional Bonds to the date of delivery. Such proceeds shall be paid over to the Trustee and deposited in the Bond Fund and in the Construction Fund as hereinafter provided under Article VI hereof.

SECTION 208. *Mutilated, Lost, Stolen or Destroyed Bonds or Coupons.*
In the event any Bond is mutilated, lost, stolen or destroyed, the County may execute and the Trustee may authenticate a new Bond of like series, date, maturity and denomination as the Bond mutilated, lost, stolen or destroyed, which new Bond shall have attached thereto coupons corresponding in all respects to those (if any) on the Bond mutilated, lost, stolen or destroyed; provided that, in the case of any mutilated Bond, such mutilated Bond together with all coupons (if any) appertaining thereto shall first be surrendered to the Trustee, and in the case of any lost, stolen or destroyed Bond, there shall be

first furnished to the County and the Trustee evidence of such loss, theft or destruction satisfactory to the County and the Trustee, together with indemnity satisfactory to them. In the event any such Bond or coupon shall have matured, instead of issuing a substitute Bond or coupon the County may pay the same without surrender thereof. The County and the Trustee may charge the holder or owner of such Bond with their reasonable fees and expenses in this connection.

SECTION 209. *Registration of Bonds; Persons Treated as Owners.* All the Bonds issued under this Indenture shall be negotiable, subject to the provisions for registration and transfer contained in this Indenture and in the Bonds. So long as any of the Bonds shall remain outstanding, the County shall maintain and keep, at the principal office of the Paying Agent, books for the registration and transfer of Bonds; and, upon presentation thereof for such purpose at said office, the County shall register or cause to be registered therein, and permit to be transferred thereon, under such reasonable regulations as it or the Paying Agent may prescribe, any Bond entitled to registration or transfer. So long as any of the Bonds remain outstanding, the County shall make all necessary provisions to permit the exchange of Bonds at the principal office of the Paying Agent.

All coupon Bonds shall pass by delivery, unless registered as to principal other than to bearer in the manner provided in this Section 209. Any coupon Bond may be registered as to principal on the books of the County at the principal office of the Paying Agent, upon presentation thereof at said office and the payment of a charge sufficient to reimburse the County or the Paying Agent for any tax, fee or other governmental charge required to be paid with respect to such registration, and such registration shall be noted on such Bond. After said registration no transfer thereof shall be valid unless made on said books at the written request of the registered owner or his attorney duly authorized in writing, and similarly noted on such Bond; but such Bond may be discharged from registration by being in like manner transferred to bearer, after which it shall again become transferable by delivery.

Thereafter such Bond may again, from time to time, be registered or discharged from registration in the same manner. Registration of any coupon Bond as to principal, however, shall not affect the negotiability by delivery of the coupons appertaining to such Bond, but such coupons shall continue to pass by delivery and shall remain payable to bearer.

As to any coupon Bond registered as to principal other than to bearer the person in whose name the same shall be registered upon the books of the County may be deemed and regarded as the absolute owner thereof, whether such Bond shall be overdue or not, for all purposes, except for the purpose of receiving payment of coupons; and payment of, or on account of, the principal or redemption price, if any, of such Bond shall be made only to, or upon the order of, such registered owner thereof, but such registration may be changed as above provided. All such payments shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid. The County, the Trustee and the Paying Agent may deem and treat the bearer of any coupon as the absolute owner thereof, whether such coupon shall be overdue or not, for the purpose of receiving payment thereof and for all other purposes whatsoever, and may deem and treat the bearer of any coupon Bond which shall not at the time be registered as to principal other than to bearer, or the person in whose name any coupon Bond for the time being shall be registered upon the books of the County, as the absolute owner of such Bond, whether such Bond shall be overdue or not, for the purpose of receiving payment of the principal or redemption price thereof and for all other purposes whatsoever except for the purpose of receiving payment of coupons, and neither the County, nor the Trustee nor the Paying Agent shall be affected by any notice to the contrary. Subject to the provisions of the Act, the County agrees to indemnify and save the Trustee and the Paying Agent harmless from and against any and all loss, cost, charge, expense, judgment or liability incurred by it, acting in good faith and without negligence hereunder, in so treating such bearer or registered owner.

Each registered Bond without coupons shall be transferable only upon the books of the County, which shall be kept for that purpose at the principal office of the Paying Agent, at the written request of the registered owner thereof or his attorney duly authorized in writing, upon surrender thereof, together with a written instrument of transfer satisfactory to the Paying Agent duly executed by the registered owner or his duly authorized attorney. Upon the transfer of any such registered Bond, the County shall issue in the name of the transferee, in authorized denominations, a new registered Bond or Bonds without coupons, or, at the option of the transferee, coupon Bonds, with appropriate coupons attached, of the same aggregate principal amount, series, maturity and interest rate as the surrendered Bonds.

The County and the Trustee and the Paying Agent may deem and treat the person in whose name any outstanding registered Bond without coupons

shall be registered upon the books of the County as the absolute owner of such Bond, whether such Bond shall be overdue or not, for the purpose of receiving payment of, or on account of, the principal and redemption price, if any, of and interest on such Bond and for all other purposes, and all such payments so made to any such registered owner or upon his order shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid, and neither the County nor the Trustee nor the Paying Agent shall be affected by any notice to the contrary. Subject to the provisions of the Act, the County agrees to indemnify and save the Trustee and the Paying Agent harmless from and against any and all loss, cost, charge, expense, judgment or liability incurred by it, acting in good faith and without negligence hereunder, in so treating such registered owner.

SECTION 210. *Exchange; Transfer.* Coupon Bonds, upon surrender thereof at the principal office of the Paying Agent with all unmatured coupons attached, may, at the option of the holder thereof, be exchanged for an equal aggregate principal amount of registered Bonds without coupons of the same series, maturity and interest rate of any of the authorized denominations.

Registered Bonds without coupons, upon surrender thereof at the principal office of the Paying Agent with a written instrument of transfer satisfactory to the Paying Agent, duly executed by the registered owner or his duly authorized attorney, may, at the option of the registered owner thereof, be exchanged for an equal aggregate principal amount of coupon Bonds of the same series, maturity and interest rate with appropriate coupons attached, or of registered Bonds without coupons of the same series, maturity and interest rate of any other authorized denominations.

In all cases in which the privilege of exchanging Bonds or transferring registered Bonds without coupons is exercised, the County shall execute and the Trustee and Paying Agent shall deliver Bonds in accordance with the provisions of the Indenture. For every such exchange or transfer of Bonds, whether temporary or definitive, the County or the Trustee or the Paying Agent may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer, which sum or sums shall be paid by the person requesting such exchange or transfer as a condition precedent to the exercise of

the privilege of making such exchange or transfer. Notwithstanding any other provision of this Indenture, the cost of preparing each new coupon Bond or registered Bond without coupons upon each exchange or transfer, and any other expenses of the County or the Trustee or the Paying Agent incurred in connection therewith (except any applicable tax, fee or other governmental charge) shall be paid from the Bond Fund. The County shall not be obliged to make any such exchange or transfer of Bonds during the ten (10) days next preceding an interest payment date on the Bonds or, in the case of any proposed redemption of Bonds, next preceding the date of the first publication of notice of such redemption. The County shall not be required to make any transfer or exchange of any Bonds called for redemption.

ARTICLE III

REDEMPTION OF BONDS BEFORE MATURITY; SINKING FUND

SECTION 301. *Redemption Dates and Prices.* The 1971 Series Bonds are non-callable for redemption prior to June 1, 1981 except (1) in the event of damage to or destruction of the Project or any part thereof or condemnation of the Project or any part thereof, to the extent provided in Article VII of the Lease Agreement, or (2) in the event of exercise by the Lessee of its option to purchase the Project as provided in Section 11.2 of the Lease Agreement. If called for redemption in either of such events, such 1971 Series Bonds shall be subject to redemption by the County at any time, in whole (in the case of redemption pursuant to Section 11.2 of the Lease Agreement) or (in the case of redemption pursuant to Article VII of the Lease Agreement) in part in inverse order of maturities and by lot within maturities, but only to the extent of the funds available therefor as a result of such event, in the manner hereinafter provided in this Article III, at the principal amount thereof plus accrued interest to the redemption date.

The 1971 Series Bonds maturing on June 1, 1990 and on June 1, 1996 are also subject to redemption, on June 1, 1985 and each June 1 thereafter in the order of their maturity's, in accordance with the sinking fund provisions of Section 306 hereof, in part by lot in the manner hereinafter provided in this Article III, at the principal amount thereof plus accrued interest to the redemption date.

BOND 31 MAY 79

Any of the 1971 Series Bonds maturing after June 1, 1981, are also subject to redemption by the County prior to maturity on any interest payment date on or after June 1, 1981 in whole or in part by lot in the manner hereinafter provided in this Article III, at the redemption prices (expressed as percentages of principal amount) set forth in the table below plus accrued interest to the redemption date:

From	To and Including	Redemption Price
June 1, 1981	December 1, 1982	104%
June 1, 1983	December 1, 1984	103
June 1, 1985	December 1, 1986	102
June 1, 1987	December 1, 1988	101
June 1, 1989 and thereafter, at		100

Provided that the Trustee shall hold in the Bond Fund at the time of giving the notice of redemption prescribed in Section 302 hereof, moneys available for and sufficient to effect such redemption, Bonds shall be called by the Trustee for redemption as herein provided upon receipt by the Trustee, at least 45 days prior to the redemption date, of a resolution of the County providing for such redemption. Such resolution shall specify the principal amount of Bonds or portions thereof and their maturities so to be called for redemption, the applicable redemption price or prices and the provision or provisions above specified pursuant to which such Bonds are to be called for redemption. The foregoing provisions of this paragraph shall not apply in the case of any redemption of Bonds pursuant to the sinking fund provided in Section 306 hereof, and Bonds shall be called by the Trustee for redemption pursuant to such sinking fund without the necessity of any action by the County and whether or not the Trustee shall then hold in the Bond Fund moneys available for and sufficient to effect the required redemption. All Bonds so called for redemption pursuant to this Article III shall be redeemed at the principal office of the Paying Agent.

In the case of registered 1971 Series Bonds without coupons of denominations greater than \$5,000, if less than all of such 1971 Series Bonds then outstanding are to be called for redemption, then for all purposes in connection with redemption, each \$5,000 of principal amount shall be treated as though it was a separate bond of the denomination of \$5,000 bearing one of the numbers borne by such registered 1971 Series Bond without coupons.

If it is determined that one or more, but not all of the \$5,000 units of principal amount represented by any such registered 1971 Series Bond without coupons is to be called for redemption, then upon notice of intention to redeem such \$5,000 unit or units, the owner of such registered 1971 Series Bond without coupons shall forthwith surrender such 1971 Series Bond to the Paying Agent (1) for payment of the redemption price (including the redemption premium, if any, and interest to the date fixed for redemption) of the \$5,000 unit or units of principal amount called for redemption and (2) exchange for a new 1971 Series Bond or Bonds of the aggregate principal amount of the unredeemed balance of the principal amount of such registered 1971 Series Bond without coupons and of like maturity and interest rate, and such new 1971 Series Bond or Bonds shall be numbered corresponding to the numbers of the \$5,000 units of principal amount not called for redemption. New 1971 Series Bonds representing the unredeemed balance of the principal amount of such registered 1971 Series Bond without coupons shall be issued to the registered owner thereof, without charge therefor. If the owner of any such registered 1971 Series Bond without coupons of a denomination greater than \$5,000 shall fail to present such 1971 Series Bond to the Paying Agent for payment and exchange as aforesaid, such 1971 Series Bond shall, nevertheless, become due and payable on the date fixed for redemption to the extent of the \$5,000 unit or units of principal amount called for redemption (and to that extent only); interest shall cease to accrue on the portion of the principal amount of such 1971 Series Bond represented by such \$5,000 unit or units of principal amount on and after the date fixed for redemption provided that funds sufficient for the payment of the redemption price shall have been deposited with the Trustee or Paying Agent, and shall be available for the redemption of said \$5,000 unit or units on the date fixed for redemption and, in such event, such 1971 Series Bond shall not be entitled to the benefit or security of this Indenture to the extent of the portion of its principal amount (and accrued interest thereon to the date fixed for redemption and applicable premium, if any) represented by such \$5,000 unit or units of principal amount, nor shall new 1971 Series Bonds be thereafter issued corresponding to said unit or units.

SECTION 302. *Notice of Redemption.* Notice of the call for any such redemption identifying the Bonds or portions thereof to be redeemed

(a) shall be given by publication at least twice in a financial journal or a newspaper of general circulation published in the City of New York, New York, the first of which shall be published not less than thirty days prior to the redemption date, and (b) shall be mailed, postage prepaid, at least thirty days prior to the redemption date to the registered owners of any Bonds or portions of Bonds which are to be redeemed at their last addresses shown on the registration books, but such mailing shall not be a condition precedent to such redemption and failure so to mail any such notice, or any defect therein, shall not affect the validity of the proceedings for the redemption of Bonds. If all of the Bonds or portions thereof to be redeemed are at that time registered as to principal (except to bearer), notice of such redemption given by mail, postage prepaid, to the registered owner or owners thereof at their last addresses shown on the registration books, not less than thirty days prior to the date fixed for redemption, shall be sufficient and notice of the call for redemption need not be given by publication.

Prior to the date fixed for redemption, moneys shall be placed with the Trustee or Paying Agent to pay the Bonds called for redemption and accrued interest thereon to the redemption date and the premium, if any. Upon the happening of the above conditions, the Bonds thus called for redemption shall cease to bear interest from and after the redemption date. shall no longer be protected by this Indenture and shall not be deemed to be outstanding under the provisions of this Indenture.

If, because of the temporary or permanent suspension of the publication or general circulation of any financial journal or newspaper or for any other reason, it is impossible or impractical to publish such notice of call or redemption in the manner herein provided, then such publication in lieu thereof as shall be made with the approval of the Trustee shall constitute a sufficient publication of notice.

SECTION 303. Cancellation. Unless otherwise provided in Section 301 hereof, all Bonds which have been redeemed by the Paying Agent pursuant to Section 301 hereof, or purchased by the Trustee pursuant to Section 306 hereof, shall be cancelled and cremated by the Paying Agent or Trustee together with the unmatured coupons appertaining to any coupon Bonds and shall not be reissued and counterparts of the certificate of cremation evidencing such cremation shall be furnished by the Trustee and Paying Agent to the County and the Lessee.

SECTION 304. *Unpaid Coupons.* All unpaid interest coupons which appertain to coupon Bonds so called for redemption and which shall have become payable on or prior to the date fixed for redemption shall continue to be payable to the bearers thereof severally and respectively upon the presentation and surrender of such coupons.

SECTION 305. *Partial Redemption of Bonds.* If less than all of the Bonds of a particular maturity at the time outstanding are to be called for prior redemption, the particular Bonds or portions thereof of such maturity to be redeemed shall be selected by lot, except as otherwise provided herein, by the Trustee in such manner as the Trustee, in its discretion, may determine. The Trustee shall call for redemption in accordance with the foregoing provisions as many Bonds or portions thereof as will, as nearly as practicable, exhaust the moneys available therefor. Particular Bonds or portions thereof shall be redeemed only in the principal amount of \$5,000 each.

No redemption of less than all the Bonds at the time outstanding other than in accordance with the sinking fund provisions applicable thereto, shall be made pursuant hereto unless the total amount of funds available and to be used for such partial redemption is equal to or more than \$50,000.

SECTION 306. *Sinking Fund.* As and for a sinking fund for the retirement of the 1971 Series Bonds which mature on June 1, 1990 and the 1971 Series Bonds which mature on June 1, 1996, the County shall cause to be deposited in the Bond Fund at least five days prior to June 1, 1985 and at least ten days prior to each June 1 thereafter to and including June 1, 1996 (each such date being herein called a "sinking fund redemption date") out of rental payments under the Lease Agreement an amount sufficient to redeem (after credit as provided below) the following principal amounts of such Bonds on the dates specified at the principal amount thereof plus accrued interest to the redemption date:

<u>June 1 of the year</u>	<u>Principal Amount</u>	<u>June 1 of the year</u>	<u>Principal Amount</u>
1985	\$ 550,000	1991	\$ 850,000
1986	600,000	1992	900,000
1987	650,000	1993	950,000
1988	700,000	1994	1,000,000
1989	750,000	1995	1,100,000
1990	750,000	1996	1,200,000

It shall be the mandatory duty of the Trustee to call 1971 Series Bonds for redemption on each sinking fund redemption date in such amounts as will

exhaust the funds on deposit in the sinking fund as nearly as may be practicable.

At its option, to be exercised prior to the forty-fifth day next preceding any sinking fund redemption date, the Lessee, as provided in Section 9.5 of the Lease Agreement, may cause to be paid to the Trustee for deposit in the Bond Fund, as an advance payment of rentals, such amount of funds as the Lessee may determine, with written instructions to the Trustee, signed in the name of the Lessee by an officer thereof, to apply such funds prior to said forty-fifth day to the purchase of 1971 Series Bonds maturing on June 1, 1990 if such advance rental payment is made prior to June 1, 1990 and to the purchase of 1971 Series Bonds maturing on June 1, 1996 if such advance rental payment is made after June 1, 1990. The Trustee shall thereupon use all reasonable efforts to expend such funds as nearly as may be practicable in the purchase of such 1971 Series Bonds, with all unmatured coupons attached, if any at not exceeding the principal amount thereof plus accrued interest to such sinking fund redemption date. 1971 Series Bonds so purchased shall be cancelled by the Trustee as provided in Section 303 hereof. 1971 Series Bonds so purchased and not theretofore applied as a credit against such sinking fund payments shall thereafter be credited, at their principal amount, until the full amount thereof has been so credited, against the next ensuing and future sinking fund payments in chronological order to the extent otherwise payable out of rentals thereafter becoming due under the Lease Agreement. Any such funds not so expended by the Trustee for the purchase of 1971 Series Bonds prior to said forty-fifth day shall be retained in the Bond Fund, shall not thereafter be used for the purchase of 1971 Series Bonds and shall be applied as herein otherwise provided for moneys in the Bond Fund. The provisions of this paragraph are subject to the provisions of Article X hereof.

Any Bondholder may request that his name and address be placed on said list by filing a written request with the County or with the Trustee, which request shall include a statement of the principal amount of Bonds held by such holder and the numbers of such Bonds. The Trustee shall have no responsibility with regard to the accuracy of said list. At reasonable times and under reasonable regulations established by the Trustee, said list may be inspected and copied by the Lessee or by the holders and/or owners (or a designated representative thereof) of twenty-five per cent or more in principal amount of Bonds then outstanding, such ownership and the authority of any such designated representative to be evidenced to the satisfaction of the Trustee.

SECTION 409. *Rights Under Lease Agreement and Guaranty Agreement.* The Lease Agreement and the Guaranty Agreement, duly executed counterparts of which have been filed with the Trustee, set forth the covenants and obligations of the County, the Lessee and the Guarantor, including provisions that subsequent to the issuance of the Bonds and prior to their payment in full or provision for payment thereof in accordance with the provisions hereof neither the Lease Agreement nor the Guaranty Agreement may not be effectively amended, changed, modified, altered or terminated (other than as provided therein) without the concurring written consent of the Trustee, given as hereinafter in Article XIII provided, and reference is hereby made to the Lease Agreement for a detailed statement of said covenants and obligations of the Lessee under the Lease Agreement and to the Guaranty Agreement for a detailed statement of said covenants and obligations of the Guarantor under the Guaranty Agreement, and the County agrees that the Trustee in its name or in the name of the County may enforce all rights of the County and all obligations of the Lessee under and pursuant to the Lease Agreement and of the Guarantor under and pursuant to the Guaranty Agreement for and on behalf of the Bondholders, whether or not the County is in default hereunder.

SECTION 502. *Payments into the Bond Fund.* There shall be deposited in the Bond Fund the amounts required by Section 601 hereof. Additionally, there shall be deposited in the Bond Fund, as and when received, (a) any amount remaining in the Construction Fund after the Completion Date, as defined in the Lease Agreement, except as otherwise provided in Section 4.3(k) of the Lease Agreement; (b) all rent payments specified in Section 5.3 of the Lease Agreement; (c) all other moneys received by the Trustee under and pursuant to any of the provisions of the Lease Agreement when accompanied by directions from the Lessee that such moneys are to be paid into the Bond Fund or otherwise received on account of the Project. Nothing herein shall be construed as requiring the County to operate the Project or to use any funds or revenues from any source other than funds and revenues derived from the Project.

SECTION 503. *Use of Moneys in the Bond Fund.* Except as provided in Sections 210 and 509 hereof, moneys in the Bond Fund shall be used solely for the payment of the interest on the Bonds and for the payment or redemption of the Bonds.

Whenever the amount in the Bond Fund from any source whatsoever is sufficient to redeem all of the outstanding Bonds and to pay interest to accrue thereon to such redemption, the County covenants and agrees, upon request of the Lessee, to take and cause to be taken the necessary steps to redeem all such Bonds on the next succeeding redemption date for which the required redemption notice may be given or on such later redemption date as may be specified by the Lessee.

SECTION 504. *Custody of the Bond Fund.* The Bond Fund shall be in the custody of the Trustee but in the name of the County and the County hereby authorizes and directs the Trustee to withdraw sufficient funds from the Bond Fund to pay the principal of, premium, if any, and interest on the Bonds, as the same become due and payable and to make said funds so withdrawn available to the Trustee and to the paying agents for the purpose of paying said principal and interest and premium, if any, which authorization and direction the Trustee hereby accepts.

SECTION 505. *Non-presentment of Bonds or Coupons.* In the event any Bonds shall not be presented for payment when the principal thereof becomes due, either at maturity or otherwise, or at the date fixed for redemption thereof, or in the event any coupon shall not be presented for payment at the due date thereof, if funds sufficient to pay such Bonds or coupons shall be held by the Trustee for the benefit of the holder or holders thereof, all liability of the County to the holder thereof for the payment of such Bond or coupon, as the case may be, shall forthwith cease, determine and be completely discharged, and thereupon it shall be the duty of the Trustee to hold such fund or funds without liability for interest thereon, for the benefit of the holder of such Bond, or the holder of such coupon, as the case may be, who shall thereafter be restricted exclusively to such fund or funds, for any claim of whatever nature on his part under this Indenture or on, or with respect to, said Bond or coupon.

SECTION 506. *Trustee's and Paying Agents' Fees, Charges and Expenses.* Pursuant to the provisions of the Lease Agreement, the Lessee has

agreed to pay to the Trustee, at the commencement of the Lease Term (as defined in the Lease Agreement) and continuing until the principal of and interest and premium, if any, on the Bonds shall have been fully paid or provision for the payment thereof shall have been made in accordance with the provisions of this Indenture: (i) an amount equal to the annual fee of the Trustee for the Ordinary Services of the Trustee rendered and its Ordinary Expenses incurred under this Indenture, (ii) the reasonable fees and charges of the Bond Registrar, Trustee, and any paying agents for acting as paying agent as herein provided, and (iii) the reasonable fees and charges of the Trustee for Extraordinary Services and Extraordinary Expenses of the Trustee under this Indenture, as and when the same become due. It is further understood and agreed that the initial or acceptance fees of the Trustee and the fees, charges and expenses of the Trustee referred to in the preceding sentence which become due prior to the Completion Date (as defined in the Lease Agreement), will be paid to the Trustee from the Construction Fund as and when the same shall become due. The Lessee may, without creating a default hereunder, contest in good faith the necessity for any such Extraordinary Services and Extraordinary Expenses and the reasonableness of any of the fees or charges referred to herein.

SECTION 507. *Moneys to be Held in Trust.* All moneys required to be deposited with or paid to the Trustee for account of the Bond Fund or the Construction Fund under any provision of this Indenture shall be held by the Trustee in trust, and except for moneys deposited with or paid to the Trustee for the redemption of Bonds, notice of the redemption of which has been duly given, shall, while held by the Trustee, constitute part of the trust estate and be subject to the lien hereof.

SECTION 508. *Insurance and Condemnation Proceeds.* Reference is hereby made to the Lease Agreement whereunder it is provided that under certain circumstances the net proceeds of insurance and condemnation awards are to be paid to the Trustee and held by the Trustee in a separate trust account or paid into the Bond Fund and to be disbursed and paid out as therein provided. The Trustee hereby accepts and agrees to perform the duties and obligations therein specified.

SECTION 509. *Repayment to the Lessee from the Bond Fund.* Any amounts remaining in the Bond Fund after payment in full of the principal of, interest and premium, if any, on the Bonds (or provision for the payment

thereof as provided in this Indenture) and the fees, charges and expenses of the Trustee and any paying agents and all other amounts required to be paid hereunder, shall be paid to the Lessee upon the expiration or sooner termination of the term of the Lease Agreement as provided in Section 12.6 of the Lease Agreement.

ARTICLE VI

CUSTODY AND APPLICATION OF PROCEEDS OF BONDS

SECTION 601. *Deposits in the Bond Fund.* From the proceeds of issuance and delivery of the Bonds there shall be deposited in the Bond Fund a sum equal to the accrued interest and premium, if any, paid by the purchasers of the Bonds.

SECTION 602. *Construction Fund; Disbursements.* There is hereby created and established with the Trustee a trust fund in the name of the County to be designated "Missoula County Industrial Development Construction Fund" (which is herein referred to as the "Construction Fund"). The balance of the proceeds of issuance and delivery of the Bonds remaining after the deduction provided by Section 601 hereof has been made shall be deposited in the Construction Fund and shall be used in accordance with the provisions of the Lease Agreement, and particularly Section 4.3 thereof.

The County covenants and agrees to cause to be filed with the Trustee a schedule signed by the Project Supervisor (as defined in the Lease Agreement) setting forth an estimate of the amounts that will be needed to make the disbursements from the Construction Fund referred to in this Section 602 and the estimated dates of such disbursements, and to take all necessary and appropriate action promptly in approving and ordering all such disbursements. The Trustee is hereby authorized and directed to issue its checks for each disbursement required by the aforesaid provisions of the Lease Agreement.

The Trustee shall keep and maintain adequate records pertaining to the Construction Fund and all disbursements therefrom, and after the Project has been completed and a certificate of payment of all costs filed as provided in Section 603 hereof, the Trustee shall file a statement of income and disbursements with respect thereto with the County and with the Lessee.

SECTION 603. *Completion of the Project.* The completion of the Project and payment of the cost of the Project shall be evidenced by the filing with the Trustee of (i) the certificate of the Project Supervisor required by

the provisions of Section 4.5 of the Lease Agreement and (ii) a certificate signed by such other person as may be designated for such purpose by resolution of the Board of County Commissioners of the County and by the Lessee (by one of the authorized officers of the Lessee), which certificate shall state that all obligations and costs in connection with the Project and payable out of the Construction Fund have been paid and discharged except for amounts retained by the Trustee with the approval of the Lessee and the County for the payment of costs of the Project not then due and payable as provided in the Lease Agreement. As soon as practicable and in any event within sixty days from the date of the certificate referred to in subsection (ii) of the preceding sentence any balance remaining in the Construction Fund (other than the amounts retained by the Trustee referred to in the preceding sentence) shall without further authorization be deposited in the Bond Fund.

SECTION 604. *Supplemental Indenture After Completion.* The County covenants and agrees that it will deliver to the Trustee within 30 days after the completion or reconstruction of the Project a description of the machinery, equipment and other property, if any, then constituting a part of the Project and not specifically described in the Granting Clauses of this Indenture, as then supplemented. Such description shall be sufficiently detailed so as to enable counsel to render the Opinion of Counsel referred to in the next succeeding sentence. The County covenants that it will thereupon deliver to the Trustee a written Opinion of Counsel addressed to the Trustee to the effect that the descriptions of the Mortgaged Property contained in this Indenture, as supplemented, are adequate for all purposes hereof and include descriptions of the entire Project; that this Indenture and all supplemental indentures including any financing statement required by the Uniform Commercial Code of Montana have been recorded and filed in all places where such recordation or filing is necessary or advisable to protect the interests of the Trustee and the Bondholders in the movable and immovable property comprising the Mortgaged Property, and that this Indenture, as supplemented, constitutes a legally valid and direct first and paramount lien on the Project, subject to Permitted Encumbrances.

If in the Opinion of Counsel such action is necessary in order to enable counsel to render such opinion, the County shall promptly:

1. Prepare or cause to be prepared and execute a supplemental indenture containing a description of the machinery, equipment and other property not specifically described in the Granting Clauses of this

Indenture as then supplemented and subjecting such machinery, equipment and other property to the lien of this Indenture.

2. Deliver the supplemental indenture to the Trustee for execution.

3. Deliver or cause to be delivered the fully executed supplemental indenture to counsel for recording and filing in all places required by the Opinion of Counsel referred to in this Section 604.

At any time after the execution and delivery of this Indenture and so long as no event of default shall have occurred and be continuing, the County and the Trustee, at the request of the Lessee, shall enter into a supplemental indenture to effect such changes in the real property described in Exhibit A hereof as may be necessary or desirable in order to conform to the ultimate design and layout of the Project. The Trustee is authorized to enter into any such supplemental indenture requested by the County, provided that, in the written Opinion of Counsel delivered to the Trustee, any such supplemental indenture shall not operate to release from the lien of this Indenture any part of the entire property described in said Exhibit A.

ARTICLE VII

INVESTMENTS

SECTION 701. *Investment of Construction Fund Moneys and Bond Fund Moneys.* Any moneys held in the Construction Fund and the Bond Fund shall, pursuant to written direction of the Lessee, signed by its President or a Vice-President or its Treasurer or an Assistant Treasurer, be separately invested and reinvested by the Trustee in accordance with the provisions of Section 4.9 of the Lease Agreement. Any such investments shall be held by or under the control of the Trustee and shall be deemed at all times a part of the fund in which such moneys are originally held and the interest accruing thereon and any profit realized from such investments shall be credited to such fund, and any loss resulting from such investments shall be charged to such fund. The Trustee shall sell and reduce to cash funds a sufficient amount of such investments whenever the cash balance in such fund is insufficient for the purposes of such fund.

The Trustee may make any and all investments permitted by the provisions of this Section 701 through its own Bond Department at cost.

ARTICLE VIII

POSSESSION, USE AND PARTIAL RELEASE OF MORTGAGED PROPERTY

SECTION 801. *Subordination to Rights of the Lessee.* This Indenture and the rights and privileges hereunder of the Trustee and the holders of the Bonds and coupons are specifically made subject and subordinate to the rights and privileges of the Lessee set forth in the Lease Agreement including, particularly, any grant or release made pursuant to Sections 8.5 and 8.6 thereof. So long as not otherwise provided in this Indenture, the County shall be suffered and permitted to possess, use and enjoy the Mortgaged Property and appurtenances so as to carry out its obligations under the Lease Agreement.

SECTION 802. *Release of Leased Land.* Reference is made to the provisions of the Lease Agreement, including without limitation Sections 8.5 and 11.4 thereof, whereby the County and the Lessee have reserved the right to withdraw certain portions of the Leased Land (as defined in the Lease Agreement) upon compliance with the terms and conditions of the Lease Agreement. The Trustee shall release from the lien of this Indenture any such land upon compliance by the parties with the provisions of the Lease Agreement and shall deposit in the Bond Fund any moneys received by it under Section 11.4 of the Lease Agreement.

SECTION 803. *Release of Leased Equipment.* Reference is made to the provisions of the Lease Agreement, including without limitation Section 6.2 thereof, whereby the Lessee may remove certain items of Leased Equipment (as defined in the Lease Agreement) upon compliance by the parties with the terms and conditions of the Lease Agreement. The Trustee shall at the request of the County or the Lessee confirm that any such equipment is no longer subject to the lien of this Indenture upon compliance by the parties with the provisions of the Lease Agreement and receipt by the Trustee of a certificate of the President or any Vice President of the Lessee that such provisions have been complied with.

SECTION 804. *Granting of Easements.* Reference is made to the provisions of the Lease Agreement, including without limitation Section 8.6 thereof, whereby the Lessee may grant or release easements, licenses, rights of way and other rights or privileges upon compliance by the parties with the terms and conditions of the Lease Agreement. The Trustee shall execute

or confirm the grants or releases of easements, licenses, rights of way and other rights or privileges permitted by Section 8.6 thereof upon compliance by the parties with the provisions of the Lease Agreement.

ARTICLE IX

DISCHARGE OF LIEN

SECTION 901. *Discharge of Lien of the Indenture.* If, when the Bonds secured hereby shall have become due and payable in accordance with their terms or otherwise as provided in this Indenture or shall have been duly called for redemption or irrevocable instructions to call the Bonds for redemption shall have been given by the County to the Trustee, the whole amount of the principal and the interest and the premium, if any, due and payable upon all of the Bonds and coupons then outstanding shall be paid or sufficient moneys shall be held by the Trustee or the additional paying agent for such purpose, and provision shall also be made for paying all other sums payable hereunder, and if the County shall keep, perform and observe all and singular the covenants and promises in the Bonds and in this Indenture expressed as to be kept, performed and observed by it or on its part, then these presents and the estate and rights hereby granted shall cease, determine and be void, and thereupon the Trustee shall cancel and discharge the lien of this Indenture, and execute and deliver to the County such instruments in writing as shall be requisite to satisfy the lien hereof, and re-convey to the County the estate hereby conveyed, and assign and deliver to the County any property at the time subject to the lien of this Indenture which may then be in its possession, except amounts in the Bond Fund required to be paid to the Lessee under Section 509 hereof, moneys held by the Trustee for the payment of principal of, premium, if any, and interest on the Bonds and moneys held by the Trustee for the payment of all other sums payable hereunder. The County, upon request of the Trustee, shall execute all instruments necessary to discharge the lien of this Indenture, as in this section provided.

Bonds and coupons for the payment or redemption of which moneys shall have been deposited with the Trustee (whether upon or prior to the maturity or the redemption date of such Bonds) shall be deemed to be paid and no longer outstanding; provided, however, that if such Bonds are to be redeemed prior to the maturity thereof, notice of such redemption shall have been duly given or arrangements satisfactory to the Trustee shall have been made for the giving thereof.

DEFAULT PROVISIONS AND REMEDIES OF TRUSTEE AND BONDHOLDERS

SECTION 1001. *Defaults; Events of Default.* If any of the following events occur, subject to the provisions of Section 1013 hereof, it is hereby defined as and declared to be and to constitute an "event of default":

(a) Default in the due and punctual payment of any interest on any Bond; or

(b) Default in the due and punctual payment of the principal of or redemption premium, if any, on any Bonds, whether at the stated maturity thereof, or upon proceedings for redemption thereof, or upon the maturity thereof by declaration; or

(c) Default in the performance or observance of any other of the covenants, agreements or conditions on the part of the County in this Indenture or in the Bonds contained, or default on the part of the Lessee in connection with the matters referred to in Sections 404, 405 and 507 hereof, and the continuance thereof for a period of thirty days after written notice given to the County by the Trustee or to the Trustee and the County by the holders of not less than twenty-five per cent in aggregate principal amount of Bonds then outstanding; or

(d) The occurrence of an "event of default" under Section 10.1(a) of the Lease Agreement.

The term "default" shall mean default by the County in the performance or observance of any of the covenants, agreements or conditions on its part contained in this Indenture or in the Bonds or default on the part of the Lessee under the Lease Agreement in connection with the matters referred to in Sections 404, 405 and 507 hereof, exclusive of any period of grace required to constitute a default an "event of default" as hereinabove provided.

SECTION 1002. *Acceleration.* Subject to the provisions of Section 1013 hereof, upon the occurrence of an event of default the Trustee may, and upon the written request of the holders of not less than twenty-five percent (25%) in aggregate principal amount of Bonds then outstanding shall, by notice in writing delivered to the County and the Lessee, declare the principal of all Bonds then outstanding and the interest accrued thereon immediately due and payable, and such principal and interest shall thereupon become and be immediately due and payable. Upon any declaration of acceleration here-

under, the Trustee shall immediately exercise such rights as it may have to declare all installments of rent payable under Section 5.3 of the Lease Agreement to be immediately due and payable in accordance with Section 10.2(a) of the Lease Agreement.

SECTION 1003. *Surrender of Possession of Mortgaged Property; Rights and Duties of Trustee in Possession.* Upon the occurrence of an event of default the County, upon demand of the Trustee, shall forthwith surrender the possession of, and it shall be lawful for the Trustee, by such officer or agent as it may appoint, to take possession of all or any part of the Mortgaged Property together with the books, papers and accounts of the County pertaining thereto, and including the rights and the position of the County under the Lease Agreement and to hold, operate and manage the same, and from time to time make all needful repairs and improvements as by the Trustee shall be deemed wise; and the Trustee may lease the Project or any part thereof, in the name and for account of the County and collect, receive and sequester the rents, revenues, issues, earnings, income, products and profits therefrom, and out of the same and any moneys received from any receiver of any part thereof pay, and/or set up proper reserves for the payment of, all proper costs and expenses of so taking, holding and managing the same, including reasonable compensation to the Trustee, its agents and counsel, and any charges of the Trustee hereunder, and any taxes and assessments and other charges prior to the lien of this Indenture which the Trustee may deem it wise to pay, and all expenses of such repairs and improvements, and apply the remainder of the moneys so received in accordance with the provisions of Section 1008 hereof. Whenever all that is due upon the Bonds shall have been paid and all defaults made good, the Trustee shall surrender possession to the County, its successors or assigns; the same right of entry, however, to exist upon any subsequent event of default.

While in possession of such property the Trustee shall render annually to the County and the Lessee and also to the Bondholders, at their addresses set forth in the list required by Section 408 hereof and to the holders of all Bonds then registered as to principal (except to bearer) at their addresses shown by the registration books, a summarized statement of income and expenditures in connection therewith.

Upon the occurrence of an event of default the lien on the Project created and vested by this Indenture may be foreclosed either by sale at public auction or by proceedings in equity and the Trustee or the holder or holders of any

of the Bonds then outstanding, whether or not there shall then be a default in the payment of principal or interest thereon, may become the purchaser at any foreclosure sale if the highest bidder.

SECTION 1004. *Other Remedies; Rights of Bondholders.* Upon the occurrence of an event of default the Trustee may, as an alternative, either after entry or without entry, pursue any available remedy by action at law or suit in equity to enforce the payment of the principal of, premium, if any, and interest on the Bonds then outstanding, including, without limitation, foreclosure and mandamus.

If an event of default shall have occurred, and if requested so to do by the holders of twenty-five per cent in aggregate principal amount of Bonds then outstanding and indemnified as provided in subsection (m) of Section 1101 hereof, the Trustee shall be obliged to exercise such one or more of the rights and powers conferred by this Section and by Section 1003 hereof as the Trustee, being advised by counsel, shall deem most expedient in the interest of the Bondholders.

No remedy by the terms of this Indenture conferred upon or reserved to the Trustee (or to the Bondholders) is intended to be exclusive of any other remedy, but each and every such remedy shall be cumulative and shall be in addition to any other remedy given to the Trustee or to the Bondholders hereunder or now or hereafter existing at law or in equity or by statute.

No delay or omission to exercise any right or power accruing upon any default or event of default shall impair any such right or power or shall be construed to be a waiver of any such default or event of default or acquiescence therein; and every such right and power may be exercised from time to time and as often as may be deemed expedient.

No waiver of any default or event of default hereunder, whether by the Trustee pursuant to the provisions of Section 1012 hereof, or by the Bondholders, shall extend to or shall affect any subsequent default or event of default or shall impair any rights or remedies consequent thereon.

SECTION 1005. *Right of Bondholders to Direct Proceedings.* Anything in this Indenture to the contrary notwithstanding, the holders of a majority in aggregate principal amount of Bonds then outstanding shall have the right, at any time, by an instrument or instruments in writing executed and delivered to the Trustee, to direct the time, method and place of conducting all proceedings to be taken in connection with the

enforcement of the terms and conditions of this Indenture, or for the appointment of a receiver or any other proceedings hereunder; provided, that such direction shall not be otherwise than in accordance with the provisions of law and of this Indenture.

SECTION 1006. *Appointment of Receivers.* Upon the occurrence of an event of default, and upon the filing of a suit or other commencement of judicial proceedings to enforce the rights of the Trustee and of the Bondholders under this Indenture, the Trustee shall be entitled, as a matter of right, to the appointment of a receiver or receivers of the Mortgaged Property and of the rents, revenues, issues, earnings, income, products and profits thereof, pending such proceedings, with such powers as the court making such appointment shall confer.

SECTION 1007. *Foreclosure of Indenture.* Upon the occurrence of an event of default, to the extent that such rights may then lawfully be waived, neither the County, nor anyone claiming through or under the County, shall set up, claim, or seek to take advantage of any appraisal, valuation, stay, extension or redemption laws now or hereafter in force, in order to prevent or hinder the enforcement of this Indenture or a foreclosure under this Indenture, but the County, for itself and all who may claim through or under it, hereby waives, to the extent that it lawfully may do so, the benefit of all such laws and all rights of appraisal and redemption to which it may be entitled under the laws of Montana.

SECTION 1008. *Application of Moneys.* All moneys received by the Trustee with respect to the Project pursuant to any right given or action taken under the provisions of this Article shall, after payment of the cost and expenses of the proceedings resulting in the collection of such moneys and of the expenses, liabilities and advances incurred or made by the Trustee, be deposited in the Bond Fund and all moneys so deposited in the Bond Fund and all moneys held or deposited in the Bond Fund during the continuance of an event of default and available for payment of the Bonds under the provisions of Section 503 hereof shall (after payment of the fees and expenses of the Trustee) be applied as follows:

(a) Unless the principal of all the Bonds shall have become or shall have been declared due and payable, all such moneys shall be applied:

First—To the payment to the persons entitled thereto of all installments of interest then due on the Bonds, in the order of the maturity of the installments of such interest including (to the extent permitted by law) interest on overdue installments of interest at the rate borne by the Bonds on which such interest shall then be due, and, if the amount available shall not be sufficient to pay in full any particular installment, then to the payment ratably, according to the amounts due on such installment, to the persons entitled thereto, without any discrimination or privilege; and

Second—To the payment to the persons entitled thereto of the unpaid principal of any of the Bonds which shall have become due (other than Bonds called for redemption for the payment of which moneys are held pursuant to the provisions of this Indenture), in the order of their due dates, with interest on such Bonds from the respective dates upon which they become due and, if the amount available shall not be sufficient to pay in full Bonds due on any particular date, together with such interest, then to the payment ratably, according to the amount of principal due on such date, to the persons entitled thereto without any discrimination or privilege.

(b) If the principal of all the Bonds shall have become due or shall have been declared due and payable, all such moneys shall be applied to the payment of the principal and interest then due and unpaid upon all of the Bonds, without preference or priority of principal over interest or of interest over principal, or of any installment of interest over any other installment of interest, or of any Bond over any other Bond, ratably, according to the amounts due respectively for principal and interest, to the persons entitled thereto without any discrimination or privilege.

(c) If the principal of all the Bonds shall have been declared due and payable, and if such declaration shall thereafter have been rescinded and annulled under the provisions of this Article then, subject to the provisions of paragraph (b) of this Section in the event that the principal of all the Bonds shall later become due or be declared due and payable, the moneys shall be applied in accordance with the provisions of paragraph (a) of this Section.

Whenever moneys are to be applied pursuant to the provisions of this Section, such moneys shall be applied at such times, and from time to time, as the Trustee shall determine, having due regard to the amount of such moneys available for application and the likelihood of additional moneys becoming available for such application in the future. Whenever the Trustee shall apply such funds, it shall fix the date (which shall be an interest payment date unless it shall deem another date more suitable) upon which such application is to be made and upon such date interest on the amounts of principal to be paid on such dates shall cease to accrue. The Trustee shall give such notice as it may deem appropriate of the deposit with it of any such moneys and of the fixing of any such date, and shall not be required to make payment to the holder of any unpaid coupon or any Bond until such coupon or such Bond and all unmatured coupons, if any, appertaining to such Bond shall be presented to the Trustee for appropriate endorsement or for cancellation if fully paid.

Whenever all of the Bonds and interest thereon have been paid under the provisions of this Section 1008 and all fees, charges and expenses of the Trustee and any paying agents and all other amounts required to be paid hereunder have been paid, any balance remaining in the Bond Fund shall be paid to the Lessee as provided in Section 509 hereof.

SECTION 1009. Remedies Vested in Trustee. All rights of action (including the right to file proof of claims) under this Indenture or under any of the Bonds or coupons may be enforced by the Trustee without the possession of any of the Bonds or coupons or the production thereof in any trial or other proceedings relating thereto and any such suit or proceeding instituted by the Trustee shall be brought in its name as Trustee without the necessity of joining as plaintiffs or defendants any holders of the Bonds or any coupons appertaining thereto, and any recovery of judgment shall, subject to the provisions of Section 1008 hereof, be for the equal benefit of the holders of the outstanding Bonds and coupons.

SECTION 1010. Rights and Remedies of Bondholders. No holder of any Bond or coupon shall have any right to institute any suit, action or proceeding in equity or at law for the enforcement of this Indenture or for the execution of any trust thereof or for the appointment of a receiver or any other remedy hereunder, unless a default has occurred of which the Trustee has been notified as provided in subsection (h) of Section 1101,

or of which by said subsection it is deemed to have notice, nor unless also such default shall have become an event of default and the holders of twenty-five per cent in aggregate principal amount of Bonds then outstanding shall have made written request to the Trustee and shall have offered it reasonable opportunity either to proceed to exercise the powers hereinbefore granted or to institute such action, suit or proceeding in its own name, nor unless also they have offered to the Trustee indemnity as provided in Section 1101 nor unless the Trustee shall thereafter fail or refuse to exercise the powers hereinbefore granted, or to institute such action, suit or proceeding in its, his or their own name or names; and such notification, request and offer of indemnity are hereby declared in every case at the option of the Trustee to be conditions precedent to the execution of the powers and trusts of this Indenture, and to any action or cause of action for the enforcement of this Indenture, or for the appointment of a receiver or for any other remedy hereunder; it being understood and intended that no one or more holders of the Bonds or coupons shall have any right in any manner whatsoever to affect, disturb or prejudice the lien of this Indenture by its, his or their action or to enforce any right hereunder except in the manner herein provided and that all proceedings at law or in equity shall be instituted, had and maintained in the manner herein provided and for the equal benefit of the holders of all Bonds then outstanding. Nothing in this Indenture contained shall, however, affect or impair the right of any holder of Bonds or coupons to enforce the payment of the principal of and interest on any Bond at and after the maturity thereof, or the obligation of the County to pay the principal of and interest and premium, if any, on each of the Bonds issued hereunder to the respective holders of the Bonds or coupons at the time, place, from the source and in the manner herein and in said Bonds and the appurtenant coupons expressed.

SECTION 1011. *Termination of Proceedings.* In case the Trustee shall have proceeded to enforce any right under this Indenture by the appointment of a receiver, by entry or otherwise, and such proceedings shall have been discontinued or abandoned for any reason, or shall have been determined adversely, then and in every such case the County, the Lessee and the Trustee shall be restored to their former positions and rights hereunder with respect to the Mortgaged Property, and all rights, remedies and powers of the Trustee shall continue as if no such proceedings had been taken.

SECTION 1012. *Waivers of Events of Default.* The Trustee shall waive any event of default hereunder and its consequences and rescind any declaration of maturity of principal of and interest on the Bonds upon the written request of the holders of (1) one-half in aggregate principal amount of all the Bonds then outstanding in respect of which default in the payment of principal and/or interest exists, or (2) one-half in aggregate principal amount of all Bonds then outstanding in the case of any other default; provided, however, that there shall not be waived without the consent of the holders of all the Bonds outstanding (a) any event of default in the payment of the principal of any outstanding Bonds at the date of maturity specified therein or (b) any default in the payment when due of the interest on any such Bonds unless, prior to such waiver or rescission, all arrears of interest, with interest (to the extent permitted by law) on overdue installments of interest at the rate borne by the Bonds in respect of which such default shall have occurred, or all arrears of payments of principal when due, as the case may be, and all expenses of the Trustee in connection with such default shall have been paid or provided for, and in case of any such waiver or rescission, or in case any proceeding taken by the Trustee on account of any such default shall have been discontinued or abandoned or determined adversely, then and in every such case the County, the Trustee and the Bondholders shall be restored to their former positions and rights hereunder respectively, but no such waiver or rescission shall extend to any subsequent or other default, or impair any right consequent thereon.

SECTION 1013. *Notice of Defaults; Opportunity of Lessee to Cure Defaults.* Anything herein to the contrary notwithstanding, no default, in the case of a default specified in Section 1001(c), on the part of the County or the Lessee shall constitute an event of default until actual notice of such default by registered or certified mail shall be given by the Trustee or by the holders of not less than 25% in aggregate principal amount of all the Bonds then outstanding to the County and to the Lessee, and the County and the Lessee shall have had thirty days after receipt of such notice to correct said default or cause said default to be corrected, and shall not have corrected said default or caused said default to be corrected within such period; provided, however, if any default specified in Section 1001(c) shall be such that it cannot be corrected within such period, it shall not constitute an event of default if corrective action is instituted by the Lessee within the applicable period and diligently pursued until the default is corrected; and

provided further if any default specified in Section 1001(c) should occur by reason of the failure of the Lessee to perform any covenant, condition or agreement on its part contained in the Lease Agreement which failure would not constitute an event of default under Section 10.1 of the Lease Agreement by reason of force majeure as defined therein, then such default shall not constitute an event of default under Section 1001(c) hereof.

With regard to any alleged default concerning which notice is given to the Lessee under the provisions of this Section 1013, the County hereby grants the Lessee full authority for account of the County to perform any covenant or obligation the non-performance of which is alleged in said notice to constitute a default in the name and stead of the County with full power to do any and all things and acts to the same extent that the County could do and perform any such things and acts and with power of substitution.

THE TRUSTEE

SECTION 1101. *Acceptance of the Trusts.* The Trustee hereby accepts the trusts imposed upon it by this Indenture, and agrees to perform said trusts, but only upon and subject to the following express terms and conditions, and no implied covenants or obligations shall be read into this Indenture against the Trustee:

(a) The Trustee, prior to the occurrence of an event of default and after the curing of all events of default which may have occurred, undertakes to perform such duties and only such duties as are specifically set forth in this Indenture. In case an event of default has occurred (which has not been cured) the Trustee shall exercise such of the rights and powers vested in it by this Indenture, and use the same degree of care and skill in their exercise, as a prudent man would exercise or use under the circumstances in the conduct of his own affairs.

(b) The Trustee may execute any of the trusts or powers hereof and perform any of its duties by or through attorneys, agents, receivers or employees but shall be answerable for the conduct of the same in accordance with the standard specified above, and shall be entitled to act upon the opinion or advice of its counsel concerning all matters of trust hereof and the duties hereunder, and may in all cases pay such reasonable compensation to all such attorneys, agents, receivers and

employees as may reasonably be employed in connection with the trust hereof. The Trustee may act upon an Opinion of Counsel and shall not be responsible for any loss or damage resulting from any action or non-action by it taken or omitted to be taken in good faith in reliance upon such Opinion of Counsel.

(c) The Trustee shall not be responsible for any recital herein or in the Bonds (except in respect to the certificate of the Trustee endorsed on the Bonds), or for the recording or re-recording, filing or re-filing of this Indenture or for insuring the Mortgaged Property herein conveyed or collecting any insurance moneys, or for the validity of the execution by the County of this Indenture or of any supplements thereto or instruments of further assurance, or for the sufficiency of the security for the Bonds issued hereunder or intended to be secured hereby, or for the value or title of the Mortgaged Property herein conveyed or otherwise as to the maintenance of the security hereof; except that in the event the Trustee enters into possession of a part or all of the Mortgaged Property pursuant to any provision of this Indenture it shall use due diligence in preserving such property, and the Trustee shall not be bound to ascertain or inquire as to the performance or observance of any covenants, conditions or agreements on the part of the County or on the part of the Lessee in connection with the matters referred to in Sections 404 and 405 hereof, except as hereinafter set forth; but the Trustee may require of the County or the Lessee full information and advice as to the performance of the covenants, conditions and agreements aforesaid as to the condition of the Mortgaged Property. Except as otherwise provided in Section 1003 hereof, the Trustee shall have no obligation to perform any of the duties of the County as lessor under the Lease Agreement; and the Trustee shall not be responsible or liable for any loss suffered in connection with any investment of funds made by it in accordance with Section 701.

(d) The Trustee shall not be accountable for the use of any Bonds authenticated or delivered hereunder. The Trustee may become the owner of Bonds and coupons secured hereby with the same rights which it would have if not Trustee.

(e) The Trustee shall be protected in acting upon any notice, request, consent, certificate, order, affidavit, letter, telegram or other paper or document believed by it to be genuine and correct and to action taken by the Trustee pursuant to this Indenture upon the request or

authority or consent of any person who at the time of making such request or giving such authority or consent is the owner of any Bond, shall be conclusive and binding upon all future owners of the same Bond and upon Bonds issued in exchange therefor or in place thereof.

(f) As to the existence or non-existence of any fact or as to the sufficiency or validity of any instrument, paper or proceeding, the Trustee shall be entitled to rely upon a certificate signed on behalf of the County by the Chairman of the Board of County Commissioners or such other person as may be designated for such purpose by resolution of its Board of County Commissioners and attested by its Clerk or such other person as may be designated for such purpose by resolution of such Board of County Commissioners as sufficient evidence of the facts therein contained and prior to the occurrence of a default of which the Trustee has been notified as provided in subsection (h) of this Section, or of which by said subsection it is deemed to have notice, shall also be at liberty to accept a similar certificate to the effect that any particular dealing, transaction or action is necessary or expedient, but may at its discretion secure such further evidence deemed necessary or advisable, but shall in no case be bound to secure the same. The Trustee may accept a certificate of the Board of County Commissioners under its seal to the effect that a resolution in the form therein set forth has been adopted by said Board of County Commissioners as conclusive evidence that such resolution has been duly adopted, and is in full force and effect.

(g) The permissive right of the Trustee to do things enumerated in this Indenture shall not be construed as a duty and the Trustee shall not be answerable for other than its negligence or wilful default.

(h) The Trustee shall not be required to take notice or be deemed to have notice of any default hereunder except failure by the County to cause to be made any of the payments to the Trustee required to be made by Article V hereof unless the Trustee shall be specifically notified in writing of such default by the County or by the holders of at least twenty-five per cent in aggregate principal amount of Bonds then outstanding and all notices or other instruments required by this Indenture to be delivered to the Trustee, must, in order to be effective, be delivered at the principal office of the Trustee, and in the absence of such notice so delivered the Trustee may conclusively assume there is no default except as aforesaid.

(i) The Trustee shall not be personally liable for any debts contracted or for damages to persons or to personal property injured or damaged, or for salaries or non-fulfillment of contracts during any period in which it may be in the possession of or managing the Mortgaged Property as in this Indenture provided.

(j) At any and all reasonable times the Trustee, and its duly authorized agents, attorneys, experts, engineers, accountants and representatives, shall have the right, but shall not be required, to inspect any and all of the Mortgaged Property herein conveyed, and all books, papers and records of the County pertaining to the Project and the Bonds, and to take such memoranda from and in regard thereto as may be desired.

(k) The Trustee shall not be required to give any bond or surety in respect of the execution of the said trusts and powers or otherwise in respect of the premises.

(l) Notwithstanding anything elsewhere in this Indenture contained, the Trustee shall have the right, but shall not be required, to demand, in respect of the authentication of any Bonds, the withdrawal of any cash, the release of any property, or any action whatsoever within the purview of this Indenture, any showings, certificates, opinions, appraisals or other information, or corporate action or evidence thereof, in addition to that by the terms hereof required, as a condition of such action by the Trustee deemed desirable for the purpose of establishing the right of the County to the authentication of any Bonds, the withdrawal of any cash, or the taking of any other action by the Trustee.

(m) Before taking any action under this Section 1101 the Trustee may require that satisfactory indemnity be furnished to it for the reimbursement of all expenses to which it may be put and to protect it against all liability, except liability which is adjudicated to have resulted from its negligence or wilful default, by reason of any action so taken.

(n) All moneys received by the Trustee or any paying agent shall, until used or applied or invested as herein provided, be held in trust in the manner and for the purposes for which they were received but need not be segregated from other funds except to the extent required by this Indenture or law. Neither the Trustee nor any paying agent shall be under any liability for interest on any moneys received hereunder except such as may be agreed upon.

SECTION 1102. *Fees, Charges and Expenses of Trustee.* The Trustee shall be entitled to payment and/or reimbursement for reasonable fees for its Ordinary Services rendered hereunder and all advances, counsel fees and other Ordinary Expenses reasonably and necessarily made or incurred by the Trustee in connection with such Ordinary Services and, in the event that it should become necessary that the Trustee perform Extraordinary Services, it shall be entitled to reasonable extra compensation therefor, and to reimbursement for reasonable and necessary Extraordinary Expenses in connection therewith; provided, that if such Extraordinary Services or Extraordinary Expenses are occasioned by the neglect or misconduct of the Trustee, it shall not be entitled to compensation or reimbursement therefor. The Trustee shall be entitled to payment and reimbursement for the reasonable fees and charges of the Bond Registrar and any paying agents. Upon the occurrence of an event of default, but only upon such occurrence, the Trustee shall have a lien with right of payment prior to payment on account of interest or principal of any Bond, upon the Mortgaged Property for the foregoing advances, fees, costs and expenses incurred.

SECTION 1103. *Notice to Bondholders If Default Occurs.* If a default occurs of which the Trustee is by subsection (h) of Section 1101 hereof required to take notice or if notice of default be given as in said subsection (h) provided, then the Trustee shall give written notice thereof by first class mail to the last known owners of all Bonds then outstanding shown by the list of Bondholders required by the terms of Section 408 hereof to be kept at the office of the Trustee.

SECTION 1104. *Intervention by Trustee.* In any judicial proceeding to which the County is a party and which in the opinion of the Trustee and its counsel has a substantial bearing on the interests of owners of the Bonds, the Trustee may intervene on behalf of Bondholders and shall do so if requested in writing by the owners of at least twenty-five per cent in aggregate principal amount of all Bonds then outstanding, provided that the Trustee shall first have been offered such reasonable indemnity as it may require against the costs, expenses and liabilities which it may incur in or by reason of such proceeding. The rights and obligations of the Trustee under this Section are subject to the approval of a court of competent jurisdiction.

SECTION 1105. *Successor Trustee.* Any corporation or association into which the Trustee may be converted or merged, or with which it may be consolidated, or to which it may sell or transfer its trust business and assets as a whole or substantially as a whole, or any corporation or association resulting from any such conversion, sale, merger, consolidation or transfer to which it is a party, ipso facto, shall be and become successor Trustee hereunder and vested with all of the title to the whole property or trust estate and all the trusts, powers, discretions, immunities, privileges and all other matters as was its predecessor, without the execution or filing of any instrument or any further act, deed or conveyance on the part of any of the parties hereto, anything herein to the contrary notwithstanding.

SECTION 1106. *Resignation by the Trustee.* The Trustee and any successor Trustee may at any time resign from the trusts hereby created by giving thirty days' written notice to the County, the Lessee and by first class mail to each registered owner of Bonds then outstanding and to each holder of Bonds as shown by the list of Bondholders required by Section 408 hereof to be kept by the Trustee, and such resignation shall take effect at the end of such thirty days, or upon the earlier appointment of a successor Trustee by the Bondholders or by the County. Such notice to the County and to the Lessee may be served personally or sent by registered mail.

SECTION 1107. *Removal of the Trustee.* The Trustee may be removed at any time, by an instrument or concurrent instruments in writing delivered to the Trustee and to the County, and signed by the owners of a majority in aggregate principal amount of Bonds then outstanding.

SECTION 1108. *Appointment of Successor Trustee by the Bondholders; Temporary Trustee.* In case the Trustee hereunder shall resign or be removed, or be dissolved, or shall be in course of dissolution or liquidation, or otherwise become incapable of acting hereunder, or in case it shall be taken under the control of any public officer or officers, or of a receiver appointed by a court a successor may be appointed by the owners of a majority in aggregate principal amount of Bonds then outstanding, by an instrument or concurrent instruments in writing signed by such owners, or by their attorneys in fact, duly authorized; provided, nevertheless, that in case of such vacancy the County by an instrument executed and signed by its Chairman and attested by its Clerk under its seal, may appoint a temporary Trustee to fill such

vacancy until a successor Trustee shall be appointed by the Bondholders in the manner above provided; and any such temporary Trustee so appointed by the County shall immediately and without further act be superseded by the Trustee so appointed by such Bondholders. Every such Trustee appointed pursuant to the provisions of this Section shall be a trust company or bank in good standing within or outside the State of Montana having a reported capital and surplus of not less than three million dollars, if there be such an institution willing, qualified and able to accept the trust upon reasonable or customary terms.

SECTION 1109. *Concerning Any Successor Trustees.* Every successor Trustee appointed hereunder shall execute, acknowledge and deliver to its predecessor and also to the County and the Lessee an instrument in writing accepting such appointment hereunder, and thereupon such successor, without any further act, deed or conveyance, shall become fully vested with all the estates, properties, rights, powers, trusts, duties and obligations of its predecessor; but such predecessor shall, nevertheless, on the written request of the County, or of its successor, execute and deliver an instrument transferring to such successor Trustee all the estates, properties, rights, powers, and trusts of such predecessor hereunder; and every predecessor Trustee shall deliver all securities and moneys held by it as Trustee hereunder to its successor. Should any instrument in writing from the County be required by any successor Trustee for more fully and certainly vesting in such successor the estates, properties, rights, powers and duties hereby vested or intended to be vested in the predecessor, any and all such instruments in writing shall, on request, be executed, acknowledged and delivered by the County. The resignation of any Trustee and the instrument or instruments removing any Trustee and appointing a successor hereunder, together with all other instruments provided for in this Article shall be filed and/or recorded by the successor Trustee in each recording office where the Indenture shall have been filed and/or recorded.

SECTION 1110. *Right of Trustee to Pay Taxes and Other Charges.* In case any tax, assessment or governmental or other charge upon any part of the Mortgaged Property is not paid as required herein, the Trustee may pay such tax, assessment or governmental or other charge, without prejudice, however, to any rights of the Trustee or the Bondholders hereunder arising in consequence of such failure; and any amount at any time so paid under

this Section, with interest thereon from the date of payment at the rate of six per cent per annum, shall become so much additional indebtedness secured by this Indenture, and the same shall be given a preference in payment over any of the Bonds, and shall be paid out of the proceeds of revenues collected from the Mortgaged Property, if not otherwise caused to be paid; but the Trustee shall be under no obligation to make any such payment unless it shall have been requested to do so by the holders of at least twenty-five per cent in aggregate principal amount of all Bonds then outstanding and shall have been provided with adequate funds for the purpose of such payment.

SECTION 1111. *Trustee Protected in Relying Upon Resolutions, Etc.* The resolutions, opinions, certificates and other instruments provided for in this Indenture may be accepted by the Trustee as conclusive evidence of the facts and conclusions stated therein and shall be full warrant, protection and authority to the Trustee for the release of property and the withdrawal of cash hereunder.

SECTION 1112. *Successor Trustee as Trustee of Bond Fund and Construction Fund.* In the event of a change in the office of Trustee the predecessor Trustee which has resigned or been removed shall cease to be trustee of the Bond Fund and the Construction Fund and the successor Trustee shall become such trustee.

SECTION 1113. *Trust Estate May Be Vested in Separate or Co-Trustee.* It is the purpose of this Indenture that there shall be no violation of any law of any jurisdiction (including particularly the law of Montana) denying or restricting the right of banking corporations or associations to transact business as trustee in such jurisdiction. It is recognized that in case of litigation under this Indenture or the Lease Agreement, and in particular in case of the enforcement of either on default, or in case the Trustee deems that by reason of any present or future law of any jurisdiction it may not exercise any of the powers, rights or remedies herein granted to the Trustee or hold title to the Mortgaged Property, in trust, as herein granted, or take any other action which may be desirable or necessary in connection therewith, it may be necessary that the Trustee appoint an additional individual or institution as a separate or co-trustee. In the event that the Trustee appoints an additional individual or institution as a separate or co-trustee, each and every remedy, power, right, claim, demand, cause of action, immunity, estate, title, interest and lien expressed or intended by this Indenture to be exercised by or vested in or conveyed to the Trustee with respect thereto shall be exercisable by and vest in such separate or co-trustee but only to the extent necessary to enable such separate or co-trustee to exercise such powers, rights and remedies, and every covenant and obligation necessary to the exercise thereof by such separate or co-trustee shall run to and be enforceable by either of them.

Should any deed, conveyance or instrument in writing from the County be required by the separate trustee or co-trustee so appointed by the Trustee for more fully and certainly vesting in and confirming to him or it such properties, rights, powers, trusts, duties and obligations, any and all such deeds, conveyances and instruments in writing shall, on request, be executed, acknowledged and delivered by the County. In case any separate trustee or co-trustee, or a successor to either, shall die, become incapable of acting, resign or be removed, all the estates, properties, rights, powers, trusts, duties and obligations of such separate trustee or co-trustee, so far as permitted by law, shall vest in and be exercised by the Trustee until the appointment of a new trustee or successor to such separate trustee or co-trustee.

SUPPLEMENTAL INDENTURES

SECTION 1201. *Supplemental Indentures Not Requiring Consent of Bondholders.* The County and the Trustee may without the consent of, or notice to, any of the Bondholders, enter into an indenture or indentures supplemental to this Indenture as shall not be inconsistent with the terms and provisions hereof for any one or more of the following purposes:

- (a) To cure any ambiguity or formal defect or omission in this Indenture;
- (b) To grant to or confer upon the Trustee for the benefit of the Bondholders any additional rights, remedies, powers or authority that may lawfully be granted to or conferred upon the Bondholders or the Trustee or either of them;
- (c) To subject to the lien and pledge of this Indenture additional revenues, properties or collateral;

(d) To modify, amend or supplement this Indenture or any indenture supplemental hereto in such manner as to permit the qualification hereof and thereof under any Federal statute hereafter in effect or under any state Blue Sky Law, and, in connection therewith, if they so determine, to add to this Indenture or any indenture supplemental hereto, such other terms, conditions and provisions (which, in the judgment of the Trustee, are not to the prejudice of the holders of the Bonds or the bearers of the coupons) as may be permitted or required by said Federal statute or Blue Sky Law; and

(e) To provide for the issuance of Additional Bonds under Section 207 of this Mortgage.

The County and the Trustee shall without the consent of, or notice to, any of the Bondholders enter into an indenture or indentures supplemental to this Indenture (i) with respect to the issuance of Additional Bonds as provided in Section 207 hereof, and the inclusion of additional Mortgaged Property in connection therewith, (ii) to the extent necessary with respect to the machinery and equipment forming a part of the Mortgaged Property and generally described in Exhibit B hereto so as to more precisely identify the same or to substitute or add additional machinery and equipment acquired with the proceeds of the Bonds in accordance with the provisions of Section 4.1(b) of the Lease Agreement and (iii) with respect to real estate as provided in Section 604 or additional real estate which pursuant to the Lease Agreement is to become part of the Leased Land and Facility, as defined in the Lease Agreement, so as to subject the same to the lien hereof.

SECTION 1202. Supplemental Indentures Requiring Consent of Bondholders. Exclusive of supplemental indentures covered by Section 1201 hereof and subject to the terms and provisions contained in this Section, and not otherwise, the holders of not less than two-thirds in aggregate principal amount of the Bonds then outstanding shall have the right, from time to time, anything contained in this Indenture to the contrary notwithstanding, to consent to and approve the execution by the County and the Trustee of such other indenture or indentures supplemental hereto as shall be deemed necessary and desirable by the County for the purpose of modifying, altering, amending, adding to or rescinding, in any particular, any of the terms or provisions contained in this Indenture or in any supplemental indenture; provided, however, that nothing in this Section contained shall permit, or be

construed as permitting, without the consent of the holders of all the Bonds then outstanding (a) an extension of the stated maturity or reduction in the principal amount of, or reduction in the rate or extension of the time of payment of interest on, or the reduction of any premium payable on the redemption of, any Bonds, or (b) a reduction in the amount or extension of the time of any payment required by the sinking fund provided in Section 306 hereof or any sinking fund applicable to any Additional Bonds, or (c) the creation of any lien on the Mortgaged Property (other than Permitted Encumbrances) prior to or on a parity with the lien of this Indenture or (d) a reduction in the aforesaid aggregate principal amount of Bonds the holders of which are required to consent to any such supplemental indenture. No such modification shall modify the rights, duties or immunities of the Trustee, without the written consent of the Trustee.

If at any time the County shall request the Trustee to enter into any such supplemental indenture for any of the purposes of this Section, the Trustee shall, upon being satisfactorily indemnified with respect to expenses, cause notice of the proposed execution of such supplemental indenture to be published as shall be requested by the County and in any event one time in a financial journal or a newspaper of general circulation among dealers in municipal securities published in the City of New York, New York. Such notice shall briefly set forth the nature of the proposed supplemental indenture and shall state that copies thereof are on file at the principal office of the Trustee for inspection by all Bondholders. If, within sixty days or such longer period as shall be prescribed by the County following the final publication of such notice, the holders of not less than two-thirds in aggregate principal amount of the Bonds outstanding at the time of the execution of any such supplemental indenture shall have consented to and approved the execution thereof as herein provided, no holder of any Bond or of any coupon appertaining thereto shall have any right to object to any of the terms and provisions contained therein, or the operation thereof, or in any manner to question the propriety of the execution thereof, or to enjoin or restrain the Trustee or the County from executing the same or from taking any action pursuant to the provisions thereof. Upon the execution of any such supplemental indenture as in this Section permitted and provided, this Indenture shall be and be deemed to be modified and amended in accordance therewith.

If, because of the temporary or permanent suspension of the publication or general circulation of any financial journal or newspaper or for any other reason, it is impossible or impractical to publish such notice of the proposed

execution of such supplemental indenture in the manner herein provided, then such publication in lieu thereof as shall be made with the approval of the Trustee shall constitute a sufficient publication of notice.

The Trustee may receive an Opinion of Counsel as conclusive evidence that any indenture supplemental hereto entered into by the County and the Trustee complies with the provisions of this Article XII.

Anything herein to the contrary notwithstanding, a supplemental indenture under this Article XII which affects any rights of the Lessee shall not become effective unless and until the Lessee shall have consented in writing to the execution and delivery of such supplemental indenture.

ARTICLE XIII

AMENDMENT OF LEASE AGREEMENT

SECTION 1301. Amendments, Etc., to Lease Agreement Not Requiring Consent of Bondholders. The County and the Trustee shall without the consent of or notice to the Bondholders consent to any amendment, change or modification of the Lease Agreement as may be required (i) by the provisions of the Lease Agreement, and this Indenture; (ii) in connection with the issuance of Additional Bonds as provided in Section 207, hereof; (iii) for the purpose of curing any ambiguity or formal defect or omission; (iv) in connection with the machinery and equipment described in Exhibit B hereto so as to more precisely identify the same or substitute or add additional machinery and equipment acquired with the proceeds of the Bonds in accordance with the provisions of Section 4.1(b) of the Lease Agreement; (v) in connection with additional real estate which pursuant to the Lease Agreement is to become part of the Leased Land, as defined in the Lease Agreement; or (vi) in connection with any other change therein which, in the judgment of the Trustee, is not to the prejudice of the Trustee or the holders of the Bonds.

SECTION 1302. Amendments, Etc., to Lease Agreement Requiring Consent of Bondholders. Except for amendments, changes or modifications as provided in Section 1301 hereof, neither the County nor the Trustee shall consent to any amendment, change or modification of the Lease Agreement without publication of notice and the written approval or consent of the holders

of not less than two-thirds in aggregate principal amount of the Bonds at the time outstanding given and procured as in Section 1202 provided. If at any time the County and the Lessee shall request the consent of the Trustee to any such proposed amendment, change or modification of the Lease Agreement, the Trustee shall, upon being satisfactorily indemnified with respect to expenses, cause notice of such proposed amendment, change or modification to be published in the same manner as provided by Section 1202 hereof with respect to supplemental indentures. Such notice shall briefly set forth the nature of such proposed amendment, change or modification and shall state that copies of the instrument embodying the same are on file at the principal office of the Trustee for inspection by all Bondholders.

ARTICLE XIV

MISCELLANEOUS

SECTION 1401. *Consents, Etc., of Bondholders.* Any consent, request, direction, approval, objection or other instrument required by this Indenture to be signed and executed by the Bondholders may be in any number of concurrent writings of similar tenor and may be signed or executed by such Bondholders in person or by agent appointed in writing. Proof of the execution of any such consent, request, direction, approval, objection or other instrument or of the writing appointing any such agent and of the ownership of Bonds, if made in the following manner, shall be sufficient for any of the purposes of this Indenture, and shall be conclusive in favor of the Trustee with regard to any action taken under such request or other instrument, namely:

(a) The fact and date of the execution by any person of any such writing may be proved by the certificate of any officer in any jurisdiction who by law has power to take acknowledgments within such jurisdiction that the person signing such writing acknowledged before him the execution thereof, or by affidavit of any witness to such execution.

(b) The fact of the holding by any person of Bonds and/or coupons transferable by delivery and the amounts and numbers of such Bonds, and the date of the holding of same, may be proved by a cer-

tificate executed by any trust company, bank or banker, wherever situated, stating that at the date thereof the party named therein did exhibit to an officer of such trust company or bank or to such banker, as the property of such party, the Bonds and/or coupons therein mentioned if such certificate shall be deemed by the Trustee to be satisfactory. The Trustee may, in its discretion, require evidence that such Bonds have been deposited with a bank, banker or trust company, before taking any action based on such ownership. In lieu of the foregoing the Trustee may accept other proofs of the foregoing as it shall deem appropriate. The fact of ownership by any person of Bonds registered as to principal (except to bearer) shall be proved by the registration books maintained by the Bond Registrar.
